(f) name of the manufacturer;

(g) model number or name;

(h) identification number;

(i) name and address of the dealer or other person from whom acquired, if known; and

(j) such other information as the department of justice may require.

(3) The application is to be accompanied by documentation of ownership, such as an invoice, bill of sale, foreign title, official certificate of boat number, fee in lieu of tax receipt, or a certificate of ownership of a trailer purchased with the motorboat or sailboat. An applicant who fails to provide such proof of ownership shall provide a certified statement describing how the motorboat or sailboat 12 feet in length or longer was acquired, from whom acquired if known, and other information requested by the department of justice.

(4) If a certificate of ownership has previously been issued under the provisions of this part, the application for a new certificate must be accompanied by the immediately previous certificate. This subsection does not apply to motorboats or sailboats 12 feet in length or longer that are

purchased as new and unused vessels or that were operated when the provisions of this part were not in force and effect.

(5) Any motorboat or sailboat 12 feet in length or longer that does not have a manufacturer's or other identifying number thereon must be assigned an identification number by the department of fish, wildlife, and parks. A fee of $1 must be paid to the department for an assignment of number.

(6) Upon completion of the application, the county treasurer shall issue to the applicant two copies of the certificate of number application, one of which must be marked "file copy". The treasurer shall forward one copy and the original application for a certificate of ownership to the department of justice, which shall enter the information contained in the application upon the corresponding records of its office, and shall furnish the applicant a certificate of ownership containing that information in the application considered necessary by the department and a permanent boat number. The certificate of ownership need not be renewed annually and is valid as long as the person holding it owns the vessel.

(7) The owner shall at all times retain possession of the certificate of ownership, except when it is being transmitted to and from the department of justice for endorsement or cancellation.

(8) Upon application for a certificate of ownership, a fee of $5 must be paid to the county treasurer, $3.50 of which must be forwarded by the county treasurer to the department of justice and deposited in the general fund.

(9) A person who, on July 1, 1988, is the owner of a motorboat or sailboat 12 feet in length or longer with a valid certificate of number issued by the state is not required to file an application for a certificate of ownership for the motorboat or sailboat unless he transfers a part of his interest in the motorboat or sailboat or he renews the certificate of number for the motorboat or sailboat.

(10) A security interest in a boat is not valid as against creditors, subsequent purchasers, or encumbrancers unless a lien notice, showing that a security interest has been created, has been ~~filed with the department of justice~~ *perfected* as provided in this section. The lien notice must be filed on a form approved by the department [of justice]. The department of justice may not file a security interest or other lien unless it is accompanied by or specified in the application for a certificate of ownership of the boat encumbered. If the lien notice is transmitted to the department of justice, the security agreement or other lien instrument that creates the security interest must be retained by the secured party. A copy of the security agreement is sufficient as a lien notice if it contains the name and address of the debtor and the secured party, the complete boat description, the amount of the lien, and the signature of the debtor. The department of justice shall file the security interest or lien by entering the name and address of the secured party upon the face of the certificate of ownership. The department of justice shall mail a statement certifying the filing of a

security interest or lien to the secured party. The department of justice shall mail the certificate of ownership to the owner at the address given on the certificate; however, if the transfer of ownership and filing of the security interest are paid for by a creditor or secured party, the department of justice shall return the certificate of ownership to the county treasurer of the county where the boat is to be registered. The owner of a boat is the person entitled to operate and possess the boat.

(11) A security interest in a boat held as inventory by a dealer must be perfected in accordance with Title 30, chapter 9, and no endorsement on the certificate of title is necessary for perfection.

(12) Whenever a security interest or lien is filed against a boat that is subject to two security interests previously perfected ~~by filing~~ under this section, the department of justice shall endorse on the face of the certificate of ownership: "NOTICE. This boat is subject to additional security interest on file with the Department of Justice." No other information regarding the additional security interests need be endorsed on the certificate.

(13) Satisfactions or statements of release filed with the department of justice under this part must be retained for a period of 8 years after receipt, after which they may be destroyed.

(14) ~~The filing of a~~ *A* security interest or other lien as ~~herein~~ provided *in this section* ~~perfects a security interest that has attached at the time the certificate of ownership noting the interest is issued~~ *is perfected on the date the lien notice is delivered to the county treasurer. On that date, the county treasurer shall issue to the secured party a receipt evidencing the perfection.* ~~Issuance of a certificate of ownership~~ *Perfection under this section* constitutes constructive notice to subsequent purchasers or encumbrancers, from the ~~time of filing~~ *date of delivery of the lien notice to the county treasurer,* of the existence of the security interest.

(15) Upon default under a chattel mortgage or conditional sales contract covering a boat, the mortgagee or vendor has the same remedies as in the case of other personal property. In case of attachment of a boat all the provisions of 27-18-413, 27-18-414, and 27-18-804 are applicable, except that deposits must be made with the department of justice.

(16) A conditional sales vendor or chattel mortgagee or assignee who fails to file a satisfaction of a chattel mortgage, assignment, or conditional sales contract within 15 days after receiving final payment is required to pay the department of justice the sum of $1 for each day that he fails to file the satisfaction.

(18) It is not necessary to refile with the department of justice any instruments on file in the office of any county clerk and recorder on October 1, 1989.

(19) A fee of $4 must be paid to the department of justice to file any security interest or other lien against a boat. The $4 fee must cover the cost of filing a satisfaction or release of the security interest and the cost of entering the satisfaction or release on the records of the department of justice and deleting the endorsement of the security interest from the face of the certificate of ownership. A fee of $4 must be paid to the department of justice for issuing a certified copy of a certificate of ownership subject to a security interest or other lien on file with the department of justice or for filing an assignment of any security interest or other lien on file with the department of justice. All fees provided for in this section must be paid to the county treasurer for deposit in the general fund in accordance with 15-1-504."

CHAPTER NO. 467

[HB 338]

AN ACT AMENDING THE LAWS RELATING TO TAX CREDIT FOR THE PURCHASE AND INSTALLATION OF LOW EMISSION WOOD OR BIOMASS COMBUSTION DEVICES; INCREASING THE ALTERNATIVE ENERGY TAX CREDIT FOR CERTAIN TAXPAYERS; REDEFINING A LOW EMISSION WOOD OR BIOMASS COMBUSTION DEVICE; EXTENDING THE DATE FOR CERTAIN TAXPAYERS FOR WHICH THE ALTERNATIVE ENERGY TAX CREDIT MAY BE TAKEN TO DECEMBER 31, 1995; REDEFINING THE TAX-EXEMPT STATUS OF LOW EMISSION WOOD OR BIOMASS COMBUSTION DEVICES; REDEFINING THE INVESTMENTS THAT QUALIFY FOR VENTURE CAPITAL AND OTHER INCENTIVES FOR BUSINESSES INVOLVED WITH NONFOSSIL FORMS OF ENERGY GENERATION TO INCLUDE LOW EMISSION WOOD OR BIOMASS COMBUSTION DEVICES; AMENDING SECTIONS 15-6-201, 15-32-102, 15-32-201, AND 90-8-104, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because it is anticipated that rulemaking proceedings will be required for implementation.

Montana currently has nine communities that exceed the state and federal ambient air quality standards for particulate matter smaller than 10 microns in diameter (PM-10) and two communities that exceed carbon monoxide standards. Several other communities have PM-10 concentrations approaching the ambient standards.

It is the intention of the legislature that the tax credit available for the cost of purchasing and installing a low emission wood or biomass combustion device be restricted to only the most efficient devices available on the market. While replacing older wood stoves with newer low-emission wood stoves may reduce ambient levels of PM-10, carbon monoxide, and other pollutants, the legislature finds that the current tax incentives do not encourage the improvements in efficiency and reductions in pollutants that will be required in the future to improve air quality.

While it restricts the availability of these tax incentives, the legislature finds it appropriate to increase the amount of the incentive available for those devices that qualify. This action is intended to stimulate the availability of the more efficient devices and further promote their use. Changes are also being made, as appropriate, to preserve the application of other incentives to the installation and production of these devices.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-6-201, MCA, is amended to read:

"**15-6-201. Exempt categories.** (1) The following categories of property are exempt from taxation:

STATEMENT OF INTENT

A statement of intent is required for this bill because it grants rulemaking authority to the board of health and environmental sciences and to the department of health and environmental sciences. It is the intent of the legislature that these regulations be designed to protect the public health, safety, and welfare and the environment.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 36] may be cited as the "Montana Megalandfill Siting Act".

Section 2. **Purpose.** (1) It is the constitutionally declared policy of this state to maintain and improve a clean and healthful environment for present and future generations, to protect the environment from degradation and prevent unreasonable depletion and degradation of natural resources, and to provide for administration and enforcement to attain these objectives.

(2) The construction of solid waste facilities that dispose of over 200,000 tons of waste a year (megalandfills) may be necessary to meet increasing state and national needs for solid waste disposal capacity. However, due to the volume of waste processed, megalandfills may adversely affect the environment, surrounding communities, and the welfare of the citizens of this state. Therefore, it is necessary to ensure that the location, construction, and operation of megalandfills will produce minimal adverse effects on the environment and upon the citizens of this state by providing that a megalandfill may not be constructed or operated within this state without a certificate of site acceptability pursuant to [section 11] and a license to operate acquired pursuant to [section 26] and 75-10-221.

Section 3. **Definitions.** As used in [sections 1 through 36], the following definitions apply:

(1) "Application" means an application for a certificate and license submitted in accordance with [sections 11 through 28] and the rules adopted under [sections 11 through 28].

(2) "Board" means the board of health and environmental sciences provided for in 2-15-2104.

(3) "Certificate" means the certificate of site acceptability issued by the board under [section 11] that is required for siting a megalandfill.

(4) "Commence to construct" means:

(a) any clearing of land, excavation, construction, or other action that would affect the environment of the site, except that the term does not mean changes for securing geological data, including necessary borings to ascertain subsurface conditions;

(b) the modification or upgrading of an existing solid waste disposal facility into a megalandfill, except that the term does not pertain to maintenance or repair of an existing facility.

(5) "Department" means the department of health and environmental sciences provided for in Title 2, chapter 15, part 21.

(6) "Dispose" or "disposal" means the discharge, injection, deposit, dumping, spilling, leaking, or placing of any solid waste into or onto the land so that the solid waste or any constituent of it may enter the environment or be emitted into the air or discharged into any water, including ground waters.

(7) "Megalandfill" or "facility" means any new or existing solid waste landfill facility that accepts more than 200,000 tons a year of solid waste or any ash monofill that accepts 35,000 tons or more a year of solid waste incinerator ash, either fly ash or bottom ash.

(8) "Person" means an individual, firm, partnership, company, association, corporation, city, town, local governmental entity, or any other governmental or private entity, whether organized for profit or not.

(9) (a) "Solid waste" means all putrescible and nonputrescible wastes, including but not limited to garbage; rubbish; refuse; ashes; sludge from sewage treatment plants, water supply treatment plants, or air pollution control facilities; construction and demolition wastes; dead animals, including offal; discarded home and industrial appliances; wood products or wood byproducts; and inert materials.

(b) "Solid waste" does not mean municipal sewage, industrial wastewater effluents, mining wastes regulated under the mining and reclamation laws administered by the department of state lands, slash and forest debris regulated under laws administered by the department of state lands, or marketable byproducts.

(10) "Solid waste landfill" means any publicly or privately owned landfill or landfill unit that receives household waste or other types of waste, including commercial waste, nonhazardous sludge, and industrial solid waste. The term does not include land application units, surface impoundments, injection wells, or waste piles.

Section 4. **Adoption of rules by board.** The board may adopt rules implementing the certification provisions of [sections 1 through 36], including rules regarding the filing and contents of the application, proof of service and notice requirements, environmental factors to be evaluated, filing fee, hearings process, and other components of the certificate and certification process that the board considers necessary.

Section 5. **Adoption of rules by department.** The department may adopt rules implementing the licensing provisions of [sections 1 through 36], including rules regarding the contents of the application, monitoring, and other components of the license and licensing process that the department considers necessary.

Section 6. **Contracts for information.** (1) The department may contract with a potential applicant under [sections 1 through 36] in advance of the filing of a formal application for the development of information or the provision of services by the department required under [sections 1 through 36].

(2) Payments made to the department under a contract must be credited against the fee payable under [section 16].

Section 7. **Grants, gifts, and funds.** The department may receive grants, gifts, and other funds from any public or private source to assist in its activities under [sections 1 through 36].

Section 8. **Money to solid waste management account.** All fees, taxes, fines, and penalties collected under [sections 1 through 36], except those collected by a justice's court, must be deposited in the solid waste management account as provided in 75-10-117 for use by the department in carrying out its functions and responsibilities related to solid waste management.

Section 9. **Annual long-range plan submitted — contents — available to public.** (1) A person may not file an application for a certificate of site acceptability required by [section 11] unless the megalandfill has been adequately identified in a long-range plan at least 2 years prior to acceptance of an application by the department.

(2) The annual long-range plan must be submitted by July 1 of each year and must include the following:

(a) the general location, size, and type of all facilities to be owned and operated by the person for which construction is projected during the ensuing 2 years, as well as those facilities to be closed during the planning period;

(b) a description of the efforts to involve environmental protection and land use planning agencies in the planning process, as well as other efforts to identify and minimize environmental problems at the earliest possible stage in the planning process;

(c) projections of the demand for the service rendered by the person and an explanation of the basis for those projections and a description of the manner and extent to which the proposed facilities will meet the projected demand; and

(d) additional information that the department by rule or the department on its own initiative or upon the advice of interested state agencies requests in order to carry out the purposes of [sections 1 through 36].

(3) The plan must be furnished to the governing body of each county in which any facility included in the plan under subsection (2)(a) is proposed

to be located and must be made available to the public by the department. The applicant shall give public notice throughout the state by publishing at least once a week for 2 consecutive weeks a summary of the proposed plan in newspapers of general circulation. The plan must also be filed with the environmental quality council, the department of highways, the department of state lands, the department of fish, wildlife, and parks, the department of commerce, and the department of natural resources and conservation. Interested persons may obtain a copy of the plan by written request and payment to the department of the costs of copying the plan.

Section 10. **Study of included facilities.** If a person identifies a proposed facility in its long-range plan, submitted pursuant to [section 9], as one on which construction is proposed within the 2-year period following submission of the plan, the department shall begin to examine and evaluate the proposed site to determine whether construction of the proposed facility would unduly impair the environmental, social, and economic values described in [section 15]. The study may be continued until a person files an application for a certificate under [section 11]. Information gathered under this section may be used to support findings and recommendations required for issuance of a certificate and a license.

Section 11. **Certificate required.** (1) A person may not construct a megalandfill in the state without first applying for and obtaining a certificate of site acceptability from the board.

(2) A certificate may only be issued pursuant to [sections 11 through 25].

Section 12. **Certificate transferable.** A certificate may be transferred, subject to the approval of the board, to a person who agrees to comply with the terms, conditions, and modifications contained in [sections 1 through 36].

Section 13. **Application — filing and contents — proof of service and notice.** (1) (a) An applicant shall file with the department an application for a certificate under [section 11] in a form the board requires, containing the following information:

(i) a description of the proposed location and of the facility to be built;

(ii) a summary of any studies that have been made of the environmental, social, and economic impacts of the facility;

(iii) a description of at least three reasonable alternate locations for the facility, a general description of the comparative merits and detriments of each location submitted, and a statement of the reasons why the proposed location is best suited for the facility;

(iv) baseline data for the primary and reasonable alternate locations;

(v) at the applicant's option, an environmental study plan to satisfy the requirements of [sections 1 through 36]; and

(vi) other information that the applicant considers relevant or that the board by order or rule may require or that the department by order or rule may require.

(b) A copy or copies of the studies referred to in subsection (1)(a)(ii) must be filed with the department, if ordered, and must be available for public inspection.

(2) An application must be accompanied by proof of service of a copy of the application on the chief executive officer of each unit of local government, each county commissioner, city or county planning board, and solid waste district, and each federal agency charged with the duty of protecting the environment or of planning land use located in the area in which any portion of the proposed facility is proposed or is alternatively proposed to be located and on the following state government agencies:

Section 14. **Supplemental material — amendments.** (1) An application for an amendment of an application or a certificate must be in a form and contain information as the board by rule or the department by order prescribes. Notice of an amendment must be given as provided in [section 13(3) and (4)].

(2) An application may be amended by an applicant any time prior to the report made by the department under [section 17]. If the proposed amendment prevents the department from carrying out its duties and responsibilities under [sections 1 through 36], the department may require additional filing fees as the department determines necessary or may require a new application and filing fee.

(3) The applicant shall submit supplemental material in a timely manner as requested by the department or as offered by the applicant to explain, support, or provide details with respect to an item described in the original application. This supplemental material may be submitted without filing an application for an amendment. The department's determination as to whether information is supplemental or whether an application for amendment is required is conclusive.

Section 15. **Environmental, social, and economic factors evaluated during certification.** In evaluating applications for a certificate of site acceptability, the department shall give consideration to the following list of factors and regulations, where applicable, and may by rule add to the factors enumerated in this section:

(1) siting criteria for municipal solid waste landfills consistent with federal requirements as described in 40 CFR part 258;

Section 16. **Filing fee — accountability — refund — use.** (1) (a) The applicant shall pay to the department a filing fee as provided in this section based upon the department's estimated costs of processing the application for a certificate. The filing fee must be deposited in the solid waste management account for the use of the department in administering [sections 1 through 36]. The initial filing fee may not exceed the following scale based upon the megalandfill's projected annual tonnage of waste:

(i) a base fee of $40,000; plus

(ii) 20 cents per ton for every ton of waste over 200,000 tons.

(b) The department may allow a credit against the fee payable under this section for the applicant's costs of developing information or providing services required under [sections 1 through 36] or required for preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, part 1, or the National Environmental Policy Act, 42 U.S.C. 4321, et seq. The applicant may submit the information or a description of the services performed to the department, together with an accounting of the expenses incurred in preparing the information or performing the services. The department shall evaluate the applicability, validity, and usefulness of the data or services and determine the expenses that may be credited against the filing fee payable under this section. Upon 30 days' notice to the applicant, this credit may at any time be reduced if the department determines that the amount to be credited is necessary to carry out its responsibilities under [sections 1 through 36].

(2) (a) The department may contract with an applicant after the filing of a formal application for the development of information or the provision of services required under [sections 1 through 36]. The contract may continue an agreement entered into pursuant to [section 6]. Payments made to the department under a contract must be credited against the fee payable under this section. The revenue derived from the filing fee must be sufficient to enable the department and the board to carry out their responsibilities under [sections 1 through 36]. The department may amend a contract to require additional payments for necessary expenses up to the limits set forth in subsection (1)(a) upon 30 days' notice to the applicant. The department and applicant may enter into a contract that exceeds the scale provided in subsection (1)(a).

(b) If a contract is not entered into, the applicant shall pay the filing fee in installments in accordance with a schedule of installments developed by the department; however, an installment may not exceed 20% of the total filing fee provided for in subsection (1).

(3) The applicant is entitled to an accounting of money spent and to a refund with interest at the rate of 6% a year of the portion of the filing fee not spent by the department in carrying out its responsibilities under [sections 1 through 36]. A refund must be made after all administrative and judicial remedies have been exhausted by all parties to the certification proceedings.

(4) The revenue derived from the filing fees must be used by the department in compiling the information required for rendering a decision on a certificate and for carrying out other responsibilities of the department and the board under [sections 1 through 36].

Section 17. **Study, evaluation, and report on proposed facility.** (1) After receipt of an application, the department shall within 90 days notify the applicant in writing that:

(a) the application is accepted as complete; or

(b) the application is not complete and list the deficiencies. Upon correction of these deficiencies and resubmission by the applicant, the department shall within 30 days notify the applicant in writing that the application is in compliance and is accepted as complete.

(2) Upon receipt of an application complying with [sections 9 through 17], the department shall commence an intensive study and evaluation of the proposed facility and its effects, considering all applicable criteria listed in [section 24]. The department shall use, to the extent it considers applicable, valid and useful existing studies and reports submitted by the applicant or compiled by a state or federal agency.

(3) Within 1 year following acceptance of a complete application for a facility, the department shall make a report to the board that must contain the department's studies, evaluations, recommendations, other pertinent documents resulting from its study and evaluation, and an environmental impact statement or analysis prepared pursuant to the Montana Environmental Policy Act, Title 75, chapter 1, if applicable.

Section 18. **Voiding of application.** An application may be voided by the department for:

(1) any material and knowingly false statement in the application or in accompanying statements or studies required of the applicant;

(2) failure to file an application in substantially the form and content required by [section 13] and the rules adopted under [section 13]; or

(3) failure to deposit the filing fee as provided in [section 16].

Section 19. **Hearing date — location — department to act as staff.** (1) Upon receipt of the department's report submitted under [section 17], the board shall set a date for a hearing to begin not more than 120 days after receipt of the report. A certification hearing must be conducted by the board in Helena or in the county seat of the county in which the facility or the greatest portion of the facility is to be located.

(2) Except as provided in [section 21], the department shall act as the staff for the board throughout the decisionmaking process and the board may request that the department present testimony or cross-examine witnesses as the board considers necessary and appropriate.

Section 20. **Certificate amendments.** (1) Within 30 days after notice of an amendment to a certificate is given as provided in [section 14], including notice to all active parties to the original proceeding, the department shall determine whether the proposed change in the facility would result in a material increase in any environmental, social, and economic impacts caused by the facility or a substantial change in the location of all or a portion of the facility as set forth in the certificate. If the department determines that the proposed change would result in a material increase in any environmental impact caused by the facility or a substantial change in the location of all or a portion of the facility, the board shall hold a hearing in the same manner as a hearing is held on an application for a certificate. After the hearing, the board shall grant, deny, or modify the amendment with conditions it considers appropriate.

(2) In cases where the department determines that the proposed change in the facility would not result in a material increase in any environmental impact or would not be a substantial change in the location of all or a portion of the facility, the board shall grant the amendment either as applied for or upon terms or conditions as the board considers appropriate unless the department's determination is appealed to the board within 15 days after notice of the department's determination is given.

(3) If the department or the board, under subsection (4), determines that a hearing is required because the proposed change would result in a material increase in any environmental impact of the facility or a substantial change in the location of all or a portion of the facility, the applicant has the burden of showing by clear and convincing evidence that the amendment should be granted.

(4) If the department determines that the proposed change in the facility would not result in a material increase in any environmental impact or would not be a substantial change in the location of all or a portion of the facility and a hearing is required because the department's determination is appealed to the board as provided in subsection (2), the appellant has the burden of showing by clear and convincing evidence that the proposed change in the facility would result in a material increase in any environmental impact of the facility or a substantial change in the location of all or a portion of the facility as set forth in the certificate.

Section 21. **Hearing examiner — restrictions — duties.** (1) The board shall appoint a hearing examiner to conduct certification proceedings under [sections 1 through 36]. The hearing examiner may not be a member of the board or an employee of the department or the board. A hearing examiner must be appointed within 20 days after the department's report has been filed with the board.

(2) A prehearing conference must be held, following notice, within 60 days after the department's report has been filed with the board.

(3) The prehearing conference must be organized and supervised by the hearing examiner.

(4) The prehearing conference must be directed toward a determination of the issues presented by the application, the department's report, and an identification of the witnesses and documentary exhibits to be presented by the active parties who intend to participate in the hearing.

(5) The hearing examiner shall require the active parties to submit, in writing, and serve upon the other active parties all direct testimony that they propose and any studies, investigations, reports, or other exhibits that any active party wishes the board to consider. These written exhibits and any documents that the board itself wishes to use or rely on must be submitted and served at least 20 days prior to the date set for the hearing. For good cause shown, the hearing examiner may allow the introduction of new evidence at any time.

(6) The hearing examiner shall allow discovery that must be completed before the commencement of the hearing upon good cause shown and under other conditions as the hearing examiner prescribes.

(7) Public witnesses and other interested public parties may appear and present oral testimony at the hearing or submit written testimony to the hearing examiner at the time of their appearance. These witnesses are subject to cross-examination.

(8) The hearing examiner shall issue a prehearing order specifying the issues of fact and of law, identifying the witnesses of the active parties, naming the public witnesses and other interested parties who have submitted written testimony in lieu of appearance, outlining the order in which the hearing will proceed, setting forth those criteria listed in [section 24] as to which no issue of fact or law has been raised and that are conclusively presumed and are not subject to further proof except for good cause shown, and any other special rules to expedite the hearing that the hearing examiner adopts with the approval of the board.

(9) At the conclusion of the hearing, the hearing examiner shall declare the hearing closed and shall, within 60 days of that date, prepare and submit to the board proposed findings of fact, conclusions of law, and a recommended decision.

(10) The hearing examiner appointed to conduct a certification proceeding under this section shall ensure that the time of the proceeding, from the date the department's report is filed with the board until the recommended report and order of the examiner is filed with the board, does not exceed 9 calendar months unless extended by the board for good cause.

(11) The board or hearing examiner may waive all or a portion of the procedures set forth in subsections (2) through (8) to expedite the hearing for a facility when the department has recommended approval of a facility and no objections have been filed.

Section 22. **Parties to certification proceeding — waiver — statement of intent to participate.** (1) The parties to a certification proceeding or to a proceeding involving the issuance of a decision, opinion, order, certification, or permit by the board under [sections 1 through 36] may include as active parties:

(a) the applicant;

(b) each political entity, unit of local government, and government agency entitled to receive service of a copy of the application under [section 13];

(c) a person entitled to receive service of a copy of the application under [section 13];

(d) a nonprofit organization formed in whole or in part to:

(i) promote conservation or natural beauty;

(ii) protect the environment, personal health, or other biological values;

(iii) preserve historical sites;

(iv) promote consumer interests;

(v) represent commercial and industrial groups; or

(vi) promote the orderly development of the areas in which the facility is to be located; and

(e) any other interested person who establishes an interest in the proceeding.

(2) The department must be an active party in any certification proceeding in which the department recommends denial of all or a portion of a facility.

(3) The parties to a certification proceeding may also include, as public parties, any Montana citizen and any party referred to in subsections (1)(b) through (1)(e).

(4) A party waives the right to be a party if the party does not participate in the hearing before the board.

(5) Each unit of local government entitled to receive service of a copy of the application under [section 13] shall file with the board a statement showing whether the unit of local government intends to participate in the certification proceeding. If the unit of local government does not intend to participate, it shall list in this statement its reasons for failing to do so. This statement of intent must be published before the proceeding begins in a newspaper of general circulation within the jurisdiction of the applicable unit of local government.

Section 23. **Record of hearing — procedure — rules of evidence — burden of proof.** (1) Any studies, investigations, reports, or other documentary evidence, including those prepared by the department, that any party wishes the board to consider or that the board itself expects to use or rely upon must be made a part of the record.

(2) A record must be made of the hearing and of all testimony taken.

(3) In a certification proceeding held under [section 19], the applicant has the burden of showing by clear and convincing evidence that the application should be granted and that the criteria of [section 24] are met.

(4) All proceedings under [sections 19 through 23] are governed by the procedures set forth in [sections 19 through 23], the procedural rules adopted by the board, and the Montana Rules of Evidence unless one or more rules of evidence are waived by the hearing examiner upon a showing of good cause by one or more of the parties to the hearing. No other rules of procedure or evidence apply except that the contested case procedures of the Montana Administrative Procedure Act apply if not in conflict with the procedures set forth in [sections 19 through 23] or the procedural rules adopted by the board.

Section 24. **Decision of board — findings necessary for certification.** (1) Within 90 days after submission of the recommended decision by the department, the board shall make complete findings, issue an opinion, and render a final decision upon the record, either granting or denying the application for a certificate as filed or granting it upon terms, conditions, or modifications of the siting of the facility as the board considers appropriate.

(2) The board may not grant a certificate either as proposed by the applicant or as modified by the board unless it finds and determines:

(a) the nature of the probable environmental impact;

(b) that the facility minimizes adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives;

(c) that the location of the facility as proposed conforms to applicable state and local laws and regulations, except that the board may refuse to apply any local law or regulation if it finds that, as applied to the proposed facility, the law or regulation is unreasonably restrictive in view of the existing technology, of factors of cost or economics, or of the needs of consumers, whether located inside or outside of the directly affected government subdivisions;

(d) that the facility will serve the public interest;

(e) any impacts of the facility according to each of the criteria listed in [section 15];

(f) the solid waste disposal needs listed in [section 15(4)]; and

(g) that the applicant has fully mitigated the loss of wildlife habitat, either through onsite or offsite habitat improvements.

(3) In determining that the facility will serve the public interest, the board shall consider:

(a) the items listed in subsections (2)(a) and (2)(b);

(b) the benefits to the applicant and the state resulting from the proposed facility;

(c) the effects of the economic activity resulting from the proposed facility;

(d) the effects of the proposed facility on the public health, welfare, and safety; and

(e) any other factors that it considers relevant.

Section 25. **Conditions imposed.** If the board determines that the location of all or a part of the proposed megalandfill should be modified, it may condition its certificate upon the modification, provided that the persons residing in the area affected by the modification have been given reasonable notice of the modification.

Section 26. **License required.** (1) A person may not commence to construct a megalandfill in the state without first applying for and obtaining a license pursuant to 75-10-221. The licensing process must be concurrent with the certification process required in [sections 11 through 25].

(2) The department shall make the decision to grant or deny the license within 30 days of the certification decision, as provided in [section 24].

(3) Once a license has been issued, a megalandfill may not be constructed, operated, or maintained except in conformity with the license and any terms, conditions, and modifications contained in the license.

Section 27. **License transferable.** A license may be transferred, subject to the approval of the department, to a person who agrees to comply with the terms, conditions, and modifications contained in [sections 1 through 36].

Section 28. **Opinion issued with decision — contents.** (1) In rendering a decision on an application for a license for a megalandfill, the department shall issue an opinion stating its reasons for the action taken.

(2) In addition to the requirements of 75-10-221, any license issued by the department shall include the following:

(a) an environmental evaluation statement related to the megalandfill being certified. The statement must include but not be limited to analysis of the following information:

(i) the environmental impact of the proposed facility;

(ii) any adverse environmental effects that cannot be avoided by issuance of the license;

(iii) problems and objections raised by other federal and state agencies and interested groups; and

(iv) alternatives to the proposed facility;

(b) a plan for monitoring environmental effects of the proposed facility;

(c) a plan for monitoring the certified megalandfill site between the time of certification and completion of construction; and

(d) a statement signed by the applicant showing agreement to comply with the requirements of [sections 1 through 36] and the conditions of the certificate.

Section 29. **Monitoring.** The department shall monitor the operations of all certificated facilities to ensure continuing compliance with [sections 1 through 36] and with certificates issued under [section 11] and to discover and prevent noncompliance with [sections 1 through 36] or certificates issued under [section 11].

Section 30. **Revocation or suspension of license.** A license may be revoked or suspended by the department following notice and an opportunity for a hearing before the department for:

(1) any material false statement in the application or in accompanying statements or studies required of the applicant if a true statement would have warranted the department's refusal to grant a license;

(2) failure to comply with the terms or conditions of the certificate; or

(3) violation of any provision of [sections 1 through 36], rules adopted under [sections 1 through 36], or orders of the department.

Section 31. **Enforcement by residents.** (1) A person with knowledge that a requirement of [sections 1 through 36] or a rule adopted under [sections 1 through 36] is not being enforced by a public officer or employee whose duty it is to enforce the requirement or rule may bring the failure to enforce to the attention of the public officer or employee by a written statement under oath that states the specific facts of the failure to enforce the requirement or rule. Knowingly making false statements or charges in the statements subjects the person to the penalties prescribed for a violation of 45-7-202.

(2) If the public officer or employee neglects or refuses for an unreasonable time after receipt of the statement to enforce the requirement or rule, the person may bring an action of mandamus in the district court of the first judicial district of Montana. If the court finds that a requirement of [sections 1 through 36] or a rule adopted under [sections 1 through 36] is not being enforced, the court may order the public officer or employee whose duty it is to enforce the requirement or rule to perform those duties. If he fails to do so, the public officer or employee must be held in contempt of court and is subject to the penalties provided by law.

Section 32. **Action to recover damages to water supply.** An owner of an interest in real property who obtains all or part of his supply of water for domestic, agricultural, industrial, or other legitimate use from a surface or underground source may sue a person to recover damages for contamination, diminution, or interruption of the water supply proximately resulting from the operation of a facility. The remedy provided in this section does not exclude the use of any other remedy that may be available under the laws of the state.

Section 33. **Judicial review of department and board of health decisions.** (1) An applicant aggrieved by the final decision of the board on an application for a certificate or the final decision of the department on an application for a license may obtain judicial review of that decision by filing a petition in district court.

(2) The judicial review procedure is the same as that for contested cases under Title 2, chapter 4, part 7.

(3) This section does not prohibit the department from holding a hearing on all matters that are not the subject of a pending appeal by the applicant under subsection (1).

Section 34. **Penalties for violation — civil action by attorney general.** (1) (a) A person who commences to construct or operate a megalandfill without obtaining a certificate required under [section 11] and a license required under [section 26], who constructs, operates, or maintains a facility other than in compliance with the certificate or violates any other provision of [sections 1 through 36] or any rule or order adopted under [sections 1 through 36], or who knowingly submits false information in any report, long-range plan, or application required by [sections 1 through 36] is liable for a civil penalty as provided in subsection (2).

(b) Each day of a continuing violation constitutes a separate offense.

(c) The penalty is recoverable in a civil suit brought by the attorney general on behalf of the state in the district court of the first judicial district of Montana.

(2) A person who knowingly violates the provisions of subsection (1) shall be fined not more than $25,000 for each violation or be imprisoned for not more than 1 year, or both. Each day of a continuing violation constitutes a separate offense.

(3) In addition to any penalty provided in subsection (1) or (2), whenever the department determines that a person is violating or is about to violate any of the provisions of [sections 1 through 36], it may refer the matter to the attorney general who may bring a civil action on behalf of the state in the district court of the first judicial district of Montana for injunctive or other appropriate relief against the violation and to enforce [sections 1 through 36] or a certificate issued under [section 11]. Upon a proper showing, a permanent or preliminary injunction or temporary restraining order must be granted without bond.

(4) The department shall also enforce [sections 1 through 36] and may bring legal actions to accomplish the enforcement through its own legal counsel.

(5) All fines and penalties collected must be deposited in the solid waste management account for the use of the department in administering [sections 1 through 36].

Section 35. **Order not stayed by appeal — stay or suspension by court — limitations.** An appeal from a department order does not automatically stay or suspend the operation of the order. The court may, upon motion by a party, stay or suspend, in whole or in part, the operation of the department's order on terms the court considers just. The court's action must be in accordance with the practice of courts exercising equity jurisdiction, subject to the following limitations:

(1) A stay may not be granted without notice to the parties and an opportunity to be heard by the court.

(2) A department order may not be stayed or suspended without finding that irreparable damage would otherwise result to the party seeking the stay or suspension, and a stay or suspension must specify the nature of the damage.

Section 36. **Surety bond.** If an order of the department is stayed or suspended, the court may require a bond with good and sufficient surety conditioned that the party petitioning for review answer for all damages caused by the delay in enforcing the order of the department. The cost of the bond is not chargeable to the applicant as part of the fee. If the party petitioning for review prevails upon final resolution of an appeal, the party does not forfeit bond and is not responsible for damages caused by delay.

Section 37. **Codification instruction.** [Sections 1 through 36] are intended to be codified as an integral part of Title 75, chapter 10, and the provisions of Title 75, chapter 10, apply to [sections 1 through 36].

Section 38. **Effective date.** [This act] is effective on passage and approval.

Approved April 17, 1991.

Section 1. Section 61-5-206, MCA, is amended to read:

"**61-5-206. Authority of department to suspend license or driving privilege or issue probationary license.** (1) The department is hereby authorized to suspend the driver's license, including the commercial vehicle operator's endorsement, or driving privilege of a driver without preliminary hearing upon a showing by its records or other sufficient evidence that the licensee:

Upon issuance of a probationary license the licensee shall be subject to the restrictions set forth thereon. The licensee's driving privilege may be suspended upon conviction or forfeiture of bail not vacated of any traffic violation during the period of such probation. The licensee shall surrender to the department all driver licenses theretofore issued to him before such probationary license shall be issued. (3) Upon suspending the license of any person or upon placing such person on probation, as hereinbefore in this section authorized, the department shall immediately notify the licensee in writing and upon his request shall afford him an opportunity for a hearing as early as practical within not to exceed 20 days after receipt of such request in the county wherein the licensee resides unless the department and the licensee agree that such hearing may be held in some other county. AN ACT TO ALLOW A PERSON WHO LOSES A COMPETITIVE BID ON A CONSTRUCTION CONTRACT TO MAINTAIN AN ACTION FOR DAMAGES AGAINST A SUCCESSFUL BIDDER WHO FAILS TO PAY STANDARD PREVAILING WAGES OR UNEMPLOYMENT INSURANCE OR TO CARRY WORKERS' COMPENSATION INSURANCE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Action against successful bidder — failure to pay standard prevailing wages or unemployment insurance or to carry workers' compensation insurance.** A person who loses a competitive bid on a construction contract may maintain an action for damages against a successful bidder if the successful bidder does not pay standard prevailing wages on a contract where payment of the standard prevailing wage rate is required by Title 18, chapter 2, part 4, does not contribute to the state unemployment insurance fund, as required by 39-51-1103, or does not pay workers' compensation premiums, as required by 39-71-401. The measure of damages is the same as provided in 27-1-311, except that the total amount assessed against the successful bidder by all litigants may not exceed 10% of the successful bidder's bid.

(b) The insurer is entitled to recover any overpayments or compensation paid in a lump sum to a worker prior to death but not yet recouped. The insurer shall recover such payments from the beneficiary's biweekly payments as provided in 39-71-741(5).

CHAPTER NO. 483

[HB 239]

AN ACT TO CREATE THE INFECTIOUS WASTE MANAGEMENT ACT; TO ESTABLISH MANAGEMENT STANDARDS FOR THE STORAGE, TRANSPORTATION, TREATMENT, AND DISPOSAL OF INFECTIOUS WASTE; AND TO GRANT PROFESSIONAL AND OCCUPATIONAL

BOARDS RULEMAKING AUTHORITY AND THE AUTHORITY TO IMPOSE ANNUAL FEES.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 6] grants rulemaking authority to the department of health and environmental sciences and to professional licensing boards. It is the intent of the legislature that these regulations be designed to protect the public health, safety, and welfare and the environment and that they be developed in consideration of the needs of Montana's medical service community and with the best current technical information.

It is also the intent of the legislature that [sections 1 through 6] be implemented with minimum fiscal impact. The department and professional licensing boards shall ensure compliance with [sections 1 through 6] through the course of normal inspections, the existing licensing process, and the investigation of complaints. The department and professional licensing boards may impose and adjust annual fees commensurate with the costs of regulation and inspection.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 6] may be cited as the "Infectious Waste Management Act".

Section 2. **Purpose.** The purpose of [sections 1 through 6] is to protect the public health, safety, and welfare of the citizens of Montana by developing and implementing infectious waste management policies that are reasonable, cost-effective, aesthetically pleasing, and environmentally acceptable.

Section 3. **Definitions.** As used in [sections 1 through 6], the following definitions apply:

(1) "Department" means the department of health and environmental sciences established in 2-15-2101.

(2) "Generator" means an individual, firm, facility, or company that produces infectious waste.

(3) "Infectious" means capable of producing disease. To be infectious, the following four factors simultaneously must be present:

(a) virulence, which is the ability of microorganisms to cause disease;

(b) dose, which is microorganisms in a quantity sufficient to cause infection;

(c) portal of entry, which is an opening or route of access into a human body; and

(d) host susceptibility, which means the host's natural resistance is incapable of preventing infection.

(4) "Infectious waste" means waste capable of producing infectious disease. Infectious waste includes but is not limited to:

(a) cultures and stocks of infectious agents and associated biologicals;

(b) human pathological waste, including tissues, organs, and body parts removed during surgery or an autopsy;

(c) free-flowing waste human blood and products of blood, including serum, plasma, and other blood components and items soaked or saturated with blood; and

(d) sharps that have been used in patient care, medical research, or industrial laboratories.

(5) "Sharps" means any discarded health care article that may cause punctures or cuts, including but not limited to needles, scalpel blades, and broken glass that may be contaminated with blood.

(6) "Steam sterilization" means a treatment method for infectious waste utilizing saturated steam within a pressure vessel (known as a steam sterilizer, autoclave, or retort) at a time, for a period of time, and at a temperature sufficient to kill infectious agents within the waste.

(7) "Storage" means the actual or intended containment of wastes on either a temporary basis or a long-term basis.

(8) "Transportation" means the movement of infectious waste from the point of generation to any intermediate points or to the point of ultimate treatment or disposal.

(9) "Treatment" means the application of a method, technique, or process, including incineration, designed to render infectious waste sterile.

Section 4. **Prohibition.** A person may not treat, store, transport, or dispose of infectious waste in a manner not authorized under the provisions of [sections 1 through 6] or rules adopted under the provisions of [sections 1 through 6].

Section 5. **Management standards — procedures for storage, transportation, treatment, and disposal.** (1) Infectious waste must be separated from ordinary waste at the point of origin and stored until the waste is rendered noninfectious in separate, distinct containers with biohazard warning labels in compliance with the following procedures:

(a) Sharps must be contained for storage, transportation, treatment, and subsequent disposal in leakproof, rigid, puncture-resistant containers that must be taped closed or capped securely to prevent loss of contents.

(b) Infectious waste other than sharps must be contained in moisture-proof disposable containers or bags of a strength sufficient to prevent ripping, tearing, or bursting under normal conditions of use. The bags must be securely tied to prevent leakage or expulsion of solid or liquid wastes during storage, handling, and transportation.

(2) To inhibit the spread of infectious agents, infectious waste must be stored prior to treatment in a secured area that prevents access by unauthorized personnel and must be clearly marked or labeled as infectious.

(3) Handling of infectious waste must be done in a manner to prevent compaction or other mechanical manipulation that might cause the release of infectious agents.

(4) (a) Treatment and disposal of infectious waste must be accomplished through the following methods:

(i) incineration with complete combustion that reduces infectious waste to carbonized or mineralized ash;

(ii) steam sterilization that renders infectious waste noninfectious; or

(iii) sterilization by standard chemical techniques or by any scientifically proven techniques approved by state and federal authorities.

(b) Liquid or semisolid infectious waste may be discharged into a sewer system that provides secondary treatment or into a primary treatment sewage system if waste is first sterilized by chemical treatment. A subsurface disposal system installed and operated in accordance with state or local sanitary regulations is, for the purpose of this subsection (b), a sewer system providing secondary treatment.

(c) Fetal remains or recognizable body parts other than teeth must be disposed of by incineration or interment.

(5) If infectious waste has been rendered noninfectious by one of the methods listed in subsection (4) and is no longer biologically hazardous, it may be mixed with and disposed of with ordinary waste in the following manner:

(a) Steam-sterilized waste must be labeled identifying it as such with heat sensitive tape or bagged in marked autoclavable bags.

(b) Chemically treated waste or waste otherwise treated under subsection (4)(a)(iii) must be appropriately labeled.

(6) Infectious waste may be transported by the generator, a municipal solid waste service, or a regulated commercial hauler to an offsite treatment facility if the waste is confined in a leakproof, noncompacting, fully enclosed vehicle compartment.

(7) (a) Infectious waste that has been treated by one of the methods in subsection (4) may be disposed of in a properly operated landfill licensed under 75-10-221.

(b) Untreated infectious waste may be disposed of at a licensed, properly operated landfill until April 1, 1993, if it is buried in a separate area without compaction and with minimum disturbance.

(8) An employee who handles or manages infectious waste must receive training provided by the employer that is adequate to ensure safe performance of duties.

(9) Generators and transporters of infectious waste shall develop a contingency plan to handle spills and equipment failure.

Section 6. **Licensing and regulation — rulemaking authority.** (1) A board or department of the state that licenses a profession, occupation, or health care facility that generates infectious waste shall require each licensee to comply with [sections 1 through 6] as a condition of licensure. The board or department shall adopt rules to implement [sections 1 through 6] and may impose and adjust annual fees commensurate with the costs of regulation.

(2) A profession, occupation, or health care facility that generates or transports infectious waste or that operates treatment, storage, or disposal facilities regulated by [sections 1 through 6] that is not already licensed by a board or department under subsection (1) must obtain a permit annually from the department. The department shall adopt rules to implement [sections 1 through 6] and may establish an annual fee commensurate with the costs of regulation. Fees collected under the provisions of [sections 1 through 6] must be deposited in the solid waste management account established in 75-10-117.

Approved April 16, 1991.

IMPORTANT INFORMATION ON REVERSE SIDE

IMPORTANT INFORMATION FOR YOUR PROTECTION

Under Montana's laws, those who work on your property or provide materials and are not paid have a right to enforce their claim for payment against your property. This claim is known as a construction lien.

If your contractor fails to pay subcontractors or material suppliers or neglects to make other legally required payments, the people who are owed money may look to your property for payment, even if you have paid your contractor in full.

The law states that all people hired by a contractor to provide you with services or materials are required to give you a notice of the right to *claim a* lien to let you know what they have provided.

WAYS TO PROTECT YOURSELF ARE:

— RECOGNIZE that this notice of delivery of services or materials may result in a lien against your property unless all those supplying a notice of the right to lien have been paid.

— LEARN more about the construction lien laws and the meaning of this notice by contacting an attorney or the firm sending this notice.

— WHEN PAYING your contractor for services or materials, you may make checks payable jointly to the contractor and the firm furnishing services or materials for which you have received a notice of the right to *claim a* lien.

— OBTAIN EVIDENCE that all firms from whom you have received a notice of the right to *claim a* lien have been paid or have waived the right to claim a lien against your property.

— CONSULT an attorney, a professional escrow company, or your mortgage lender."

Section 3. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 4. **Effective date.** [This act] is effective on passage and approval.

CHAPTER NO. 486

[HB 261]

AN ACT PROHIBITING A BUSINESS FROM DISCRIMINATING IN THE PRICE CHARGED TO DIFFERENT PURCHASERS OF COMMODITIES OF LIKE GRADE AND QUALITY; PROVIDING A METHOD OF ENFORCEMENT; PROVIDING REMEDIES FOR PRICE DISCRIMINATION; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Discrimination in price.** (1) It is unlawful for a business to discriminate, directly or indirectly, in the price charged to different purchasers of commodities of like grade and quality if the effect of the discrimination upon other businesses or customers is to substantially lessen competition, to create a monopoly in any line of commerce, or to injure, destroy, or prevent competition with any business that grants or knowingly receives the benefit of the discrimination.

(2) This section does not prohibit:

(a) price differentials that make due allowance for the costs of manufacture, sale, or delivery resulting from the differing methods or quantities in which the commodities are sold or delivered to the purchasers;

(b) businesses engaged in selling commodities from selecting their own customers in bona fide transactions and not in restraint of trade; or

(c) price changes from time to time made in response to changing conditions affecting the market for, or the marketability of, the commodities, including but not limited to actual or imminent deterioration of perishable goods, obsolescence of seasoned goods, distress sales under court process, or sales in good faith in discontinuance of business in the goods concerned.

(3) It is unlawful for a business to discriminate in favor of one purchaser against another purchaser of a processed or unprocessed commodity bought for resale by contracting to furnish, by furnishing, or by contributing to the furnishing of any service or facility connected with the processing, handling, sale, or offering for sale of the commodity purchased upon terms not accorded to all purchasers on proportionally equal terms.

(4) It is unlawful for a business to knowingly induce or receive a discrimination in price that is prohibited by this section.

(5) This section does not apply to industry members regulated by Title 16, chapters 1 through 6.

Section 2. **Return of net earnings or surplus of cooperative association — exemption of nonprofit institution from price discrimination provision.** (1) [Section 1] may not be construed to prevent a cooperative association from returning to its members, producers, or consumers, in proportion to their purchases or sales from, to, or through the association, all or any part of the net earnings or surplus resulting from its trading operations.

(2) [Section 1] does not apply to the purchase of supplies for its own use by a school, college, university, public library, church, hospital, or charitable institution not operated for profit.

Section 3. **Federal interpretation.** It is the intent of the legislature that in construing [sections 1 and 2], due consideration and weight be given to the interpretations of the federal trade commission and the federal courts relating to the provisions of the federal Robinson-Patman Anti-Discrimination Act regarding discrimination in price that are codified in 15 U.S.C. 13(b) and (c).

Section 4. **Burden of rebutting prima facie case of discrimination.** (1) In a proceeding for a violation of [section 1], if proof is made that there has been discrimination in price, the burden of rebutting the prima facie case by showing justification is upon the person charged with a violation of [section 1].

(2) A seller may rebut the prima facie case by showing that a lower price to a purchaser was made in good faith to meet an equally low price of a competitor.

Section 5. **Recovery on illegal contracts forbidden.** A contract, express or implied, made by a person in violation of the provisions of [section 1] is an illegal contract, and no recovery may be had on the contract.

Section 6. **Injunctions — damages — production of evidence.** (1) A person who is injured by a violation of [section 1] may maintain an action to enjoin a continuance of an act in violation of [section 1] and to recover damages. A court, upon finding that the defendant is violating or has violated the provisions of [section 1], shall enjoin the defendant from continuing the violation. It is not necessary to allege or prove actual damages to the plaintiff.

(2) In addition to injunctive relief, the plaintiff may recover from the defendant three times the amount of actual damages sustained plus attorney fees and costs of suit.

(3) A defendant in an action brought under this section may be required to testify under the Montana Rules of Civil Procedure. In addition, the books and records of a defendant may be brought into court and introduced into evidence by reference. Information so obtained may not be used against the defendant as a basis for a misdemeanor prosecution for a violation of [section 1].

Section 7. **Codification instruction.** [Sections 1 through 6] are intended to be codified as an integral part of Title 30, chapter 14, and the provisions of Title 30, chapter 14, apply to [sections 1 through 6].

Section 8. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 9. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 10. **Applicability.** The provisions of [this act] apply to any contract for the sale or purchase of a commodity entered into on or after [the effective date of this act].

Approved April 20, 1991.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-14-116, MCA, is amended to read:

"69-14-116. General protection of health and safety on railroads ***— rear-end telemetry systems — exemption for a caboose-equipped train.*** (1) The commission ~~shall have~~ *has* full authority:

(a) after notice and hearing, to make and enforce rules providing for the installation on and equipment of trains, cars, or engines with safety appliances and providing for sanitation and adequate shelter as it affects the health of all railroad employees, including but not limited to trainmen, enginemen, yardmen, maintenance-of-way employees, highway crossing watchmen, and clerical, platform, freight house, and express employees; and

(b) to inspect the ~~same~~ *safety appliances, sanitation facilities, and shelters* and enforce regulations with regard ~~thereto~~ *to the provisions of subsection (1)(a).*

(2) (a) Except as provided in subsection (4), the commission shall require a railroad operating trains in Montana to install a rear-end train telemetry system on all trains operating within mountain grade territory as geographically defined and designated by mile posts in the railroad's official timetable and operating rules on file with the commission.

(b) As used in this section, "telemetry system" means a radio transmitter and receiver system with one device placed on the last car of a train and a second device placed in the cab of the controlling locomotive. The second device must be visible to the locomotive engineer and capable of indicating through electronic communication with the device located on the last car of the train the following:

(i) brake pipe pressure at the rear of the train, in increments of 1 pound per square inch;

(ii) rear car movement;

(iii) operation or nonoperation of the rear marker light;

(iv) remaining battery life powering the telemetry system;

(v) interruption of the communication link between the device located on the last car of the train and the device located in the cab of the controlling locomotive; and

(vi) total distance travelled in feet by the locomotive to which the device is attached.

(c) A train operating in the area defined under this subsection (2) may not depart a crew change point or its local point of origin unless the train is equipped with the telemetry system required under the rules established pursuant to this section.

(d) Telemetry systems installed on a train in conformity with rules made under this section must be equipped so that an emergency application of brakes of the train can be initiated by activation of the device placed on the last car at the rear end of the train.

(e) Disciplinary action or other adverse administrative or employment action may not be instituted against a person who reports a violation of this subsection (2) or who acts to enforce the provisions of this subsection (2).

~~(2)~~*(3)* ~~Such~~ *The* inspection, rules, and regulations ~~to~~ *required under subsections (1) and (2) must* be ~~from time to time coextensive with the requirements of and in conformity to the provisions of the acts of congress and rules and regulations of the interstate commerce commission and the department of transportation, as then effective~~ *compatible with any federal provisions and may not create an undue burden on interstate commerce.*

(4) The commission may not require the installation and use of a telemetry system as described in this section on a train equipped with a caboose that:

(a) meets the requirements of Montana law;

(b) is placed as the last car of the train; and

(c) is occupied by a member of the train crew."

Section 2. **Coordination instruction.** If Senate Bill No. 220 is passed and approved and if it includes a section that amends 69-14-116(1)(a) and (1)(b), then the language in [section 1 of this act], amending 69-14-116(1)(a) and (1)(b), must read as follows:

"(1) The commission has full authority:

(a) after notice and hearing, to adopt and enforce rules providing for the installation on and equipment of trains, cars or engines with safety appliances and providing for sanitation and adequate shelter as it affects the health of all railroad employees; and

(b) to conduct inspections necessary to implement subsection (1)(a)."

Section 3. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-2-329, MCA, is amended to read:

"**77-2-329. Terms of payment.** (1) Every purchaser of state land shall pay on the day of sale that portion of the purchase price as he may desire, but in no case less than 10% of the total sales price. In case the balance on the purchase price is not an exact multiple of $25, then he shall pay such additional sum as is necessary to reduce the balance to an even multiple of $25.

(2) ~~The balance of the purchase price shall draw interest at the rate set by the board, but in no instance shall the rate be less than 5% per year, payable annually, and the balance of the purchase price itself shall be payable through a period of 33 years on the amortization plan. This plan is defined as being that plan under which part of the principal is required to be paid each time interest becomes due and payable and under which this part payment on the principal increases at each succeeding installment in the same amount that the interest payment decreases so that the combined amount due on principal and interest on each due date remains the same until the loan or bond is paid in full. However, the amount of the last installment may vary from the other installments to the extent resulting from disregarding fractional cents in the previous installments. The balance of the purchase price on town and city lots shall be payable on the amortization plan through a period of 20 years, but the board may at any time fix a shorter period than 20 years for the payment of the balance on town and city lots. Different periods of time may be established for different towns and cities as the best interests of the state demand. The board shall annually review the interest rate prior to December 31 of each year and may review the interest rate at any time the board determines such review is necessary. The interest rate fixed by the board applies to all contracts entered into until the board fixes a different interest rate.~~ *The purchaser shall pay the balance of the purchase price within 30 days. The department may extend this deadline up to 30 additional days for good cause.*"

Section 2. **Investment of state cabinsite sales.** The board of investments may purchase from approved lenders contracts for deed or mortgages for cabinsites on state trust land for the trust and legacy fund.

Section 3. **Codification instruction.** [Section 2] is intended to be codified as an integral part of Title 17, chapter 6, part 2, and the provisions of Title 17, chapter 6, part 2, apply to [section 2].

CHAPTER NO. 499

[HB 538]

AN ACT REGULATING THE PRICE OF RETAIL MOTOR FUEL AT WHOLESALE AND RETAIL LEVELS; PROVIDING FOR PENALTIES AND REMEDIES FOR SALES IN VIOLATION OF ESTABLISHED PRICES; PROHIBITING UNFAIR PRACTICES IN THE SALE OF RETAIL MOTOR FUEL; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 6] may be cited as the "Montana Retail Motor Fuel Marketing Act".

Section 2. **Purpose.** The legislature recognizes that independent and small dealers and distributors of retail motor fuel are vital to a healthy, competitive marketplace and are unable to survive financially in competition with subsidized, below-cost pricing at the retail level by dealers and distributors who have other sources of income. The legislature believes that subsidized, below-cost pricing is a predatory practice that is not conducive to fair trade. The legislature finds that below-cost pricing laws are effective in protecting independent and small retailers and wholesalers in other jurisdictions from subsidized pricing, which is inherently unfair and destructive, reduces competition in the motor fuel marketing industry, and is a form of predatory pricing. The purpose of [sections 1 through 6] is to prevent and eliminate predatory pricing of retail motor fuel.

Section 3. **Definitions.** As used in [sections 1 through 6], unless the context requires otherwise, the following definitions apply:

(1) "Affiliate" means a person who, other than through a franchise or marketing agreement, controls, is controlled by, or is under common control with any other person.

(2) "Cost of doing business", in the absence of proof of lesser cost, means 1% of the delivered cost of motor fuel for wholesale sales and 6% of the delivered cost of motor fuel for retail sales and in other cases includes all costs incurred in the conduct of business, including but not limited to:

(a) labor, including salaries of executives and officers;

(b) rent that is not less than the fair market value based on current use;

(c) interest on borrowed capital;

(d) depreciation;

(e) selling cost;

(f) maintenance of equipment;

(g) losses due to breakage or damage;

(h) credit card fees or other charges;

(i) credit losses; and

(j) all licenses, taxes, insurance, and advertising.

(3) "Customary discount for cash" means an allowance, whether part of a larger discount or not, made to a wholesaler or retailer when a person pays for motor fuel within a limited or specified time.

(4) "Delivered cost of motor fuel" means:

(a) for a distributor or retailer, the lower of the most recent cost of motor fuel to the distributor or retailer or the lowest replacement cost of motor fuel to the distributor or retailer within 5 days prior to the date of sale, in the quantity last purchased, whether within or before the 5-day period, less all trade discounts except customary discounts for cash plus transportation costs and any taxes that may be required by law if not already included in the invoice cost; or

(b) for a refiner, that refiner's posted rack price to the wholesale class of trade at the terminal used by the refiner to obtain the motor fuel, plus transportation costs and any taxes that may be required by law. If the refiner does not regularly sell to the wholesale class of trade at the terminal or does not post a terminal price, the refiner may use as its rack price the posted price of any other refiner at a terminal within the general trade area that has products readily available for sale to the wholesale class of trade.

(5) "Distributor" means a person engaged in the purchase of motor fuel for resale to a retail motor fuel outlet.

(6) "Motor fuel" means gasoline, as defined in 15-70-201, alcohol blended with gasoline to produce gasohol, and special fuel as defined in 15-70-301.

(7) "Person" means an individual, a sole proprietorship, a partnership, a corporation, any other form of business entity, or any individual acting on behalf of any of them.

(8) "Posted rack price" means the f.o.b. terminal price for a particular motor fuel that a refiner, producer, or person offers for sale or transfer to itself or any related or unrelated person.

(9) "Refiner" means a person engaged in the production or refining of motor fuel, whether the production or refining occurs in this state or elsewhere, and includes any affiliate of the person.

(10) "Retailer" means a person engaged in the business of selling motor fuel at a retail motor fuel outlet.

(11) "Retail motor fuel outlet" means a place of business where motor fuel is sold and delivered into the tanks of motor vehicles regardless of whether the income from the selling and delivery of the fuel is the primary source of revenue of that business.

(12) "Sale" means a transfer, gift, sale, offer for sale, or advertisement for sale in any manner or by any means of motor fuel, including a transfer of motor fuel by a person to himself or to his affiliate.

(13) "Transfer price" means the price used by a person to transfer motor fuel to himself or to an affiliate for resale at a retail motor fuel outlet.

(14) "Transportation cost" means the actual cost of transportation of motor fuel or, in the absence of proof of actual cost, the common carrier rates fixed by the public service commission for the immediate market area concerned.

(15) "Wholesaler" means a person engaged in the business of making sales at wholesale to a retail motor fuel outlet.

Section 4. **Below-cost sale prohibited.** (1) A wholesaler may not sell motor fuel to a retail motor fuel outlet at less than the delivered cost of the motor fuel plus the cost of doing business if the effect is to injure or destroy competition or substantially lessen competition.

(2) A retailer may not sell motor fuel at less than the delivered cost of the motor fuel plus the cost of doing business if the effect is to injure or destroy competition or substantially lessen competition.

(3) A wholesaler may not sell or transfer motor fuel to itself or an affiliate for resale at a retail outlet at a transfer price lower than the price the wholesaler charges another retail motor fuel outlet that purchases a like quantity within the same competitive area if the effect is to injure or destroy competition or substantially lessen competition.

(4) The provisions of [sections 1 through 6] do not apply to a sale at wholesale or a sale at retail made:

(a) in an isolated transaction not in the usual course of business;

(b) if motor fuels are advertised, offered for sale, or sold in a bona fide clearance sale for the purpose of discontinuing trade in the motor fuel and the advertising, offer to sell, or sale states the reason for the sale and the quantity of the motor fuel advertised, offered for sale, or to be sold;

(c) if the motor fuel is advertised, offered for sale, or sold as imperfect or damaged and the advertising, offer of sale, or sale states the reason for the sale and the quantity of the motor fuel advertised, offered for sale, or sold;

(d) if motor fuel is sold upon the final liquidation of a business; or

(e) if motor fuel is advertised, offered for sale, or sold by a fiduciary or other officer under the order or direction of a court.

(5) Notice required under this section is not sufficient unless the subject of the sale is kept separate from other stocks and is clearly and legibly marked with the reason for the sale and any advertisement of the goods indicates the same facts and the quantity to be sold.

(6) A wholesaler or retailer may advertise, offer to sell, or sell motor fuel at a price made in good faith to meet the price of a competitor who is selling the same or a similar product of like grade and quality. The price of motor fuel advertised, offered for sale, or sold under the exceptions in subsection (4) may not be considered the price of a competitor and may not be used as a basis for establishing prices below cost, and the price established at a bankruptcy sale may not be considered the price of a competitor under the provisions of this section.

(7) If a wholesaler sells motor fuel to another wholesaler, the former is not required to include in his selling price to the latter the cost of doing business as defined in [section 3], but the latter wholesaler, upon resale to a retailer, is subject to the provisions of this section.

Section 5. **Voidance of existing contracts.** A contract, express or implied, made by a person in violation of a provision of [sections 1 through 6] is void and no recovery may be had on the contract.

Section 6. **Penalty — disposition — relief.** (1) A violation of [section 4] is an unfair trade practice.

(2) Upon presentation by an offended party of evidence of a violation of [section 4], the department of justice or a county attorney shall issue to the

suspected retailer or wholesaler a demand by certified mail to cease the violation. If the violation is not corrected within 24 hours after the suspected retailer or wholesaler receives the notification, the department or the county attorney may bring an action to enjoin the violation.

(3) Upon conviction, a retailer or wholesaler is subject to a civil penalty of not more than $1,000 a day for each day that the violation occurs, is liable for attorney fees, and is subject to injunctive relief.

(4) The department of justice or a county attorney may bring an action for a violation of [section 4]. If the action is brought by:

(a) the department of justice, one-half of the amount of the penalty must be deposited in the general fund of the county where the action was brought and the remainder in the state general fund; or

(b) a county attorney, the entire amount of the penalty must be deposited in the general fund of the county where the action was brought.

(5) An action under this section must be commenced in the county where the motor fuel is sold.

(6) A person injured as a result of an act or practice that violates [section 4] may bring a civil action for appropriate relief, including an action for declaratory judgment, injunctive relief, and actual damages.

Section 7. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 8. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. **Effective date — termination.** [This act] is effective on passage and approval and terminates July 1, 1993.

Approved April 19, 1991.

The bid specification and the contract must provide that a preference in hiring for positions of employment be given to Indian residents of the reservation who have substantially equal qualifications for any position. For the purposes of this section, the definitions in [section 1] apply.

(2) The commissioner of labor and industry shall enforce this section, investigate complaints of its violation, and may adopt rules to implement this section.

(2) document their continuous effort every 4 months.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Certification of chemical dependency counselors.** (1) The department shall grant certification to practice as a certified chemical dependency counselor to any person who successfully completes a competency examination that must include a written exam, an oral exam, and a review of a taped work sample, as defined in rules adopted under 53-24-204.

Section 2. **Suspension or revocation of certification.** (1) The department may suspend or revoke the certification of a chemical dependency counselor, according to the procedure contained in [section 3], if he has violated the professional ethics standards published by the department. A person may not practice as a certified chemical dependency counselor during the period for which certification is suspended or revoked.

(2) The department may not suspend certification for more than 6 months. Upon termination of the suspension period, the person whose certification has been suspended shall undergo a department review before resuming practice as a certified chemical dependency counselor.

(3) The department may not revoke a certificate for less than 3 years. Upon termination of the revocation period, the person whose certificate has been revoked may apply to the department for recertification.

Section 3. **Procedure for charging violation of professional ethics standards.** (1) A formal breach of professional ethics may be directed to the department. The charges must be made by affidavit, subscribed and sworn to by the person making it, and filed with the department.

(2) The director of the department shall appoint an ethics panel to investigate a formal breach of ethics directed to the department. The panel shall consist of:

(a) three certified chemical dependency counselors;

CHAPTER NO. 515

[SB 314]

AN ACT TO GENERALLY REVISE AND CLARIFY THE WATER RESERVATION PROCESS; ALLOWING AVAILABLE WATER FROM A REVOKED OR MODIFIED RESERVATION TO BE APPROPRIATED; REQUIRING APPROVAL BY THE BOARD OF NATURAL RESOURCES AND CONSERVATION OF CHANGES IN RESERVATIONS; ALLOWING TRANSFERS OF WATER RESERVATIONS AND ESTABLISHING CRITERIA FOR SUCH TRANSFERS; AMENDING SECTION 85-2-316, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY PROVISION.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-316, MCA, is amended to read:

"**85-2-316. Reservation of waters.** (1) The state or any political subdivision or agency thereof or the United States or any agency thereof may apply to the board to reserve waters for existing or future beneficial uses or to maintain a minimum flow, level, or quality of water throughout the year or at periods or for a length of time as the board designates.

(2) (a) Water may be reserved for existing or future beneficial uses in the basin where it is reserved, as described by the following basins:

(i) the Clark Fork River and its tributaries to its confluence with Lake Pend Oreille in Idaho;

(ii) the Kootenai River and its tributaries to its confluence with Kootenay Lake in British Columbia;

(iii) the St. Mary River and its tributaries to its confluence with the Oldman River in Alberta;

(iv) the Little Missouri River and its tributaries to its confluence with Lake Sakakawea in North Dakota;

(v) the Missouri River and its tributaries to its confluence with the Yellowstone River in North Dakota; and

(vi) the Yellowstone River and its tributaries to its confluence with the Missouri River in North Dakota.

(b) A water reservation may be made for an existing or future beneficial use outside the basin where the diversion occurs only if stored water is not reasonably available for water leasing under 85-2-141 and the proposed use would occur in a basin designated in subsection (2)(a).

(3) Upon receiving an application, the department shall proceed in accordance with 85-2-307 through 85-2-309. After the hearing provided in 85-2-309, the board shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, must be paid by the applicant. In addition, a reasonable proportion of the department's cost of preparing an environmental impact statement must be paid by the applicant unless waived by the department upon a showing of good cause by the applicant.

(4) (a) The board may not adopt an order reserving water unless the applicant establishes to the satisfaction of the board:

(i) the purpose of the reservation;

(ii) the need for the reservation;

(iii) the amount of water necessary for the purpose of the reservation;

(iv) that the reservation is in the public interest.

(b) In determining the public interest under subsection (4)(a)(iv), the board may not adopt an order reserving water for withdrawal and transport for use outside the state unless the applicant proves by clear and convincing evidence that:

(i) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(ii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (4)(b)(i) and (4)(b)(ii) are met, the board shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a reservation to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, use, and reservation of water.

(5) If the purpose of the reservation requires construction of a storage or diversion facility, the applicant shall establish to the satisfaction of the board that there will be progress toward completion of the facility and accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(6) The board shall limit any reservations after May 9, 1979, for maintenance of minimum flow, level, or quality of water that it awards at any point on a stream or river to a maximum of 50% of the average annual flow of record on gauged streams. Ungauged streams can be allocated at the discretion of the board.

(7) After the adoption of an order reserving waters, the department may reject an application and refuse a permit for the appropriation of reserved waters or may, with the approval of the board, issue the permit

subject to terms and conditions it considers necessary for the protection of the objectives of the reservation.

(8) *(a)* Any person desiring to use water reserved to a conservation district for agricultural purposes shall make application for the use with the district, and the district, upon approval of the application, shall inform the department of the approved use *and issue the applicant an authorization for the use.* The department shall maintain records of all uses of water reserved to conservation districts and be responsible, when requested by the districts, for rendering technical and administrative assistance within the department's staffing and budgeting limitations in the preparation and processing of such applications for the conservation districts. The department shall, within its staffing and budgeting limitations, complete any feasibility study requested by the districts within 12 months of the time the request was made. The board shall extend the time allowed to develop a plan identifying projects for utilizing a district's reservation so long as the conservation district makes a good faith effort, within its staffing and budget limitations, to develop a plan.

(b) Upon actual application of water to the proposed beneficial use the authorized user shall notify the conservation district. The notification must contain a certified statement by a person with experience in the design, construction, or operation of project works for agricultural purposes that the reserved water has been put to use in substantial accordance with the terms and conditions of the authorization to use reserved water. The department or the district may then inspect the appropriation to determine if it has been completed in substantial accordance with the authorization.

(9) Except as provided in 85-2-331, the priority of appropriation of a water reservation and the relative priority of the reservation to permits with a later priority of appropriation must be determined according to this subsection (9).

(a) A reservation under this section has a priority of appropriation dating from the filing with the department of a notice of intention to apply for a water reservation in a basin in which no other notice of intention to apply is currently pending. The notice of intention to apply must specify the basin in which the applicant is seeking a reservation.

(b) Upon receiving a notice of intention to apply for a water reservation, the department shall identify all potential water reservation applicants in the basin specified in the notice and notify each potential applicant of the opportunity to submit an application and to receive a reservation with the priority of appropriation as described in subsection (9)(a).

(c) To receive the priority of appropriation described in subsection (9)(a), the applicant shall submit a correct and complete water reservation application within 1 year after the filing of the notice of intention to apply. Upon a showing of good cause, the board may extend the time for preparing the application.

(d) The board may by order subordinate a water reservation to a permit issued pursuant to this part if:

(i) the permit application was accepted by the department before the date of the board order granting the reservation; and

(ii) the effect of subordinating the reservation to one or more permits does not interfere substantially with the purpose of the reservation.

(e) The board shall by order establish the relative priority of reservations approved under this section that have the same day of priority. A reservation may not adversely affect any rights in existence at that time.

(10) The board shall, periodically but at least once every 10 years, review existing reservations to ensure that the objectives of the reservation are being met. Where the objectives of the reservation are not being met, the board may extend, revoke, or modify the reservation. *Any undeveloped water made available as a result of a revocation or modification under this subsection is available for appropriation by others pursuant to this part.*

(11) The board may modify an existing or future order originally adopted to reserve water for the purpose of maintaining minimum flow, level, or quality of water, so as to reallocate the reservation or portion of the reservation to an applicant who is a qualified reservant under this section. Reallocation of reserved water may be made by the board following notice and hearing wherein the board finds that all or part of the reservation is not required for its purpose and that the need for the reallocation has been shown by the applicant to outweigh the need shown by the original reservant. Reallocation of reserved water may not adversely affect the priority date of the reservation, and the reservation shall retain its priority date despite reallocation to a different entity for a different use. The board may not reallocate water reserved under this section on any stream or river more frequently than once every 5 years.

(12) A reservant may not make a change in a reservation under this section except as permitted under 85-2-402 and this subsection. If the department approves a change, the board, upon notification by the department of its approval, shall give notice and require the reservant to establish that the criteria in subsection (4) will be met under the approved change.

(13) A reservation may be transferred to another entity qualified to hold a reservation under subsection (1). Only the entity holding the reservation may initiate a transfer. The transfer occurs upon the filing of a water right transfer certificate with the board together with an affidavit from the entity receiving the reservation establishing that the entity is a qualified reservant under subsection (1), that the entity agrees to comply with the requirements of this section and the conditions of the reservation, and that the entity can meet the objectives of the reservation as granted. If the transfer of a reservation involves a change in an appropriation right, the necessary approvals must be acquired pursuant to subsection (12).

~~(12)~~*(14)* Nothing in this section vests the board with the authority to alter a water right that is not a reservation.

~~(13)~~*(15)* The department shall undertake a program to educate the public, other state agencies, and political subdivisions of the state as to the benefits of the reservation process and the procedures to be followed to secure the reservation of water. The department shall provide technical assistance to other state agencies and political subdivisions in applying for reservations under this section.

~~(14)~~*(16)* Water reserved under this section is not subject to the state water leasing program established under 85-2-141."

Section 2. **Retroactive applicability.** [This act] applies retroactively, within the meaning of 1-2-109, to all reservations of waters granted pursuant to 85-2-316.

Section 3. **Effective date.** [This act] is effective on passage and approval.

Approved April 20, 1991.

Upon revocation, suspension, or termination of a warehouseman's license, the department may advance the payment date for all credit sale contracts to a date not later than 30 days following the effective date of the revocation, suspension, or termination. When not otherwise provided, the purchase price for all agricultural commodities ~~shall~~ *must* be determined as of the effective date of revocation, suspension, or termination in accordance with all other provisions of the contract. However, if the business of the commodity dealer is sold to another licensed commodity dealer, credit sale contracts may be assigned to the purchasing commodity dealer."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 30-11-801, MCA, is amended to read:

"**30-11-801. Definitions.** As used in this part, the following definitions apply:

(1) "Community of interest" means a continuing financial interest that the grantor and grantee have in common.

(2) "Dealer" means a person who is a grantee of a farm implements dealership situated in this state.

~~(4)~~*(7)* "Farm implement" means any vehicle, machine, or attachment designed or adapted and used exclusively for agricultural operations and only incidentally operated or used on the highways.

The grantor may require that the designated successor or designated family member meet the reasonable requirements of the grantor. The requirements must be specified and made available to any dealer upon request but may not extend beyond business, financial, character, and experience qualifications. If a grantor determines that a proposed transferee does not meet the requirements, the grantor shall give the dealer written notice stating the specific reasons for withholding consent.

Section 3. **Refusal to honor succession to ownership — notice required.** (1) If a grantor believes that good cause exists for refusing to honor the succession to the ownership and operation of a dealership by a designated family member or by a designated successor under the existing franchise agreement, the grantor may, within 30 days of receipt of notice of the designated family member's or designated successor's intent to succeed the dealer in the ownership and operation of the dealership, serve upon the designated family member or designated successor and the department notice of its refusal to honor the succession and of its intent to discontinue the existing franchise agreement with the dealership no sooner than 60 days from the date the notice is served.

(2) The notice must state the specific grounds for the refusal to honor the succession and the intent to discontinue the existing franchise agreement with the dealership no sooner than 60 days from the date the notice is served.

(3) If notice of refusal and discontinuance is not timely served upon the designated family member or designated successor and the department or if the department rules in favor of the complainant in a hearing held pursuant to [section 4], the franchise agreement must continue in effect subject to termination only as otherwise permitted by law.

(2) The grantor shall establish good cause for refusal to honor the succession to ownership.

(3) The franchise agreement must continue in effect until the final determination of the issues raised in the complaint.

(4) If the grantor prevails, the department shall include in its order approving the termination of the franchise agreement reasonable conditions affording the complainant an opportunity to receive fair and reasonable compensation for the value of the dealership.

(5) Any decision by the department may be reviewed pursuant to Title 2, chapter 4, part 7.

(8) The object of the game is attainable and possible to perform, under the stated game rules, from the playing position of the player.

(9) The game is conducted in a fair and honest manner and does not constitute a fraud upon the players.

(4) The board of county commissioners may issue an annual permit to an arcade. A permit is effective January 1 through December 31.

Section 4. **Amusement games allowed.** (1) Crane games, as defined in [section 1], and the games described in subsection (2) may be made available for public play.

(2) (a) Fish pond (duck pond). The player catches a fish or other object floating in a pond of water by using a pole, hand, net, or string. All fish or objects are marked on the bottom, indicating the size of prize the player wins. The player is awarded a prize each time, and the player must be allowed to continue playing until a prize is won.

(b) Hoop or ring toss. The player tosses a hoop or ring over a target that must consist of bottles, pegs, blocks, or prizes. The operator shall specifically advise the player as to the degree that the hoop or ring must go over the target. All hoops of the same color used at an individual stand must be the same size. All targets used at an individual booth must be the same size, or the operator shall advise the player by posting signs or using color codes denoting the different sizes.

(c) Dart games. The target area for all dart games must be of a material capable of being penetrated and of retaining a metal tip dart. The target area must be in the rear of the stand and must be at least 3 feet but not more than 15 feet from the foul line. A target must be stationary at all times.

(i) Balloon (poparoo) (balloon smash). The targets are inflated balloons. The player throws one or more darts to burst a predetermined number of balloons. If the predetermined number of balloons are burst by the darts, the player receives the prize indicated.

(ii) Dart throw. The targets are various sizes and shapes located on the target area. The player throws darts individually at the target. A dart must stick in a predetermined target to win the prize as designated.

(iii) Tic tac toe dart. The target is a tic tac toe board located in the target area. The player throws darts at the target and wins a designated prize when the thrown darts line up in a row in the target. The darts may line up vertically, horizontally, or diagonally to win.

(iv) Add-um-up darts. The target consists of numbered squares located in the target area. Prizes are awarded based on the total score obtained by the player by throwing and sticking the darts in the numbered squares. A dart that sticks on a line must be thrown again. The player may add up the score of the darts thrown.

(d) Ball tosses. In all ball toss games, the balls used at a specific stand must be of the same weight and size. Targets must be of the same weight and size, or the operator shall color code the targets and advise the player of the difference in targets by posting a sign or providing a duplicate of the target showing the limitations or restrictions. The sign or duplicate target must be readily visible to the player.

(i) Milk bottle toss. The player tosses or throws balls at simulated milk bottles. The player wins by either tipping over or knocking bottles off the raised platform as designated by the operator. The bottles may be constructed of wood, metal, or plastic or a combination of the three. Operators may vary the number of bottles and balls used in each game. Floating or loose weights in bottles are not allowed. The weight of individual bottles may not exceed 7 1/2 pounds.

(ii) Milk can (Mexican hat) (cone). The player tosses a ball into the opening of a milk can, into a fiberglass Mexican hat turned upside down, or through a cone to win.

(iii) Football toss (tire toss). The player tosses or throws a football through a stationary tire or hoop to win.

(iv) Basketball toss/throw. The player tosses or throws a basketball through a hoop to win.

(v) Bushel baskets. The player tosses balls into a bushel basket mounted on a stationary backdrop at a fixed angle. The balls must stay in the basket to win. Rim shots are allowed, except the operator may designate the top 6 inches of the basket rim by color and disallow balls striking this area as winning tosses.

(vi) Cat-ball-toss (star/diamond toss). The player tosses balls into a simulated cat's mouth or a round, diamond, or star-shaped hole to win.

(vii) Ping pong toss. The player tosses ping pong balls into dishes, saucers, cups, or ashtrays floating in water. A predetermined number of balls must remain in the dishes, saucers, cups, or ashtrays for the player to win. The dishes, saucers, cups, or ashtrays must have water covering the bottom of the surface that is facing up.

(viii) Fishbowl game. The player tosses ping pong balls into a water-filled fish bowl to win.

(ix) Volleyball toss (soccer ball). The player tosses a volley or soccer ball into a keg-type container mounted on a stationary backdrop at a fixed angle. The ball must stay in the keg to win a prize. Rim shots are authorized as stated in subsection (2)(d)(iv) for bushel baskets.

(x) Goblet ball (whiffle ball). The player tosses a whiffle ball into a target area of glass or plastic goblets. Located in the target area are colored goblets that determine the type of prize the player wins. At least 33% of the goblets in the target area must be winners. The ball must stay in the goblet to win a prize.

(xi) Break the plate/bottle. The player tosses or throws a ball at a plate, phonograph record, or bottle. The type of prize won is determined by the number of targets broken by the player.

(xii) Punk rack. The targets for this game are rows of dolls or cats on a ledge at the rear of the stand. The dolls or cats must be filled with sawdust, styrofoam, cotton, or other like material that provides a firm base for the ball to strike. The hair protruding from the side of the dolls or cats may not exceed 3 inches. The prize is determined by how many dolls or cats the player knocks over or off the ledge, as posted by the operator.

(xiii) Teeth game. The target consists of a large face with wooden teeth. The prize is determined by how many teeth the player knocks down by throwing a ball.

(xiv) Toilet game (doniker). To win, the player tosses or throws a ball or other object through a toilet seat located at the rear of the stand.

(xv) Coke roll. The player rolls a ball down an alley with the object of knocking over two coke bottles standing at the end of the alley. The player must tip over both bottles to win. Bottles must be placed on predetermined spots painted on the surface of the alley.

(xvi) Rolldown. The player rolls balls down an alley with the object of putting the balls in numbered slots at the end of the alley. The scores represented by the balls in each numbered slot are added up at the conclusion of the game. Scores above or below a predetermined score win. The alley surface must be smooth and free from defects at all times.

(xvii) Fascination (I got it). Fascination is a group game that involves competition among the players. The target area consists of 25 holes, and the player tosses or rolls a ball into one of the holes. The object of the game is to get five balls in a row either vertically, horizontally, or diagonally. The first player to accomplish this is the winner. Prize size is determined by the number of players participating in each game.

(xviii) Cakewalk. The players walk on a predetermined route with designated spots, and when the operator stops the walk, the player on a predetermined spot wins a prize.

(xix) Batter-up. The player uses a whiffle ball bat to swing and strike whiffle balls that are pitched at medium speed from a pitching machine. The player wins when he hits a ball into the home run shelf. The home run shelf is located at the back of the batting cage approximately 15 feet from the player.

(xx) Sky bowling. Two bowling pins are set on predetermined painted spots on a shelf. A ball is attached to a chain suspended from a stationary support at least 6 inches to the right or left of the bowling pins. The object is to swing the ball, miss the pins with the ball as it goes forward, and knock the pins over as the ball returns.

(xxi) Clown rolldown. A ball is tossed through the open mouth of a moving clown or animal head. The ball then rolls down a chute to numbered slots at the rear of the clown or animal head. The scores represented by the balls in each numbered slot are added up at the conclusion of the game. Prizes are awarded on the points achieved.

(xxii) Skee ball. The player rolls a ball up the mechanical bowling alley into targets. A computer adds up the scores, and the predetermined scores win.

(xxiii) Speedball radar game. The player gets four balls and throws three balls through radar to establish speeds and to estimate at what speed the fourth ball will pass through the radar. The player wins a prize if he accurately estimates the speed of the fourth ball. The radar must be mounted and stationary.

(e) Shooting games. These games are conducted by the player using a weapon of some type to shoot at a target in the rear of the stand. The safety requirements of local city or county ordinances must be observed by the operator and player. The target may be stationary or mobile.

(i) Short range (shooting gallery). In this game, the player is given four rounds to shoot at a spot target 1/4 inch or less in diameter. The player wins when the spot target is completely shot out, or the player is given five rounds to shoot one round each at five triangular, round, or 1/2-inch square targets. The prize is determined by the number of targets struck by the player, or the player is given five rounds to shoot one round each at five triangular, round, or 1/2-inch square targets. Within each target is a bull's eye. The player must hit the bull's eye without touching the outer surface of the target. The prize is determined by the number of bull's eyes correctly hit.

(ii) Shoot-out-the-star (machine gun). The player, using an automatic air pellet gun, is given 100 pellets to shoot at a star-shaped target. The player must shoot out all of the target to win. The star cannot be more than 1 1/4 inches from point-to-point.

(iii) Water racer. This group game involves a competition, with the player winning a prize based on the number of players competing. The player, using a water pistol, shoots the water into a target. The water that strikes the target causes a balloon to inflate or advances an object to ring a bell. The first player who bursts the balloon or rings the bell is the winner.

(iv) Rapid fire. This group game involves competition similar to the water racer game described in subsection (2)(e)(iii). The player uses an electronic pistol to shoot at a target. Hits on the target give the player a score. The first player to reach a predetermined score is the winner.

(v) Cork gallery. The player uses a cork gun or similar device to propel objects, including but not limited to corks, suction cup darts, or styrofoam balls, to shoot at targets located on a shelf or at a bull's eye target. The player must hit the bull's eye or knock the target over or off the shelf to win a prize. The prize is determined by the target knocked over or off the shelf, by the number of targets knocked over or off the shelf, or by the player accomplishing other tasks, as stated in the posted rules. When suction cup darts or other darts are used and fail to stay on or in the target, the player must shoot the dart again. The base of each target must be uniform, front and rear.

(vi) Boomball. The player uses a cannon with compressed air to propel balls into a target area. The targets have varied point value. If the ball remains in the target, a computer adds up the score. Prizes are awarded based on the points achieved.

(f) Coin pitchers.

(i) Spot pitch (lucky strike). The player pitches a coin at colored spots located on a table in the center of the stand. The coin must touch or stay inside of a spot to win a prize.

(ii) Plate pitch. The player pitches a coin onto a glass plate to win a prize as designated.

(iii) Glass pitch (bowl). The player pitches a coin into or onto dishes or glasses. If the coin remains in a top target glass item, then the player wins that item.

(g) Miscellaneous games.

(i) Skill chute (bulldozer) (penny fall). The player inserts a coin or token into a chute, aiming the coin or token so that it will fall in front of a continuous sweeper (bulldozer). If the coin or token is aimed correctly, the sweeper (bulldozer) will push additional tokens or prizes into a hole or chute that sends them to the player. Tokens are exchanged for prizes. If there is a hidden ledge, tip, or similar obstruction that inhibits the passage of tokens or prizes into the hole or chute that sends them to the player, the operator shall post a sign to advise the players.

(ii) Tip-em-up bottle. The player is provided with a pole and a string that has a hoop or ring attached at the end. The player, using the pole with a ring, must raise a bottle lying on its side to an upright position to win.

(iii) Hi-striker. The player, using a wooden maul, must strike a lever target that causes a metal weight to rise on a guideline or track and ring a bell. The player must ring the bell a predetermined number of times to win a prize.

(iv) Rope ladder. The player must climb up a rope ladder, which is anchored at both ends by a swivel, and ring a bell or buzzer to win a prize.

(v) Whac-a-mole. This is a group game that has a target surface with 5 holes through which animated moles pop up and down at random. The player must hit as many moles as possible with a mallet. The first player to hit a predetermined number of moles wins.

(vi) Dip bowling game. The player rolls a bowling-type ball over a hump in the track. If the ball stays on the back side of the hump, the player wins.

(vii) Horserace derby. This is a group game in which a player advances his horse by shooting or rolling a ball in the target area. The faster and more skillfully the player shoots or rolls his ball, the faster his horse will run. The first horse to cross the finish line wins.

(viii) Shuffleboard. The player pushes a puck down a shuffleboard alley to knock over poly pins at the end of an alley. The player wins by knocking down all the pins.

(ix) Bean bag. The player tosses or throws a bean bag or a simulated bean bag at cans, bottles, or other objects on a raised platform. The player wins a prize when he either knocks the object off the raised platform or tips the target over.

(x) Soccer kick. The player kicks a soccer ball through a hole in the target area to win.

(xi) Frog game. A plastic frog or similar object sits on a small end of a teeter-totter. The opposite end of the teeter-totter is struck with a mallet, causing the frog to fly off the teeter-totter. If the frog lands in a pail or similar receptacle, the player wins a prize.

(xii) Cover the spot. The object of this game is for the player to drop five circular discs onto a circular spot, completely covering the spot. The diameter of each of the discs used to cover the spot must be a minimum of 64% of the diameter of the spot to be covered. The spot to be covered must be painted or drawn on a permanent, solid material, such as metal or wood, or may be a lighted circle. The spot and each disc must have a uniform diameter.

(xiii) Pocket billiards. Using a regulation pocket billiard table, a player must run a consecutive number of balls to win a prize. The number of balls is set by the operator.

(3) This section does not apply to counties that have adopted a charter form of government."

Section 2. Section 7-4-2503, MCA, is amended to read:

"**7-4-2503. Salary schedule for certain county officers.** (1) *(a)* The salary paid to the county treasurer, county clerk and recorder, clerk of the district court, county assessor, county superintendent of schools, and county sheriff; the county surveyor in counties where county surveyors receive salaries as provided in 7-4-2812; and the county auditor in all counties where the office is authorized, for the fiscal year beginning July 1, ~~1981~~ *1991*, ~~is computed by adding~~ *and each year thereafter must be established by the county governing body at no less than 80% of* the annual base salary of:

~~(a)~~*(i)* ~~$14,000~~ *$25,000* for the counties of the first through fifth class *added* to the population increment of $10 for each 100 persons or major fraction thereof included in the county's population as determined by the ~~1980~~ *1990* federal decennial census; or

~~(b)~~*(ii)* ~~$12,000~~ *$18,000* for counties of the sixth and seventh class *added* to the population increment of ~~$20~~ *$10* per 100 persons or major fraction thereof in the county's population as determined by the ~~1980~~ *1990* federal decennial census.

(b) The annual base established by the county governing body in subsection (1) must be uniform for all county officers referred to in subsection (1).

(2) (a) An elected county superintendent of schools shall receive, in addition to the salary based upon subsection (1), the sum of $400 per year, except that an elected county superintendent of schools who holds a master of arts degree or a master's degree in education, with an endorsement in school administration, from a unit of the Montana university system or an equivalent institution may, at the discretion of the county commissioners, receive, in addition to the salary based upon subsection (1), up to $2,000 per year.

(b) The county sheriff shall receive, in addition to the salary based upon subsection (1), the sum of $2,000 per year.

(c) The county sheriff shall receive a longevity payment amounting to 1% of the base salary set forth in subsection (1) for each year of service with the sheriff's department, but years of service during any year in which the salary was set at the level of the salary of the prior fiscal year may not be included in any calculation of longevity increases. The additional salary amount provided for in this subsection may not be included in the base salary for purposes of computing the compensation for undersheriffs and deputy sheriffs as provided in 7-4-2508.

(3) (a) In each county with a population in excess of 30,000, the county attorney shall be a full-time official under 7-4-2704, and his salary for the fiscal year beginning July 1, 1981, shall be $36,500. In counties with a population less than 30,000, the county attorney who is a part-time official for a county of the first, second, or third class is entitled to receive an annual salary equal to 60% of the annual salary of a full-time county attorney. A county attorney who is a part-time official for a county of the fourth, fifth, sixth, or seventh class is entitled to receive an annual salary equal to 50% of the annual salary of a full-time county attorney.

(b) In those counties where the office of the county attorney has been established as a full-time position pursuant to 7-4-2706, the salary of the county attorney for the fiscal year beginning July 1, 1981, shall be $36,500.

(c) Beginning on July 1, ~~1982~~ *1991*, and on July 1 of each succeeding year, each county attorney shall be entitled to an increase in salary calculated by adding to his annual salary on July 1, ~~1981~~ *1991*, an increment of ~~70%~~ *100%* of the last previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. However, the county commissioners may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504(1), set the salary at the prior fiscal year level if that level is lower than the level required by this subsection (3)(c). The cost-of-living increment for the fiscal year beginning July 1, 1983, and for each subsequent fiscal year shall be added to all cost-of-living increments granted for previous years unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. Unless restored pursuant to 7-4-2504(2), any cost-of-living increment that would have been received for such fiscal year, computed on the prior fiscal year, may not be added to previous increments.

(d) (i) After completing 4 years of service as deputy county attorney, each deputy county attorney is entitled to an increase in salary of $1,000 on the anniversary date of his employment as deputy county attorney. After completing 5 years of service as deputy county attorney, each deputy county attorney is entitled to an additional increase in salary of $1,500 on the anniversary date of his employment. After completing 6 years of service as deputy county attorney and for each year of service thereafter up to completion of the 11th year of service, each deputy county attorney is entitled to an additional annual increase in salary of $500.

(ii) The years of service as a deputy county attorney accumulated prior to July 1, 1985, must be included in the calculation of the longevity increase, but, unless longevity increases are restored pursuant to 7-4-2504(2), the years of service during any year in which the salary was set at the level of the salary of the prior fiscal year may not be included in any calculation of longevity increases.

(4) For each 10th year after the fiscal year beginning July 1, 1981, the latest federal decennial census statistics shall be the basis for computation of population increments under this section. During the intervening 9 years, the computation of population increments applicable on July 1 of each year shall be based on the last calendar year's annual estimates of counties' populations compiled by the federal-state cooperative program for estimates of the university of Montana bureau of business and economic research and the U.S. bureau of the census or other estimate that the bureau of business and economic research may certify."

Section 3. Section 7-4-2504, MCA, is amended to read:

"**7-4-2504. Salaries to be fixed by resolution — cost-of-living increments.** (1) The county governing body shall by resolution~~,~~ on or before July 1~~,~~ ~~1982, and on or before July 1~~, *1992, and on or before July 1* of each year thereafter adjust and uniformly fix the salaries of the county treasurer, county clerk, county assessor, county school superintendent, county sheriff, and the clerk of the district court; the county auditor (if there is one); and the county surveyor (if he receives a salary) ~~for cost-of-living increase by adding to the annual salary computed under 7-4-2503 an increment calculated by applying to the annual salary established by 7-4-2503(1) plus previous cost-of-living increments, 70% of~~. *Except as provided in subsection (3), the salaries fixed may be no less than 80% of the annual base salary provided for in 7-4-2503(1) plus a cost-of-living increment based on* the last previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. The county governing body may, however, for all or the remainder of each fiscal year, in conjunction with setting salaries for the same action on the salaries of justices of the peace (if applicable), the county governing body, county attorney, and coroner, set the salary at the prior fiscal year level if that level is lower than the level required by this subsection. The cost-of-living increment for the fiscal year beginning July 1, ~~1983~~ *1992*, and for each subsequent fiscal year shall be added to all cost-of-living increments granted for previous years unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. In such case the cost-of-living increment that would have been received for such fiscal year, computed on the prior fiscal year, may not be added to previous increments.

(2) The county governing body may, in any subsequent fiscal year, restore for 1 or more years the annual cost-of-living increments withheld pursuant to subsection (1). If cost-of-living increments are restored, the longevity increases provided for sheriffs in 7-4-2503, for deputy county attorneys in 7-4-2503(3)(d)(i), and for undersheriffs and deputy sheriffs in 7-4-2510 must also be restored for the years for which the cost-of-living increment was restored.

(3) If the application of 7-4-2503 does not qualify a county official for a salary increase ~~of at least 7% on July 1, 1981, his salary on that date shall be increased by an amount sufficient to provide him total salary equal to 7% more than during the previous year~~, *his salary base for the fiscal year beginning July 1, 1991, must be the fiscal year 1990-91 salary plus 100% of the last previous calendar year's consumer price index for all urban consumers as set forth in subsection (1).*

(4) The county governing body shall by resolution, prior to July 1 of each year, establish the salary of the coroner and may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in subsection (1), set the salary at the prior fiscal year level. The salary must be in effect upon the first day of each ensuing fiscal year."

Section 4. **Payment of county assessor salary.** The amount of county assessors' salaries to be paid by the state for fiscal 1992 and fiscal 1993 is limited to the amount of money appropriated in [this act] and any pay plan bill that is enacted for that purpose.

Section 5. **Effective date.** [This act] is effective on passage and approval.

Approved April 22, 1991.

CHAPTER NO. 528

[HB 534]

AN ACT TO CHANGE THE METHOD FOR ESTABLISHING A HIGH SCHOOL TRUSTEE POSITION FOR REPRESENTATION FOR ANY TERRITORY OF THE DISTRICT THAT IS WITHOUT EQUITABLE

REPRESENTATION ON THE DISTRICT BOARD OF TRUSTEES; AND AMENDING SECTIONS 20-3-302, 20-3-351, AND 20-3-352, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-3-352, MCA, is amended to read:

"**20-3-352. Request and determination of number of high school district additional trustee positions — *nonvoting trustee.*** (1) As provided in 20-3-351(1)(b), ~~each~~ *a* high school district, except a high school district operating a county high school, may have additional trustee positions when the trustees of a majority of the elementary districts with territory located in the high school district, but without *equitable* representation on the high school district trustees under the provision of 20-3-351(1)(a), request the establishment of ~~such~~ additional trustee positions *under the provisions of subsection (2) or when the electors approve an alternative method of electing members of the board of trustees under the provisions of subsection (3).*

(2) A request for additional trustee positions ~~shall~~ *must* be made to the county superintendent by a resolution of the trustees of each elementary district. When a resolution has been received from a majority of the elementary districts without representation on the high school district trustees, the county superintendent shall determine the number of additional trustee positions for the affected high school district in accordance with the following procedure:

(a) The taxable valuation of the elementary district ~~which~~ *that* has its trustees placed on the high school trustees ~~shall~~ *must* be divided by the number of positions on the trustees of ~~such~~ *the* elementary district to determine the taxable valuation per trustee position.

(b) The taxable valuation used for the calculation in subsection (2)(a) ~~above shall~~ *must* be subtracted from the taxable valuation of the high school district to determine the taxable valuation of the territory of the high school district without representation on the high school district trustees.

(c) The taxable valuation determined in subsection (2)(b) ~~above-shall~~ *must* be divided by the taxable valuation per trustee position calculated in subsection (2)(a) ~~above~~. The resulting quotient ~~shall~~ *must* be rounded off to the nearest whole number, *except that when the quotient is less than 0.5, at least one nonvoting trustee position must be established for the territory without representation on the high school district board of trustees under the provision of 20-3-351(1)(a).*

~~(3)~~*(d)* ~~The~~ *Except for a nonvoting trustee position, the* number determined in subsection (2)(c) ~~above shall~~ *must* be the number of additional trustee positions, except that the number of additional trustee positions ~~shall~~ *may* not exceed four in a first- or second-class high school district or two in a third-class high school district except when two-thirds or more of the high school enrollment of the high school district and two-thirds or more of the taxable valuation of the high school district are located outside of the elementary district ~~which~~ *that* has its trustees placed on the high school district trustees. When this situation exists, three additional trustees ~~shall~~ *must* be elected from the elementary school districts ~~where~~ *in which* the high school is not located and one additional trustee ~~shall~~ *must* be elected at large in the high school district.

(3) (a) If more than half of the electors of the high school district reside outside the territory of the elementary school district in which the high school district buildings are located, at least 10% of the electors of the high school district who are qualified to vote under the provisions of 20-20-301 may petition the county superintendent, requesting an election to consider a proposition on the question of establishing the following alternative method of electing the members of the high school district board of trustees:

(i) one trustee to be elected from each elementary school district with territory included in the high school district; and

(ii) two or three trustees to be elected at large in the high school district, whichever number results in an odd number of members on the board of trustees.

(b) (i) When the county superintendent receives a valid petition, the county superintendent shall order the trustees of the high school district to conduct an election on the next regular school election day on the proposition allowed under the provisions of subsection (3)(a).

(ii) If the electors of the district approve a proposition to establish the alternative method of electing the high school board of trustees, the county superintendent shall order that the members of the board of trustees be elected according to subsection (3)(a) at the next regular school election.

(c) Whenever the trustees are elected at one regular election under subsection (3)(b), the members who are elected shall draw by lot to determine their terms of office. The terms of office by trustee position must be divided as equally as practicable among 1-, 2-, and 3-year terms.

(d) A petition to call an election for the purposes of subsection (3) may not be submitted to the county superintendent more than one time in each 5-year period."

Section 2. Section 20-3-302, MCA, is amended to read:

"**20-3-302. Legislative intent to elect less than majority of trustees.** (1) It is the intention of the legislature that the terms of a majority of the trustee positions of any district with elected trustees ~~shall~~ *may* not regularly expire and be subject to election on the same regular school election day. Therefore, in elementary districts, there ~~shall~~ *may* not be more than three trustee positions in first-class districts, two trustee positions in second-class districts or third-class districts having five trustee positions, or one trustee position in third-class districts having three trustee positions regularly subject to election at the same time. In high school districts there ~~shall~~ *may* not be more than two additional trustee positions in first- or second-class districts or more than one in third-class districts regularly subject to election at the same time. In high school districts operating a county high school, there ~~shall~~ *may* not be more than two trustee positions to be filled by members residing in the elementary district where the county high school building is located or more than one trustee position to be filled by members residing outside of the elementary district where the county high school building is located subject to election at the same time.

(2) While it is the intention of the legislature that the terms of a majority of trustees of any district ~~shall~~ *may* not regularly expire and be subject to election at the same time, it is recognized that the following circumstances, relating to the terms of trustees appointed to newly created positions or to positions vacated by death, resignation, or operation of law, may lead to a subsequent school election in which a majority of trustee positions are subject to election at the same time:

(a) the creation of a new elementary district under the provisions of 20-6-217;

(b) the consolidation of two or more elementary districts to form an elementary district under the provisions of 20-6-203;

(c) the establishment of additional trustee positions of a high school district under the provisions of 20-3-353 or 20-3-354 *or new trustee positions under the provisions of 20-3-352(3)*;

(d) the change of a district's classification under the provisions of 20-6-201 and 20-6-301;

(e) the filling of a trustee position ~~which~~ *that* has become vacant under the provisions of 20-3-308 or any other provision of law;

(f) the establishment of additional elementary trustee positions under the provisions of 20-3-341(3); or

(g) any other circumstance arising under the law wherein a trustee position is filled by appointment subject to election at the next regular school election."

Section 3. Section 20-3-351, MCA, is amended to read:

"**20-3-351. Number of trustee positions in high school districts.** (1) ~~The~~ *Except as provided in 20-3-352(3), the* trustees of a high school district, except a high school district operating a county high school, ~~shall~~ *must* be composed of:

(a) the trustees of the elementary district ~~where~~ *in which* the high school building is located or, if there is more than one elementary district ~~where~~ *in which* high school buildings are located, the trustees of the elementary district designated by the high school boundary commission; and

(b) the additional trustee positions determined in accordance with 20-3-352*(2)*.

(2) The trustees of a high school district operating a county high school ~~shall~~ *must* be composed of seven trustee positions."

Approved April 22, 1991.

CHAPTER NO. 530

[HB 549]

AN ACT TO GENERALLY REVISE THE COUNTY NOXIOUS WEED CONTROL LAWS; REQUIRING TRAINING FOR WEED DISTRICT SUPERVISORS; ESTABLISHING NEW TERMINATION DATES FOR INFORMATION AND LIABILITY RESTRICTIONS ON HERBICIDE USE; AMENDING SECTIONS 7-22-2121, 7-22-2142, 7-22-2143, 7-22-2145, AND 7-22-2148, MCA, AND SECTION 7, CHAPTER 516, LAWS OF 1987; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill in order to provide guidance to the department of agriculture concerning the adoption of rules to identify the type and level of training a weed district supervisor should obtain to properly administer a noxious weed management program. It is the policy of the state of Montana to properly control and manage noxious weeds in order to protect the agricultural economy and natural ecosystems of the state. It is also the policy of the state of Montana to properly manage pesticides in order to ensure public and worker safety and to protect the environment. Weed district supervisors need special training and education in order to design and administer weed management programs that appropriately implement these policies. The legislature recognizes that funding is an important consideration that may constrain the level and type of training a weed district supervisor may obtain at any one time or in any particular year. The legislature directs the department to adopt rules that specify the objectives of weed district supervisor training and that identify the topics and level of education necessary for weed district supervisors to implement effective noxious weed management programs and to ensure that pesticides are properly managed. The legislature further directs the department, in cooperation with the Montana state university extension service, to assist in the development of a curriculum and a course of training for district weed supervisors that will fulfill the objectives specified in the department's rules. The board may examine and scrutinize the hospital records and reports of a licensee as part of the examination, and copies of these shall be released to the board on written request. If the board has reasonable cause to believe that this probability exists, the department shall mail to the person at his last address of record with the department a specification of the charges against him, together with a written notice of the time and place of the hearing on such charges, advising him that he may be present in person and by counsel if he so desires to offer evidence and be heard in his defense. (6) On the expiration of the term of suspension, the licensee shall be reinstated by the board if he furnishes the board with evidence that he is then of good moral character and conduct and restored to good health and that he has not practiced medicine in this state during the term of suspension. If the evidence fails to establish to the satisfaction of the board that the holder is then of good moral character and conduct or restored to good health or if the evidence shows he has practiced medicine in this state during the term of suspension, the board shall revoke the license at a hearing with notice and the procedure provided in subsection (1) of this section. The revocation is final and absolute.

(7) If a person holding a license to practice medicine under this chapter is by a final order or adjudication of a court of competent jurisdiction adjudged to be mentally incompetent or seriously mentally ill or addicted to the use of narcotics, his license may be suspended by the board. The suspension continues until the licensee is found or adjudged by the court to be restored to reason or cured or until he is discharged as restored to reason or cured and his professional competence has been proven to the satisfaction of the board.

If the evidence fails to establish to the satisfaction of the board that the holder is then of good moral character and conduct or restored to good health or if the evidence shows he has practiced podiatry in this state during the term of suspension, the board shall revoke the license at a hearing held in accordance with the notice and procedure provided in subsection (1). The revocation is final.

(8) If a person holding a license to practice podiatry under this chapter is by a final order or adjudication of a court of competent jurisdiction determined to be mentally incompetent, seriously mentally ill, or addicted to the use of narcotics, his license may be suspended by the board. CHAPTER NO. 541

[HB 891]

AN ACT REQUIRING FINANCIAL ASSURANCE AS A CONDITION OF A LICENSE TO OPERATE A MEGALANDFILL; PROVIDING FOR THE RELEASE OF AN OPERATOR FROM FINANCIAL ASSURANCE; PROVIDING THE BOARD OF HEALTH AND ENVIRONMENTAL SCIENCES WITH THE AUTHORITY TO RECLAIM, RESTORE, OR REPLACE DAMAGED OR IMPAIRED NATURAL RESOURCES; ESTABLISHING A MEGALANDFILL RECLAMATION ACCOUNT; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill in order to provide guidance to the board of health and environmental sciences and to the department of health and environmental sciences for the adoption of rules.

In adopting rules to set forth the specific terms and conditions of bonding as a financial assurance mechanism authorized under [section 2], the department shall consult and, to the greatest extent practicable, rely upon concepts and requirements contained in Rules 16.44.801 through 16.44.823, Administrative Rules of Montana, that establish financial assurance requirements for hazardous waste management facilities during the closure and postclosure phases of operations of such facilities.

The board shall adopt rules related to bond forfeiture and the reclamation, restoration, and replacement of damaged natural resources for which a bond has been forfeited. In developing these rules, the board shall consider the experience of the department of state lands and others involved with mine reclamation. The board shall also consult with the regulated community, local governments, and others involved in solid waste management.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in [sections 1 through 5], the following definitions apply:

(1) "Applicant" means an individual, firm, partnership, company, association, corporation, city, town, local governmental entity, or any other governmental or private entity that applies for a license to operate a megalandfill pursuant to 75-10-221.

(2) "Board" means the board of health and environmental sciences provided for in 2-15-2104.

(3) "Department" means the department of health and environmental sciences provided for in Title 2, chapter 15, part 21.

(4) "Megalandfill" means any new or existing solid waste management system licensed under 75-10-221 that accepts more than 200,000 tons of solid waste a year or an ash monofill that accepts more than 35,000 tons of ash a year.

(5) "Natural resource" means ground water, surface water, soil, wildlife, and other physical and biological resources as determined by the department by rule.

Section 2. **Megalandfill financial assurance — release.** (1) As a condition of a license to operate a megalandfill under 75-10-221, an applicant shall provide financial assurance sufficient to ensure the restoration or replacement of any natural resource damaged or impaired as a result of the construction, operation, or closure of the megalandfill. The department shall determine the amount of financial assurance that must be provided based on an assessment of the license application and the applicant's estimated cost of reclaiming, restoring, or replacing natural resources that may be damaged or impaired by the applicant's proposed operations.

(2) The department shall adopt rules to specify the terms and conditions of financial assurance.

(3) To satisfy the financial assurance requirement, the applicant shall file with the department a bond that is payable to the state of Montana with a surety satisfactory to the department, conditioned upon the faithful performance of the requirements of this section and the rules of the department.

(4) The bond approved by the department may not be less than the estimated cost to the state to reclaim, restore, or replace damaged or impaired natural resources.

(5) Every 2 years the department shall evaluate the amount of the bond provided for a licensed megalandfill. If the department determines that the amount of the bond does not represent the present cost of reclaiming, restoring, or replacing natural resources that may be damaged or impaired by the operation, the department may modify the terms and conditions of the bond.

(6) The department may not release an operator from the financial assurance requirement and may not release the bond:

(a) for a minimum of 30 years after the megalandfill has closed;

(b) until the department determines that the natural resources associated with the megalandfill have been permanently reclaimed, restored, or replaced to the quantity and quality that prevailed prior to the commencement of the licensed operations and that the megalandfill presents no significant future threat to those natural resources; and

(c) until a public hearing has been held. The department shall make all information that is relevant to the decision on whether to release an operator from the financial assurance requirement readily available to interested persons, and no less than 45 days prior to the public hearing the department shall:

(i) publish notice of the hearing in newspapers of general statewide circulation and circulation in the county where the megalandfill is located; and

(ii) take other appropriate measures to ensure broad distribution of the hearing notice.

(7) A person may submit to the department information relevant to the department's decision to release an operator from all or any part of the financial assurance requirement for a period of 30 days after the date of the public hearing required under subsection (6).

(8) A person may request the department to reconsider its decision to release an operator from all or any part of the financial assurance require-

ment based upon information the person submits to show that the licensee has not reclaimed, restored, or replaced the quantity or quality of natural resources that prevailed prior to the commencement of the licensed operations. The department's response to a request to reconsider its decision to release an operator from all or any part of the financial assurance requirement is the final agency decision.

Section 3. **Bond forfeiture.** At the board's discretion, the failure of a licensee to reclaim, restore, or replace damaged or impaired natural resources to the department's satisfaction, as required under [section 2(6)] or any rule adopted under [section 2(6)], may result in bond forfeiture.

Section 4. **Reclamation by board.** (1) Pursuant to the provisions of [sections 1 through 5], the board may reclaim, restore, or replace any affected natural resources for which a bond has been forfeited.

(2) The board may have reclamation work done by department employees or by employees of other governmental agencies or soil conservation districts or through contracts with qualified persons.

(3) Any funds or any public works programs available to the board be used and expended to reclaim, restore, or replace natural resources that have been damaged or impaired as a result of the construction, operation, or closure of a megalandfill. The board shall cooperate with federal, state, and private agencies to engage in cooperative projects under this section.

(4) Agents, employees, or contractors of the department may enter upon any land for the purpose of conducting studies or exploratory work to determine whether a megalandfill has been reclaimed and rehabilitated in accordance with the requirements of [section 2(6)]. Upon request of the board, the attorney general shall bring an injunctive action to restrain any interference with the exercise of the right to enter and inspect granted in this subsection.

Section 5. **Megalandfill reclamation account.** (1) There is a megalandfill reclamation account in the state special revenue fund provided for in 17-2-102.

(2) All fees, fines, penalties, forfeited bonds, and other money that have been or will be paid to the department under the provisions of [sections 1 through 5] must be deposited in the account.

(3) Money in the account is available to the department for the reclamation, restoration, and replacement of natural resources damaged or impaired by the megalandfill. Unencumbered and unexpended money remaining in the account at the end of a fiscal year may not lapse but must be carried forward for the purposes of this subsection until appropriated by subsequent legislative action.

Section 6. **Codification instruction.** [Sections 1 through 5] are intended to be codified as an integral part of Title 75, chapter 10, and the provisions of Title 75, chapter 10, apply to [sections 1 through 5].

Section 7. **Effective date.** [This act] is effective on passage and approval.

Approved April 22, 1991.

CHAPTER NO. 543

[HB 908]

AN ACT REQUIRING THE BOARD OF NATURAL RESOURCES AND CONSERVATION TO ADOPT RULES REQUIRING THE ACQUISITION, INSTALLATION, AND MAINTENANCE OF WATER MEASURING DEVICES ON CHRONICALLY DEWATERED WATERCOURSES OR PORTIONS OF WATERCOURSES; PROVIDING GUIDELINES FOR THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION TO IDENTIFY CHRONICALLY DEWATERED WATERCOURSES; AUTHORIZING THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION TO CONSIDER WATER DEVELOPMENT PROGRAM GRANT AND LOAN APPLICATIONS FOR THE INSTALLATION OF REQUIRED MEASURING DEVICES; AND AMENDING SECTIONS 85-1-602, 85-1-604, 85-2-102, AND 85-2-113, MCA.

STATEMENT OF INTENT

A statement of intent is required to provide guidance to the board of natural resources and conservation in adopting rules to implement the provisions of [this act]. The legislature understands that many Montana watercourses or portions of watercourses suffer chronic dewatering. The legislature further understands that this dewatering severely impairs important beneficial uses of those watercourses, including but not limited to fisheries and agricultural, industrial, municipal, and recreational uses. It is the intent of the legislature, where reasonable and practical, to identify those watercourses or portions of watercourses where chronic dewatering significantly impairs these beneficial uses. It is also the intent of the legislature to require measuring devices on diversions in chronically dewatered watercourses or portions of watercourses to ensure that appropriators withdraw only the amounts they are entitled to withdraw under valid appropriative rights and water use permits.

(b) require the owner or operator of appropriation facilities to install and maintain suitable controlling and measuring devices, except that the board may not require a meter on a water well outside of a controlled ground water area or proposed controlled ground water area unless the maximum appropriation of the well is in excess of 100 gallons a minute;

(c) require the owner or operator of appropriation facilities to report to the department the readings of measuring devices at reasonable intervals and to file reports on appropriations; and

(b) For the purposes of subsection (4), an appropriation facility includes but is not limited to any method used to divert, impound, or withdraw water from a watercourse. Hydroelectric facilities that are using recognized methods of flow measurement, as determined by the board, are in compliance with subsection (4)."

(e) probable cause of the dewatering;

(f) existence of temporary or final decrees;

(g) history, if any, of conflict among water rights holders on the watercourse;

(h) practicality and reasonableness of installing measuring devices on diversions along the watercourse; and

"**85-1-602. Objectives.** The department shall administer a water development program to accomplish such objectives as rehabilitation of state-owned water projects and works; promotion of private, local government, and state water development; development of water-based recreation and the protection of water resources for the benefit of agriculture, flood control, and other uses; development of offstream and tributary storage; encouragement of projects or programs that improve water use efficiency, including development of new, efficient water systems, ~~and~~ rehabilitation of older, less efficient water systems, *and acquisition and installation of measuring devices required under 85-2-113*; and development of state-tribal, state-federal, and state-tribal-federal water projects. The storage of water for existing and future beneficial uses shall be given the highest priority unless a water development project or activity designed to accomplish another objective is demonstrated to be more beneficial to a greater number of people. The water development program is the key implementation portion of the state water plan and shall be administered to accomplish the objectives of the plan."

Section 5. Section 85-1-604, MCA, is amended to read:

"**85-1-604. Water development state special revenue account created — revenues allocated — limitations on appropriations from account.** (1) There is created a water development state special revenue account within the state special revenue fund established in 17-2-102.

(b) the record and previous history of the youth, including previous contacts with the youth court, law enforcement agencies, youth courts in other jurisdictions, prior periods of probation, and prior commitments to juvenile institutions. However, lack of a prior juvenile history with youth courts will not of itself be grounds for denying the transfer.

(6) Upon order of the youth court transferring the case to the district court, the county attorney shall file the information against the youth without unreasonable delay.

(7) Any offense not enumerated in subsection (1) that arises during the commission of a crime enumerated in subsection (1) may be:

(a) tried in youth court;

(b) transferred to district court with an offense enumerated in subsection (1), upon motion of the county attorney and order of the youth court judge.

(8) If a youth is found guilty in district court of any of the offenses transferred by the youth court and is sentenced to the state prison, his commitment ~~shall~~ *must* be to the department of institutions. ~~which~~ *The department* shall confine the youth in whatever institution it considers proper, including a state youth correctional facility under the procedures of 53-30-212; however, no youth under 16 years of age may be confined in the state prison.

(9) A youth whose case is transferred to district court may not be detained *or otherwise placed* in ~~an~~ *a jail or other* adult detention facility before final disposition of ~~the~~ *his* case unless ~~the youth court judge determines that~~:

(a) ~~the youth~~ *alternative* facilities do not provide adequate security; and

(b) ~~detention in the adult facility is in an area physically, aurally, and visually separate from that of adults~~ *the youth is kept in an area that provides physical, as well as sight and sound, separation from adults accused or convicted of criminal offenses.*"

Section 7. Section 41-5-307, MCA, is amended to read:

before the youth court, then the youth must be held in ~~some~~ *a* place ~~that has been~~ *of detention* approved by the youth court ~~and is completely separated from adult offenders~~. If the peace officer believes that the youth must be sheltered, the peace officer shall notify the probation officer immediately and shall provide a written report of his reasons for placing the youth in shelter care. If the youth is then held, the youth must be ~~sheltered in a place~~ *placed in a shelter care facility* approved by the youth court."

Section 8. Section 41-5-309, MCA, is amended to read:

"**41-5-309. Bail.** A youth placed in ~~a~~ detention or shelter care ~~facility~~ may be released on bail. The court shall use the provisions of Title 46, chapter 9, as guidance. Section 9. Section 41-5-502, MCA, is amended to read:

"**41-5-502. Summons.** (1) After a petition has been filed, summons ~~shall~~ *must* be served directly to:

(3) The court may endorse upon the summons an order directing the person or persons having the physical custody or control of the youth to bring the youth to the hearing.

(4) If it appears to the court that the youth needs to be placed in detention or shelter care, the judge may endorse on the summons an order directing the officer serving the summons to at once take the youth into custody and to take him to the place of detention or shelter care designated by the court, subject to the rights of the youth and parent or person having legal custody of the youth as set forth in the provisions of the Montana Youth Court Act relating to detention and shelter care criteria and postdetention proceedings.

(5) If any youth is *placed* in *detention or* shelter care ~~or detained~~ under any provision of this chapter pending an adjudication, the court~~, upon petition of the youth, his parents or guardian, or his counsel,~~ shall, as soon as practicable, conduct a *probable cause* hearing ~~in order to determine whether the circumstances of the case require such detention or shelter care and the form the detention or shelter care should take. All mentioned parties shall be notified of such petition process at the time of initial detention or shelter care~~ *as provided in 41-5-303.*

(6) The youth court judge may also admit the youth to bail in accordance with Title 46, chapter 9."

(2) The youth, upon advice of an attorney, may waive his right to a hearing.

(3) With regard to this hearing, the youth ~~shall~~ *must* be given:

(5) If the referee finds, by a preponderance of the evidence, that the youth did in fact commit the violation, he shall make a recommendation to the department for the placement of the youth. In making this recommendation, the referee may consider mitigating circumstances. Final approval rests with the department and must be made within 10 days of the referee's recommendation.

(6) The youth may appeal from the decision at the hearing to the district court of the county in which the hearing was held by serving and filing a notice of appeal with the court within 10 days of the department's decision. The district court, upon receipt of a notice of appeal, shall order the department to promptly certify to the court a record of all proceedings before the department and shall proceed to a prompt hearing on the appeal based upon the record on appeal. The decision of the department may not be altered except for abuse of discretion or manifest injustice.

(7) Pending the hearing on a violation and pending the department's decision, a youth may not be detained except when his detention or care is required to protect the person or property of the youth or of others or he may abscond or be removed from the community. The department shall determine the place and manner of detention and is responsible for the cost of the detention. CHAPTER NO. 550

[SB 172]

AN ACT PROVIDING FOR THE LICENSING AND REGULATION OF DIRECT-ENTRY MIDWIVES; CREATING A BOARD OF DIRECT-ENTRY MIDWIFERY; PROVIDING FOR LICENSING, INCLUDING PROVISIONAL LICENSES AND APPRENTICE LICENSES; ESTABLISHING LICENSE EXEMPTION REQUIREMENTS; CREATING A COMMUNICATIONS PRIVILEGE; PROVIDING FOR LICENSING RECIPROCITY; REQUIRING INFORMED CONSENT; ESTABLISHING CLIENT SCREENING PROCEDURES; PROVIDING FOR PHYSICIAN CONSULTATION; REQUIRING THE FILING OF BIRTH CERTIFICATES AND REPORTS; PROVIDING FOR AN ADMINISTRATIVE FINE, A CRIMINAL PENALTY, AND AN INJUNCTION; GRANTING THE BOARD RULEMAKING AUTHORITY; AMENDING SECTIONS 27-1-734 AND 37-3-103, MCA; AND PROVIDING EFFECTIVE DATES.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 6] grants rulemaking authority to the board of direct-entry midwifery to implement the provisions of this bill. In adopting rules, the board is encouraged to review regulations promulgated by the state of New Hampshire and, where appropriate, to adopt comparable rules specifically applicable to direct-entry midwifery in Montana. At a minimum, it is the intent of the legislature that the board adopt rules:

(1) governing the conduct of board business;

(2) establishing license application and examination procedures, criteria for and grading of examinations, examination and license fees, criteria for minimum educational, apprenticeship, and clinical requirements for license eligibility, and continuing education requirements for license renewal;

(3) establishing eligibility criteria for client screening by direct-entry midwives in order to achieve the goal of providing midwifery services to women during low-risk pregnancies;

(4) developing procedures for the issuance, renewal, suspension, revocation, and reciprocity of licenses;

(5) creating disciplinary standards for licensees, establishing investigatory procedures for processing complaints, and adopting ethical standards for licensed direct-entry midwives;

(6) establishing supporting documentation for primary birth attendants;

(7) establishing standardized informed consent and reporting forms; and

(8) establishing criteria that limits an apprenticeship, as provided in [section 6].

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 4 and 6 through 23] may be cited as the "Direct-Entry Midwifery Licensing Act".

Section 2. **Purpose.** The legislature finds and declares that because the practice of direct-entry midwifery affects the lives of the people of this state and because some Montanans may exercise their right to give birth where and with whom they choose, it is the purpose of [sections 1 through 4 and 6 through 23] to provide for the common good by regulating and ensuring the qualified and professional practice of direct-entry midwifery.

Section 3. **Definitions.** As used in [sections 1 through 4 and 6 through 23], the following definitions apply:

(1) "Apprentice" means a person who is working under the supervision of a licensed direct-entry midwife and is seeking licensure as a direct-entry midwife under [sections 1 through 4 and 6 through 23].

(2) "Board" means the board of direct-entry midwifery established in [section 5].

(3) "Continuous care" means care provided for one person from the initial history-taking interview through monthly prenatal, intrapartum, and postpartum periods.

(4) "Department" means the department of commerce provided for in 2-15-1801.

(5) "Direct-entry midwife" means a person who advises, attends, or assists a woman during pregnancy, labor, natural childbirth, or the postpartum period.

(6) "Licensee" means a person authorized by [sections 1 through 4 and 6 through 23] to practice direct-entry midwifery.

(7) "Postpartum period" means the period up to 6 weeks following birth.

(8) "Practice of direct-entry midwifery" means the advising, attending, or assisting of a woman during pregnancy, labor, natural childbirth, or the postpartum period.

Section 4. **Exemptions.** [Sections 1 through 4 and 6 through 23] do not limit or regulate the practice of a licensed physician, certified nurse-midwife, or licensed basic or advanced emergency medical technician. The practice of direct-entry midwifery does not constitute the practice of medicine, certified nurse-midwifery, or emergency medical care to the extent that a direct-entry midwife advises, attends, or assists a woman during pregnancy, labor, natural childbirth, or the postpartum period when the pregnancy is not a high-risk pregnancy.

Section 5. **Board — composition — allocation — quasi-judicial — compensation.** (1) There is a board of direct-entry midwifery.

(2) The board is composed of five members. Members are appointed by the governor to serve staggered 4-year terms. The board consists of:

(a) three members who are direct-entry midwives who filed the affidavit required by 37-75-102. Subsequent appointments may be made only from those direct-entry midwives who are licensed pursuant to [sections 1 through 4 and 6 through 23].

(b) one member who is a physician whose present practice includes obstetrics; and

(c) one member of the general public.

(3) The board is allocated to the department of commerce for administrative purposes only as prescribed in 2-15-121.

(4) The board is designated as a quasi-judicial board for purposes of 2-15-124.

(5) Members of the board are entitled to compensation and travel expenses.

Section 6. **General powers and duties of board — rulemaking authority.** (1) The board shall:

(a) meet at least once annually, and at other times as agreed upon, to elect officers and to perform the duties described in this section; and

(b) administer oaths, take affidavits, summon witnesses, and take testimony as to matters within the scope of the board's duties.

(2) The board shall have the authority to administer and enforce all the powers and duties granted statutorily or adopted administratively.

(3) The board shall adopt rules to administer [sections 1 through 4 and 6 through 23]. The rules must include but are not limited to:

(a) the development of a license application and examination, criteria for and grading of examinations, and establishment of examination and license fees commensurate with actual costs;

(b) the issuance of a provisional license to midwives who filed the affidavit required by 37-75-102;

(c) the establishment of criteria for minimum educational, apprenticeship, and clinical requirements that, at a minimum, meet the standards established in [section 7];

(d) the development of eligibility criteria for client screening by direct-entry midwives in order to achieve the goal of providing midwifery services to women during low-risk pregnancies;

(e) the development of procedures for the issuance, renewal, suspension, revocation, and reciprocity of licenses;

(f) the adoption of disciplinary standards for licensees;

(g) the establishment of investigatory and hearing procedures for processing complaints received by the board;

(h) the establishment of continuing education requirements of at least 14 hours annually for license renewal for direct-entry midwives;

(i) the development of standardized informed consent and reporting forms;

(j) the adoption of ethical standards for licensed direct-entry midwives;

(k) the adoption of supporting documentation requirements for primary birth attendants; and

(l) the establishment of criteria limiting an apprenticeship that, at a minimum, meets the standards established in [section 7].

Section 7. **Qualifications of applicants for license — educational and practical experience requirements.** To be eligible for a license as a direct-entry midwife, an applicant:

(1) must be a high school graduate;

(2) must be of good moral character and be at least 21 years of age;

(3) shall satisfactorily complete educational requirements in pregnancy and natural childbirth, approved by the board, which must include but are not limited to the following:

(a) provision of care during the antepartum, intrapartum, postpartum, and newborn period;

(b) parenting education for prepared childbirth;

(c) observation skills;

(d) aseptic techniques;

(e) management of birth and immediate care of the mother and the newborn;

(f) recognition of early signs of possible abnormalities;

(g) recognition and management of emergency situations;

(h) special requirements for home birth;

(i) intramuscular and subcutaneous injections;

(j) suturing necessary for episiotomy repair;

(k) recognition of communicable diseases affecting the pregnancy, birth, newborn, and postpartum periods;

(l) assessment skills; and

(m) the use and administration of drugs authorized in [section 11];

(4) shall acquire practical experience, which may be attained in a home, clinic, or hospital setting. Practical experience attained in a hospital does not constitute training or supervision by the hospital, nor may a hospital be required to provide such practical experience. At a minimum, this experience must include the following types and numbers of experiences acquired through an apprenticeship or other supervisory setting:

(a) provision of 100 prenatal examinations;

(b) observation of 40 births; and

(c) participation as the primary birth attendant at 25 births, 15 of which included continuous care, as evidenced by signing the birth certificate as the primary birth attendant.

(5) shall file documentation with the board that the applicant has been certified by the American heart association or American red cross to perform adult and infant cardiopulmonary resuscitation. Certification

must be current at the time of application and remain valid throughout the license period.

Section 8. **Examination — exemption.** (1) Except as provided in subsection (4), an applicant for a license as a direct-entry midwife shall pass a qualifying, written examination, prescribed by the board, that is designed to test knowledge of theory regarding pregnancy and childbirth and to test clinical judgment in midwifery management. If considered necessary, an oral interview may be conducted in addition to the written examination to determine the fitness of the applicant to practice as a direct-entry midwife.

(2) Before an applicant may take the examination, the applicant shall demonstrate to the board that the educational and practical experience requirements in [section 7(2) and (3)] have been met.

(3) An applicant is exempt from the educational and practical experience requirements of [section 7(2) and (3)] if the applicant has:

(a) satisfactorily completed the first examination given by the board following [the effective date of sections 1 through 4 and 7 through 25]; and

(b) filed supporting documentation, as required by the board by rule, certifying that the applicant has served as the primary birth attendant, providing continuous care at no less than 75 births within the 7 years prior to [the effective date of sections 1 through 4 and 7 through 25] as verified by birth certificates from Montana or another state, a signed affidavit from the birthing mother, or documented records from the midwife.

(4) Upon payment of the license fee established by the board, a nurse-midwife certified pursuant to 37-8-409 is exempt from the requirements of [section 7 and this section] and may be licensed as a direct-entry midwife.

Section 9. **Provisional license — apprentice license.** (1) Upon payment of a $200 fee to the department, the board may grant a provisional direct-entry midwife license only to a person who filed an affidavit required by 37-75-102.

(2) The provisional license is valid until the issuance of grades for the first examination administered pursuant to [section 10].

(3) Upon payment of a $200 fee to the department, the board may grant an apprentice direct-entry midwife license to a person who is working under the personal supervision of a licensed direct-entry midwife, a certified nurse-midwife, or a physician licensed under Title 37, chapter 3, and who is seeking licensure as a direct-entry midwife under [sections 1 through 4 and 6 through 23].

(4) An apprentice direct-entry midwife license is valid for 1 year and must be renewed annually, with a limit of four renewals.

Section 10. **Examination — preparation — requirements.** (1) An examination for a license to practice direct-entry midwifery must be prepared by a certified nurse-midwife designated by the board in consultation with the physician on the board.

(2) Examinations must be conducted once each year, be fair and impartial, and be sufficiently comprehensive to adequately test the applicant's competence and ability.

(3) A person must attain a grade of at least 70% to pass the examination.

(4) A person who fails to achieve a passing grade on the examination may not engage in the practice of midwifery.

Section 11. **Administration of prescription drugs prohibited — exceptions.** A licensed direct-entry midwife may not dispense or administer prescription drugs other than newborn vitamin K (oral or intramuscular preparations) pitocin (intramuscular) postpartum, xylocaine (subcutaneous), and, in accordance with Rule 16.24.215, Administrative Rules of Montana, prophylactic eye agents to newborn infants. These drugs may be administered only if prescribed by a physician.

Section 12. **Operative and surgical procedures prohibited — exception.** A licensed direct-entry midwife may not perform any operative or surgical procedures except for an episiotomy and simple surgical repair of an episiotomy or simple second-degree lacerations.

Section 13. **Fees.** (1) An applicant for a direct-entry midwife license shall, upon submitting an application to the board, pay an application fee set by the board, commensurate with costs.

(2) An applicant required to take an examination shall, before commencement of the examination, pay an examination fee set by the board, commensurate with costs.

(3) Before a license may be issued or renewed, an applicant shall pay a fee set by the board, commensurate with costs.

(4) Subject to 37-1-101(6), money paid for application, examination, license, and license renewal fees must be deposited in the state special revenue fund for use by the board.

Section 14. **Denial, suspension, revocation, or refusal to renew license — grounds.** (1) The board, after notice and hearing, may reprimand a licensee or deny, suspend, revoke, or refuse to renew the license of a licensee who:

(a) is using alcohol or other drugs to the point that job performance is impaired;

(b) is guilty of immoral or unprofessional conduct as defined by board rule;

(c) is guilty of gross negligence in practicing direct-entry midwifery;

(d) has obtained or attempted to obtain licensure by fraud or material misrepresentation;

(e) is guilty of conduct detrimental to the best interests of the public; or

(f) has violated any provision of [sections 1 through 4 and 6 through 23] or a rule adopted by the board.

(2) The board may impose an administrative fine of not more than $500 per incident for any violation that could result in the suspension or revocation of a direct-entry midwife license. A fine collected under this subsection must be deposited in the state general fund.

Section 15. **Unlawful to practice without license.** It is unlawful for a person to practice direct-entry midwifery in this state without first obtaining a license under [sections 1 through 4 and 6 through 23].

Section 16. **Reciprocity.** Upon payment of the license fee provided for in [section 13], the board may grant a license to a person who, at the time of application, is licensed or certified as a midwife in another state if the board determines that the licensing requirements of that state are equal to or exceed the requirements of [sections 1 through 4 and 6 through 23] and if the other state extends similar privileges to direct-entry midwives licensed under [sections 1 through 4 and 6 through 23].

Section 17. **Privileged communications — exceptions.** A licensee may not disclose any information acquired from clients during consultation in a professional capacity except:

(1) with the written consent of the client or, in the case of the client's death or mental incapacity, with the written consent of the client's personal representative or guardian;

(2) that the licensee need not treat as confidential a communication otherwise confidential that reveals the contemplation of a crime by the client or any other person or that in the licensee's professional opinion reveals a threat of imminent harm to the client or others;

(3) that if the client is a minor and information acquired by the licensee indicates that the client was the victim of a crime, the licensee may be required to testify fully in relation to the information in any investigation, trial, or other legal proceeding in which the commission of the crime is the subject of inquiry;

(4) that if the client or the client's personal representative or guardian brings an action against a licensee for a claim arising out of the client's interaction with the direct-entry midwife, the client is considered to have waived any privilege;

(5) to the extent that the privilege is otherwise waived by the client;

(6) when the client is seeking emergency medical treatment and the client's history is requested by the attending medical professional; and

(7) as may otherwise be required by law.

Section 18. **Informed consent.** (1) Prior to accepting a woman for care, a licensed direct-entry midwife shall first obtain written, informed consent from the woman.

(2) Informed consent must be evidenced by a written statement, in a form prescribed by the board and signed by the direct-entry midwife and the woman to whom care is to be given, in which the direct-entry midwife certifies that full disclosure has been made and acknowledged by the woman on the following:

(a) the direct-entry midwife's educational background;

(b) the nature and scope of the care to be given, including the possibility of and procedure for transport of the patient to a hospital;

(c) the available alternatives to direct-entry midwifery care;

(d) a description of the risks of home birth, primarily those conditions that may arise during delivery;

(e) the fact that the patient has been advised to consult with a physician at least twice during the pregnancy;

(f) whether the midwifery services provided are located more than 50 miles from the nearest hospital; and

(g) that a health care provider's liability in rendering care or assistance in good faith to a patient of a direct-entry midwife in an emergency situation is limited to damages caused by gross negligence or by willful or wanton acts or omissions.

Section 19. **Reports — failure to report.** (1) A licensed direct-entry midwife shall submit semiannually to the board, on forms supplied by the board, a summary report on each patient given care. The report must include vital statistics on each patient and information on the procedures and scope of care administered, including any transport of the patient to a hospital and physician referrals, but may not include information disclosing the identity of the patient.

(2) A licensed direct-entry midwife shall report within 72 hours to the board and to the department of health and environmental sciences any maternal, fetal, or neonatal mortality or morbidity in patients for whom care has been given.

(3) Failure of a direct-entry midwife to submit required reports constitutes grounds to deny renewal of a license.

Section 20. **Screening procedures.** In addition to meeting the eligibility criteria for client screening established by the board pursuant to [section 6], a direct-entry midwife shall recommend that patients secure the following services by an appropriate health care provider:

(1) the standard serological test as defined in 50-19-101(2) for women seeking prenatal care;

(2) screening for hepatitis B and, when appropriate, human immunodeficiency virus;

(3) maternal serum alpha-fetoprotein test and ultrasound, upon request;

(4) Rh antibody and glucose screening at 28 weeks' gestation, upon request;

(5) nonstress testing by a fetal monitor of a fetus at greater than 42 ½ weeks' gestation or if other reasons indicate the testing;

(6) screening for phenylketonuria;

(7) Rh screening of the infant for RhoGAM treatment if the mother is Rh negative; and

(8) screening for premature labor and other risk factors.

Section 21. **Physician consultation advised.** A licensed direct-entry midwife shall advise all women accepted for midwifery care to consult with a physician or certified nurse-midwife at least twice during the pregnancy.

Section 22. **Filing of birth certificate.** (1) When a birth occurs with a licensed direct-entry midwife in attendance, the direct-entry midwife shall prepare and file a birth certificate, as required by 50-15-201, with the department of health and environmental sciences within 30 days of the birth of the newborn.

(2) Failure of a direct-entry midwife to prepare and file the birth certificate constitutes grounds for the suspension or revocation of a license granted under [sections 1 through 4 and 6 through 23].

Section 23. **Violation — penalties — injunction — manner of charging violation.** (1) A person who violates any provision of [sections 1 through 4 and 6 through 23] or any rule adopted pursuant to [sections 1 through 4 and 6 through 23] is guilty of a misdemeanor and is punishable by a fine not to exceed $500, by imprisonment in the county jail for a term of not more than 6 months, or both.

(2) Notwithstanding any other provisions of [sections 1 through 4 and 6 through 23], the board may maintain an action to enjoin a person from engaging in the practice of direct-entry midwifery until a license to practice direct-entry midwifery is obtained. A person who has been enjoined and who violates the injunction is punishable for contempt of court. The injunction does not relieve the person practicing direct-entry midwifery without a license from criminal prosecution. The remedy by injunction is in addition to remedies provided for criminal prosecution of the offender. In charging a person in a complaint for injunction or in an affidavit, information, or indictment with a violation of law by practicing direct-entry midwifery without a license, it is sufficient to charge that the person did, on a certain day and in a certain county, engage in the practice of direct-entry midwifery

while not having a license to do so, without averring further or more particular facts concerning the violation.

Section 24. Section 27-1-734, MCA, is amended to read:

"**27-1-734. Limits on liability of health care provider in emergency situations.** ~~(1)~~ A physician licensed under Title 37, chapter 3, a nurse licensed under Title 37, chapter 8, or a hospital licensed under Title 50, chapter 5, rendering care or assistance in good faith to a patient of a direct-entry midwife in an emergency situation is liable for civil damages for acts or omissions committed in providing such emergency obstetrical care or assistance only to the extent that those damages are caused by gross negligence or by willful or wanton acts or omissions.

~~(2) The limitations on liability provided in subsection (1) do not apply in the following cases:~~

~~(b) Before rendering emergency obstetrical services, the physician, nurse, or hospital had a contractual obligation or agreement with the patient, another health care provider, or a third-party payer to provide obstetrical care for the patient.~~"

(l) the rendering of services by a physical therapist, technician, or other paramedical specialist under the appropriate amount and type of supervision of a person licensed under the laws of this state to practice medicine, but this exemption does not extend the scope of a paramedical specialist;

(m) the rendering of services by a physician assistant-certified in accordance with Title 37, chapter 20;

(n) the practice by persons licensed under the laws of this state to practice a limited field of the healing arts, and not specifically designated, under the conditions and limitations defined by law;

CHAPTER NO. 551

[HB 6]

AN ACT TO APPROPRIATE MONEY TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION FOR LOANS AND GRANTS UNDER THE WATER DEVELOPMENT PROGRAM AND THE RENEWABLE RESOURCE DEVELOPMENT PROGRAM; TO AUTHORIZE LOANS FROM WATER DEVELOPMENT BOND PROCEEDS, RENEWABLE RESOURCE DEVELOPMENT BOND PROCEEDS, AND APPROPRIATE FUNDS FOR DEBT SERVICE; TO REAUTHORIZE GRANTS AND LOANS APPROVED BY THE 51ST LEGISLATURE; TO REALLOCATE CERTAIN RESOURCE INDEMNITY TRUST ACCOUNT INTEREST INCOME FOR WATER DEVELOPMENT PROGRAM GRANTS DURING THE BIENNIUM ENDING JUNE 30, 1993; TO PLACE CERTAIN CONDITIONS UPON GRANTS AND LOANS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Appropriations from the water development state special revenue account.** (1) Because the legislature cannot appropriate individual grants to private entities, there is appropriated to the department of natural resources and conservation $72,208 from the water development state special revenue account during the 1992-93 biennium for grants to private persons for water development projects and activities pursuant to the provisions of Title 85, chapter 1, part 6. This appropriation is from money available in the water development state special revenue account for grants for water development projects and activities under 85-1-604(3)(c) and according to priorities established in subsections (3) and (4) of this section.

(2) There are appropriated to the department the interest earnings from the proceeds of water development bonds and renewable resource development bonds issued to finance loans authorized by [sections 1 through 12]. Interest earnings must be deposited in the water development debt service fund and the renewable resource development account, respectively.

(3) There are appropriated to the department all other funds not appropriated under subsection (1) and available for grants to political subdivisions and local government entities from the water development state special revenue account during the 1992-93 biennium. This appropriation is from money available in the water development state special revenue account and renewable resource development account for grants and from the water development or renewable resource accounts for loans for water development projects and activities under 85-1-604(3)(c) and [sections 1 through 12]. The funds appropriated in this section must be awarded by the department to the named entities for the described purposes and in the described grant amounts set out in subsection (4), subject to the conditions set forth in [sections 1 through 12] and the contingencies described in the renewable resource and water development program's January 1991 report. The legislature, pursuant to 85-1-605, approves the grants listed in subsection (4), with grants to be made in the order indicated in the prioritized list of projects and activities. Funds must be awarded up to the amounts approved in this section in order of priority until available funds are expended. Funds not accepted or used by higher ranked projects and activities must be provided for projects and activities further down the priority list that would not otherwise receive funding. If the total expenditure of funds appropriated under this section results in a cutoff that ends at a point at which more than one project or activity is ranked equal in priority, the decision regarding which project or projects will receive funding must be made by the department. Any projects that are funded by the reclamation and development grants program may not be funded under [sections 1 through 12]. Actual rank and score of the various projects and activities are contained within the renewable resource and water development program's project evaluations and recommendations report for the 1992-93 biennium.

(4) To the entities listed in this section, this appropriation constitutes a valid obligation of these funds for purposes of encumbering the funds within the 1993 biennium pursuant to 17-7-302.

Section 3. **Opportunity to receive loans for projects that do not receive grants.** Sponsors of recommended projects and activities on the prioritized lists in [sections 1 and 2] that are not recipients of available grant funds must be offered the opportunity to receive loan funds for up to the total recommended project amount, subject to the conditions described in [sections 1 through 12]. The interest rate applicable to these loans must be the rate paid on bonds issued pursuant to [sections 1 through 12].

Section 4. **Approval of loans from bond proceeds and completion of appropriation.** (1) The legislature, pursuant to 85-1-605, 85-1-606, and 90-2-107, hereby approves loans to private sponsors approved by the department of natural resources and conservation during the 1992-93 biennium and the loans for projects and activities identified and described in [section 1] to public entities from water development bond proceeds, interest earnings on such proceeds deposited in the water development debt service fund, and loans from renewable resource development bond proceeds deposited in the renewable resource development account. Bond proceeds may be used for the payment of bond issuance costs. Funds are appropriated for these costs to a maximum of 4% of the amount of each bond sale.

(2) The approval of specific loans completes an appropriation of the coal severance tax proceeds allocated by 15-35-108 to the water development bond account for the purpose of paying, in the manner established by 85-1-619, principal of and interest and redemption premiums on any water development bonds issued to provide the proceeds for the loans to private

and public entities for projects and activities approved in [section 1], and it also completes an appropriation to the renewable resource debt service fund for the purpose of paying, in the manner established by 90-2-123, principal of and interest and redemption premiums on any renewable resource development bonds issued to provide the proceeds for the loans to political subdivisions and local government entities for projects and activities approved in [sections 1 and 2].

Section 5. **Reauthorization of loans and grants approved.** (1) The 51st legislature, in House Bill No. 775, Laws of 1989, approved loans and grants from the water development and renewable resource development bond accounts for the Cascade County RID No. 26, Sun Prairie, in the amount of $200,000; Carbon County/Roberts Water System Improvements in the amount of $142,500; City of Shelby in the amount of $100,000; Sage Creek County Water District in the amount of $158,600; Town of Cascade in the amount of $200,000; City of Belgrade in the amount of $200,000; Town of Hysham in the amount of $200,000; and East Glacier Water and Sewer District in the amount of $116,380. Loans and grants for the entities described in this section are hereby reauthorized.

(2) The 50th legislature, in House Bill No. 7, Laws of 1987, approved a grant from the renewable resource development account to Eastern Sanders Conservation District for $86,300 for recharge enhancement of the Little Bitterroot Aquifer. Among the contingencies contained in the grant authorization was a requirement that a commitment be obtained from the U.S. Bureau of Reclamation for federal matching funds. It has since been determined that the federal matching funds will not be forthcoming. The grant for the above described entity is hereby authorized for $86,300, with the contingency for federal matching funding from the U.S. Bureau of Reclamation deleted. Additional sampling of surface water and ground water for herbicides and pesticides must be conducted.

Section 6. **Reallocation of resource indemnity trust account interest income.** Except for special departmental appropriation and notwithstanding any provisions of 85-1-604 to the contrary, all remaining interest income allocated to the water development state special revenue account from the resource indemnity trust fund by 15-38-202(2) during the 1992-93 biennium may be used only for the purposes set out in 85-1-604(3)(c).

Section 7. **Emergency grants.** There is appropriated to the department of natural resources and conservation up to $125,000 from the water development state special revenue account to be used for emergency projects. If these funds are not needed for emergencies, they may be used for grants approved in [section 1].

Section 8. **Conditions of loans and grants.** Disbursement of funds under [sections 1 through 12] for both loans and grants is subject to the following conditions that must be met by project sponsors:

(1) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(2) documented commitment of other funds required for project completion;

(3) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource and water development program's project evaluations and recommendations report for the 1992-93 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved loan authority;

(4) execution of a loan or grant agreement with the department; and

(5) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the loan or grant as evidenced from the application to the department or from the proposal to the legislature.

Section 9. **Conditions for grants.** Notwithstanding the conditions described in [section 1], grant funds are disbursed in the order of priority listed in [section 1] as coal tax and resource indemnity trust account interest income revenues are received. No project approved by [sections 1 through 12] is entitled to receive grant funds not collected and allocated to the water development state special revenue account or the renewable resource development account.

Section 10. **Conditions for loans.** Each sponsor authorized for a loan from water development bond proceeds or renewable resource development bond proceeds may be required to pay to the department of natural resources and conservation a pro rata share of the bond issuance costs and the administrative costs incurred by the department to complete the loan transaction.

Section 11. **Private and discount purchase of loans.** Loans to political subdivisions and local government entities and bonds, warrants, and notes issued in evidence thereof may be made and purchased by and sold to the department of natural resources and conservation at a discount and at private negotiated sale, notwithstanding the provisions of any other law applicable to such political subdivisions or local government entities.

Section 12. **Appropriations established.** For any entity of state government that receives a grant or loan under [sections 1 through 12], an appropriation is established for the amount of the grant or loan upon award of the grant or loan by the department of natural resources and conservation. Grants to state entities from prior bienniums are reauthorized for completion of contract work.

Section 13. **Funds available.** It is the intent of the legislature that the water development grant program be a minimum of $1 million and the renewable resources grant program be a minimum of $1 million for the 1993 legislative session.

Section 14. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 15. **Effective date.** [This act] is effective on passage and approval.

Approved April 23, 1991.

[HB 8]

AN ACT APPROPRIATING MONEY TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION FOR GRANTS FOR DESIGNATED PROJECTS UNDER THE RECLAMATION AND DEVELOPMENT GRANTS PROGRAM; PRIORITIZING GRANTS AND AMOUNTS; REAUTHORIZING CERTAIN PREVIOUS GRANTS; AND ESTABLISHING CONDITIONS FOR GRANTS.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Appropriations for reclamation and development grants.** (1) There is appropriated to the department of natural resources and conservation from the reclamation and development grants special revenue account all funds allocated for appropriation from the interest income of the resource indemnity trust fund set forth in Title 15, chapter 38, with the exception of those allocations made in 15-38-202 and 75-1-1101.

Supplemental Funding for Soil and Water Nonpoint Source Pollution Control and Management	62,500

(3) To the entities listed in this section, this appropriation constitutes a valid obligation of these funds for purposes of encumbering the funds within the 1993 biennium pursuant to 17-7-302.

Section 3. **Coordination of fund sources for grants program projects.** A sponsor of a grants program project who has applied for a grant for that project under both the reclamation and development grants program and either the water development program or the renewable resource development program may not receive duplicative funding.

Section 4. **Conditions of grants.** Disbursement of grant funds under [sections 1 through 6] is subject to the following conditions that must be met by the project sponsor:

(1) A scope of work and budget for the project must be approved by the department of natural resources and conservation. Reduction in a scope of work or budget may not affect priority activities or improvements.

(2) Other funds required for project completion must have been committed, and the commitment must be documented.

(3) The project sponsor shall show satisfactory completion of conditions described in the recommendations section of the project narrative of the reclamation and development grants program report for the 1992-93 biennium.

(4) An agreement between the department and the grant applicant must be executed in a timely manner, taking into consideration any changed conditions or circumstances that govern the administration and disbursement of funds.

(5) The recipient of the water, air, soils testing, and evaluation center (WASTEC) grant shall consider the pilot plant treatment of contaminated water from the Berkeley pit project and the detoxification of acid mine drainage from the Berkeley pit waters project that were submitted for consideration as reclamation and development grants projects during the 52nd legislature.

(6) Any other specific requirements considered necessary by the department must be met to accomplish the purpose of the grant as evidenced from the application to the department or as defined by the legislature.

Section 5. **Appropriations established.** For any entity of state government that receives a grant under [sections 1 through 6], an appropriation is established for the amount of the grant upon award of the grant by the department of natural resources and conservation. Grants to state entities from prior bienniums are reauthorized for completion of contract work.

Section 6. **Reauthorization of grants.** The 50th legislature, in House Bill No. 6, Laws of 1987, approved a grant from the reclamation and development grant account to the department of state lands for $107,000 for Upper Blackfoot streambank reclamation. The 51st legislature determined that additional funds were required for this project and, in House Bill No. 776, Laws of 1989, approved a grant from the reclamation and development grant account to the Lewis and Clark County conservation district for $300,000 for Blackfoot River abandoned mines. The engineering work for these projects has been completed, and the reclamation is to begin during the summer of 1991. Because it has since been determined that there may be legal constraints on the use of this money by the department of state lands due to the existence of a potential responsible party, the two grants for $407,000 for the above-described projects are hereby transferred to the department of health and environmental sciences. The department shall initiate cleanup, as authorized in the approved projects, under its existing legal authority and seek cost recovery from the responsible party.

Section 7. **Reversion of funds.** All funds allocated to the reclamation and development grants special revenue account under [sections 1 through 6] that are unspent and unencumbered on June 30, 1993, revert to that account.

Section 8. **Funds available.** It is the intent of the legislature that the funds available for the reclamation and development grants program for the 1993 legislative session be a minimum of $3 million.

Section 9. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Approved April 23, 1991.

CHAPTER NO. 553

[HB 10]

AN ACT APPROPRIATING OIL OVERCHARGE MONEY FOR PROGRAMS ADMINISTERED BY THE STATE OF MONTANA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Policy.** As a result of overcharges on sales of domestic crude oil, the federal courts have ordered or approved settlements requiring the repayment of the total amount of overcharges, plus interest, into escrow accounts to be distributed by the U. S. treasury to the states, territories, and possessions of the United States. It is the policy of this state to use the oil overcharge money distributed to the state to supplement state and federal programs that the state administers and to use the money in a manner consistent with federal court orders establishing or approving the payment of the funds to the state of Montana.

Section 2. **Definitions.** As used in [this act], the following definitions apply:

(1) "Cities service payments" means the oil overcharge payments and any interest accrued on the payments made to the U.S. treasury for distribution to the state of Montana pursuant to the consent agreement between cities service oil and gas and the U. S. department of energy as affirmed by the federal energy regulatory commission.

(2) "Exxon payments" means the oil overcharge payments made by the exxon corporation to the U. S. treasury for distribution to the state of Montana pursuant to the order of the U. S. district court for the District of Columbia in Civil Action No. 78-1035.

(3) "Getty oil payments" means the oil overcharge payments made to the U. S. treasury for distribution to the state of Montana pursuant to the order of disbursement issued in Civil Action No. 77-347 (MMS) in the U. S. district court for the district of Delaware and any interest accrued on the payments.

(4) (a) "Stripper well payments" means the oil overcharge payments made to the U. S. treasury for distribution to the state of Montana as the result of the final settlement agreement in the U. S. district court for the district of Kansas, Cause No. M.D.L. 378, and any interest accrued on the payments. The term also includes but is not limited to cities service payments, as defined in subsection (1), getty oil payments, as defined in subsection (3), texaco payments, as defined in subsection (5), and any unspent project funds, as defined in subsection (6).

(b) The term does not include stripper well payments that have been expended or legally obligated or that have been incorporated into any of the existing federal energy programs as the result of prior appropriations by the legislature.

(5) "Texaco payments" means the oil overcharge payments made to the U. S. treasury for distribution to the state of Montana pursuant to the texaco final consent order, 53 Fed. Reg. 32929, August 29, 1988, and any interest accrued on the payments.

(6) "Unspent project funds" means stripper well payments that were not expended or otherwise legally obligated during the 1991 biennium but

that were appropriated for the 1991 biennium in Chapter 597, Laws of 1989, in:

(a) section 4;

(b) section 6(1);

(c) section 7;

(d) section 8(1); and

(e) section 9(1).

Section 3. **Deposit of oil overcharge revenue.** All funds from stripper well and exxon payments must be deposited by the state treasurer in the federal special revenue fund. All interest earned on these funds or payments must also be deposited in the federal special revenue fund.

Section 4. **Low-income home weatherization — appropriation.** There is appropriated $600,000 from the exxon payments contained in the federal special revenue fund and $550,000 from the stripper well payments contained in the federal special revenue fund to the department of social and rehabilitation services for use in the home weatherization program created in 90-4-201.

Section 5. **Matching funds for low-income energy assistance — appropriation.** (1) There is appropriated $100,000 from the stripper well payments contained in the federal special revenue fund to the department of social and rehabilitation services for the purpose described in subsection (2).

(2) The department of social and rehabilitation services shall match private contributions to energy share, inc., to be used to assist persons not eligible for federal low-income energy assistance whose income is less than 150% of the federal poverty threshold published by the U. S. bureau of the census in the most recent edition of its publication, Poverty in the United States. All of the funds appropriated under subsection (1) must be used for clients' fuel bills or other energy needs.

Section 6. **Biological agents for weed control — findings — appropriation.** There is appropriated $200,000 from the stripper well payments contained in the federal special revenue fund to the department of agriculture to continue the collection and distribution of biological agents to control leafy spurge and spotted knapweed. The project will reduce energy consumption by reducing the need for repeated chemical applications and will build upon the accomplishments derived from the funding provided in section 8, House Bill 621, Laws of 1987, and in section 7, Chapter 597, Laws of 1989.

Section 7. **Safflower oil as diesel fuel substitute or extender — appropriation.** There is appropriated $200,000 from the stripper well payments contained in the federal special revenue fund to the department of natural resources and conservation for the demonstration of vegetable oil fuel substitutes or extenders designed to reduce petroleum consumption and result in a new potential cash crop for Montana farmers. Stripper well funds must be matched at least dollar for dollar with private or federal revenue, or both. The appropriation must be used to:

(1) contract with Montana farmers to grow high oleic safflower strains such as montola 2000, which was developed by the Montana state university agricultural experiment station through previous research funded by the department of natural resources and conservation;

(2) field-test lube oil additive mixes to minimize polymerization in diesel engines that use vegetable oil fuel;

(3) evaluate engine testing results from safflower fuel oil use; and

(4) perform preliminary market development for montola 2000 or other high oleic strains.

Section 8. **Technical assistance to local governments — appropriation.** There is appropriated $235,000 from the stripper well payments contained in the federal special revenue fund to the department of natural resources and conservation to award a grant to a public or private entity to provide technical assistance to local government entities for the purpose of developing a program for retrofitting local government buildings with energy conservation measures, similar to the state building energy conservation program established by Title 90, chapter 4, part 6, for state buildings. Priority must be given to developing a self-sustaining local government building energy conservation program. The program may be based upon mechanisms that include but are not limited to leveraging private and public funds, selling the energy savings to utilities, pooling groups of local government facilities into larger retrofit packages for financing or sale to utilities, and working with the department to pool state and local government retrofit packages for sale to utilities. The department shall submit to the 53rd legislature a report that is based upon the work completed by the local government entity and that includes options and recommendations for a self-sustaining local government building conservation program and the legislation necessary to implement the program. The department shall allow grant funds not used by the local government entity to develop the local government retrofit program to be used to support general technical assistance to local jurisdictions and award matching grants for specific energy conservation demonstration projects that offer opportunities for long-term energy savings. The grant must be approved pursuant to 10 CFR 465.8.

Section 9. **Agricultural energy conservation program — appropriation.** There is appropriated $100,000 from the stripper well payments contained in the federal special revenue fund to the department of natural resources and conservation for use by the conservation districts in funding local energy efficiency or renewable energy projects, such as solar livestock watering systems, stock water tank insulation and solar heating, and farming techniques to more efficiently use irrigation water, pesticides, and fertilizers.

Section 10. **Low-income leaking underground home heating oil tank replacement assistance program — appropriation.** (1) There is appropriated $200,000 from the stripper well payment contained in the federal special revenue fund to the department of health and environmental sciences for the purpose described in subsection (2).

(2) The department of health and environmental sciences shall remove and replace home heating oil tanks and lines that are losing fuel to the ground or that were over 30 years old in 1986 as reported pursuant to Rule 16.45.901, Administrative Rules of Montana, and that serve residences occupied by low-income home energy assistance recipients. The department of health and environmental sciences shall supply the most economical and environmentally safe alternative to replace the systems it removes and shall consider fuel-switching options in choosing among replacement alternatives.

(3) The department of health and environmental sciences shall consult with the department of natural resources and conservation when it evaluates the economics of various replacement alternatives. The department of health and environmental sciences shall, whenever possible, supplement the funding provided in this section by using heating conversion or furnace repair or replacement funds provided through the federal low-income home energy assistance or weatherization assistance programs.

(4) The funds appropriated in this section may not be spent to clean soil or water contaminated by fuel lost from leaking home heating oil tanks or lines.

Section 11. **Institutional conservation program — appropriation.** There is appropriated $650,000 from the stripper well payments contained in the federal special revenue fund to the department of natural resources and conservation for use in the institutional conservation program for schools and hospitals administered by the department pursuant to 10 CFR 455.

Section 12. **Conditions applied to appropriations.** The appropriations made in [sections 4 through 11] are biennial appropriations subject to the following conditions:

(1) One-half of the total amount appropriated to each program in [sections 4 through 11] is appropriated in fiscal year 1992 and one-half is appropriated in fiscal year 1993. As biennial appropriations, the unexpended funds appropriated in fiscal year 1992 may be carried forward within each program to the second year of the 1993 biennium.

(2) The exxon payments appropriated in [section 4] are to be authorized in fiscal year 1992 and in fiscal year 1993 to the extent they are available before any stripper well payments appropriated in [section 4] are authorized.

Section 13. **Appropriations prioritized.** The appropriations in [sections 4 through 11] are approved in order of priority as they appear in [sections 4 through 11], with the appropriation in [section 4] having the highest priority and the appropriation in [section 11] having the lowest priority. If the U.S. department of energy does not approve one or more of the programs that are funded by [sections 4 through 11], any stripper well payments that are not used to fund higher priority programs must be provided to lower ranked programs up to the amounts appropriated in [sections 4 through 11]. If stripper well payments are insufficient to fully fund the appropriations made in [sections 4 through 11], the lowest ranking program must have its appropriation reduced until the deficiency is eliminated. If the deficiency is in excess of the appropriation to the lowest ranking program, the next lowest ranking program must have its appropriation reduced until the deficiency is eliminated, and so forth as the programs are prioritized. These priorities must be applied to one-half of the total amount appropriated in [sections 4 through 11] for fiscal year 1992 and to the remaining appropriation for fiscal year 1993. In order to provide continuity for the programs when establishing the appropriations for each fiscal year of the 1993 biennium, anticipated stripper well payments that will be received under terms of the agreements during the biennium may be considered as available to fund the activities. If House Bill No. 777 is passed and approved, the stripper well payments appropriated in House Bill No. 777 have a higher priority than any appropriation of stripper well payments in [sections 4 through 11]. The expenditures authorized by [sections 4 through 11] may not exceed the amount of the stripper well and exxon payments available in the biennium.

Section 14. **Effective date.** [This act] is effective July 1, 1991.

Approved April 23, 1991.

CHAPTER NO. 554

[HB 272]

AN ACT CREATING THE MONTANA COMMUNITY CORRECTIONS ACT; AUTHORIZING LOCAL GOVERNMENTS, TRIBAL GOVERNMENTS, AND PRIVATE AGENCIES TO ESTABLISH AND OPERATE COMMUNITY CORRECTIONS FACILITIES AND PROGRAMS; PROVIDING FOR CREATION OF COMMUNITY CORRECTIONS BOARDS; ALLOWING SENTENCING COURTS TO SENTENCE NONVIOLENT FELONY OFFENDERS TO A COMMUNITY CORRECTIONS FACILITY OR PROGRAM; GRANTING THE DEPARTMENT OF INSTITUTIONS AUTHORITY TO ADOPT RULES GOVERNING OPERATION OF COMMUNITY CORRECTIONS FACILITIES AND PROGRAMS; ESTABLISHING PENALTIES FOR OFFENDERS WHO ESCAPE FROM COMMUNITY CORRECTIONS FACILITIES; AUTHORIZING PLACEMENT OF OFFENDERS IN A COMMUNITY CORRECTIONS FACILITY OR PROGRAM AS A CONDITION OF THE DEFERRED IMPOSITION OR SUSPENDED EXECUTION OF SENTENCES;

AMENDING SECTIONS 45-7-306 AND 46-18-201, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Article II, section 28, of the Montana Constitution requires that laws for the punishment of crime must be founded on the principles of prevention and reformation; and

WHEREAS, it is the state's policy that persons convicted of crime should be treated in accordance with their individual characteristics, circumstances, needs, and potentialities; and

WHEREAS, the existing state corrections system offers few alternatives to imprisonment for offenders who have been convicted of a nonviolent felony offense; and

WHEREAS, community corrections programs provide an alternative to imprisonment that is of value both to society and to the individual because such programs provide offenders opportunities to overcome alcohol and drug problems, to obtain employment or become involved in an educational or vocational program, to learn life skills, or to be engaged in other activities that will reduce the recidivism of offenders and enable them to be productive members of society; and

WHEREAS, community corrections programs are desirable because such programs cost substantially less compared to the costs of imprisonment in the Montana State Prison.

THEREFORE, the Legislature of the State of Montana finds it appropriate to enact legislation to establish community corrections facilities and programs for the placement and treatment of nonviolent felony offenders.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 10] grants the department of institutions authority to adopt rules necessary to carry out the provisions of [sections 1 through 15].

It is the intent of the legislature that the department adopt regulations and standards for the operation of community corrections facilities and programs. In adopting rules, the department shall comply with the requirements established under [section 10]. In addition, the department should consider the goals of [sections 1 through 15], which are:

(1) to reduce reliance upon the Montana state prison for detention of low-risk, nonviolent felony offenders;

(2) to increase services to offenders to help them become productive members of society;

(3) to require offenders to pay restitution to crime victims;

(4) to impose upon offenders responsibility for payment of a portion of the costs of their room and board at community corrections facilities or programs;

(5) to decentralize authority for corrections programs from state government to local or tribal governments;

(6) to stimulate local or tribal participation in the establishment of community corrections facilities and programs;

(7) to reduce the long-term costs of state corrections; and

(8) to reduce court commitments to the state prison, thereby reducing the long-term capital construction costs for the Montana state prison and other corrections facilities.

To ensure the success of the community corrections program, the department, when contracting for services, should consider a potential service provider's knowledge, background, and special expertise in the area of postconviction diversion community corrections programs.

Prior to adopting rules, the department should examine community corrections programs established in other states, especially in the states of Colorado, Iowa, Minnesota, Oregon, and Wyoming. In addition, the comments of potential service providers should be encouraged during the rulemaking process.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 15] may be cited as the "Montana Community Corrections Act".

Section 2. **Purpose.** It is the purpose of [sections 1 through 15] to:

(4) A nongovernmental agency operating a community corrections facility or program may accept, reject, or reject after acceptance the placement of any offender in the facility or program pursuant to a contract or agreement with a unit of local government, a tribal government, or a judicial district. Section 11. **Offender payments.** (1) An offender placed in a community corrections facility or program under [sections 1 through 15] shall execute a written contract or agreement with the director of the facility or program, setting forth the terms and conditions for placement in the facility or program. The contract or agreement may provide that a portion of any money received from employment of the offender be set aside for payment of the following expenses in order of the priority in which they appear below:

(a) reimbursement to the community corrections facility or program for a portion of the cost of the room and board provided at the facility or program. The reimbursement rate must be reasonable, based on the offender's employment status and other financial obligations. However, the charges for room and board may not exceed 20% of the offender's net employment income.

(6) Except as provided in 46-18-222, imposition of sentence in a felony case may not be deferred in the case of a defendant who has been convicted of a felony on a prior occasion, whether or not the sentence was imposed, imposition of the sentence was deferred, or execution of the sentence was suspended.

(7) If the victim was less than 16 years old, the imposition or execution of the first 30 days of a sentence of imprisonment imposed under 45-5-502(3), 45-5-503, 45-5-504, 45-5-505, or 45-5-507 may not be deferred or suspended. Section 46-18-222 does not apply to the first 30 days of such imprisonment.

(8) In imposing a sentence on a defendant convicted of a sexual offense as defined in 46-23-502, the court may not waive the registration requirement provided in 46-18-254, 46-18-255, and Title 46, chapter 23, part 5.

(9) A person convicted of a sexual offense, as defined in 46-23-502, and sentenced to imprisonment in the state prison shall enroll in the educational phase of the prison's sexual offender program."

Section 18. **Codification instruction.** [Sections 1 through 15] are intended to be codified as an integral part of Title 53, chapter 30, and the provisions of Title 53, chapter 30, apply to [sections 1 through 15].

Section 19. **Effective date.** [This act] is effective July 1, 1991.

CHAPTER NO. 555

[HB 335]

AN ACT TO ALLOW AN ELEMENTARY DISTRICT TO ATTACH TO A HIGH SCHOOL DISTRICT WITH THE SAME BOUNDARIES TO FORM A K-12 SCHOOL DISTRICT; AMENDING SECTIONS 20-6-101, 20-7-705, 20-9-314, 20-9-406, AND 20-9-502, MCA; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is necessary for this bill to clarify that the superintendent of public instruction shall promulgate rules to prescribe procedures for budgeting and for revenue distribution for K-12 school districts formed by the attachment of an elementary district to a high school district. It is the intent of the legislature to encourage the formation of K-12 school districts whenever the trustees and the electorate of districts with the same boundaries choose to do so. In order to facilitate this action, it may be necessary for the superintendent of public instruction to address certain unforeseen circumstances through the rulemaking process.

Be it enacted by the Legislature of the State of Montana:

Section 1. **K-12 school districts allowed — definition — procedure for creation.** (1) An elementary district with the same district boundaries as a high school district may attach to the high school district for the purpose of establishing a K-12 school district.

(2) For the purposes of Title 20, unless the context clearly indicates otherwise, "K-12 school district" means a high school district with an elementary district that has been attached to the high school district under the procedures provided in this section, with the high school district remaining an organized district under the provisions of 20-6-101 and other provisions of law and the elementary district becoming an inactive district under the provisions of 20-6-101.

(3) The attachment of an elementary district to a high school district to form a K-12 school district must be conducted under the following procedure:

(a) An attachment proposition may be introduced in the districts by either of the following methods:

(i) the trustees may pass a resolution requesting the county superintendent to order an election to consider an attachment proposition involving their districts; or

(ii) not less than 20% of the electors of the elementary district and the high school district who are qualified to vote under the provisions of 20-20-301 may petition the county superintendent, requesting an election to consider an attachment proposition involving their districts.

(b) (i) When the county superintendent receives a resolution or a valid petition from each of the districts included in the attachment proposition, the county superintendent shall, within 10 days after receipt of the last resolution or petition and as provided by 20-20-201, order the trustees of the districts included in the attachment proposition to call an attachment election in conjunction with a regular school election.

(ii) The proposition must include the assumption of the bonded indebtedness of the elementary district by the high school district.

(c) The districts shall call and conduct an election in the manner prescribed in this title for school elections.

(d) After the county superintendent receives the certificate of election provided for in 20-20-416 from the trustees of the districts included in an attachment proposition, the county superintendent shall determine if the attachment proposition has been approved in the districts. If the districts have approved the attachment proposition, the county superintendent shall, within 10 days after receipt of the certificate of election, order the attachment of the elementary district to the high school district to take effect on July 1 of the ensuing school fiscal year. Within 30 days of the order, the county superintendent shall send a copy of the order to the board of county commissioners, the trustees of the districts included in the attachment order, and the superintendent of public instruction.

Section 2. **Funding for K-12 school districts.** (1) Notwithstanding the provisions of subsections (2) through (6), a K-12 school district formed under the provisions of [section 1] is subject to the provisions of law for high school districts.

The claim must be accompanied with proof of death and proof of relationship, showing the parties entitled to compensation, certificate of the attending physician, if any, and such other proof as may be required by the department."

(2) ~~A relative value fee schedule for medical, chiropractic, and paramedical services provided for in this chapter, excluding hospital services, must be established annually by the department and become effective in January of each year. The maximum fee schedule must be adopted as a relative value fee schedule of medical, chiropractic, and paramedical services, with unit values to indicate the relative relationship within each grouping of specialties. Medical fees must be based on the median fees as billed to the state fund during the year preceding the adoption of the schedule. The state fund shall report fees billed in the form and at the times required by the department. The department shall adopt rules establishing relative unit values, groups of specialties, the procedures insurers must use to pay for services under the schedule, and the method of determining the median of billed medical fees. These rules must be modeled on the 1974 revision of the 1969 California Relative Value Studies.~~ *The department shall annually establish a schedule of fees for medical nonhospital services necessary for the treatment of injured workers. Section 7. Section 39-71-711, MCA, is amended to read:

"**39-71-711. Impairment evaluation — ratings.** (1) An impairment rating:

(c) must be expressed as a percentage of the whole person.

(2) A claimant or insurer, or both, may obtain an impairment rating from *an evaluator who is* a medical doctor or from *an evaluator who is* a chiropractor if the ~~claimant's treating physician is a chiropractor~~ *injury falls within the scope of chiropractic practice.* If the claimant and insurer cannot agree upon the rating, the *mediation* procedure in ~~subsection (3)~~ *part 24 of this chapter* must be followed.

If a second evaluation is requested, the department shall direct the claimant to a second evaluator, who shall determine the degree of impairment, if any, that exists due to the injury.~~

~~(ii) The reports of both examinations must be submitted to a third evaluator, who may also examine the claimant or seek other consultation. The three evaluators shall consult with one another, and then the third evaluator shall submit a final report to the department, the claimant, and~~

~~the insurer. The final report must state the degree of impairment, if any, that exists due to the injury.~~

~~(iii) Unless either party disputes the rating in the final report as provided in subsection (6), the insurer shall begin paying the impairment award, if any, within 45 days of the date of mailing of the report by the third evaluator.~~

~~(4)~~*(3)* ~~The department shall appoint impairment evaluators to render ratings under subsection (1). The department shall adopt rules that set forth the qualifications of evaluators and the locations of examinations.~~ An evaluator must be a physician licensed under Title 37, chapter 3, except if the claimant's treating physician is a chiropractor, the evaluator may be a chiropractor who is certified as an evaluator under chapter 12. ~~The department may seek nominations from the board of medical examiners for evaluators licensed under Title 37, chapter 3, and from the board of chiropractors for evaluators licensed under Title 37, chapter 12.~~

(c) Upon motion of a party or upon the mediator's own motion, the mediator has the authority to dismiss a petition if he finds that either party did not comply with this subsection. A decision dismissing a petition under this subsection must be in writing and must state in detail the grounds for dismissal. The mediator's decision may be reviewed by the workers' compensation court upon motion of a party.

CHAPTER NO. 562

[HB 524]

AN ACT APPROPRIATING OIL OVERCHARGE MONEY FOR PROGRAMS ADMINISTERED BY THE STATE OF MONTANA; FUNDING A WIND FARM TRANSMISSION STUDY; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Policy.** As a result of overcharges on sales of domestic crude oil, the federal courts have ordered or approved settlements requiring the repayment of the total amount of overcharges, plus interest, into escrow accounts to be distributed by the U.S. treasury to the states, territories, and possessions of the United States. It is the policy of this state to use the oil overcharge money distributed to the state to supplement state and federal programs that the state administers and to use the money in a manner consistent with federal court orders establishing or approving the payment of the funds to the state of Montana.

Section 2. **Definitions.** As used in [sections 1 through 7], "stripper well payments" means the oil overcharge payments made to the U.S. treasury for distribution to the state of Montana as the result of the final settlement agreement in the U.S. district court for the district of Kansas, Cause No. M.D.L. 378, and any interest accrued on the payments. The term does not include stripper well payments that have been expended or legally obligated or that have been incorporated into any of the existing federal energy programs as the result of prior appropriations by the legislature.

Section 3. **Deposit of oil overcharge revenue.** All funds from stripper well payments must be deposited by the state treasurer in the federal special revenue fund. All interest earned on these funds or payments must also be deposited in the federal special revenue fund.

Section 4. **Wind farm transmission study — appropriation.** There is appropriated $70,000 from the stripper well payments contained in the federal special revenue fund to the department of natural resources and conservation for a study to assess the ability of the present electrical transmission system, as well as possible future expansions, in Montana and the Pacific Northwest to accommodate the development of utility-scale wind farms in Montana, with the goals of reducing future costs to electric ratepayers and encouraging the orderly development of a Montana natural resource. The stripper well payments appropriated in this section must be matched at least $2 to $1 with private or federal revenue. The design and conduct of this study must recognize efforts within the Pacific Northwest to develop wind as a resource and must be coordinated closely with the relevant transmission utilities.

Section 5. **Conditions applied to appropriations.** The appropriation made in [section 4] is a biennial appropriation. One-half of the total amount appropriated in [section 4] is appropriated in fiscal year 1992, and one-half is appropriated in fiscal year 1993. As a biennial appropriation, the unexpended funds appropriated in fiscal year 1992 may be carried forward to the second year of the 1993 biennium.

Section 6. **Appropriations prioritized.** The appropriation in [section 4] is to be funded after the low-income leaking underground home heating oil tank replacement program appropriation in [section 10 of House Bill No. 10] and before the institutional conservation program appropriation in [section 11 of House Bill No. 10]. In order to provide continuity for the programs when establishing the appropriations for each fiscal year of the 1993 biennium, anticipated stripper well payments that will be received under terms of the agreements during the biennium may be considered as available to fund the appropriations. If House Bill No. 10 or House Bill No. 777 is passed and approved, the stripper well payments appropriated in House Bill No. 10 and House Bill No. 777 are prioritized as stated in those bills, respectively, and in this section. The expenditures authorized by [section 4] may not exceed the amount of the stripper well payments available in the biennium.

Section 7. **Effective date.** [This act] is effective July 1, 1991.

Approved April 23, 1991.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-1-135, MCA, is amended to read:

"**61-1-135. Commercial vehicle operator's endorsement.** "Commercial vehicle operator's endorsement" means an endorsement to a Montana driver's license that authorizes the licensee to operate a class of commercial motor vehicle. ~~However, if the applicant's vehicle does not otherwise require a commercial vehicle operator's endorsement, a hazardous material endorsement may be substituted for the commercial vehicle operator's endorsement.~~"

Section 2. Section 61-5-208, MCA, is amended to read:

"**61-5-208. Period of suspension or revocation.** (1) The department may not suspend or revoke a driver's license, commercial vehicle operator's endorsement, or privilege to drive a motor vehicle on the public highways for a period of more than 1 year, except as *otherwise* permitted ~~under subsection (2) of this section, 61-5-207, 61-5-212, 61-6-123, 61-8-803 through 61-8-805, and 61-11-211~~ *by law*.

(2) A person whose license, commercial vehicle operator's endorsement, or privilege to drive a motor vehicle on the public highways has been suspended or revoked is not entitled to have the license, endorsement, or privilege renewed or restored unless the revocation was for a cause which has been removed, except that after the expiration of the period of the revocation or suspension, the person may make application for a new license or endorsement as provided by law but the department may not issue a new license or endorsement unless and until it is satisfied, after investigation of the driving ability of the person and upon a showing by its records or other sufficient evidence, that the person is eligible to be licensed to drive in Montana. When any person is convicted or forfeits bail or collateral not vacated for the offense of operating or being in actual physical control of a motor vehicle while under the influence of alcohol or any drug or a combination thereof or for the offense of operation of a motor vehicle by a person with alcohol concentration of 0.10 or more, the department shall, upon receiving a report of conviction or forfeiture of bail or collateral not vacated, suspend the license, including any commercial vehicle operator's endorsement, or driving privilege of the person for a period of 6 months. Upon receiving a report of a conviction or forfeiture of bail or collateral for a second, third, or subsequent offense within 5 years of the first offense, the department shall revoke the license, commercial vehicle operator's endorsement, or driving privilege of the person for a period of 1 year, except that if the 1-year period passes and the person has not completed an alcohol information course, treatment, or both, as ordered by the sentencing court, the license revocation remains in effect until the course, treatment, or both are completed.

(3) The period for all revocations made mandatory by 61-5-205 is 1 year except as provided in subsection (2).

(4) The period of revocation for any person convicted of any offense which makes mandatory the revocation of the driver's license commences from date of conviction or forfeiture of bail.

(5) If a person is convicted of a violation of 61-8-401 or 61-8-406 while operating a commercial motor vehicle, the department shall suspend the person's driver's license as provided in subsection (2). In addition, the department shall suspend the person's commercial vehicle operator's endorsement in accordance with the provisions of this title."

Section 3. Section 61-8-805, MCA, is amended to read:

"**61-8-805. Suspension for operating a commercial vehicle with a blood alcohol concentration of 0.04 or more — hearing.** (1) A person whose blood alcohol concentration is 0.04 or more while he drives or is in actual physical control of a commercial motor vehicle is subject to the suspension of his commercial vehicle operator's endorsement. If the department receives a sworn report from a peace officer that the person was operating a commercial motor vehicle while his blood alcohol concentration was 0.04 or more, the department shall suspend the driver's commercial vehicle operator's endorsement:

(a) for 1 year, with no provision for a restricted probationary license or endorsement, upon receipt of the first report, except that if the offense occurred in a commercial motor vehicle transporting hazardous materials, the suspension must be for 3 years; and

(b) for ~~10 years~~ *life*, with no provision for a restricted probationary license or endorsement, upon receipt of a second or subsequent report at any time as determined from the records of the department, *unless a restricted license or endorsement is allowed by federal rules governing commercial drivers.*

(3) The fact that any person charged with a violation of the provisions of subsection (1) is entitled to use alcohol under the laws of Montana is not a defense against any charge of violating the provisions of subsection (1).

(4) The department shall immediately notify in writing any person whose commercial vehicle operator's endorsement is suspended under this section. The person suspended has the right to file a petition within 30 days after the notice is given for a hearing in the matter in the district court in the county in which the finding of blood alcohol concentration was made. The court has jurisdiction and shall set the matter for hearing upon 10 days' written notice to the county attorney of the county in which the appeal is filed. The county attorney shall represent the state. The court shall take testimony and examine the facts of the case, except that the issue is limited to whether the person was driving or had actual physical control of a

commercial motor vehicle while his blood alcohol concentration was 0.04 or more. The court shall determine whether the petitioner is entitled to a commercial vehicle operator's endorsement or is subject to suspension as provided in this section. The provisions of 61-8-404 apply to any proceedings under this section."

Section 4. Section 61-8-806, MCA, is amended to read:

The peace officer may designate a blood, breath, or urine test to be administered.

(2) A person who is unconscious or who is otherwise incapable of refusal is considered not to have withdrawn the consent provided in subsection (1).

(3) If a commercial motor vehicle operator who is a resident of Montana refuses upon the request of a peace officer to submit to a chemical test designated by the officer as provided in subsection (1), the test may not be given. On behalf of the department, the officer shall immediately seize the person's driver's license showing the commercial vehicle operator's endorsement and forward the license to the department, along with a sworn report that he had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle upon ways of this state open to the public while having a blood alcohol concentration of 0.04 or more and that the person had refused to submit to the test upon the request of the officer. Upon receipt of the report, the department shall suspend the license for a period provided in subsection (5).

(4) Upon seizure of a resident's driver's license showing a commercial vehicle operator's endorsement, the peace officer shall issue, on behalf of the department, a temporary driving permit without the commercial vehicle operator's endorsement. The temporary driving permit is valid for 72 hours after issuance.

(5) If a commercial motor vehicle operator refuses to submit to a chemical test as provided in subsection (3), the department shall suspend his commercial vehicle operator's endorsement:

(a) upon first refusal, for 1 year, with no provision for a restricted probationary license or endorsement, except that if the offense occurred in a commercial motor vehicle transporting hazardous materials, the suspension for a first refusal must be for 3 years;

(b) upon a second or subsequent refusal at any time as determined from the records of the department, for ~~10 years~~ *life*, with no provision for a restricted probationary license or endorsement *unless allowed by federal rules governing commercial drivers.*

(6) A nonresident commercial motor vehicle operator who refuses to submit to a chemical test as provided in subsection (3) is subject to suspension by the department as provided in subsection (5) and may receive a temporary driving permit as provided in subsection (4)."

Section 5. **Leaving the scene of an accident involving commercial motor vehicle — suspension.** Upon receipt of information that a commercial motor vehicle operator has been convicted of an offense under 61-7-103, 61-7-104, or 61-7-106 while operating a commercial motor vehicle, the department shall suspend the driver's commercial motor vehicle endorsement as provided in [section 7].

Section 6. **Suspension of commercial vehicle operator's endorsement — felony involving a commercial motor vehicle.** Upon receipt of information that a commercial motor vehicle operator has been convicted of using a commercial motor vehicle in the commission of a felony, the department shall suspend the driver's commercial vehicle operator's endorsement as provided in [section 7].

Section 7. **Suspension of commercial vehicle operator's endorsement — duration — second or subsequent offense.** Upon receiving notice pursuant to 61-5-208, [section 5], or [section 6], the department shall suspend an operator's commercial vehicle operator's endorsement, as follows:

WHEREAS, Chapter 473, Laws of 1989, established the state building energy conservation program and authorized the issuance of up to $3 million of general obligation bonds to provide money for the state building energy conservation program for fiscal years 1990-91; and

WHEREAS, the Department of Natural Resources and Conservation determined that the issuance of the bonds was not necessary during fiscal years 1990-91 and that portions of the projects identified in section 9, Chapter 473, Laws of 1989, were either funded from other sources or not in the state's best interest at the time; and

WHEREAS, recommended projects for the state building energy conservation program for fiscal years 1992-93 have been identified as required by Title 90, chapter 4, part 6.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Stripper-well payments — definition — appropriation — priority.** (1) There is reappropriated from the stripper-well payments contained in the federal special revenue fund to the department of natural resources and conservation $400,000 to fulfill duties authorized by 90-4-605 and 90-4-607. (3) The stripper-well payments appropriated in this section have a higher priority than any other appropriation of stripper- well payments for fiscal years 1992-93.

Section 2. **Approval of energy conservation projects.** (1) Pursuant to Title 90, chapter 4, part 6, the legislature approves the following energy conservation projects for fiscal years 1992-93:

(2) In addition to the projects listed in subsection (1), the department of natural resources and conservation may expend funds appropriated under [section 3] to respond to unanticipated situations that provide an opportunity to finance, acquire, construct, or install energy-saving equipment, systems, or improvements in a state facility in circumstances in which the opportunity will be lost whenever the department is delayed in providing the necessary funds until specific legislative approval can be obtained.

Section 3. **Bond authorization — appropriation of bond proceeds.** (1) The board of examiners may, pursuant to 90-4-611, issue and sell bonds of the state in an aggregate principal amount not to exceed $3 million for fiscal years 1992-93. The bonds must be issued as provided by Title 17, chapter 5, part 8.

Premiums and accrued interest must be deposited in the debt service fund established in 17-2-102. Proceeds of bonds deposited in the energy conservation program account may be used to pay the costs of issuing the bonds and to fund the projects approved by the legislature in [section 2]. For purposes of 17-5-803 and 17-5-804, the energy conservation program account constitutes a capital projects account. The bond proceeds must be available to the department of natural resources and conservation and may be used for the purposes authorized in this section without further budgetary authorization.

Section 4. Section 17-7-502, MCA, is amended to read:

"**17-7-502. Statutory appropriations — definition — requisites for validity.** (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(a) The law containing the statutory authority must be listed in subsection (3).

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

(3) The following laws are the only laws containing statutory appropriations: 2-9-202; 2-17-105; 2-18-812; 10-3-203; 10-3-312; 10-3-314; 10-4-301; 13-37-304; 15-1-111; 15-25-123; 15-31-702; 15-36-112; 15-37-117; 15-65-121; 15-70-101; 16-1-404; 16-1-410; 16-1-411; 17-3-212; 17-5-404; 17-5-424; 17-5-804; 19-8-504; 19-9-702; 19-9-1007; 19-10-205; 19-10-305; 19-10-506; 19-11-512; 19-11-513; 19-11-606; 19-12-301; 19-13-604; 20-6-406; 20-8-111; 20-9-361; 23-5-306; 23-5-409; 23-5-610; 23-5-612; 23-5-1016; 23-5-1027; 27-12-206; 37-51-501; 39-71-2504; 53-6-150; 53-24-206; 61-2-406; 61-5-121; 67-3-205; 75-1-1101; 75-5-1108; 75-11-313; 76-12-123; 80-2-103; 82-11-136; 82-11-161; 90-3-301; 90-4-215; ~~90-4-613;~~ 90-6-331; 90-9-306; and section 13, House Bill No. 861, Laws of 1985.

(4) There is a statutory appropriation to pay the principal, interest, premiums, and costs of issuing, paying, and securing all bonds, notes, or other obligations, as due, that have been authorized and issued pursuant to the laws of Montana. "**90-4-613. Use of energy conservation program account.** The energy conservation program account must be segregated by the treasurer from all other money in that or any other fund in the state treasury and used only to pay costs of the energy conservation program. Section 8. **Effective date.** [This act] is effective on passage and approval.

Approved April 23, 1991.

(m) casual labor not in the course of an employer's trade or business performed in any calendar quarter, unless the cash remuneration paid for such service is $50 or more and such service is performed by an individual who is regularly employed by such employer to perform such service.

Section 2. Section 39-71-401, MCA, is amended to read:

"**39-71-401. Employments covered and employments exempted.** (1) Except as provided in subsection (2) of this section, the Workers' Compensation Act applies to all employers as defined in 39-71-117 and to all employees as defined in 39-71-118. An employer who has any employee in service under any appointment or contract of hire, expressed or implied, oral or written, shall elect to be bound by the provisions of compensation plan No. 1, 2, or 3. Every employee whose employer is bound by the Workers' Compensation Act is subject to and bound by the compensation plan that has been elected by the employer.

(2) Unless the employer elects coverage for these employments under this chapter and an insurer allows such an election, the Workers' Compensation Act does not apply to any of the following employments:

(a) household and domestic employment;

(b) casual employment as defined in 39-71-116;

(c) employment of a dependent member of an employer's family for whom an exemption may be claimed by the employer under the federal Internal Revenue Code;

(d) employment of sole proprietors or working members of a partnership, except as provided in subsection (3);

(e) employment of a broker or salesman performing under a license issued by the board of realty regulation;

(f) employment of a direct seller engaged in the sale of consumer products, primarily in the customer's home;

(g) employment for which a rule of liability for injury, occupational disease, or death is provided under the laws of the United States;

(h) employment of any person performing services in return for aid or sustenance only, except employment of a volunteer under 67-2-105;

(i) employment with any railroad engaged in interstate commerce, except that railroad construction work is included in and subject to the provisions of this chapter;

(j) employment as an official, including a timer, referee, or judge, at a school amateur athletic event, unless the person is otherwise employed by a school district;

(k) any person performing services as a newspaper carrier or free-lance correspondent if the person performing the services or a parent or guardian of the person performing the services in the case of a minor has acknowledged in writing that the person performing the services and the services are not covered. As used in this subsection "free-lance correspondent" is a person who submits articles or photographs for publication and is paid by the article or by the photograph. As used in this subsection "newspaper carrier":

(i) is a person who provides a newspaper with the service of delivering newspapers singly or in bundles; but

(ii) does not include an employee of the paper who, incidentally to his main duties, carries or delivers papers.

(l) cosmetologist's services and barber's services as defined in 39-51-204(1)(l).

(3) (a) A sole proprietor or a working member of a partnership who holds himself out or considers himself an independent contractor ~~[and who is not contracting] for cosmetologist's services or barber's services as defined in 39-51-204(1)(l)~~ must elect to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3, but he may apply to the department for an exemption from the Workers' Compensation Act for himself.

(b) The application must be made in accordance with the rules adopted by the department. The department may deny the application only if it determines that the applicant is not an independent contractor.

(c) When an application is approved by the department, it is conclusive as to the status of an independent contractor and precludes the applicant from obtaining benefits under this chapter.

(d) When an election of an exemption is approved by the department, the election remains effective and the independent contractor retains his status as an independent contractor until he notifies the department of any change in his status and provides a description of his present work status.

(e) If the department denies the application for exemption, the applicant may contest the denial by petitioning for review of the decision by an appeals referee in the manner provided for in 39-51-1109. An applicant dissatisfied with the decision of the appeals referee may appeal the decision in accordance with the procedure established in 39-51-2403 and 39-51-2404.

(4) (a) A private corporation shall provide coverage for its officers and other employees under the provisions of compensation plan No. 1, 2, or 3. However, pursuant to such rules as the department promulgates and subject in all cases to approval by the department, an officer of a private

corporation may elect not to be bound as an employee under this chapter by giving a written notice, on a form provided by the department, served in the following manner:

(i) if the employer has elected to be bound by the provisions of compensation plan No. 1, by delivering the notice to the board of directors of the employer and the department; or

(ii) if the employer has elected to be bound by the provisions of compensation plan No. 2 or 3, by delivering the notice to the board of directors of the employer, the department, and the insurer.

(b) If the employer changes plans or insurers, the officer's previous election is not effective and the officer shall again serve notice as provided if he elects not to be bound.

(c) The appointment or election of an employee as an officer of a corporation for the purpose of excluding the employee from coverage under this chapter does not entitle the officer to elect not to be bound as an employee under this chapter. In any case, the officer must sign the notice required by subsection (4)(a) under oath or affirmation, and he is subject to the penalties for false swearing under 45-7-202 if he falsifies the notice.

(5) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer's current provision of compensation insurance. A workplace is any location where an employee performs any work-related act in the course of employment, regardless of whether the location is temporary or permanent, and includes the place of business or property of a third person while the employer has access to or control over such place of business or property for the purpose of carrying on his usual trade, business, or occupation. The sign will be provided by the department, distributed through insurers or directly by the department, and posted by employers in accordance with rules adopted by the department. An employer who purposely or knowingly fails to post a sign as provided in this subsection is subject to a $50 fine for each citation."

Section 3. **Exemption.** An exemption granted under 39-71-401(3) by the department that a particular employee is an independent contractor or that a particular employment is exempt from the provisions of this chapter must be reported to the state compensation mutual insurance fund.

Section 4. **Codification instruction.** [Section 3] is intended to be codified as an integral part of Title 39, chapter 51, part 6, and the provisions of Title 39, chapter 51, part 6, apply to [section 3].

Section 5. **Applicability date.** [This act] applies to all claims filed on or after [the effective date of this act].

Section 6. **Effective date.** [This act] is effective July 1, 1991.

Approved April 23, 1991.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-116, MCA, is amended to read:

"**39-71-116. Definitions.** Unless the context otherwise requires, words and phrases employed in this chapter have the following meanings:

(1) "Administer and pay" includes all actions by the state fund under the Workers' Compensation Act and the Occupational Disease Act of Montana necessary to the investigation, review, and settlement of claims; payment of benefits; setting of reserves; furnishing of services and facilities; and utilization of actuarial, audit, accounting, vocational rehabilitation, and legal services.

(2) "Average weekly wage" means the mean weekly earnings of all employees under covered employment, as defined and established annually by the Montana department of labor and industry. It is established at the nearest whole dollar number and must be adopted by the department prior to July 1 of each year.

(3) "Beneficiary" means:

(a) a surviving spouse living with or legally entitled to be supported by the deceased at the time of injury;

(b) an unmarried child under the age of 18 years;

(c) an unmarried child under the age of 22 years who is a full-time student in an accredited school or is enrolled in an accredited apprenticeship program;

(d) an invalid child over the age of 18 years who is dependent upon the decedent for support at the time of injury;

(e) a parent who is dependent upon the decedent for support at the time of the injury (however, such a parent is a beneficiary only when no beneficiary, as defined in subsections (3)(a) through (3)(d) of this section, exists); and

(f) a brother or sister under the age of 18 years if dependent upon the decedent for support at the time of the injury (however, such a brother or sister is a beneficiary only until the age of 18 years and only when no beneficiary, as defined in subsections (3)(a) through (3)(e) of this section, exists).

(4) "Casual employment" means employment not in the usual course of trade, business, profession, or occupation of the employer.

(5) "Child" includes a posthumous child, a dependent stepchild, and a child legally adopted prior to the injury.

(6) "Days" means calendar days, unless otherwise specified.

(7) "Department" means the department of labor and industry.

(8) "Fiscal year" means the period of time between July 1 and the succeeding June 30.

(9) "Insurer" means an employer bound by compensation plan No. 1, an insurance company transacting business under compensation plan No. 2, the state fund under compensation plan No. 3, or the uninsured employers' fund provided for in part 5 of this chapter.

(10) "Invalid" means one who is physically or mentally incapacitated.

(11) "Maximum healing" means the status reached when a worker is as far restored medically as the permanent character of the work-related injury will permit.

(12) "Order" means any decision, rule, direction, requirement, or standard of the department or any other determination arrived at or decision made by the department.

(13) "Payroll", "annual payroll", or "annual payroll for the preceding year" means the average annual payroll of the employer for the preceding calendar year or, if the employer shall not have operated a sufficient or any length of time during such calendar year, 12 times the average monthly payroll for the current year. However, an estimate may be made by the department for any employer starting in business if no average payrolls are available. This estimate is to be adjusted by additional payment by the employer or refund by the department, as the case may actually be, on December 31 of such current year. An employer's payroll must be computed by calculating all wages, as defined in 39-71-123, that are paid by an employer.

(14) "Permanent partial disability" means a condition, after a worker has reached maximum healing, in which a worker:

(a) has a medically determined physical restriction as a result of an injury as defined in 39-71-119; and

(b) is able to return to work in ~~the worker's job pool pursuant to one of the options set forth in 39-71-1012 but suffers impairment or partial wage loss, or both~~ *some capacity but the physical restriction impairs the worker's ability to work.*

(15) "Permanent total disability" means a condition resulting from injury as defined in this chapter, after a worker reaches maximum healing, in which a worker ~~is unable to return to work in the worker's job pool after exhausting all options set forth in 39-71-1012~~ *has no reasonable prospect of physically performing regular employment. Regular employment means work on a recurring basis performed for remuneration in a trade, business, profession, or other occupation in this state. Lack of immediate job openings is not a factor to be considered in determining if a worker is permanently totally disabled.*

(16) The term "physician" includes "surgeon" and in either case means one authorized by law to practice his profession in this state.

(17) The "plant of the employer" includes the place of business of a third person while the employer has access to or control over such place of business for the purpose of carrying on his usual trade, business, or occupation.

(18) "Public corporation" means the state or any county, municipal corporation, school district, city, city under commission form of government or special charter, town, or village.

(19) "Reasonably safe place to work" means that the place of employment has been made as free from danger to the life or safety of the employee as the nature of the employment will reasonably permit.

(20) "Reasonably safe tools and appliances" are such tools and appliances as are adapted to and are reasonably safe for use for the particular purpose for which they are furnished.

(21) "Temporary total disability" means a condition resulting from an injury as defined in this chapter that results in total loss of wages and exists until the injured worker reaches maximum healing.

(22) "Year", unless otherwise specified, means calendar year."

Section 2. Section 39-71-414, MCA, is amended to read:

"**39-71-414. Subrogation.** (1) If an action is prosecuted as provided for in 39-71-412 or 39-71-413 and except as otherwise provided in this section, the insurer is entitled to subrogation for all compensation and benefits paid or to be paid under the Workers' Compensation Act. The insurer's right of subrogation is a first lien on the claim, judgment, or recovery.

(2) (a) If the injured employee intends to institute the third party action, he shall give the insurer reasonable notice of his intention to institute the action.

(b) The injured employee may request that the insurer pay a proportionate share of the reasonable cost of the action, including attorneys' fees.

(c) The insurer may elect not to participate in the cost of the action. If this election is made, the insurer waives 50% of its subrogation rights granted by this section.

(d) If the injured employee or the employee's personal representative institutes the action, the employee is entitled to at least one-third of the amount recovered by judgment or settlement less a proportionate share of reasonable costs, including attorneys' fees, if the amount of recovery is insufficient to provide the employee with that amount after payment of subrogation.

(3) If an injured employee refuses or fails to institute the third party action within 1 year from the date of injury, the insurer may institute the action in the name of the employee and for the employee's benefit or that of the employee's personal representative. If the insurer institutes the action, it shall pay to the employee any amount received by judgment or settlement which is in excess of the amounts paid or to be paid under the Workers' Compensation Act after the insurer's reasonable costs, including attorneys' fees for prosecuting the action, have been deducted from the recovery.

(4) An insurer may enter into compromise agreements in settlement of subrogation rights.

(5) If the amount of compensation and other benefits payable under the Workers' Compensation Act have not been fully determined at the time the employee, the employee's heirs or personal representatives, or the insurer have settled in any manner the action as provided for in this section, the department shall determine what proportion of the settlement shall be allocated under subrogation. The department's determination may be appealed to the workers' compensation judge.

(6) (a) The insurer is entitled to full subrogation rights under this section, even though the claimant is able to demonstrate damages in excess of the workers' compensation benefits and the third-party recovery combined. The insurer may subrogate against the entire settlement or award of a third party claim brought by the claimant or his personal representative, without regard to the nature of the damages.

(b) If no survival action exists and the parties reach a settlement of a wrongful death claim without apportionment of damages by a court or jury, the insurer may subrogate against the entire settlement amount, without regard to the parties' apportionment of the damages, unless the insurer is a party to the settlement agreement.

(7) Regardless of whether the amount of compensation and other benefits payable have been fully determined, the insurer and the claimant may stipulate the proportion of the third-party settlement to be allocated under subrogation. Upon review and approval by the department, the agreement constitutes a compromise settlement of the issue of subrogation and may not be reopened by the department."

Section 3. Section 39-71-702, MCA, is amended to read:

"**39-71-702. Compensation for permanent total disability.** (1) If a worker is no longer temporarily totally disabled and is ~~unable to return to work due to injury~~ *permanently totally disabled, as defined in 39-71-116,* the worker is eligible for permanent total disability benefits. ~~At an insurer's request, an evaluation of all options under 39-71-1012 must be made before permanent total disability status is determined.~~ Permanent total disability benefits must be paid for the duration of the worker's permanent total disability, subject to 39-71-710 ~~and 39-71-1026~~.

(2) The determination of permanent total disability must be supported by a preponderance of medical evidence.

(3) Weekly compensation benefits for an injury resulting in permanent total disability shall be 66 2/3% of the wages received at the time of the injury. The maximum weekly compensation benefits shall not exceed the state's average weekly wage at the time of injury.

(4) In cases where it is determined that periodic disability benefits granted by the Social Security Act are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero, by an amount equal, as nearly as practical, to one-half the federal periodic benefits for such week, which amount is to be calculated from the date of the disability social security entitlement.

(5) A worker's benefit amount must be adjusted for a cost-of-living increase on the next July 1 after 104 weeks of permanent total disability benefits have been paid and on each succeeding July 1. A worker may not receive more than 10 such adjustments. The adjustment must be the percentage increase, if any, in the state's average weekly wage as adopted by the department over the state's average weekly wage adopted for the previous year or 3%, whichever is less.

(6) Notwithstanding subsection (3), beginning July 1, 1987, through June 30, 1991, the maximum weekly compensation benefits for permanent total disability may not exceed the state's average weekly wage of $299 established July 1, 1986."

Section 4. Section 39-71-703, MCA, is amended to read:

"**39-71-703. Compensation for permanent partial disability — ~~impairment awards and wage supplements.~~** ~~(1) The benefits available for permanent partial disability are impairment awards and wage supplements. A worker who has reached maximum healing and is not eligible for permanent total disability benefits but who has a medically determined physical restriction as a result of a work-related injury may be eligible for an impairment award and wage supplement benefits as follows:~~

~~(a) The following procedure must be followed for an impairment award:~~

~~(i) Each percentage point of impairment is compensated in an amount equal to 5 weeks times 66-2/3% of the wages received at the time of the injury, subject to a maximum compensation rate of one-half of the state's average weekly wage at the time of injury.~~

~~(ii) When a worker reaches maximum healing, an impairment rating is rendered by one or more physicians as provided for in 39-71-711. Impairment benefits are payable beginning the date of maximum healing.~~

~~(iii) An impairment award may be paid biweekly or in a lump sum, at the discretion of the worker. Lump sums paid for impairments are not subject to the requirements set forth in 39-71-741, except that lump-sum conversions for benefits not accrued may be reduced to present value at the rate set forth by the department in 39-71-741(5).~~

~~(iv) If a worker becomes eligible for permanent total disability benefits, the insurer may recover any lump-sum advance paid to a claimant for impairment, as set forth in 39-71-741(5). Such right of recovery does not apply to lump-sum benefits paid for the period prior to claimant's eligibility for permanent total disability benefits.~~

~~(v) If a worker suffers additional injury, an impairment award payable for the additional injury must be reduced by the amount of a previous award paid for impairment to the same site on the body.~~

~~(b) The following procedure must be followed for a wage supplement:~~

~~(i) A worker must be compensated in weekly benefits equal to 66-2/3% of the difference between the worker's actual wages received at the time of the injury and the wages the worker is qualified to earn in the worker's job pool, subject to a maximum compensation rate of one-half the state's average weekly wage at the time of injury.~~

~~(ii) Eligibility for wage supplement benefits begins at maximum healing and terminates at the expiration of 500 weeks minus the number of weeks for which a worker's impairment award is payable, subject to 39-71-710. A worker's failure to sustain a wage loss compensable under subsection (1)(b)(i) does not extend the period of eligibility. However, if a worker becomes eligible for temporary total disability, permanent total disability, or total rehabilitation benefits after reaching maximum healing, the eligibility period for wage supplement benefits is extended by any period for which a worker is compensated by those benefits after reaching maximum healing.~~

~~(2) The determination of permanent partial disability must be supported by a preponderance of medical evidence.~~

~~(3) Notwithstanding subsection (1), beginning July 1, 1987, through June 30, 1991, the maximum weekly compensation benefits for permanent partial disability may not exceed $149.50, which is one-half the state's average weekly wage established July 1, 1986.~~ *(1) If an injured worker suffers a permanent partial disability and is no longer entitled to temporary total or permanent total disability benefits, the worker is entitled to a permanent partial disability award.*

(2) The permanent partial disability award must be arrived at by multiplying the percentage arrived at through the calculation provided in subsection (3) by 350 weeks.

(3) An award granted an injured worker may not exceed a permanent partial disability rating of 100%. The criteria for the rating of disability must be calculated using the medical impairment rating as determined by the latest edition of the American medical association Guides to the Evaluation of Permanent Impairment. The percentage to be used in subsection (2) must be determined by adding the following applicable percentages to the impairment rating:

(a) if the claimant is 30 years of age or younger at the time of injury, 0%; if the claimant is over 30 years of age but under 56 years of age at the time of injury, 2%; and if the claimant is 56 years of age or older at the time of injury, 3%;

(b) for a worker who has completed less than 9 years of education, 3%; for a worker who has completed 9 through 12 years of education or who has received a graduate equivalency diploma, 2%; for a worker who has completed more than 12 years of education, 0%;

(c) if a worker has no wage loss as a result of the industrial injury, 0%; if a worker has an actual wage loss of $2 or less an hour as a result of the industrial injury, 10%; if a worker has an actual wage loss of more than $2 an hour as a result of the industrial injury, 20%; and

(d) if a worker, at the time of the injury, was performing heavy labor activity and after the injury the worker can perform only light or sedentary labor activity, 20%; if a worker, at the time of injury, was performing heavy labor activity and after the injury the worker can perform only medium labor activity, 15%; if a worker was performing medium labor activity at the time of the injury and after the injury the worker can perform only light or sedentary labor activity, 10%.

(4) The weekly benefit rate for permanent partial disability is 66 2/3% of the wages received at the time of injury, but the rate may not exceed one-half the state's average weekly wage. The weekly benefit amount established for an injured worker may not be changed by a subsequent adjustment in the state's average weekly wage for future fiscal years.

(5) If a worker suffers a subsequent compensable injury or injuries to the same part of the body, the award payable for the subsequent injury may not duplicate any amounts paid for the previous injury or injuries.

(6) As used in the section:

(a) "Heavy labor activity" means the ability to lift over 50 pounds occasionally or up to 50 pounds frequently;

(b) "Medium labor activity" means the ability to lift up to 50 pounds occasionally or up to 25 pounds frequently;

(c) "Light labor activity" means the ability to lift up to 25 pounds occasionally or up to 10 pounds frequently; and

(d) "Sedentary labor activity" means the ability to lift up to 10 pounds occasionally or up to 5 pounds frequently."

Section 5. Section 39-71-704, MCA, is amended to read:

"**39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates.** (1) In addition to the compensation provided by this chapter and as an additional benefit separate and apart from compensation, the following must be furnished:

(a) After the happening of the injury *and subject to the provisions of subsection (1)(d)*, the insurer shall furnish, without limitation as to length of time or dollar amount, reasonable services by a physician or surgeon, reasonable hospital services and medicines when needed, and such other treatment as may be approved by the department for the injuries sustained.

(b) The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

(c) The insurer shall reimburse a worker for reasonable travel expenses incurred in travel to a medical provider for treatment of an injury pursuant to rules adopted by the department. Reimbursement must be at the rates allowed for reimbursement of travel by state employees.

(2) A relative value fee schedule for medical, chiropractic, and paramedical services provided for in this chapter, excluding hospital services, must be established annually by the department and become effective in January of each year. The maximum fee schedule must be adopted as a relative value fee schedule of medical, chiropractic, and paramedical services, with unit values to indicate the relative relationship within each grouping of specialties. Medical fees must be based on the median fees as billed to the state fund during the year preceding the adoption of the schedule. The state fund shall report fees billed in the form and at the times required by the department. The department shall adopt rules establishing relative unit values, groups of specialties, the procedures insurers must use to pay for services under the schedule, and the method of determining the median of billed medical fees. These rules must be modeled on the 1974 revision of the 1969 California Relative Value Studies.

(3) Beginning January 1, 1988, the department shall establish rates for hospital services necessary for the treatment of injured workers. Section 6. Section 39-71-741, MCA, is amended to read:

"**39-71-741. Compromise settlements~~,~~** ***and*** **lump-sum payments~~,~~ ~~and lump-sum advance payments~~.** (1) (a) Benefits may be converted in whole to a lump sum:

(i) if a claimant and an insurer dispute the initial compensability of an injury; and

(ii) if the claimant and insurer agree to a settlement.

(b) The agreement is subject to department approval. The department may disapprove an agreement under this section only if there is not a reasonable dispute over compensability.

(c) Upon approval, the agreement constitutes a compromise and release settlement and may not be reopened by the department ~~or by any court~~.

~~(d) The parties' failure to reach an agreement is not a dispute over which a mediator or the workers' compensation court has jurisdiction.~~

(2) (a) If an insurer has accepted initial liability for an injury, ~~permanent total and~~ permanent partial ~~wage supplement~~ *disability* benefits may be converted in whole *or in part* to a lump-sum payment.

~~(b) The conversion may be made only upon agreement between a claimant and an insurer.~~

(b) The total of any lump-sum conversion in part that is awarded to a claimant prior to the claimant's final award may not exceed the anticipated award under 39-71-703 or $20,000, whichever is less.

(c) ~~The~~ *An* agreement is subject to department approval. The department may ~~approve an agreement if:~~

~~(i) there is a reasonable dispute concerning the amount of the insurer's future liability or benefits; or~~

~~(ii) the amount of the insurer's projected liability is reasonably certain and the settlement amount is not substantially less than the present value of the insurer's liability~~ *disapprove an agreement only if the department determines that the settlement amount is inadequate. If disapproved, the department shall set forth in detail the reasons for disapproval.*

~~(d) The parties' failure to reach agreement is not a dispute over which a mediator or the workers' compensation court has jurisdiction.~~

~~(c)~~*(d)* Upon approval, the agreement constitutes a compromise and release settlement and may not be reopened by the department ~~or by any court~~.

~~(3) (a) Permanent partial wage supplement benefits may be converted in part to a lump-sum advance.~~

~~(b) The conversion may be made only upon agreement between a claimant and an insurer.~~

~~(c) The agreement is subject to department approval. The department may approve an agreement if the parties demonstrate that the claimant has financial need that:~~

~~(i) relates to the necessities of life or relates to an accumulation of debt incurred prior to injury; and~~

~~(ii) arises subsequent to the date of injury or arises because of reduced income as a result of the injury.~~

~~(d) The parties' failure to reach an agreement is not a dispute over which a mediator or the workers' compensation court has jurisdiction.~~

~~(4)~~*(3)* Permanent total disability benefits may be converted *in whole or in part* to a ~~lump-sum advance~~ *lump sum*. The total of all lump-sum ~~advance payments~~ *conversions in part that are awarded* to a claimant may not exceed $20,000. A conversion may be made only upon the written application of the injured worker with the concurrence of the insurer. Approval of the lump-sum ~~advance~~ payment rests in the discretion of the department. The approval or award of a lump-sum ~~advance~~ payment by the department or court must be the exception. It may be given only if the worker has demonstrated financial need that:

(a) relates to:

(4) Any lump-sum conversion of benefits under subsection (3) must be converted to present value using the rate prescribed under subsection (5)(b).

(5) (a) An insurer may recoup any lump-sum ~~advance~~ *payment* amortized at the rate established by the department, prorated biweekly over the projected duration of the compensation period.

(b) The rate adopted by the department must be based on the average rate for United States 10-year treasury bills in the previous calendar year, rounded to the nearest whole number.

(c) If the projected compensation period is the claimant's lifetime, the life expectancy must be determined by using the most recent table of life expectancy as published by the United States national center for health statistics.

(6) ~~The~~ *Subject to the other provisions of this section, the* department has full power, authority, and jurisdiction to allow, approve, or condition compromise settlements *for any type of benefits provided for under this chapter* or lump-sum ~~advances~~ *payments* agreed to by workers and insurers. All such compromise settlements and lump-sum payments are void without the approval of the department. Approval by the department must be in writing. The department shall directly notify a claimant of a department order approving or denying a claimant's compromise or lump-sum payment.

(7) ~~Subject to 39-71-2401, a~~ *A* dispute between a claimant and an insurer regarding the conversion of biweekly payments into a lump-sum ~~advance under subsection (4)~~ is considered a dispute, for which a mediator and the workers' compensation court have jurisdiction to make a determination. If an insurer and a claimant agree to a compromise and release settlement or a lump-sum ~~advance~~ *payment* but the department disapproves the agreement, the parties may request the workers' compensation court to review the department's decision."

CHAPTER NO. 577

[HB 906]

AN ACT INCREASING THE FEES PAID UNDER FIRE HAZARD REDUCTION AGREEMENTS AND MASTER FIRE HAZARD REDUCTION AGREEMENTS; ESTABLISHING A FORESTRY EXTENSION SERVICE SPECIAL REVENUE ACCOUNT FOR THE MONTANA UNIVERSITY SYSTEM; AMENDING SECTIONS 76-13-408 AND 76-13-414, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

The legislature has committed the state of Montana to a course of voluntary compliance with best management practices for forestry. The educational programs and expertise of the Montana state university forestry extension program are critical to the effectiveness and success of this approach. However, the forestry extension program requires the addition of a second extension forester to serve the needs of the state's commercial and 11,000 nonindustrial private forest landowners and to ensure protection of water quality and proper management of the state's forested lands.

The legislature believes that the extension service and the forest products industry should be equal partners in the continuation and the expansion of the forestry extension program. The forest products industry, as provided in 76-13-408 and 76-13-414, has committed $60,000 annually for the purpose of funding one additional extension forester position and one administrative position. This additional funding is intended to supplement the existing federal funding for extension forestry, and the legislature strongly urges the Montana state university extension program to match these commitments by earmarking $54,000 annually for the extension service's forestry and natural resources program.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-13-408, MCA, is amended to read:

"**76-13-408. Fire hazard reduction agreement and bond.** (1) Before cutting any forest product, constructing or reconstructing any road in contemplation of cutting any forest product, or conducting timber stand improvement, such as but not limited to thinning, weeding, or pruning, upon private lands within the state, the person conducting the work shall provide for the reduction or management of the fire hazard to be created by entering into a fire hazard reduction agreement or a master fire hazard reduction agreement with the department, providing for the full and faithful compliance with all requirements under this part and the faithful reduction or management of the fire hazard in the manner prescribed by law and by rules adopted by the board.

(2) Either the person conducting the work or the purchaser, as provided in 76-13-409(2), shall post a bond to the state in a form and for an amount

as may be prescribed by the department, but the amount may not exceed $6 for each 1,000 board feet (log scale) or the equivalent if forest products other than logs are cut.

(3) Either the person conducting the work or the purchaser, as provided in 76-13-409(2), shall pay 15 cents for each 1,000 board feet (log scale) or equivalent measure if forest products other than logs are cut. The assessment may not exceed $20,000 a year. The full amount of this money must be deposited in the forestry extension service account provided for in [section 3].

~~(3)~~*(4)* The agreement must provide that:

(a) all fire hazard reduction or management work comprising nonburning methods and preparations for burning must be completed within 18 months of commencement of cutting in the area covered by the agreement; and

(b) all burning work must be completed as specified in the agreement and in compliance with rules adopted by the board.

~~(4)~~*(5)* The bond must be released upon the issuance of the certificate of clearance."

Section 2. Section 76-13-414, MCA, is amended to read:

"**76-13-414. Fees.** (1) In addition to any bond, the department shall charge the contractor fees for administration, inspections, and enforcement work conducted in the exercise of its duties under this part. The fees must be deposited in the state special revenue fund to the credit of the department.

(2) (a) The fee for a fire hazard reduction agreement is $25 and must be collected by the department upon issuance of the agreement.

(b) In addition, a fee of 60 cents for each 1,000 board feet (log scale) must be charged or an equivalent fee must be charged if products other than logs are cut. This fee must be withheld by the purchaser as provided in 76-13-409(2), except that any fee money withheld for product volumes exceeding 500,000 board feet per agreement in a calendar year must be returned to the contractor by the department.

(3) *(a)* ~~Fees~~ *The fee* for master fire *hazard* reduction agreements must be equal to 100% of the department's actual costs incurred in the administration, inspection, and enforcement of each agreement, and the department shall bill the contractor annually to collect such fees.

(b) In addition, each contractor with a master fire hazard reduction agreement shall pay to the department 15 cents for each 1,000 board feet (log scale) or equivalent measure if forest products other than logs are cut. The assessment may not exceed $20,000 a year for each master fire hazard attachment. The full amount of this money must be deposited in the forestry extension service account provided for in [section 3].

(c) The fee required under subsection (3)(b) must be paid annually in conjunction with the fee paid under subsection (3)(a). The board may, in its discretion, conduct an audit to determine the volume of forest products harvested by a contractor. If the board conducts an audit, the contractor shall cooperate and make available to the board all requested records, inventories, and other information relevant to the audit."

Section 3. **Forestry extension service account — purpose — appropriation.** (1) There is a forestry extension service account in the current restricted fund provided for in 17-2-102.

(2) There must be deposited in the account:

(a) all revenue from the fire hazard reduction agreement provided for in 76-13-408(3);

(b) all revenue from the master fire hazard reduction agreement provided for in 76-13-414(3)(b); and

(c) money received by the department of state lands in the form of legislative appropriations, reimbursements, gifts, federal funds, or appropriations from any source intended to be used for the purposes of this account.

(3) Money in the account is available to the Montana university system by appropriation for the uses set forth in subsection (4). Any unencumbered and unexpended balance of this account remaining at the end of a fiscal year does not lapse but must be carried forward for the purposes of this section until expended or appropriated.

(4) Except as provided in subsection (5), money in the account may be used by the university system only to fund forestry services through the Montana cooperative extension service of Montana state university. The forestry services must be conducted at Montana state university, the university of Montana, and Flathead Valley community college.

(5) The use of money in this account by the Montana university system is contingent upon the university system funding the extension service's forestry and natural resources program at a biennial level of at least $108,000 from sources other than the account.

Section 4. **Effective date.** [This act] is effective on passage and approval.

Section 5. **Applicability.** [This act] applies to forest products cut after June 30, 1991.

Approved April 23, 1991.

[HB 930]

AN ACT INCORPORATING INTO MONTANA LAW THE FEDERAL PROVISIONS REGARDING PROTECTION AND ADVOCACY FOR THE MENTALLY ILL; OUTLINING THE GOALS AND AUTHORITY OF AN ELIGIBLE PROTECTION AND ADVOCACY SYSTEM FOR THE MENTALLY ILL IN MONTANA; AND AMENDING SECTIONS 53-21-141, 53-21-142, 53-21-144, 53-21-146, 53-21-147, 53-21-162, 53-21-166, AND 53-21-181, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Protection and advocacy system — designation and authority.** (1) A protection and advocacy system for individuals with a significant mental illness or emotional impairment is designated by the governor and may be administered in the state under the provisions of 42 U.S.C. 10801 through 10851. An eligible mental health protection and advocacy system under the provisions of 42 U.S.C. 10801 through 10851 must have as its primary goals:

(a) the protection and advocacy of the rights of mentally ill individuals who are defined in 42 U.S.C. 10802 as individuals with a significant mental illness or emotional impairment; and

(b) the investigation of incidents of abuse and neglect, as defined in 42 U.S.C. 10802, of mentally ill individuals.

"**53-21-141. Civil and legal rights of person committed.** (1) Unless specifically stated in an order by the court, a person involuntarily committed to a facility for a period of evaluation or treatment does not forfeit any legal right or suffer any legal disability by reason of the provisions of this part except insofar as it may be necessary to detain the person for treatment, evaluation, or care. All communication between an alleged mentally ill person and a professional person is privileged under normal privileged communication rules unless it is clearly explained to the person in advance that the purpose of an interview is for evaluation and not treatment.

(2) Whenever a person is committed to a mental health facility for a period of 3 months or longer, the court ordering the commitment may make an order stating specifically any legal rights which are denied the respondent and any legal disabilities which are imposed on him. As part of its order, the court may appoint a person to act as conservator of the respondent's property. Any conservatorship created pursuant to this section terminates upon the conclusion of the involuntary commitment if not sooner terminated by the court. A conservatorship or guardianship extend-

(3) A person who has been committed to a mental health facility pursuant to this part is automatically restored upon the termination of the commitment to all of his civil and legal rights which may have been lost when he was committed. This subsection does not affect, however, a guardianship or conservatorship created independently of the commitment proceedings according to the provisions of Montana law relating to the appointment of conservators and guardians generally. A person who leaves a mental health facility following a period of evaluation and treatment shall be given a written statement setting forth the substance of this subsection.

(4) A person committed to a mental health facility prior to July 1, 1975, enjoys all the rights and privileges of a person committed after that date."

CHAPTER NO. 580

[HB 942]

AN ACT CREATING A STATUTORY SHORT FORM POWER OF ATTORNEY; PROVIDING FOR THE FORM, CONSTRUCTION, AND MODIFICATION OF THE POWER OF ATTORNEY; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Statutory short form of general power of attorney — formal requirements — joint agents.** (1) The use of the following form, or a form substantially similar to the following form, in the creation of a power of attorney is lawful, and when used, the form must be construed in accordance with the provisions of [sections 1 through 16]:

NOTICE: THE POWERS GRANTED BY THIS DOCUMENT ARE BROAD AND SWEEPING. THEY ARE DEFINED IN [SECTIONS 2 THROUGH 16]. IF YOU HAVE ANY QUESTIONS ABOUT THESE POWERS, OBTAIN COMPETENT ADVICE. THE USE OF ANY OTHER OR DIFFERENT FORM OF POWER OF ATTORNEY DESIRED BY THE PARTIES IS ALSO PERMITTED. THIS POWER OF ATTORNEY MAY BE REVOKED BY YOU IF YOU LATER WISH TO DO SO. THIS POWER OF ATTORNEY AUTHORIZES BUT DOES NOT REQUIRE THE ATTORNEY-IN-FACT TO ACT FOR YOU.

Know all by these presents, which are intended to constitute a STATUTORY SHORT FORM POWER OF ATTORNEY pursuant to this section:

That I .... (insert name and address of the principal) do hereby appoint .... (insert name and address of the attorney-in-fact or each attorney-in-fact if more than one is designated) my attorney(s)-in-fact to act (jointly):

(NOTE: If more than one attorney-in-fact is designated and the principal wishes each attorney-in-fact alone to be able to exercise the power conferred, delete the word "jointly". Failure to delete the word "jointly" will require the attorneys-in-fact to act unanimously.)

First: in my name, place, and stead in any way that I myself could do, if I were personally present, with respect to the following matters as each of them is defined in [sections 2 through 16]:

(To grant to the attorney-in-fact any of the following powers, make a check or "X" in the line in front of each power being granted. To delete any of the following powers, do not make a check or "X" in the line in front of the power. You may, but need not, cross out each power being deleted with a line drawn through it (or in similar fashion). Failure to make a check or "X" in the line in front of the power will have the effect of deleting the power unless the line in front of the power of (O) is checked or X-ed.)

Check or "X"

.... (A) real property transactions;

.... (B) tangible personal property transactions;

.... (C) bond, share, and commodity transactions;

.... (D) banking transactions;

.... (E) business operating transactions;

...... (F) insurance transactions;

...... (G) beneficiary transactions;

...... (H) gift transactions;

...... (I) fiduciary transactions;

...... (J) claims and litigation;

...... (K) family maintenance;

...... (L) benefits from military service;

...... (M) records, reports, and statements;

...... (N) all other matters;

...... (O) all of the powers listed in (A) through (N).

Second: (You must indicate below whether or not this power of attorney will be effective if you become incompetent. Make a check or "X" in the line in front of the statement that expresses your intent.)

..... This power of attorney shall continue to be effective if I become incompetent. It shall not be affected by my later disability or incompetency.

..... This power of attorney shall not be effective if I become incompetent.

Third: (You must indicate below whether or not this power of attorney authorizes the attorney-in-fact to transfer your property directly to the attorney-in-fact. Make a check or "X" in the line in front of the statement that expresses your intent.)

..... This power of attorney authorizes the attorney-in-fact to receive the transfer directly.

..... This power of attorney does not authorize the attorney-in-fact to receive the transfer directly.

In witness whereof I have hereunto signed my name this .... day of ...., 19...

....

(2) Any of the powers of the form in subsection (1) that are not checked or X-ed are withheld by the principal from the attorney-in-fact unless the power of (O) on the form in subsection (1) is checked or X-ed. The withholding by the principal from the attorney-in-fact of any of the powers of (A)

(b) to prepare, execute, and file all tax and tax information returns, for all periods, required by the laws of the United States, any state or subdivision of a state, or any foreign government; to prepare, execute, and file all other tax-related documents for all tax periods, including requests for extension of time, offers, waivers, consents, powers of attorney, closing agreements, and petitions to any tax court regarding tax matters; and to prepare, execute, and file all other instruments that the attorney-in-fact considers desirable or necessary for the safeguarding of the principal against excessive or illegal taxation or against penalties imposed for claimed violation of any law or other governmental regulation, it being the intent of this provision that it is sufficiently definite to permit the attorney-in-fact to represent the principal respecting all taxes that the principal has paid and all tax returns that the principal has filed, either personally or through an agent, with the internal revenue service or any other agency of the United States government, any state department of revenue, any political subdivision of a state, and any foreign country or political subdivision of a foreign country;

(c) to prepare, execute, and file any return, report, declaration, or other document required by the laws of the United States, any state or subdivision of a state, or any foreign government, including, by way of illustration but not of restriction, any report or declaration required by the social security administration, the commissioner of jobs and training, or other similar governmental agency that the attorney-in-fact considers to be desirable or necessary for the safeguarding or maintenance of the principal's interest;

(d) to prepare, execute, and file any record, report, or statement that the attorney-in-fact considers desirable or necessary for the safeguarding or maintenance of the principal's interest with respect to price, rent, wage, or rationing control or other governmental activity;

(e) to hire, discharge, and compensate any attorney, accountant, or other assistant when the attorney-in-fact considers that action to be desirable for the proper execution by the attorney-in-fact of any of the powers described in this section; and

(f) in general and in addition to all the specific acts listed in this section, to do any other acts in connection with the preparation, execution, filing, storage, or other use of any records, reports, or statements of or concerning the principal's affairs.

(2) All powers described in this section are exercisable equally with respect to any records, reports, or statements of or concerning the affairs of the principal existing at the giving of the power of attorney or arising after that time, whether arising in Montana or elsewhere.

Section 15. **All other matters.** In a statutory short form power of attorney, the language conferring general authority with respect to all other matters means that the principal authorizes the attorney-in-fact to act as an alter ego of the principal with respect to any and all possible matters and affairs affecting property owned by the principal that are not enumerated in [sections 2 through 14] and that the principal can do through an agent.

Section 16. **Modification to statutory short form power of attorney.** A power of attorney that satisfies the requirements of [section 1(1)] is not prevented from being a statutory short form power of attorney by the fact that:

(1) it creates a nondurable power of attorney instead of a durable power of attorney;

(2) it provides for one or more named successors to the attorney-in-fact originally named;

(3) it provides that the attorney-in-fact shall render an accounting to the principal or other designated person; or

(4) it provides for an effective date or expiration date, or both.

Section 17. **Effective date.** [This act] is effective on passage and approval.

CHAPTER NO. 581

[HB 968]

AN ACT AUTHORIZING THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO ADOPT A STANDARD MEANS OF IDENTIFICATION FOR PERSONS FOR WHOM A MEDICAL ORDER NOT TO PERFORM CARDIOPULMONARY RESUSCITATION EXISTS IN ORDER TO PREVENT THE APPLICATION OF LIFE-SUSTAINING PROCEDURES; PROVIDING FOR CIVIL AND CRIMINAL IMMUNITY FOR HEALTH CARE PROFESSIONALS WITHHOLDING LIFE-SUSTAINING PROCEDURES PURSUANT TO A DO NOT RESUSCITATE ORDER OR TO PERSONS POSSESSING THE IDENTIFICATION; REQUIRING THE TRANSFER TO ANOTHER CAREGIVER UNDER CERTAIN CIRCUMSTANCES OF PATIENTS POSSESSING THE STANDARD IDENTIFICATION; REQUIRING EMERGENCY MEDICAL PERSONNEL OTHER THAN PHYSICIANS TO COMPLY WITH DO NOT RESUSCITATE ORDERS; PROVIDING FOR THE EFFECT ON INSURANCE POLICIES; REQUIRING THE DEPARTMENT TO ADOPT RULES; PROVIDING PENALTIES; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 5] grants the department of health and environmental sciences authority to adopt rules implementing the bill. It is intended that the rules adopt by reference the board of medical examiners' do not resuscitate protocol and address, among other things, a standard form of statewide do not resuscitate identification, a form for a do not resuscitate order, training for emergency medical services personnel to inform them of the provisions of the bill and its implementing rules, and standards that emergency medical personnel shall follow when presented with do not resuscitate identification. It is also the intent of the legislature that the do not resuscitate identification adopted pursuant to this bill may be identical to that adopted pursuant to

Title 50, chapter 9, and that the rules adopted pursuant to this bill may be correlated and intermingled with the rules adopted pursuant to 50-9-110.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in [sections 1 through 6], unless the context clearly requires otherwise, the following definitions apply:

(1) "Attending physician" has the meaning provided in 50-9-102.

(2) "Board" means the state board of medical examiners.

(3) "Department" means the department of health and environmental sciences.

(4) "DNR identification" means a standardized identification card, form, necklace, or bracelet of uniform size and design, approved by the department, that signifies that the possessor has executed a declaration, as provided in 50-9-103, that has not been revoked or that the possessor's attending physician has issued a do not resuscitate order for the possessor and has documented the grounds for the order in the possessor's medical file.

(5) "Do not resuscitate order" means a directive from a licensed physician that emergency life-sustaining procedures should not be administered to a particular person.

(6) "Do not resuscitate protocol" means a standardized method of procedure, approved by the board and adopted in the rules of the department, for the withholding of emergency life-sustaining procedures by physicians and emergency medical services personnel.

(7) "Emergency medical services personnel" has the meaning provided in 50-9-102.

(8) "Health care facility" has the meaning provided in 50-5-101.

(9) "Life-sustaining procedure" means cardiopulmonary resuscitation or a component of cardiopulmonary resuscitation.

(10) "Physician" means a person licensed under Title 37, chapter 3, to practice medicine in this state.

Section 2. **Immunities.** (1) The following are not subject to civil or criminal liability and are not guilty of unprofessional conduct upon discovery of DNR identification upon a person:

(a) a physician who causes the withholding or withdrawal of life-sustaining procedure from that person;

(b) a person who participates in the withholding or withdrawal of life-sustaining procedures under the direction or with the authorization of a physician;

(c) emergency medical services personnel who cause or participate in the withholding or withdrawal of life-sustaining procedures from that person;

(d) a health care facility in which withholding or withdrawal of life-sustaining procedures from that person occurs;

(e) physicians, persons under the direction or authorization of a physician, emergency medical services personnel, or health care facilities that provide life-sustaining procedures pursuant to an oral or written request communicated to them by a person who possesses DNR identification.

(2) The provisions of subsections (1)(a) through (1)(d) apply when a life-sustaining procedure is withheld or withdrawn in accordance with the do not resuscitate protocol.

(3) Emergency medical services personnel who follow a do not resuscitate order from a licensed physician are not subject to civil or criminal liability and are not guilty of unprofessional conduct.

Section 3. **Adherence to do not resuscitate protocol — transfer of patients.** (1) Emergency medical services personnel other than physicians shall comply with the do not resuscitate protocol when presented with either do not resuscitate identification, an oral do not resuscitate order issued directly by a physician, or a written do not resuscitate order entered on a form prescribed by the department.

(2) An attending physician or a health care facility unwilling or unable to comply with the do not resuscitate protocol shall take all reasonable steps to transfer a person possessing DNR identification to another physician or to a health care facility in which the do not resuscitate protocol will be followed.

Section 4. **Effect on insurance — patient's decision.** (1) Death resulting from the withholding or withdrawal of emergency life-sustaining procedures pursuant to the do not resuscitate protocol and in accordance with [sections 1 through 6] is not, for any purpose, a suicide or homicide.

(2) The possession of DNR identification pursuant to [sections 1 through 6] does not affect in any manner the sale, procurement, or issuance of any policy of life insurance, nor does it modify the terms of an existing policy of life insurance. A policy of life insurance is not legally impaired or invalidated in any manner by the withholding or withdrawal of emergency life-sustaining procedures from an insured person possessing DNR identification, notwithstanding any term of the policy to the contrary.

(3) A physician, health care facility, or other health care provider and a health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital plan may not require a person to possess DNR identification as a condition for being insured for or receiving health care services.

(4) [Sections 1 through 6] do not create a presumption concerning the intention of an individual who does not possess DNR identification with respect to the use, withholding, or withdrawal of emergency life-sustaining procedures.

(5) [Sections 1 though 6] do not increase or decrease the right of a patient to make decisions regarding the use of emergency life-sustaining procedures if the patient is able to do so, nor do [sections 1 through 6] impair or supersede any right or responsibility that a person has to effect the withholding or withdrawal of medical care in any lawful manner. In that respect, the provisions of [sections 1 through 6] are cumulative.

(6) [Sections 1 through 6] do not authorize or approve mercy killing.

Section 5. **Rulemaking authority.** (1) Upon the adoption of a do not resuscitate protocol by the board, the department may adopt a standard form of DNR identification to be used statewide.

(2) The department shall adopt rules to administer the provisions of [sections 1 through 6].

Section 6. **Penalties.** (1) A physician who willfully fails to transfer a patient in accordance with [section 3] is guilty of a misdemeanor punishable by a fine not to exceed $500 or imprisonment in the county jail for a term not to exceed 1 year, or both.

(2) A person who purposely conceals, cancels, defaces, or obliterates the DNR identification of another without the consent of the possessor or who falsifies or forges a revocation of the DNR identification of another is guilty of a misdemeanor punishable by a fine not to exceed $500 or imprisonment in the county jail for a term not to exceed 1 year, or both.

(3) A person who falsifies or forges the DNR identification of another or purposely conceals or withholds personal knowledge of a revocation of DNR identification with the intent to cause the use, withholding, or withdrawal of life-sustaining procedures is guilty of a misdemeanor punishable by a fine not to exceed $500 or imprisonment in the county jail for a term not to exceed 1 year, or both.

Section 7. **Effective date.** [This act] is effective on passage and approval.

Approved April 23, 1991.

(g) The amount of 95% of each motorcycle endorsement fee must be deposited into the motorcycle safety training account in the state special revenue fund.

(2) (a) If fees from driver's licenses, commercial vehicle operator's endorsements, motorcycle endorsements, and duplicate driver's licenses are collected by a county treasurer or other agent of the department, he shall deposit the amounts provided for in subsections (1)(b)(i) and (1)(c)(i) into the county general fund. He shall then remit to the state treasurer all remaining fees, together with a statement indicating what portion of each fee is to be deposited into the account in the state special revenue fund as provided in subsection (1)(a), the state traffic education account, *the motorcycle safety training account,* and the state general fund. The state treasurer, upon receipt of the fees and statement, shall deposit the fees as provided in subsections (1)(a), (1)(d), (1)(e), ~~and~~ (1)(f), *and (1)(g).*

(b) If fees from driver's licenses, commercial vehicle operator's endorsements, motorcycle endorsements, and duplicate driver's licenses are collected by the department, it shall remit all fees to the state treasurer, together with a statement indicating what portion of each fee is to be deposited into the account in the state special revenue fund as provided in subsection (1)(a), the state special revenue fund, the state traffic education account, *the motorcycle safety training account,* and the state general fund. Be it enacted by the Legislature of the State of Montana:

Section 1. **Fraternal benefit societies.** Any incorporated or unincorporated society, order, or supreme lodge, without capital stock, including a society exempted under the provisions of [section 38(1)(b)], that is conducted solely for the benefit of its members and their beneficiaries and not for profit, that is operated on a lodge system with ritualistic forms of work, that has a representative form of government, and that provides benefits in accordance with [sections 1 through 38], is a fraternal benefit society.

Section 2. **Lodge system.** (1) A society is operating on the lodge system if it has a supreme governing body and subordinate lodges into which members are elected, initiated, or admitted in accordance with its laws, rules, and ritual. Subordinate lodges must be required by the laws of the society to hold regular meetings at least once a month in furtherance of the purposes of the society.

(2) A society may organize and operate lodges for children under the minimum age for adult membership. Membership and initiation in local lodges may not be required of children, and children may not have a voice or vote in the management of a society.

Section 3. **Representative form of government.** (1) A society has a representative form of government if it has a supreme governing body organized as provided in subsection (2) or (3).

(2) (a) The supreme governing body may be an assembly composed of delegates who meet the criteria of subsection (5) and who are elected either by the members directly or at intermediate assemblies or conventions of members or their representatives, together with other delegates as may be prescribed in the society's laws. A society may provide for election of delegates by mail.

(b) The delegates elected must be a majority of delegates and may not have less than a majority of the votes and not less than the number of votes required to amend the society's laws. The assembly must be elected and shall meet at least once every 4 years and shall elect a board of directors to conduct the business of the society between meetings of the assembly.

(c) Vacancies on the board of directors may be filled in the manner prescribed by the society's laws.

(3) (a) (i) The supreme governing body may be:

(A) a board composed of persons who meet the criteria of subsection (5) and who are elected by the members, either directly or by their representatives in intermediate assemblies; and

(B) any other persons prescribed in the society's laws.

(ii) A society may provide for election of the board by mail.

(b) The term of a board member may not exceed 4 years. Vacancies on the board may be filled in the manner prescribed in the society's laws.

(c) The persons elected to the board must be a majority of the board and may not be less than the number of votes required to amend the society's laws. A person filling an unexpired term of an elected board member is considered to be an elected board member.

(d) The board shall meet at least quarterly to conduct the business of the society.

(4) The officers of the society must be elected either by the assembly or by the board of directors, either of which constitutes the supreme governing body.

(5) Only benefit members are eligible for election to the assembly, the board of directors, or an intermediate assembly.

(6) Each voting member shall have one vote. A vote may not be cast by proxy.

Section 4. **Definitions.** As used in [sections 1 through 38], unless the context requires otherwise, the following definitions apply:

(1) "Benefit contract" means the agreement for provision of authorized benefits described in [section 16].

(2) "Benefit member" means an adult member who is designated by the laws or rules of the society to be a benefit member under a benefit contract.

(3) "Certificate" means the document issued as written evidence of the benefit contract.

(4) "Laws" means the society's articles of incorporation, charter, constitution, and bylaws.

(5) "Lodge" means subordinate member units of the society, known as camps, courts, councils, or branches or by any other designation.

(6) "Premiums" means premiums, rates, dues, or other required contributions that are payable under the certificate.

(7) "Rules" means all rules, regulations, or resolutions that are adopted by the supreme governing body or board of directors and that are intended to have general application to the members of the society.

(8) "Society" means a fraternal benefit society described in [section 1]. The term includes an order or supreme lodge.

Section 5. **Purposes and powers.** (1) A society shall operate for the benefit of members and their beneficiaries by:

(a) providing benefits as provided in [section 16]; and

(b) providing for one or more social, intellectual, educational, charitable, benevolent, moral, fraternal, patriotic, or religious purposes, which may be extended to others. The purposes may be carried out directly by the society or indirectly through subsidiary corporations or affiliated organizations.

(2) A society may adopt laws and rules for the government of the society, the admission of its members, and the management of its affairs. It may amend laws and rules and exercise powers necessary and incidental to the objectives and purposes of the society.

Section 6. **Qualification for membership.** (1) A society shall specify in its laws or rules:

(a) eligibility standards for each class of membership. However, if benefits are provided on the lives of children, the minimum age for adult membership must be set at not less than 15 years of age and not more than 21 years of age.

(b) the process for admission to each membership class; and

(c) the rights and privileges of each membership class. However, only benefit members may vote on the management of the insurance affairs of the society.

(2) A society may admit social members who have no voice or vote in the management of the insurance affairs of the society.

(3) Membership rights in the society are personal to the member and are not assignable.

Section 7. **Location of office — meetings — communication to members — grievance procedures.** (1) The principal office of a domestic society must be located in this state. The meetings of its supreme governing body may be held in any state, district, province, or territory where the society has at least five subordinate lodges or in a location determined by the supreme governing body. All business transacted at meetings is valid. The minutes of the proceedings of the supreme governing body and of the board of directors must be in English.

(2) (a) A society may provide in its laws for an official publication in which any notice, report, or statement required by law to be given to members, including notice of election, may be published. Required reports, notices, and statements must be printed conspicuously in the publication. If the records of a society show that two or more members have the same mailing address, an official publication mailed to one member is considered

to be mailed to all members at the same address unless a member requests a separate copy.

(b) Not later than June 1 of each year, a synopsis of the society's annual statement, providing an explanation of the facts concerning the condition of the society, must be printed and mailed to each benefit member of the society, or the synopsis may be published in the society's official publication.

(3) A society may provide in its laws or rules for grievance or complaint procedures for members.

Section 8. **No personal liability.** (1) The officers and members of the supreme governing body or any subordinate body of a society are not personally liable for any benefits provided by a society.

(2) A person may be indemnified and reimbursed by a society for expenses reasonably incurred by and liabilities imposed upon him in connection with or arising out of an action, suit, or proceeding (whether civil, criminal, administrative, or investigative) or threat thereof in which the person may be involved by reason of the fact that he is or was a director, officer, employee, or agent of the society or of a firm, corporation, or organization that he served in any capacity at the request of the society.

(3) (a) A person may not be indemnified or reimbursed in relation to any matter in an action, suit, or proceeding:

(i) in which he is finally found to be guilty of breach of a duty as a director, officer, employee, or agent of the society; or

(ii) that is the subject of a compromise settlement.

(b) A person may be indemnified or reimbursed if he acted in good faith for a purpose he reasonably believed to be in, or not opposed to, the best interests of the society and, in a criminal action or proceeding, in addition, had no reasonable cause to believe that his conduct was unlawful.

(4) The determination of whether the person's conduct met the standard required in order to justify indemnification or reimbursement in relation to any matter described in subsection (3) may be made only by the supreme governing body or board of directors by a majority vote of a quorum consisting of persons who were not parties to the action, suit, or proceeding or by a court of competent jurisdiction. The termination of an action, suit, or proceeding by a judgment, order, settlement, or conviction or upon a plea of no contest, does not create a conclusive presumption that the person did not meet the standard of conduct required in order to justify indemnification or reimbursement. The right of indemnification or reimbursement is not exclusive of other rights to which the person may be entitled as a matter of law, and the right inures to the benefit of his heirs, executors, and administrators.

(5) A director, officer, employee, member, or volunteer of a society who serves without compensation may not be held liable, and a cause of action may not be brought, for damages resulting from the exercise of judgment

or discretion in connection with the person's duties or responsibilities for the society unless the act or omission involved willful or wanton misconduct.

(6) A society may purchase and maintain liability insurance for acts incurred in the course and scope of the position for a person who is or was a director, officer, employee, or agent of the society or who is or was serving at the request of the society as a director, officer, employee, or agent of any other firm, corporation, or organization.

Section 9. **Waiver.** The laws of the society may provide that a subordinate body or any of its subordinate officers or members may not waive any of the provisions of the laws of the society. The provision is binding on the society and every member and beneficiary of a member.

Section 10. **Organization.** A domestic society organized on or after January 1, 1992, must be formed as follows:

(1) Ten or more citizens of the United States, a majority of whom are residents of this state, who desire to form a fraternal benefit society, may make, sign, and acknowledge before a notary public, an application for articles of incorporation that states:

(a) the proposed corporate name of the society, which may not so closely resemble the name of any society or insurance company as to be misleading or confusing;

(b) the purposes for which it is being formed and the mode in which its corporate powers are to be exercised. The purposes may not include more liberal powers than are granted by [sections 1 through 38].

(c) the names and residences of the incorporators and the names, residences, and official titles of all the officers, trustees, directors, or other persons who are to have and exercise the general control of the management of the affairs and funds of the society for the first year or until the ensuing election at which all officers are elected by the supreme governing body. The election must be held not later than 1 year from the date of issuance of the permanent certificate of authority.

(2) The application for articles of incorporation, certified copies of the society's bylaws and rules, copies of all proposed forms of certificates, applications for certificates, and circulars to be issued by the society, and a bond conditioned upon the return to applicants of the advanced payments if the organization is not completed within 1 year must be filed with the commissioner, who may require further information considered necessary. The bond, with sureties approved by the commissioner, must be in an amount, not less than $300,000 or more than $1,500,000, required by the commissioner. All documents filed must be in English. If the purposes of the society conform to the requirements of [sections 1 through 38] and all provisions of law have been complied with, the commissioner shall certify, retain, and file the articles of incorporation and furnish to the incorporators a preliminary certificate of authority authorizing the society to solicit members.

(3) A preliminary certificate of authority granted under the provisions of this section is not valid after 1 year from its date of issuance or after an extended period, not exceeding 1 year, as may be authorized by the commissioner upon good cause shown, unless the 500 applicants required under subsection (4) have been secured and the organization has been completed. The charter and all other proceedings under the charter are void 1 year from the date of issuance of the preliminary certificate of authority or at the expiration of the extended period, unless the society has completed its organization and received a certificate of authority to do business.

(4) Upon receipt of a preliminary certificate of authority from the commissioner, the society may solicit members for the purpose of completing its organization, shall collect from each applicant the amount of not less than one regular monthly premium in accordance with its table of rates, and shall issue to each applicant a receipt for the amount collected. A society may not incur a liability other than for the return of an advance premium, issue any certificate, or pay, allow, offer, or promise to pay or allow any benefit to a person until:

(a) actual applications for benefits have been secured, aggregating at least $500,000, on not less than 500 applicants, and any necessary evidence of insurability has been furnished to and approved by the society;

(b) at least 10 subordinate lodges have been established into which the 500 applicants have been admitted;

(c) there has been submitted to the commissioner, under oath of the president, secretary, or corresponding officer of the society, a list of the applicants, giving their names, addresses, date each was admitted, name and number of the subordinate lodge of which each applicant is a member, amount of benefits to be granted, and premiums for benefits; and

(d) it has been shown to the commissioner, by sworn statement of the treasurer or the corresponding officer of the society, that at least 500 applicants have each paid in cash at least one regular monthly premium. The aggregate premiums must amount to at least $150,000. The advance premiums must be held in trust during the period of organization. If the society has not qualified for a certificate of authority within 1 year, unless extended as provided in subsection (3), the premiums must be returned to the applicants.

(5) The commissioner may in his discretion require and examine additional information he considers advisable. Upon presentation of satisfactory evidence that the society has complied with all the provisions of law, the commissioner shall issue a certificate of authority to the society, authorizing it to transact business pursuant to the provisions of [sections 1 through 38]. The certificate of authority is prima facie evidence of the existence of the society at the date of the certificate. The commissioner shall record the certificate of authority.

(6) A society authorized to transact business in this state on January 1, 1992, is not required to reincorporate.

(7) An unincorporated or voluntary association may not transact business in this state as a society. Every voluntary association incorporated as provided in section 629(2), Chapter 286, Laws of 1959, may incur the obligations and enjoy the benefits of a society as if it were originally incorporated, and the corporation is considered a continuation of the original voluntary association. The officers must be elected and serve as provided in its articles of incorporation. Incorporation of a voluntary association does not affect existing suits, claims, or contracts.

Section 11. **Amendments to laws.** (1) A domestic society may amend its laws in accordance with the provisions of its laws by action of its supreme governing body at any regular or special meeting or, if its laws provide, by referendum. The referendum may be held in accordance with the provisions of its laws by a vote of the voting members of the society, by a vote of delegates or representatives of voting members, or by a vote of local lodges. A society may provide for voting by mail. An amendment submitted by referendum may not be adopted unless, within 6 months from the date of submission, a majority of the members voting have signified their consent to the amendment.

(2) An amendment to the laws of a domestic society does not take effect unless approved by the commissioner of insurance, who shall approve the amendment if he finds that it has been adopted and is not inconsistent with any requirement of the laws of this state or with the character, objectives, and purposes of the society. Unless the commissioner disapproves an amendment within 60 days after its filing, the amendment is considered approved. The approval or disapproval of the commissioner must be in writing and mailed to the secretary or corresponding officer of the society at its principal office. If the commissioner disapproves an amendment, the reasons for the disapproval must be stated in the written notice.

(3) Within 90 days of approval by the commissioner, all amendments or a synopsis of the amendments must be furnished to all members of the society, either by mail or by publication in full in the official publication of the society.

(4) A foreign or alien society authorized to do business in this state shall file with the commissioner a certified copy of all amendments of or additions to its laws within 90 days after their enactment.

(5) Printed copies of the laws, as amended, that are certified by the secretary or a corresponding officer of the society are prima facie evidence of their legal adoption.

Section 12. **Institutions.** (1) A society may create, maintain, and operate, or may establish organizations to operate, not-for-profit institutions to further the purposes permitted by [section 5(1)(b)]. The institutions may furnish services free or at a reasonable charge. Any real or personal property owned, held, or leased by the society for these purposes must be reported in every annual statement but may not be allowed as an admitted asset of the society.

(2) A society may not own or operate funeral homes or undertaking establishments.

Section 13. **Reinsurance.** (1) A domestic society may, by a reinsurance agreement, cede any individual risk or risks in whole or in part to an insurer, other than another fraternal benefit society, having the power to make the reinsurance and authorized to do business in this state or, if not authorized to do business in this state, an insurer that is approved by the commissioner of insurance. A society may not reinsure substantially all of its insurance in force without the written permission of the commissioner. A society may take credit for the reserves on the ceded risks to the extent reinsured. A credit may not be allowed as an admitted asset or as a deduction from liability to a ceding society for reinsurance made, ceded, renewed, or otherwise becoming effective on or after July 1, 1992, unless the reinsurance is payable by the assuming insurer on the basis of the liability of the ceding society under the contract or contracts reinsured without diminution because of the insolvency of the ceding society.

(2) Notwithstanding the limitation in subsection (1), a society may reinsure the risks of another society in a consolidation or merger approved by the commissioner under [section 14].

Section 14. **Consolidations and mergers.** (1) A domestic society may consolidate or merge with any other society by complying with the provisions of this section. The consolidated or merged society shall file with the commissioner of insurance:

(a) a certified copy of the written contract containing in full the terms and conditions of the consolidation or merger;

(b) a sworn statement by the president and secretary or corresponding officers of each society showing the financial condition of each society on a date fixed by the commissioner, but not earlier than December 31 preceding the date of the contract;

(c) a certificate of the officers of each society, verified by their respective oaths, that the consolidation or merger has been approved by a two-thirds vote of the supreme governing body of each society, held at a regular or special meeting of each body or, if the society's laws permit, by mail; and

(d) evidence that at least 60 days prior to the action of the supreme governing body of each society, the text of the contract was furnished to all members of each society, either by mail or by publication in full in the official publication of each society.

(2) If the commissioner finds that the contract containing the terms and conditions of the proposed consolidation or merger is in conformity with this section, that the financial statements are correct, and that the consolidation or merger is just and equitable to the members of each society, the commissioner shall approve the contract and issue a certificate approving the contract.

(3) Upon approval, the contract is in full force and effect unless a society that is a party to the contract is incorporated under the laws of any other state, district, territory, province, or country. In that event, the consolidation or merger is not effective until it is approved as provided by the laws of that state, district, territory, province, or country and a certificate of approval has been filed with the commissioner of insurance of this state.

(4) When the consolidation or merger becomes effective, all the rights, franchises, and interests of the consolidated or merged societies in and to every type of property, real, personal, or mixed, and things in action pertaining to the property are vested in the society resulting from or remaining after the consolidation or merger without any other instrument, except that conveyances of real property may be evidenced by deeds. The title to any real property or interest in real property vested under the laws of this state in any of the societies consolidated or merged may not revert or be impaired by reason of the consolidation or merger, but the title vests in the society resulting from or remaining after the consolidation or merger.

(5) The affidavit of any officer of the society or of anyone authorized by the society to mail a notice or document, stating that the notice or document has been addressed and mailed, is prima facie evidence that the notice or document has been furnished to the addressees.

Section 15. **Conversion of a society into a mutual life insurance company.** A domestic society may be converted and licensed as a mutual life insurance company by compliance with all the applicable requirements of Title 33 if the plan of conversion has been approved by the commissioner of insurance. The board of directors shall prepare a written plan of conversion that sets forth in full the terms and conditions of conversion. An affirmative vote of two-thirds of all members of the supreme governing body at a regular or special meeting is necessary for the approval of the plan. A conversion may not take effect unless approved by the commissioner, who may approve the conversion if he finds that the proposed change is in conformity with the requirements of law and not prejudicial to the certificate holders of the society.

Section 16. **Benefits.** (1) A society may provide the following contractual benefits in any form:

(a) death benefits;

(b) endowment benefits;

(c) annuity benefits;

(d) temporary or permanent disability benefits;

(e) hospital, medical, or nursing benefits;

(f) monument or tombstone benefits to the memory of deceased members; and

(g) other benefits authorized for life insurers that are not inconsistent with [sections 1 through 38].

(2) A society shall specify in its rules those persons who may be issued or covered by the contractual benefits in subsection (1), consistent with providing benefits to members and their dependents. A society may provide benefits on the lives of children under the minimum age for adult membership upon application of an adult person.

Section 17. **Beneficiaries.** (1) The owner of a benefit contract may change the beneficiary or beneficiaries in accordance with the laws or rules of the society unless the owner waives this right by specifically requesting in writing that the beneficiary designation be irrevocable. A society may, through its laws or rules, limit the scope of beneficiary designations and shall provide that a revocable beneficiary may not have or obtain a vested interest in the proceeds of a certificate until the certificate becomes due and payable under the provisions of the benefit contract.

(2) A society may make provision for the payment of funeral benefits of up to $500 under a certificate due to a person equitably entitled to payment for the burial of a member.

(3) If, at the death of any person insured under a benefit contract, there is no lawful beneficiary to whom the proceeds are payable, the amount of the benefit, except to the extent that funeral benefits may be paid as provided in subsection (2), is payable to the estate of the deceased. If the owner of the certificate is a person other than the insured, the proceeds are payable to the owner.

Section 18. **Benefits not attachable.** Money or other benefits, charity, relief, or aid to be paid, provided, or rendered by a society is not liable to attachment, garnishment, or other process and may not be seized, taken, appropriated, or applied by any legal or equitable process or operation of law to pay any debt or liability of a member, a beneficiary, or any other person who may have a right to the benefit, either before or after payment by the society.

Section 19. **Benefit contract.** (1) A society authorized to do business in this state shall issue to the owner of a benefit contract a certificate specifying the amount of benefits provided. The certificate must state that the certificate, together with any attached riders or endorsements, the laws of the society, the application for membership, the application for insurance and declaration of insurability, if any, signed by the applicant, and all amendments to each, constitutes the benefit contract, as of the date of issuance, between the society and the owner. A copy of the application for insurance and declaration of insurability, if any, must be endorsed upon or attached to the certificate. All statements on the application must be representations and not warranties. Any waiver of this provision is void.

(2) Any changes, additions, or amendments to the laws of the society made or enacted after the issuance of the certificate bind the owner and the beneficiaries and control the benefit contract in all respects as if the changes, additions, or amendments were in force at the time of the application for insurance. However, a change, addition, or amendment does not

destroy or diminish benefits that the society contracted to give the owner as of the date of issuance.

(3) A person upon whose life a benefit contract is issued before attaining the age of majority is bound by the terms of the application and certificate and by all the laws and rules of the society to the same extent as though the age of majority had been attained at the time of application.

(4) A society shall provide in its laws that if its reserves for one or more classes of certificates become impaired, its board of directors or corresponding body may require that the owner of a certificate pay to the society the amount of the owner's equitable proportion of the deficiency as ascertained by its board and that if the payment is not made either:

(a) it is an indebtedness against the certificate and draws interest not to exceed the rate specified for certificate loans under the certificates; or

(b) in lieu of or in combination with the provisions of subsection (4)(a), the owner of the certificate may accept a proportionate reduction in benefits under the certificate.

(5) The society may specify the manner of election and which alternative under subsection (4) is to be presumed if no election is made.

(6) Copies of any of the documents mentioned in this section, certified by the secretary or corresponding officer of the society, must be received in evidence concerning the terms and conditions of the documents.

(7) A certificate may not be delivered or issued for delivery in this state unless a copy of the form has been filed with the commissioner of insurance in the manner provided for policies issued by life and disability insurers in this state. Certificates issued prior to July 1, 1993, must conform to the requirements provided by the laws applicable immediately prior to July 1, 1992. A life, disability, or annuity certificate issued on or after July 1, 1993, must meet the standard contract provision requirements not inconsistent with [sections 1 through 38] for policies issued by life and disability insurers in this state, except that a society may provide in its certificates for a grace period of 1 month for payment of premiums. The certificate must contain a provision stating the amount of premiums payable under the certificate and a provision reciting or setting forth the substance of any sections of the society's laws or rules in force at the time of issuance of the certificate that, if violated, will result in the termination or reduction of benefits payable under the certificate. If the laws of the society provide for the expulsion or suspension of a member, the certificate must contain a provision that a member expelled or suspended, except for nonpayment of a premium or within the contestable period for material misrepresentation in the application for membership or insurance, has the privilege of maintaining the certificate in force by continuing payment of the required premium.

(8) Benefit contracts issued on the lives of persons below the society's minimum age for adult membership may provide for transfer of control of ownership to the insured at an age specified in the certificate. A society may require approval of an application for membership in order to effect this

transfer, and it may provide in all other respects for the regulation, government, and control of the certificates and all rights, obligations, and liabilities incident to and connected with the transfer. Ownership rights prior to the transfer must be specified in the certificate.

(9) A society may specify the terms and conditions on which benefit contracts may be assigned.

Section 20. **Nonforfeiture benefits, cash surrender values, certificate loans, and other options.** (1) For certificates issued prior to July 1, 1993, the value of every paid-up nonforfeiture benefit and the amount of any cash surrender value, loan, or other option granted must comply with the provisions of law applicable immediately prior to July 1, 1992.

(2) For certificates issued on or after July 1, 1993, for which reserves are computed on the commissioner of insurance's 1941 standard ordinary mortality table, the commissioner's 1941 standard industrial mortality table, the commissioner's 1958 standard ordinary mortality table, the commissioner's 1980 standard mortality table, or any more recent table made applicable to life insurers, every paid-up nonforfeiture benefit and the amount of any cash surrender value, loan, or other option granted may not be less than the corresponding amount ascertained in accordance with the laws of this state applicable to life insurers issuing policies containing similar benefits based upon the tables.

Section 21. **Investments.** A society may invest its funds only in investments authorized by the laws of this state for the investment of assets of life insurers. A foreign or alien society that is permitted or seeking to do business in this state and that invests its funds in accordance with the laws of the state, district, territory, province, or country where it is incorporated meets the requirements of this section for the investment of funds.

Section 22. **Funds.** (1) All assets must be held, invested, and disbursed for the use and benefit of the society, and a member or beneficiary may not have or acquire individual rights in assets or become entitled to any apportionment on the surrender of any part of the assets except as provided in the benefit contract.

(2) A society may create, maintain, invest, disburse, and apply any special fund or funds necessary to carry out any purpose permitted by the laws of the society.

(3) Pursuant to a resolution of its supreme governing body, a society may establish and operate one or more separate accounts and issue contracts on a variable basis, subject to the provisions of law regulating life insurers establishing similar accounts and issuing similar contracts. To the extent the society considers it necessary in order to comply with any applicable federal or state laws or any rules issued under those laws, the society may adopt special procedures for administering a separate account and may, for persons having beneficial interests in a separate account, provide special voting and other rights, including without limitation special rights and procedures relating to investment policy, investment advisory

services, selection of certified public accountants, and selection of a committee to manage the business and affairs of the account. A society may issue contracts on a variable basis to which the provisions of [section 19(2) and (4)] do not apply.

Section 23. **Scope — provisions applicable.** (1) Except as provided in subsection (2), societies are governed by [sections 1 through 38] and are exempt from all other provisions of the insurance laws of this state, not only in governmental relations with the state but for every other purpose. The provisions of a law enacted after January 1, 1992, do not apply to fraternal benefit societies unless expressly made applicable by the provisions of the law.

(2) In addition to the provisions of [sections 1 through 38], the provisions of chapter 1, parts 1 through 4 and 7; 33-2-104; 33-2-107; 33-2-112; chapter 2, part 13; 33-3-308; 33-15-502; and chapters 17, 18, 20, and 22 apply to fraternal benefit societies to the extent applicable and to the extent not in conflict with the provisions of [sections 1 through 38] and the reasonable implications of [sections 1 through 38].

Section 24. **Taxation.** A society organized or licensed under [sections 1 through 38] is a charitable and benevolent institution, and all of its funds are exempt from all state, county, district, municipal, and school taxes other than taxes on real estate and office equipment.

Section 25. **Valuation.** (1) Standards of valuation for certificates issued prior to July 1, 1993, must be those provided by the laws applicable immediately prior to July 1, 1992.

(2) (a) The minimum standards of valuation for certificates issued on or after July 1, 1993, must be based on the following tables:

(i) for certificates of life insurance—the commissioner of insurance's 1941 standard ordinary mortality table, the commissioner's 1941 standard industrial mortality table, the commissioner's 1958 standard ordinary mortality table, the commissioner's 1980 standard ordinary mortality table, or any more recent table made applicable to life insurers;

(ii) for annuity and pure endowment certificates, for total and permanent disability benefits, for accidental death benefits and for noncancelable accident and health benefits—the tables authorized for use by life insurers in this state.

(b) All of the certificates must be valued under valuation methods and standards, including interest assumptions, that are in accordance with the laws of this state applicable to life insurers that issue policies containing similar benefits.

(3) The commissioner may accept other standards for valuation if he finds that the reserves produced by the valuation will not be less in the aggregate than reserves computed in accordance with the minimum valuation standard prescribed in this section. The commissioner may vary the standards of mortality applicable to all benefit contracts on substandard

lives or other extrahazardous lives by a society authorized to do business in this state.

(4) A society, with the consent of the commissioner of insurance of the state of domicile of the society and under conditions, if any, that the commissioner may impose, may establish and maintain reserves on its certificates in excess of required reserves, but the contractual rights of a benefit member may not be affected by the excess reserves.

Section 26. **Reports — fee.** Reports must be filed in accordance with the provisions of this section.

(1) On or before March 1 of each year, unless for cause shown the time has been extended by the commissioner of insurance, a society that transacts business in this state shall file with the commissioner of insurance a statement of its financial condition, transactions, and affairs for the preceding calendar year and pay a filing fee of $25. The statement must be in the general form and context approved by the national association of insurance commissioners for fraternal benefit societies and as supplemented by additional information required by the commissioner.

(2) As part of the annual statement, each society shall, on or before March 1, file with the commissioner a valuation of its certificates in force on the preceding December 31. The commissioner may, for cause shown, extend for not more than 2 calendar months the time for filing the valuation. The valuation must be done in accordance with the standards specified in [section 25]. The valuation and underlying data must be certified by a qualified actuary or, at the expense of the society, verified by the actuary of the department of insurance of the state of domicile of the society.

(3) A society that fails to file the annual statement in the form and within the time provided by this section shall forfeit $100 for each day during which the failure continues, and, upon notice by the commissioner to that effect, its authority to do business in this state ceases while the default continues.

Section 27. **Annual certificate — fees.** (1) A society may not insure a risk in this state unless it holds a certificate of authority issued to it by the commissioner of insurance.

(2) A society's certificate of authority continues in force as long as the society is entitled to it under [sections 1 through 38] and until suspended, revoked, or otherwise terminated. However, continuance of the certificate by the society is conditioned upon payment before May 15 of each year of a continuation fee of $10. The fee must be deposited by the commissioner of insurance with the state treasurer to the credit of the state general fund.

(3) If a society does not continue its certificate of authority in accordance with subsection (2), its certificate of authority expires at midnight on the May 31 following its failure to continue it in force. In that case, the commissioner shall promptly notify the society of the impending expiration of its certificate of authority.

(4) The commissioner may reinstate a certificate of authority that a society has inadvertently permitted to expire, after the society has fully cured all failures that resulted in the expiration and upon payment by the society of a $25 fee for reinstatement in addition to the continuation fee provided for in subsection (2). If a certificate is not reinstated, the commissioner may grant a society another certificate of authority only after the society files an application for a certificate of authority and meets all other requirements for an original certificate of authority in this state.

(5) The commissioner may amend a certificate of authority at any time to conform to changes in a society's charter of insuring powers.

(6) A certified copy or duplicate of a certificate of authority is prima facie evidence that the society is a fraternal benefit society within the meaning of [sections 1 through 38].

Section 28. **Examination of societies.** (1) The commissioner of insurance or any person he may appoint may examine any domestic, foreign, or alien society transacting or applying for admission to transact business in this state in the same manner as authorized for examination of domestic, foreign, or alien insurers. Requirements of notice and an opportunity to respond before findings are made public, as provided in the laws regulating insurers, are applicable to the examination of societies.

(2) The expense of each examination and of each valuation, including compensation and actual expenses of examiners, must be paid by the society examined or whose certificates are valued, upon statements furnished by the commissioner.

Section 29. **Foreign or alien society — admission.** (1) A foreign or alien society may not transact business in this state without a license issued by the commissioner of insurance. A foreign or alien society desiring admission to this state shall comply substantially with the requirements and limitations of [sections 1 through 38] applicable to domestic societies. (2) Whenever a deficiency or deficiencies are found, the commissioner shall issue to the society a written notice that requires the deficiency or deficiencies to be corrected. The society shall within 30 days comply with the commissioner's request for correction. If the society fails to comply, the commissioner shall notify the society of the noncompliance and require the society to show cause by a stated date why it should not be enjoined from transacting business until the violation complained of is corrected or why an action in quo warranto should not be commenced against the society.

(3) If the society does not present sufficient reasons why it should not be enjoined from transacting business or why the quo warranto action should not be commenced, the commissioner may present the facts relating to his determination to the attorney general who shall, if he finds that the circumstances warrant, commence an action to enjoin the society from transacting business or an action in quo warranto.

(4) The court shall notify the officers of the society of a hearing. If after a hearing it appears that the society should be enjoined or liquidated or that a receiver should be appointed, the court shall enter the necessary order. (b) the costs of the action have been paid by the society if the court finds that the society was in default as charged;

(c) the court has dissolved its injunction; and

(d) the commissioner has reinstated the certificate of authority.

(5) If the court orders the society liquidated, it is enjoined from transacting any further business. (6) An action under this section may not be recognized in any court of this state unless brought by the attorney general upon request of the commissioner. The court shall appoint the commissioner as the receiver for a domestic society.

(7) The provisions of this section relating to hearing by the commissioner, action by the attorney general at the request of the commissioner, hearing by the court, injunction, and receivership apply to a society that voluntarily decides to discontinue business.

Section 31. **Suspension, revocation, or refusal of license of foreign or alien society.** (1) The commissioner of insurance shall notify a foreign or alien society of a deficiency or deficiencies and state in writing the reasons for his dissatisfaction, whenever the commissioner, upon investigation, finds that the society transacting or applying to transact business in this state:

The society shall within 30 days comply with the commissioner's request for correction. If the society fails to comply, the commissioner shall notify the society of the noncompliance and require the society to show cause by a stated date why its authority to do business in this state should not be suspended, revoked, or refused.

(3) If the society does not present sufficient reason why its authority to do business in this state should not be suspended, revoked, or refused, the commissioner may:

(a) suspend or refuse the authority of the society to do business in this state until satisfactory evidence is furnished to the commissioner that the suspension or refusal should be withdrawn; or

(2) Service may be made only upon the commissioner or, if absent, upon the person in charge of the commissioner's office. Service must be made in duplicate and constitutes service upon the society. When legal process against a society is served upon the commissioner, the commissioner shall forward one of the duplicate copies by certified mail to the secretary or

corresponding officer of the society. The service may not require a society to file its answer, pleading, or defense in less than 30 days from the date of mailing the copy of the service to the society.

(1) Every pesticide distributed, sold, or offered for sale within this state or delivered for transportation or transported in intrastate commerce or between points within this state shall be registered with the department. The registration shall be renewed annually by the manufacturer, formulator, or distributor of the pesticide. The department shall register all federally approved pesticides, and those registered are subject to registration fees and all other provisions of this chapter. All registrations of pesticides expire on December 31 following the date of issuance unless otherwise terminated.

(2) The applicant for registration shall file with the department a statement including:

(a) the name and address of the applicant and the name and address of the person whose name will appear on the label, if other than the registrant;

(b) a complete copy of the label of the pesticide, the United States environmental protection agency registration number if the pesticide is so registered, and a statement of all claims to be made for it, including directions for use;

(c) the trade and chemical name of the pesticide;

(d) if requested by the department, a full description of tests made and the results upon which the claims are based. In the case of renewal of registration, a statement shall be required only with respect to information which is different from that furnished when the pesticide was registered or last reregistered.

(3) Any pesticide imported into this state which is subject to the provisions of any federal act providing for the registration of pesticides and has been registered under the provisions of a federal act shall be registered in the state. However, the state may restrict the sale or use and application of the pesticide by type of dealer, applicator, time, and place and may establish special registrations of pesticides as outlined in subsection (8) of this section and 80-8-105(3). The annual registration fee must also be paid, and registration information required by the department must be provided.

(4) The applicant shall pay an annual fee of ~~$75~~ *$70* for each pesticide registered. A registration fee is not required to register a federally approved experimental use permit. ~~Fees collected shall be deposited in the state treasury to the credit of the general fund.~~

(5) The department may require the submission of the complete formula and certified analytical standards of any pesticide. If it appears to the department that the composition of the article warrants the proposed claims for it and if the article and its labeling and other material required to be submitted comply with the requirements of 80-8-202, it shall register the article.

(6) If it does not appear to the department that the article warrants the proposed claims for it or if the article and its labeling and other material required to be submitted do not comply with this chapter, it shall notify the applicant of the manner in which the article, labeling, or other material required to be submitted fails to comply with the chapter so as to afford the applicant an opportunity to make the necessary corrections. If the applicant does not make the corrections upon receipt of the notice, the department may refuse to register the article. The department may suspend or cancel the registration of a pesticide whenever it does not appear that the article or its labeling comply with this chapter or whenever scientific evidence proves that the article endangers man or the general environment afforded protection under 80-8-105(3)(a). When an application for registration is refused or the department proposes to suspend or cancel a registration, the registrant may pursue administrative remedies under the Montana Administrative Procedure Act and rules of the department.

(7) Registration is not required in the case of a pesticide shipped from one plant in this state to another plant in this state by the same person.

(8) (a) The departments of health and environmental sciences, agriculture, and fish, wildlife, and parks shall review all applications for registration of an experimental-use permit or a registration for special local needs. The applicant shall pay a one-time fee of ~~$75~~ *$70* for a special local need or experimental-use permit registration. The departments shall utilize the same requirements and standards for reviewing registrations established by the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, and regulations adopted thereunder. The department of agriculture shall provide the departments of health and environmental sciences and fish, wildlife, and parks with a complete copy of the application, related correspondence, and a statement of the department of agriculture's proposed action on the application. The departments of health and environmental sciences and fish, wildlife, and parks shall approve or disapprove the application within 10 days after the receipt of the application. If the departments of health and environmental sciences, agriculture, and fish, wildlife, and parks are in agreement with the proposed registration, the department of agriculture shall issue the registration.

(b) The department of agriculture shall establish a time and place for an interagency conference for the purposes of resolving the registration of any pesticide or device. If two of the departments approve the proposed registration, the department of agriculture shall issue the registration.

(c) The registrant applying for registration shall be notified as to proposed changes in registration. If the departments cannot resolve the proposed registration following the interagency conference, the registrant may request a joint administrative hearing before the departments of agriculture, health and environmental sciences, and fish, wildlife, and parks.

(d) Following the interagency conference and, if requested, the administrative hearing, if the proposed registration of a pesticide or device has not been resolved, the department of agriculture shall appoint an advisory council as outlined in 80-8-108 to resolve by majority vote the registration of any pesticide. The advisory council's recommendations on the registration shall be accepted by the departments and implemented by the department of agriculture.

(9) Pesticides registered under any federal law when canceled for sale and use in total or in part by a federal agency responsible for registration are considered canceled in total or in part for sale and use in Montana. The cancellation is effective on the final date of sale or use allowed under the federal law and rules or orders of the federal agency. If the federal cancellation allows existing stock to be used past the final date of cancellation, such sale or use in this state may not exceed 2 years. The department shall provide technical assistance to any person in possession of such products to insure their proper disposal, relabeling, or removal."

Section 3. Section 80-8-212, MCA, is amended to read:

"**80-8-212. Retail ~~noncommercial~~ sale of pesticides —** ***education program.*** *(1)* The department of agriculture is authorized to designate the pesticides that may be sold in this state at retail for home, yard, garden, and lawn use. Only pesticides so designated may be sold at retail. The department may also limit the retail sale of such designated pesticides to quantities up to a specific number of pounds or gallons and of such concentrations as would be sublethal to humans and animals if small amounts thereof were accidentally swallowed, inhaled, sprayed, or dusted on the skin.

(2) Subject to the availability of funds, the department and the Montana state university extension service shall enter into a cooperative agreement to establish an education program for retailers and the general public on pests, pesticides, and alternative control methods."

Section 4. Section 80-8-305, MCA, is amended to read:

"**80-8-305. General violations —** ***compliance orders.*** (1) Consistent with the provisions of Title 80, chapter 15, it is unlawful for any person:

(a) to discard any pesticide or pesticide container in such a manner as to cause injury to humans, domestic animals, or wildlife, or to pollute any waterway in a way harmful to any wildlife therein or to the environment;

(b) to handle, transport, store, display, or distribute pesticides or pesticide containers in such a manner as to endanger man or the environment or to endanger food or any other products that may be transported, stored, displayed, or distributed with such pesticides;

(c) to handle, apply, or attempt to apply any registered pesticide for which he does not have an appropriate, complete, or legible label at hand;

(d) to apply or attempt to apply any registered pesticide in a manner inconsistent with the label, as defined in 80-8-102; or

(e) to use any unregistered chemical or biological agent that is required to be registered as a pesticide by the Montana Pesticides Act.

(3) The department may issue a compliance order to any person violating the provisions of this section, 80-8-211, or any other requirement established pursuant to this chapter. The compliance order may be issued to any person, including the person's employees, agents, or subcontractors.

(4) A compliance order may require the cleanup of any pesticide that a person has accidently or purposely dumped, spilled, misused, or unlawfully used in violation of this section. The department shall allow the recipient of a compliance order to spread, treat, or dispose of soils contaminated by a

pesticide if the person can document and prove to the satisfaction of the department that the soil will be beneficially used or that the pesticide in the soil will physically, chemically, or biologically degrade and that neither the beneficial use of the soil nor degradation of the pesticide in the soil will adversely affect agriculture, human health, or the environment. Prior to issuing a compliance order requiring cleanup of a pesticide, the department shall consult with the department of health and environmental sciences to ensure that the provisions of Title 75, chapter 10, part 4, are considered. If a pesticide or soil contaminated by a pesticide is subject to the provisions of Title 75, chapter 10, part 4, and there is no beneficial use of the soil as determined by the department, the department of health and environmental sciences is responsible for regulating the cleanup and disposal of the pesticide and the soil contaminated by the pesticide. The department may not allow a person to spread, treat, or dispose of soils contaminated by a canceled or suspended pesticide without the specific approval of the department of health and environmental sciences or the U.S. environmental protection agency, or both, as required on a case-by-case basis.

(5) When issuing a compliance order, the department may require a person who has violated a provision of this chapter to conduct monitoring to assist in determining the presence or level of concentration of pesticides in the environment and the effectiveness of cleanup efforts. The department shall specify criteria in the compliance order for determining the duration of monitoring.

(6) A compliance order must specify the requirement of this chapter that has been violated and establish a time schedule for compliance. In establishing a time schedule for compliance, the department shall take into account the seriousness of the violation and any good faith efforts that the person has made to comply with the requirement that has been violated. A compliance order issued under this section must be served either by a person qualified to perform service under the Montana Rules of Civil Procedure or by certified mail."

Section 5. Section 80-15-302, MCA, is amended to read:

The volume of sales of each registered herbicide must be determined by the department from records required of pesticide dealers and retailers.

(2) The surcharge must be collected by the department on an annual calendar basis from the registrant of the herbicide and is due and payable within 30 days after notice of the amount has been given to the registrant.

(5) The surcharge imposed on retail sales of herbicides in subsection (1) is terminated after the state treasurer has certified to the department that the noxious weed management trust fund has reached $2,500,000, subject to the applicable provisions of subsection (5)(a) or (5)(b).

(a) If the fund reaches $2,500,000 on or before December 31, 1993, the surcharge proceeds from the sale of herbicides for calendar year 1992 must be collected and deposited in the fund, and the surcharge is terminated on December 31, 1993.

(b) If the fund reaches $2,500,000 after December 31, 1993, the surcharge is terminated after the surcharge proceeds from the sale of herbicides for the calendar year preceding the year in which the fund reaches $2,500,000 have been collected and deposited in the fund.

(b) prevent the department from expending the proceeds as provided in 80-7-814 within or for the fiscal year following the termination of the surcharge;

(c) prevent the deposit of other funds or proceeds authorized by this chapter into the noxious weed management trust fund; or

(d) prevent the department from expending the interest or revenue generated by the trust fund as provided in 80-7-814."

"**80-7-810. Disposition of proceeds.** Three percent of the proceeds from the fee imposed in 61-3-510 may be retained by the county treasurer for costs of collection. The remainder must be deposited in the special revenue fund and must be expended as provided in 80-7-814~~(2) and (3)~~. Twenty-five percent of the money deposited in the special revenue fund under this section must be used for research and development of nonchemical methods of weed management."

Section 8. Section 80-7-815, MCA, is amended to read:

"**80-7-815. Noxious weed emergency — expenditure authorized.** (1) If a new and potentially harmful noxious weed is discovered growing in the state and is verified by the department, the governor may declare a noxious weed emergency. In the absence of necessary funding from other sources, this declaration authorizes the department to allocate up to $150,000 of the principal of the noxious weed *management* trust fund to government agencies for emergency relief to eradicate or confine the new noxious weed species.

(2) If such expenditure causes the principal of the trust fund to fall below $2,500,000, it must be replenished by proceeds of the surcharge imposed in 80-7-812 *or, if the surcharge has been terminated as provided in 80-7-812(5), by the interest or revenue generated by the trust fund, by the other revenues provided by this part, or by revenues obtained from the fee imposed by 61-3-510, as determined by the department."*

(d) the ~~in-state investment~~ *permanent coal tax trust* fund created ~~through adoption of Initiative Measure No. 95 by the voters of Montana in 1982~~ *by Article IX, section 5, of the Montana constitution* is the appropriate source for providing financing programs for the development of new and expanding businesses in Montana;

(e) the Science and Technology Development Board Seed Capital Bond Act contained provisions that were found to be unconstitutional by the Montana supreme court, and the 51st legislature of the state of Montana must remedy those defects through legislation; and

(f) the Montana science and technology development board has demonstrated success in forging a partnership among the private sector, the university community, and government, and this success should be continued through an ongoing legislative commitment to the board's programs.

Section 15. Section 90-8-102, MCA, is amended to read:

"**90-8-102. Declaration of policy.** (1) The legislature finds and declares that:

(a) economic insecurity due to unemployment is a serious menace to the health, safety, and general welfare of not only the affected people but of the people of the entire state;

(b) involuntary unemployment, with its resulting burden of indigency, falls with crushing force upon unemployed workers and ultimately on the state itself in the form of public assistance and unemployment compensation payments; and

(c) unemployment causes a migration of Montana workers and families seeking jobs and establishing homes elsewhere, which deprives the state of its most valuable resource, its people, and reduces the tax base of local governments, impairing their ability to provide basic services.

(2) (a) The legislature further finds that the best method of combating unemployment and protecting Montana against the loss of its people is by promoting, stimulating, developing, rehabilitating, and revitalizing the business prosperity and economic welfare of the state and its citizens.

(b) To accomplish this goal, the legislature seeks to encourage the formation of venture and equity capital in Montana for use in diversifying, strengthening, and stabilizing the Montana economy by increasing Montana employment and business opportunities while protecting the people's constitutional right to a clean and healthful environment.

(3) The legislature further finds that:

(a) private investment of venture and equity capital in the Montana economy will be encouraged and promoted by making tax credits available to taxpayers investing in Montana capital companies;

(b) demands on state revenues restrict the financial ability of the state to make unlimited tax credits available for investment purposes and require that the state place reasonable limits on the total amount of tax credits to be made available for investment incentive;

(c) establishment of a rational tax credit program ~~which~~ *that* gives priority to investments in capital companies in the order in which they are qualified will encourage prompt private investment in Montana businesses.

(4) The legislature further finds that use of money from the Montana ~~in-state investment fund established by 17-6-306~~ *permanent coal tax trust fund* to purchase debentures issued by a capital company will promote the business prosperity and economic welfare of the state and its citizens."

Section 16. Section 90-8-305, MCA, is amended to read:

"**90-8-305. Sale of debentures.** (1) A qualified Montana capital company is authorized to issue and sell debentures to the ~~in-state investment~~ *permanent coal tax trust* fund ~~established in 17-6-306~~.

(2) Proceeds received by a qualified Montana capital company from the sale of debentures authorized in subsection (1) must be invested in accordance with the provisions of 90-8-301, except that the time periods for

making qualified investments must be calculated from the date the company sells the debentures to the ~~in-state investment~~ *permanent coal tax trust* fund."

Section 17. **Job credit interest rate reduction for small business loan participations.** (1) A borrower who uses the proceeds of a small business loan participation funded under the provisions of this part to create jobs employing Montana residents is entitled to a job credit interest rate reduction for each job created over a 2-year period to employ a Montana resident. The date of the formal written interim or permanent loan application to the financial institution will be used as a beginning date for counting the number of jobs created. The job credit interest rate reduction may not apply to a loan participation of more than 1% of the total of the permanent coal tax trust fund determined at the end of the last completed fiscal year. The job credit interest rate reduction is equal to 0.05% for each job created to employ a Montana resident up to a maximum interest rate reduction of 2.5%.

(2) If the salary or wage of the job created:

(a) exceeds the average weekly wage, as defined in 39-71-116, the amount of the job credit interest rate reduction may be increased proportionately for each increment of 25% above the average weekly wage to a maximum of two times the average weekly wage; or

(b) is less than the average weekly wage, as defined in 39-71-116, the job credit interest rate reduction is reduced proportionately for each 25% increment below the average wage.

(3) A job credit interest rate reduction may not be allowed for a job created by the borrower using the proceeds of the loan for which the salary or wage is less than the minimum wage provided for in 39-3-409.

(4) No job credit will be given unless one whole job is created.

(5) To qualify for the job credit interest rate reduction, the borrower shall provide satisfactory evidence of the creation of jobs and make application in writing, through its financial institution, to the board when the loan is delivered to the board or not later than 45 days after the first and second anniversary dates of the loan.

Section 18. **Incentive to financial institution for small business loan participation.** A financial institution that originates a small business loan no larger than 0.05% of the balance of the Montana permanent coal tax trust fund at the end of the last completed fiscal year is entitled to an additional service fee in the form of a discount equal to 0.5% of the board's participation in the loan. The board shall consider the additional service fee discount to the financial institution as part of the rate of return provided in 17-6-314.

Section 19. **Repealer.** Sections 17-5-1519, 17-5-1520, 17-6-306, and 17-6-315, MCA, are repealed.

Section 20. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 21. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 597

[SB 468]

AN ACT RELATING TO THE TAXATION OF OIL AND NATURAL GAS FOR STATE SEVERANCE TAX AND LOCAL GOVERNMENT SEVERANCE TAX PURPOSES; CLARIFYING THE DEFINITION OF GROSS VALUE FOR COMPUTATION OF THE LOCAL GOVERNMENT SEVERANCE TAX; CONFORMING THE ADMINISTRATION OF THE LOCAL GOVERNMENT SEVERANCE TAX TO THE STATE SEVERANCE TAX; AMENDING SECTIONS 15-23-603, 15-36-101, 15-36-105, 15-36-107, 15-36-108, 15-36-113, 15-36-114, AND 15-36-121, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-36-101, MCA, is amended to read:

"**15-36-101. Definitions and rate of tax — state severance tax — local government severance tax — assessment of nonworking interest owner — exemption.** (1) Every person engaging in or carrying on the business of producing petroleum, other mineral or crude oil, or natural gas within this state or engaging in or carrying on the business of owning, controlling, managing, leasing, or operating within this state any well or wells from which any merchantable or marketable petroleum, other mineral or crude oil, or natural gas is extracted or produced shall, except as provided in 15-36-121, each year when engaged in or carrying on the business in this state pay to the department of revenue a state severance tax for the exclusive use and benefit of the state of Montana plus a local government severance tax in lieu of a tax on net proceeds for the exclusive use and benefit of local government. Except as provided in subsection (3), the state severance tax and the local government severance tax are as follows:

(a) except as provided in subsections (1)(b), (1)(c), and (1)(d), a 5% state severance tax on the ~~total~~ gross taxable value of all the petroleum and other mineral or crude oil produced by the person, plus the local government severance tax of 8.4% on the gross taxable value, *as defined in subsection (6)(a)(ii),* of all the petroleum and other mineral or crude oil produced by the person other than ~~interim production and~~ new production, from each lease or unit; but in determining the amount of the state severance tax and local government severance tax, there must be excluded from consideration all petroleum or other crude or mineral oil produced and used by the person during the year in connection with his operations in prospecting for, developing, and producing the petroleum or crude or mineral oil;

(b) a 2.65% state severance tax on the ~~total~~ gross taxable value of all natural gas produced by the person, plus the local government severance tax of 15.25% on the ~~total~~ gross taxable value, *as defined in subsection (6)(a)(ii),* of all natural gas produced by the person other than ~~interim~~

~~production or~~ new production, from each lease or unit; but in determining the amount of the state severance tax and the local government severance tax, there must be excluded from consideration all gas produced and used by the person during the year in connection with his operations in prospecting for, developing, and producing the gas or petroleum or crude or mineral oil; and there must also be excluded from consideration all gas, including carbon dioxide gas, recycled or reinjected into the ground;

(c) a 2.5% state severance tax on the ~~total~~ gross taxable value of the incremental petroleum and other mineral or crude oil produced by the person, plus the local government severance tax of 5% on the ~~total~~ gross taxable value, *as defined in subsection (6)(a)(ii),* of the incremental petroleum and other mineral or crude oil produced by the person other than ~~interim production and~~ new production, from each lease or unit in a tertiary recovery project after July 1, 1985. For purposes of this section, a tertiary recovery project must meet the following requirements:

(i) the project must be approved as a tertiary recovery project by the *board of oil and gas conservation* ~~department of revenue~~. The approval may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(ii) the property to be affected by the project must be adequately delineated according to the specifications required by the *board* ~~department~~; and

(iii) the project must involve the application of one or more tertiary recovery methods that can reasonably be expected to result in an increase, determined by the ~~department~~ *board* to be significant in light of all the facts and circumstances, in the amount of crude oil which may potentially be recovered. For purposes of this section, tertiary recovery methods include but are not limited to:

(A) miscible fluid displacement;

(B) steam drive injection;

(C) micellar/emulsion flooding;

(D) in situ combustion;

(E) polymer augmented water flooding;

(F) cyclic steam injection;

(G) alkaline or caustic flooding;

(H) carbon dioxide water flooding;

(I) immiscible carbon dioxide displacement; or

(J) any other method approved by the department as a tertiary recovery method.

(d) a 5% local government severance tax on the ~~total~~ gross taxable value, *as defined in subsection (6)(a)(ii),* of all petroleum and other mineral or crude oil produced by the person other than ~~interim and~~ new production produced by a stripper well, as defined in ~~15-36-121~~ *subsection (7).*

(2) For purposes of this section, the term "incremental petroleum and other mineral or crude oil" means the amount of oil, as determined by the ~~department of revenue~~ *board,* to be in excess of what would have been produced by primary and secondary methods. The determination arrived at by the ~~department~~ *board* must be made only after notice and hearing and shall specify through the life of a tertiary project, calendar year by calendar year, the combined amount of primary and secondary production that must be used to establish the incremental production from each lease or unit in a tertiary recovery project.

(3) (a) A local government severance tax is imposed on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted marketable petroleum, other mineral or crude oil, or natural gas subject to local government severance taxes imposed under this chapter. The local government severance tax on nonworking interest owners is computed at the following rates:

(i) 12.5% on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted marketable petroleum and other mineral or crude oil;

(ii) 15.25% on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted or marketable natural gas.

(b) The amounts paid or apportioned in kind to nonworking interest owners are exempt from the local government severance taxes imposed under 15-36-121(2) and under subsections (1)(a) through (1)(d) of this section.

(4) Nothing in this part may be construed as requiring laborers or employees hired or employed by any person to drill any oil or natural gas well or to work in or about any oil or natural gas well or prospect or explore for or do any work for the purpose of developing any petroleum, other mineral or crude oil, or natural gas to pay the severance tax, nor may work done or the drilling of a well or wells for the purpose of prospecting or exploring for petroleum, other mineral or crude oil, or natural gas or for the purpose of developing them be considered to be the engaging in or carrying on of the business. If, in the doing of any work, in the drilling of any oil or natural gas well, or in prospecting, exploring, or development work, any merchantable or marketable petroleum, other mineral or crude oil, or natural gas in excess of the quantity required by the person for carrying on the operation is produced sufficient in quantity to justify the marketing of the petroleum, other mineral or crude oil, or natural gas, the work, drilling, prospecting, exploring, or development work is considered to be the engaging in and carrying on of the business of producing petroleum, other mineral

or crude oil, or natural gas within this state within the meaning of this section.

(5) Every person required to pay the state or local government severance tax under this section shall pay the tax in full for his own account and for the account of each of the other owner or owners of the gross proceeds in value or in kind of all the marketable petroleum or other mineral or crude oil or natural gas extracted and produced, including owner or owners of working interest, royalty interest, overriding royalty interest, carried working interest, net proceeds interest, production payments, and all other interest or interests owned or carved out of the total gross proceeds in value or in kind of the extracted marketable petroleum or other mineral or crude oil or natural gas, except that any of the interests that are owned by the federal, state, county, or municipal governments are exempt from taxation under this chapter. Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner or owners will be deducted from any settlements under the lease or leases or division of proceeds orders or other contracts.

(6) For purposes of this section, the following definitions apply:

(a) *(i) "Gross taxable value", for the purpose of computing the state severance tax, means the gross value of the product as determined in 15-36-103.*

(ii) "Gross taxable value", *for the purpose of computing the local government severance tax,* means the gross value of the product as determined in 15-36-103 less the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted marketable petroleum, other mineral or crude oil, or natural gas.

(b) "Nonworking interest owner" means any interest owner who does not share in the development and operation costs of the lease or unit.

(7) For the purposes of this section, "stripper well" means a well that produces less than 10 barrels a day, determined by dividing the amount of production from a lease or unitized area for the year prior to the current calendar year by the number of producing wells in the lease or unitized area and by dividing the resulting quotient by 365."

Section 2. Section 15-36-105, MCA, is amended to read:

"**15-36-105. Statement to accompany payment — records — collection of tax — refunds.** (1) Each person shall, within 60 days after the end of each following quarter, complete on forms prescribed by the department of revenue a statement showing the total number of barrels of merchantable or marketable petroleum and other mineral or crude oil or cubic feet of natural gas produced or extracted by the person in the state during each month of the quarter and during the whole quarter, the average value of the production during each month, and the total value of the production for the whole quarter, together with the total amount due to the state as severance taxes and local government severance taxes for the quarter, and shall within such 60 days deliver the statement and, except as provided in 15-36-102(2) and 15-36-121, pay to the department the amount of the taxes shown by the statement to be due to the state for the quarter for which the statement is made. The statement must be signed by the individual or the president, vice-president, treasurer, assistant treasurer, or managing agent in this state of the association, corporation, joint-stock company, or syndicate making the statement. Any person engaged in carrying on business at more than one place in this state or owning, leasing, controlling, or operating more than one oil or gas well in this state may include all operations in one statement. The department shall receive and file all statements and collect and receive from the person making and filing a statement the amount of tax payable by the person, if any, as appears in the statement.

(2) *(a)* It is the duty of the department to examine each of the statements and compute the taxes ~~thereon~~ *imposed under this chapter*, and the amount computed by the department is the tax imposed, assessed against, and payable by the taxpayer making the statement for the quarter for which the statement is filed.

(b) If the *state severance* tax found to be due is greater than the amount paid, the excess must be paid by the taxpayer to the department within 10 days after written notice of the amount of the deficiency is mailed by the department to the taxpayer. If the *state severance* tax imposed is less than the amount paid, the difference must be applied as a credit against tax liability for subsequent quarters or refunded if there is no subsequent tax liability.

(c) If the local government severance tax found to be due is greater than the amount paid, the excess is due at the time for payment provided for in 15-36-102(2). If the local government severance tax imposed is less than the amount paid, the difference must be applied as a credit against tax liability for subsequent quarters or refunded if there is no subsequent tax liability.

(3) If the *state severance* tax *or the local government severance tax* is not paid on or before the due date, there must be assessed a penalty of 10% of the amount of the tax *not paid*, unless it is shown that the failure was due to reasonable cause and not due to neglect. If ~~any~~ *the state severance* tax ~~under this chapter~~ *or the local government severance tax* is not paid when due, interest must be added to the tax at the rate of 1% a month or fraction thereof, computed on the total amount of *the state* severance tax *or local government severance tax* and penalty from the due date until paid."

Section 3. Section 15-36-107, MCA, is amended to read:

"**15-36-107. Procedure to compute tax in absence of statement — penalty and interest.** If ~~any such~~ *a* person ~~shall fail~~ *fails*~~, neglect, or refuse~~ to file any statement required by 15-36-105 within the time ~~therein~~ required, the department of revenue shall, immediately after such time has expired, ~~proceed to inform itself as best it may regarding~~ *ascertain* the number of barrels of petroleum and other mineral or crude oil or cubic feet of gas extracted and produced by ~~such~~ *the* person in this state during ~~such~~ *the* quarter and during each month ~~thereof~~ *of the quarter* and the average value ~~thereof~~ *of the barrels produced* during each ~~such~~ month *or the average value of cubic feet of gas extracted and produced during each month* and ~~shall determine and~~ fix the amount of the *state* severance taxes due to the state *or the amount of local government severance taxes due* from ~~such~~ *the* person for ~~such~~ *the* quarter ~~and shall add to the amount of such severance taxes~~ *plus* a penalty of 10% ~~thereof~~ *of the tax due* plus interest at the rate of 1% per month or fraction ~~thereof~~ *of a month* computed on the total amount of *state or local government* severance taxes and penalty. Interest ~~shall~~ *must* be computed from the date the severance taxes were due to the date of payment. The department shall mail to the person required to file a quarterly statement and pay ~~any~~ severance ~~tax~~ *taxes*~~,~~ a letter setting forth the amount of *state severance tax or local government* severance tax, penalty, and interest due~~, and~~. ~~the~~ *The* letter ~~shall further~~ *must* contain a statement that if payment is not made, a warrant for distraint may be filed. The *department may waive the* 10% penalty ~~herein provided may be waived by the department~~ if reasonable cause for the failure ~~and neglect~~ to file the statement required by 15-36-105 is provided to the department."

Section 4. Section 15-36-108, MCA, is amended to read:

"**15-36-108. Warrant for distraint.** If all or part of the *state severance tax or the local government severance* tax imposed by this part is not paid when due, the department *of revenue* may issue a warrant for distraint as provided in Title 15, chapter 1, part 7. The resulting lien has precedence over any other claim, lien, or demand thereafter filed and recorded."

Section 5. Section 15-36-113, MCA, is amended to read:

"**15-36-113. Deficiency assessment — hearing — interest.** (1) When the department of revenue determines that the amount of *the state severance tax or local government severance* tax due is greater than the amount disclosed by a return, it shall mail to the taxpayer a notice of the additional *state severance tax or local government severance* tax proposed to be assessed. Within 30 days after mailing of the notice, the taxpayer may file with the department a written protest against the proposed additional *state severance tax or local government severance* tax, setting forth the grounds upon which the protest is based, and may request in his protest an oral hearing or an opportunity to present additional evidence relating to his tax liability. If no protest is filed, the amount of the additional *state severance tax or local government severance* tax proposed to be assessed becomes final upon the expiration of the 30-day period. If a protest is filed, the department must reconsider the proposed assessment and, if the taxpayer has so requested, must grant the taxpayer an oral hearing. After consideration of the protest and the evidence presented at any oral hearing, the department's action upon the protest is final when it mails notice of its action to the taxpayer.

(2) When a deficiency is determined and the *state severance tax or local government severance* tax becomes final, the department shall mail a notice and demand for payment to the taxpayer. The tax is due and payable at the expiration of 10 days from the date of such notice and demand. Interest on any deficiency assessment shall bear interest until paid at the rate of 1% a

month or fraction thereof, computed from the original due date of the return."

Section 6. Section 15-36-114, MCA, is amended to read:

"**15-36-114. Credit for overpayment — interest on overpayment.** (1) If the department of revenue determines that the amount of *state severance tax or local government severance* tax, penalty, or interest due for any ~~year~~ *taxable period* is less than the amount paid, the amount of the overpayment shall be credited against any *state severance tax or local government severance* tax, penalty, or interest then due from the taxpayer and the balance refunded to the taxpayer or its successor through reorganization, merger, or consolidation or to its shareholders upon dissolution.

(2) Except as provided in subsection (3), interest shall be allowed on overpayments at the same rate as is charged on deficiency assessments provided in 15-36-113 due from the due date of the return or from the date of overpayment (whichever date is later) to the date the department approves refunding or crediting of the overpayment.

(3) (a) Interest shall not accrue during any period the processing of a claim for refund is delayed more than 30 days by reason of failure of the taxpayer to furnish information requested by the department for the purpose of verifying the amount of the overpayment.

(b) No interest shall be allowed:

(i) if the overpayment is refunded within 6 months from the date the return is due or from the date the return is filed, whichever is later; or

(ii) if the amount of interest is less than $1.

(c) A payment not made incident to a bona fide and orderly discharge of an actual tax liability or one reasonably assumed to be imposed by this law shall not be considered an overpayment with respect to which interest is allowable."

Section 7. Section 15-36-121, MCA, is amended to read:

"**15-36-121. Exemption from state severance tax — imposition of local government severance tax.** (1) It is the public policy of this state to promote a sufficient supply of natural gas to provide for the residents of this state, to lessen Montana's dependence on imported natural gas, and to encourage the exploration for and development and production of natural gas, petroleum, and other mineral and crude oil within the state.

(2) All the natural gas produced from any well that has produced 60,000 cubic feet or less of natural gas a day for the calendar year prior to the current year shall be taxed as provided in this section. Production must be determined by dividing the amount of production from a lease or unitized area for the year prior to the current calendar year by the number of producing wells in the lease or unitized area and by dividing the resulting quotient by 365. The first 30,000 cubic feet of average daily production per well is exempt from all of the state severance tax imposed by 15-36-101. The

first 30,000 cubic feet of average daily production per well is subject to a local government severance tax of 10% *on the gross taxable value, as defined in 15-36-101(6)(a)(ii).* Everything over 30,000 cubic feet of gas produced is taxed at 1.59% *on the gross taxable value for the state severance tax* plus a local government severance tax of 10% *on the gross taxable value, as defined in 15-36-101(6)(a)(ii).*

~~(3) For the purposes of this section, "stripper well" means a well that produces less than 10 barrels per day, determined by dividing the amount of production from a lease or unitized area for the year prior to the current calendar year by the number of producing wells in the lease or unitized area, and by dividing the resulting quotient by 365.~~

~~(4)~~*(3)* Notwithstanding the provisions of subsection (2), all reporting requirements under the state severance tax remain in effect."

Section 8. Section 15-23-603, MCA, is amended to read:

"**15-23-603. Net proceeds — how computed.** (1) As provided in subsection (2), the department of revenue shall calculate and compute from the returns the gross sales proceeds of the product yielded from the well for the year covered by the statement and shall calculate the net proceeds of the well yielded to the producer, which net proceeds are determined by subtracting from the gross sales proceeds of the well all royalty paid in cash by the operator or producer and the gross value of all royalty apportioned in kind by the operator or producer determined by using as the value of a barrel of oil or a cubic foot of gas the average selling price for the calendar year of a barrel of oil or a cubic foot of gas from the well out of which the royalty was paid.

(2) For ~~interim production or~~ new production, net proceeds are the equivalent of the gross sales proceeds, without deduction for excise taxes, of the product yielded from the well for the quarter covered by the statement, except that in computing the total number of barrels of petroleum and other mineral or crude oil or cubic feet of natural gas produced, there must be deducted so much of the product as is used in the operation of the well from which the petroleum or other mineral or crude oil or natural gas is produced for pumping the petroleum or other mineral or crude oil or natural gas from the well to a tank or pipeline.

(3) In the statement of sales proceeds required under 15-23-602 for lease or unitized areas from which ~~interim or~~ new production and other production have been sold, the number of barrels of ~~interim and~~ new production of oil or cubic feet of ~~interim or~~ new production of gas must be segregated from and stated separately from the number of barrels of other production of oil or cubic feet of other production of gas.

~~(4) In calculating the deduction for money expended for necessary chemical supplies needed and used in a tertiary recovery project approved by the department of revenue, as provided in 15-36-101, the department shall require that the necessary chemical supplies, which include but are not limited to carbon dioxide supplies, be amortized over a 10-year period beginning with the year in which the money was expended.~~"

Section 9. **Effective date.** [This act] is effective on passage and approval.

Section 10. **Retroactive applicability.** [This act] applies retroactively, within the meaning of 1-2-109, to oil and gas production during quarters beginning after December 31, 1990.

Approved April 24, 1991.

CHAPTER NO. 599

[HB 299]

AN ACT PROVIDING FOR PERMANENT PLACEMENT OF CHILDREN IN FOSTER CARE; AUTHORIZING PERMANENT DISPOSITION BY THE COURT WITHIN CERTAIN TIME LIMITS; IMPLEMENTING A PERMANENCY PLANNING PROJECT FOR CHILDREN IN FOSTER CARE; AMENDING SECTION 41-3-609, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Length of time in foster care — permanent disposition.** The court may terminate parental rights under 41-3-609(2) or order other permanent legal custody that will provide for the permanent placement of the child when legal custody of a youth has been transferred to the department under this part and:

(1) the child has been in an out-of-home placement for a cumulative total period of 1 year or longer pursuant to court order and the parent has substantially neglected or willfully refused to remedy the circumstances that cause the child to be in an out-of-home placement; or

(2) the child has been in an out-of-home placement for a cumulative total period of 2 years or longer pursuant to court order, the parent has been unable to remedy the circumstances that cause the child to be in an out-of-home placement, and there is a substantial likelihood that the parent will not be capable of exercising proper and effective parental care and control in the near future.

Section 2. Section 41-3-609, MCA, is amended to read:

"**41-3-609. Criteria for termination.** (1) The court may order a termination of the parent-child legal relationship upon a finding that ~~the circumstances contained in subsection (1)(a), (1)(b), or (1)(c), as follows,~~ *any of the following circumstances* exist:

(a) the parents have relinquished the child pursuant to 40-6-135;

(b) the child has been abandoned by his parents as set forth in 41-3-102(3)(d); ~~or~~

(c) the child is an adjudicated youth in need of care and both of the following exist:

(i) an appropriate treatment plan that has been approved by the court has not been complied with by the parents or has not been successful; and

(ii) the conduct or condition of the parents rendering them unfit is unlikely to change within a reasonable time~~.~~*; or*

(d) the parent has failed to successfully complete a treatment plan approved by the court within the time periods allowed for the child to be in foster care under [section 1] unless it orders other permanent legal custody under [section 1].

(2) In determining whether the conduct or condition of the parents is unlikely to change within a reasonable time, the court must enter a finding that continuation of the parent-child legal relationship will likely result in continued abuse or neglect or that the conduct or the condition of the parents renders the parents unfit, unable, or unwilling to give the child adequate parental care. In making such determinations, the court shall consider but is not limited to the following:

(a) emotional illness, mental illness, or mental deficiency of the parent of such duration or nature as to render the parent unlikely to care for the ongoing physical, mental, and emotional needs of the child within a reasonable time;

(b) a history of violent behavior by the parent;

(c) a single incident of life-threatening or gravely disabling injury to or disfigurement of the child caused by the parent;

(d) excessive use of intoxicating liquor or of a narcotic or dangerous drug that affects the parent's ability to care and provide for the child;

(e) present judicially ordered long-term confinement of the parent;

(f) the injury or death of a sibling due to proven parental abuse or neglect; and

(g) any reasonable efforts by protective service agencies that have been unable to rehabilitate the parent.

(3) In considering any of the factors in subsection (2) in terminating the parent-child relationship, the court shall give primary consideration to the physical, mental, and emotional conditions and needs of the child. The court shall review and, if necessary, order an evaluation of the child's or the parent's physical, mental, and emotional conditions.

(4) A treatment plan is not required under this part upon a finding by the court following hearing if:

(a) two medical doctors submit testimony that the parent is so severely mentally ill that such person cannot assume the role of parent;

(b) the parent is incarcerated for more than 1 year and such treatment plan is not practical considering the incarceration; or

(c) the death of a sibling caused by abuse or neglect by the parent has occurred."

Section 3. **Permanency planning project.** The department of family services shall implement a 2-year permanency planning project, including a case review of all children in foster care over a 3-month period to:

(1) determine what needs to be done in each case to assure a permanent, stable home for each child; and

(2) assist the department social workers in effectively finding and using the resources to implement positive and realistic permanency plan options for the children.

Section 4. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 41, chapter 3, part 4, and the provisions of Title 41, chapter 3, part 4, apply to [section 1].

Section 5. **Effective date.** [This act] is effective July 1, 1991.

Approved April 24, 1991.

(ii) the department determines that prompt action is necessary to prevent pollution of state waters, protect public health, minimize the extent of environmental damage, or minimize the overall economic cost of appropriately responding to the emergency situation; or

(b) the department has made diligent, good faith efforts to determine the identity of the person responsible for pollution resulting from past events or activities and has been unable to identify the person or take enforcement action as provided in Title 75, chapter 5, part 6.

CHAPTER NO. 602

[HB 477]

AN ACT ESTABLISHING THE MICROBUSINESS DEVELOPMENT ACT; CREATING THE MICROBUSINESS FINANCE PROGRAM; CREATING THE MICROBUSINESS ADVISORY COUNCIL; CREATING A NONVOTING LEGISLATIVE CONSULTING PANEL; PROVIDING A STATUTORY APPROPRIATION; PROVIDING AN APPROPRIATION FROM THE IN-STATE INVESTMENT FUND; PROVIDING AN APPROPRIATION FROM THE GENERAL FUND; AMENDING SECTION 17-7-502, MCA; AND PROVIDING EFFECTIVE DATES.

STATEMENT OF INTENT

A statement of intent is required for this bill because [sections 4 and 7] authorize the department of commerce to adopt rules for the administration of the microbusiness finance program and for the nomination of candidates to the microbusiness advisory council. [This act] is intended to provide a significant portion of the capital for a network of institutions that will, taken together, provide access throughout Montana to small loans for economically sound and feasible microbusiness projects that because of the high costs and diseconomies of scale of small lending or unconventional collateral are unlikely to receive financing from conventional public or private sources. The rules must ensure that a certified microbusiness development corporation receiving funds under this program:

(1) is prepared and qualified to provide or furnish access to management training and technical assistance to loan applicants and to conduct credit investigation and analysis and revolving loan fund administration in a prudent and professional manner;

(2) has identified adequate sources of operating income and sufficient prospective business clients; and

(3) includes in the membership of its board of directors representation of minorities, women, and low-income persons.

Ensuring management training capability, prudent revolving loan fund administration, and adequate operating income and market base must be balanced against the requirement to achieve geographic and rural-to-urban equity and equity for minorities, women, and low-income persons.

The rules must require that applicants to be certified as microbusiness development corporations submit cooperative proposals that propose to serve a multicounty region of the state and incorporate as partners or have the explicit approval of a significant number of development institutions and service providers within the communities to be served, including but not limited to local governments, certified community lead organizations, financial institutions, business incubators, business assistance groups, women, and representatives of low-income and minority populations.

Interest rates paid to the department by certified microbusiness development corporations receiving development loans must be at least sufficient, when the development loan fund is fully invested in development loans, to cover the department's administrative costs of the microbusiness finance program. Rates generally must be kept at the minimum necessary to provide for the department's administrative costs in order to provide the corporations with an interest earnings spread to be used for their own operating expenses.

Development loans generally must be interest-only loans, renewable at terms not to exceed 8 years. When the department chooses not to renew an interest-only development loan that has come to term and the corporation receiving the loan has administered its funds according to the program's criteria, the department shall attempt to negotiate an amortization schedule for repaying the loan that does not disrupt the operations or earnings of the corporation.

For maximum interest rates that certified microbusiness development corporations may charge on microbusiness loans, the rules must attempt to ensure that microbusiness development corporations comply with federal and state usury laws and other federal and state statutes and regulations regarding maximum rates to be charged by financial institutions. The department shall develop guidelines designed to reflect prevailing market conditions and specific loan risk and portfolio risk and may establish specific rate limits based on standard industry benchmarks, such as the New York prime rate, with the objective of allowing modest interest premiums, on the order of 1% to 3% above prevailing market rates, to be charged.

For minimum interest rates on microbusiness loans, the rules must consider prevailing market conditions and established industry benchmarks, such as the New York prime rate, in attempting to ensure that microbusiness development corporations are charging at least a prevailing market rate for loans of similar nature, term, and risk.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 9] may be cited as the "Microbusiness Development Act".

Section 2. **Legislative findings and purpose.** (1) The legislature finds and declares that:

(a) it is the policy of the state to foster and encourage economic development within the state in order to promote the general welfare of the people;

(b) no program exists by which the state encourages and assists in the creation, development, and financing of businesses with fewer than 10 full-time equivalent employees and gross revenues of less than $500,000 a year, which represent a significant component of and potential for growth in the state's economy; and

(c) neither the public sector nor the private sector currently satisfies the financial needs of these businesses.

(2) The purpose of [sections 1 through 9] is to create a program to encourage and assist in the creation, development, and financing of businesses with fewer than 10 full-time equivalent employees and gross revenues of less than $500,000 a year.

(3) The process of certification of microbusiness development corporations and selection among competing proposals for development loans must be open and competitive and allow access to the competition to all interested communities and organizations and must provide for selecting for award of development loans those projects that are best qualified according to the criteria established under [sections 4 through 6].

Section 3. **Definitions.** As used in [sections 1 through 9], the following definitions apply:

(1) "Certified community lead organization" means an organization that has sponsored community certification under the certified communities program of the department.

(2) "Certified microbusiness development corporation" means a microbusiness development corporation certified pursuant to [section 6].

(3) "Council" means the microbusiness advisory council established in [section 7].

(4) "Department" means the department of commerce provided for in 2-15-1801.

(5) "Development loan" means money loaned to a certified microbusiness development corporation by the department for the purpose of making microbusiness loans under the provisions of [sections 1 through 9].

(6) "Microbusiness development corporation" means a nonprofit corporation organized and existing under the laws of the state to provide training, technical assistance, and access to capital for the startup or expansion of qualified microbusinesses.

(10) "Revolving loan fund" means a fund required to be established by a certified microbusiness development corporation that receives a development loan.

Section 4. **Microbusiness finance program — powers and duties of department.** There is a microbusiness finance program administered by the department. The department shall adopt rules to implement the provisions of [sections 1 through 9], including but not limited to:

(1) establishing criteria and procedures for certifying microbusiness development corporations;

(2) establishing criteria and procedures to select from competing development loan applications and to award development loans to certified microbusiness development corporations;

(3) establishing criteria and procedures to be followed by certified microbusiness development corporations that administer revolving loan funds supported by the program;

(4) determining the amount and method of computation and payment of interest rates charged to recipients of development loans and specifying amortization schedules and other terms and conditions for development loans as may be necessary. However, the rate of interest may not be less than 3% a year.

(5) establishing criteria for determining nonperformance and declaring default in the administration of development loans and requiring the refund of defaulted development loan funds to the microbusiness development loan account;

(6) establishing criteria for satisfactory performance in development loan administration to determine eligibility for renewal of development loans or for additional development loans;

(7) establishing guidelines for maximum and minimum interest rates that may be charged by certified microbusiness development corporations on microbusiness loans; and

(8) dividing the state into not more than 12 multicounty service regions within each of which not more than one microbusiness development corporation may be funded at any time. However, a corporation that is funded as a statewide microbusiness development corporation under [section 6] may offer specialized services to constituents within regions having a funded regional microbusiness development corporation.

Section 5. **Microbusiness development loan account and finance program administrative account — criteria — limitations.** (1) There is in the state special revenue fund a microbusiness development loan account into which the funds appropriated pursuant to [section 11] and money received in repayment of the principal of development loans must be deposited. The department may make development loans from the account in amounts not to exceed $250,000 a loan to a certified microbusiness development corporation.

(2) There is in the state special revenue fund a microbusiness finance program administrative account into which all interest received on devel-

opment loans, service charges or fees received from certified microbusiness development corporations, grants, donations, and private or public income must be deposited. Money in the administrative account may be transferred to the development loan account or be used to pay the costs of the program, including personnel, travel, equipment, supplies, consulting costs, and other operating expenses of the program.

(3) Subject to subsection (1), a certified microbusiness development corporation that receives a development loan may apply for an additional loan after 1 year following approval of the previous loan, if the applicant meets the performance criteria established by the department.

(4) To establish the criteria for making development loans, the department shall consider:

(a) the plan for providing services to microbusinesses;

(b) the scope of services to be provided by the certified microbusiness development corporation;

(c) geographic representation of all regions of the state, including both urban and rural communities;

(d) the plan for providing service to minorities, women, and low-income persons;

(e) the ability of the corporation to provide business training and technical assistance to microbusiness clients;

(f) the ability of the corporation, with its plan, to:

(i) monitor and provide financial oversight of recipients of microbusiness loans;

(ii) administer a revolving loan fund; and

(iii) investigate and qualify financing proposals and to service credit accounts;

(g) sources and sufficiency of operating funds for the certified microbusiness development corporation; and

(h) the intent of the corporation, with its plan and written indications of local institutional support, to provide services to a designated multicounty region of the state.

(5) Development loan funds may be used by a certified microbusiness development corporation to:

(a) satisfy matching fund requirements for other state, federal, or private grants;

(b) establish a revolving loan fund from which the certified microbusiness development corporation may make loans to qualified microbusinesses, provided that a single loan does not exceed $20,000 and the outstanding balance of all loans to a microbusiness or a project participated in by more than one microbusiness or to two or more microbusinesses in which any one person holds more than a 20% equity share does not exceed $20,000;

(c) establish a guarantee fund from which the certified microbusiness development corporation may guarantee loans made by financial institutions to qualified microbusinesses. However, a single guarantee may not exceed $20,000, and the aggregate of all guarantees to a microbusiness or a project participated in by more than one microbusiness or to two or more microbusinesses in which any one person holds more than a 20% equity share may not exceed $20,000.

(6) Development loan funds may not be:

(a) loaned for relending or investment in stocks, bonds, or other securities or for property not intended for use in production by the recipient of the loan; or

(b) used to:

(i) refinance a nonperforming loan held by a financial institution; or

(ii) pay the operating costs of a certified microbusiness development corporation. However, interest income earned from the proceeds of a development loan may be used to pay operating expenses.

(7) Certified microbusiness development corporations are required to match development loans from the program with contributions to their revolving loan fund from other sources on a ratio of at least $1 from other sources for each $3 from the program. Matching contributions may come from a public or private source other than the program and may be in the form of equity capital, loans, or grants.

(8) Development loans must be made pursuant to a development loan agreement and may be amortization or term loans, bear interest at less than the market rate, be renewable, be callable, and contain other terms and conditions considered appropriate by the department that are consistent with the purposes of and with rules promulgated to implement [sections 1 through 9].

(9) (a) Unless subject to federal law or rule, each certified microbusiness development corporation that receives a development loan under [sections 1 through 9] shall pay the cost of an audit of its operations to be conducted at least once every 2 years. The department shall designate an auditor to conduct the audit.

(b) If an audit is performed under a requirement of federal law or rule, the department shall waive the audit required in subsection (9)(a) with respect to all issues addressed by the federal audit report. However, the department may require an audit of matters that are not, in the department's judgment, addressed by the federal report—for example, verification of compliance with requirements specific to the program, such as job-generation standards and reporting.

(10) A certified microbusiness development corporation that is in default for nonperformance under rules established by the department may be required to refund the outstanding balance of development loans awarded prior to the default declaration. A development loan is secured by a first lien on the receivables of the corporation receiving the loan.

(c) obtains written indications of support from local development organizations in the communities in which it plans to offer its services.

Section 7. **Microbusiness advisory council — appointment of members — organization — nonvoting legislative consulting panel.** (1) Subject to the provisions of subsection (5), there is a microbusiness advisory council composed of 13 members appointed by the governor from a list of candidates submitted by the director of the department after the department provides by rule for a process of requesting and receiving nominations from the public. No more than seven of the council members may live in the same congressional district as the congressional districts existed on December 31, 1990. At least three members must be representatives of certified community lead organizations. At least two of the three community representatives shall reside in communities with a population of less than 15,000. At least three members must be owners of qualified microbusinesses as defined in [section 3]. At least two members must have expertise in administering revolving loan funds that primarily serve microbusinesses. The membership must include representation of minorities, women, and low-income persons.

(2) (a) At the first meeting of the council, members shall draw lots to determine six members whose terms expire June 30, 1992, and seven members whose terms expire June 30, 1993.

(b) Members serving terms beginning after the expiration of the terms set in subsection (2)(a) shall serve 2-year terms.

(c) A member appointed to fill an unexpired term shall serve until the term expires.

(3) The members of the council shall elect a chairman and other officers as they determine necessary.

(4) The council shall meet at least once each quarter and more often as the chairman or a majority of the members determine necessary.

(5) (a) There is a legislative consulting panel of four members. The panel:

(i) shall meet with the council, participate in deliberations of the council, and advise the council in performance of its functions under subsection (7) but may not vote on any motion before the council; and

(ii) consists of:

(A) two representatives, including one from each party, appointed by the speaker of the house of representatives; and

(B) two senators, including one from each party, appointed by the committee on committees.

(b) The members:

(i) must be appointed on or before the 10th day of each regular session of the legislature and shall serve until the convening of the next regular session of the legislature. If a vacancy on the panel occurs during a legislative interim, that vacancy must be filled in the same manner as the original appointment.

(ii) are entitled to compensation in the same manner as members of the council, as provided in subsection (6).

(6) Members of the council are not entitled to compensation for their services except for reimbursement of expenses as provided in 2-18-501 through 2-18-503.

(7) The function of the council is to advise the department regarding the creation, operation, and maintenance of the program and the policies and operations affecting the certified microbusiness development corporations.

Section 8. **Authority to accept funds — statutory appropriation — funding authorization.** (1) The department may accept grants, donations, and other private and public income, including payments of interest on loans made by the department under the provisions of [sections

1 through 9] and fees charged by the department. The department shall deposit all money received under this section in the microbusiness finance program administrative account established in [section 5].

(2) The money in the microbusiness finance program administrative account is statutorily appropriated to the department, as provided in 17-7-502, for the purposes stated in [sections 1 through 9].

Section 9. **Audit and evaluation of the microbusiness finance program — report to legislature.** An audit, an analysis of costs and benefits, and an evaluation of the microbusiness finance program must be conducted by the office of the legislative auditor, beginning October 1, 1994, and the findings of this audit, analysis, and evaluation must be reported to the legislature no later than January 15, 1995.

Section 10. Section 17-7-502, MCA, is amended to read:

"**17-7-502. Statutory appropriations — definition — requisites for validity.** (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(a) The law containing the statutory authority must be listed in subsection (3).

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

(3) The following laws are the only laws containing statutory appropriations: 2-9-202; 2-17-105; 2-18-812; 10-3-203; 10-3-312; 10-3-314; 10-4-301; 13-37-304; 15-1-111; 15-25-123; 15-31-702; 15-36-112; 15-37-117; 15-65-121; 15-70-101; 16-1-404; 16-1-410; 16-1-411; 17-3-212; 17-5-404; 17-5-424; 17-5-804; 19-8-504; 19-9-702; 19-9-1007; 19-10-205; 19-10-305; 19-10-506; 19-11-512; 19-11-513; 19-11-606; 19-12-301; 19-13-604; 20-6-406; 20-8-111; 20-9-361; 23-5-306; 23-5-409; 23-5-610; 23-5-612; 23-5-1016; 23-5-1027; 27-12-206; 37-51-501; 39-71-2504; 53-6-150; 53-24-206; 61-2-406; 61-5-121; 67-3-205; 75-1-1101; 75-5-1108; 75-11-313; 76-12-123; 80-2-103; 82-11-136; 82-11-161; 90-3-301; 90-4-215; 90-4-613; 90-6-331; 90-9-306; and section 13, House Bill No. 861, Laws of 1985*; and [section 8].*

(4) There is a statutory appropriation to pay the principal, interest, premiums, and costs of issuing, paying, and securing all bonds, notes, or other obligations, as due, that have been authorized and issued pursuant to the laws of Montana. Agencies that have entered into agreements authorized by the laws of Montana to pay the state treasurer, for deposit in accordance with 17-2-101 through 17-2-107, as determined by the state treasurer, an amount sufficient to pay the principal and interest as due on the bonds or notes have statutory appropriation authority for such pay-

ments. *(In subsection (3), pursuant to sec. 10, Ch. 664, L. 1987, the inclusion of 39-71-2504 terminates June 30, 1991.)* "

Section 11. **Appropriation — approval of three-fourths of members required — severability.** (1) (a) Notwithstanding the provisions of 17-6-308 and 17-6-309 and recognizing that the provisions of [sections 1 through 9] are consistent with 17-6-304 and 17-6-305 and that [sections 1 through 9] will result in long-term benefits to the economy of the state, there is appropriated, subject to the provisions of subsections (1)(b) and (1)(c), to the department of commerce from the in-state investment fund in 17-6-306 during the biennium beginning July 1, 1991, $3,250,000 for the microbusiness finance program established in [section 4]. Funds appropriated from the in-state investment fund must be deposited in the microbusiness development loan account and are appropriated to the department for the purpose of making development loans pursuant to [sections 1 through 9].

(b) The funds appropriated in subsection (1)(a) from the in-state investment fund to the department of commerce must remain in the in-state investment fund until the department has decided to make a loan to a certified microbusiness development corporation under the provisions of [section 5]. When the department has made the decision to make a loan to a certified microbusiness development corporation under the provisions of [section 5], the director of the department shall notify the state treasurer of the decision and direct him to transfer an amount equal to the amount of the loan from the in-state investment fund to the microbusiness development loan account created in [section 5].

(c) Funds may not be transferred from the in-state investment fund to the microbusiness development loan account for the purposes of [sections 1 through 9] except as provided in subsection (1)(b).

(2) Because subsection (1) appropriates money from the principal of the permanent coal tax trust fund, the appropriation requires a vote of three-fourths of the members of each house of the legislature. If [this act] is approved by a vote of less than three-fourths of the members of each house, this section is void and the remaining sections of [this act] are valid and remain in effect in all valid applications upon enactment.

Section 12. **Appropriation.** There is appropriated to the microbusiness finance program administrative account created in [section 5] from the general fund $64,600 for the fiscal year ending June 30, 1992.

Section 13. **Coordination instruction.** If Senate Bill No. 26 is passed and approved and if it includes provisions eliminating the in-state investment fund, the code commissioner is instructed to substitute "permanent coal tax trust" for "in-state investment fund" where it appears in [this act], unless the context requires otherwise.

Section 14. **Effective dates.** (1) [Sections 1 through 9], [section 13], and [this section] are effective on passage and approval.

(2) [Sections 10 through 12] are effective July 1, 1991.

Approved April 24, 1991.

Section 3. Section 61-3-201, MCA, is amended to read:

"**61-3-201. Transfer of interest — cancellation of erroneous certificate of ownership *or registration*.** (1) Upon a transfer of any interest in a motor vehicle registered under the provisions of this chapter, the person whose interest is to be transferred shall write his signature with pen and ink upon the certificate of ownership issued for the vehicle in the appropriate space provided upon the reverse side of the certificate, and the signature must be acknowledged before the county treasurer, a deputy county treasurer, *an elected official authorized to acknowledge signatures, an employee of the department,* or a notary public.

(2) Within 20 calendar days after endorsement, the transferee shall forward both the endorsed certificate of ownership with the odometer mileage statement required under 61-3-206 and the certificate of registration, together with the information required under 61-3-202, to the county treasurer, who shall forward them to the department. The department may not issue a certificate of ownership or certificate of registration until the outstanding certificates are surrendered to that office or their loss is established to its reasonable satisfaction. Failure to make application within the 20-day grace period subjects the transferee to a penalty of $10. The county treasurer shall collect the penalty at the time of registration. The penalty is in addition to the fees otherwise provided by law. If the transferee does not make application within 25 days, a creditor or secured party may pay the fees for the transfer of title and filing of security interest or lien in order to have title transferred to the transferee and have the security interest or lien filed. The creditor or secured party is not liable for the penalty, registration fees, or taxes. The department shall return the certificate of title to the county treasurer as provided in 61-3-103(1). When the certificate of ownership is returned by the department to the county treasurer, the treasurer shall hold the certificate of ownership until the vehicle is properly registered.

(3) In the event of a transfer by operation of law of any interest in a motor vehicle as upon inheritance, devise, or bequest, order in bankruptcy or insolvency, execution sale, repossession upon default in the performance of the terms of a lease or executory sales contract, or otherwise than by voluntary act of the person whose title or interest is transferred, the executor, administrator, receiver, trustee, sheriff, or other representative or successor in interest of the person whose interest is transferred shall forward to the department an application for a certificate of ownership in the form required for an original application for a certificate of ownership, together with a verified or certified statement of the transfer of interest.

The statement must set forth the reason for the involuntary transfer, the interest transferred, the name of the person to whom the interest is to be transferred, the process of procedure effecting the transfer, and other information requested by the department. Evidence and instruments otherwise required by law to effect a transfer of legal or equitable title to or an interest in chattels as may be required in such cases must be furnished with the statement. If the department is satisfied that the transfer is regular and that all formalities required by law have been complied with, it shall send to the owner, conditional sales vendor, lessor, mortgagee, and other lienor, as shown by its records, notice of the intended transfer and, not less than 5 days after sending notice, shall issue a new certificate of ownership and certificate of registration to the transferee. The notice required by this section is complied with by deposit in the ~~post office in Deer Lodge, Montana,~~ *U.S. mail* of the notice, postage prepaid, addressed to the person at the respective address shown on its records.

(4) When the vehicle certificate of ownership that is involuntarily transferred is not registered in this state, the procedure in subsection (3) must be followed in applying for a new certificate of ownership and certificate of registration but the department need not send notice of intended transfer and shall issue a new certificate of ownership and a new certificate of registration to the person entitled to them.

(5) (a) If the owner of one or more motor vehicles, trailers, semitrailers, or housetrailers registered under this chapter and not exceeding a combined value of $15,000 dies without leaving other property necessitating the procuring of letters of administration or letters testamentary, the surviving spouse or other heir unless the property is by will otherwise bequeathed may secure transfer of the decedent's certificate of ownership and the certificate of registration for the vehicle.

(b) The person seeking transfer of the certificate of ownership shall file an affidavit with the department setting forth the fact of survivorship and the name and address of any other heirs and other facts as are necessary under subsection (5)(a) to entitle the affiant to a transfer.

(c) The department is authorized to transfer the certificate of ownership and certificate of registration, subject to all security interests shown by its records, upon receipt of an affidavit showing that the affiant is entitled to a transfer under the provisions of subsection (5)(a) of this section.

(6) Nothing in subsection (5) prevents any secured party from assigning his interest in a motor vehicle registered under the provisions of this chapter to any other person without the consent of and without affecting the interest of the holder of the certificate of ownership and certificate of registration. Upon any assignment by a secured party of his security interest in any motor vehicle registered under this chapter, a copy of the assignment must be filed with the department and a record of the assignment made upon its records.

(7) The certificate of ownership is valid until canceled by the department upon a transfer of any interest shown in the certificate, and annual renewal is not needed.

(8) (a) Upon its determination that a certificate of ownership *or a registration receipt* contains an error ~~caused by the department,~~ *or that the applicant has paid the required fees and taxes with an insufficient funds check and if the department has been notified of that fact by the county attorney,* the department may cancel the certificate of ownership *or receipt* and, *in the case of an error,* issue a replacement for the erroneous certificate *or receipt* if the owner has returned the certificate *or receipt* to be canceled. *If the owner fails to return to the department the certificate of ownership, the registration receipt, or the license plate, the department shall direct a peace officer or department employee to secure and return the certificate, receipt, or license plate to the department.*

(b) Any person who fails to return a certificate of ownership *or a registration receipt* ~~issued with~~ *that contains* an error ~~caused by the department~~ *or that has been canceled by the department due to an insufficient funds check, as provided in subsection (8)(a),* after receiving actual notice of the department's demand for the return of the certificate *or receipt,* as required by subsection (8)(a), is guilty of a misdemeanor and upon conviction may be fined an amount not to exceed $500."

Section 4. Section 61-3-202, MCA, is amended to read:

"**61-3-202. CHAPTER NO. 605

[HB 607]

AN ACT AMENDING THE LAWS RELATING TO PERMIT REQUIREMENTS FOR SOLID WASTE INCINERATORS; EXTENDING THE PERMIT REQUIREMENTS TO HAZARDOUS WASTE INCINERATORS; AMENDING SECTION 75-2-215, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

It is the intent of the legislature that the department of health and environmental sciences not issue an air quality permit for any new solid waste incinerator that is designed to burn more than 200 pounds an hour of solid waste and not authorize any existing or permitted solid waste incinerator that is designed to burn more than 200 pounds an hour of solid waste to change the amount, form, or content of the solid waste it incinerates or to incinerate any solid waste that would change the nature, character, or composition of its emissions until the department and the public have the necessary information to understand the composition and concentrations of emissions. It is also the intent of the legislature that the department apply the concept of best available control technology to all air pollutants, including hazardous air pollutants, when considering a permit application or modification for a solid waste incinerator. The legislature intends that these additional permit requirements be extended to hazardous waste incinerators as well. It is also the intent of the legislature that the department develop a reasonable and practical health risk assessment-based definition of the term "negligible risk" as used in 75-2-215(2)(c).

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-2-215, MCA, is amended to read:

"**75-2-215. Solid *or hazardous* waste incineration — additional permit requirements.** (1) A person may not *construct, modify, or* operate a solid *or hazardous* waste incinerator of any of the following categories until the department has issued an air quality permit pursuant to this chapter, including the conditions provided in this section:

(a) a new ~~commercial~~ solid *or hazardous* waste incinerator *that is designed to burn more than 200 pounds an hour of solid or hazardous waste*; or

(b) ~~a~~ *an existing or* permitted solid *or hazardous* waste incinerator *that is designed to burn more than 200 pounds an hour of solid or hazardous waste and* that *incinerates or* would incinerate solid *or hazardous* waste in an amount, form, kind, or content different from its *designed or* permitted operation or that *incinerates or* would incinerate any ~~material~~ *solid or hazardous waste* that changes the nature, character, or composition of its emissions.

(2) The department may not issue a permit to a facility described in subsection (1) until:

(a) the owner or operator has provided to the department's satisfaction:

(i) a characterization of emissions and ambient concentrations of air pollutants, including hazardous air pollutants, from any existing incineration at the facility; and

(ii) an estimate of emissions and ambient concentrations of air pollutants, including hazardous air pollutants, from the incineration of solid *or hazardous* waste as proposed in the permit application or modification;

(b) the public has had an opportunity to review and comment on the permit application or modification; and

(c) the department has reached a determination that the projected emissions and ambient concentrations will constitute a negligible risk to the public health, safety, and welfare and to the environment.

(3) The department shall require the application of air pollution control equipment, engineering, or *other operating* procedures as necessary to

~~satisfy the determination required under subsection (2)(e). The equipment, engineering, or procedures must~~ provide ~~particulate and gaseous emission~~ reductions *of air pollutants, including hazardous air pollutants,* equivalent to or more stringent than those achieved through the best available control technology~~, in addition to any other controls necessary to satisfy the determination required under subsection (2)(e)~~.

(4) This section does not relieve an owner or operator of a solid *or hazardous* waste incinerator that is not included under subsection (1) from the obligation to obtain any permit otherwise required under this chapter or rules implementing this chapter."

Section 2. **Effective date.** [This act] is effective on passage and approval.

Approved April 24, 1991.

(4) The credit may not exceed 50% of the premium cost for each employee and may not be claimed for a period of more than 36 consecutive months. A tax credit may not be granted to an employer or its successor within 10 years of the last consecutive credit claimed.

(5) The credit allowed under this section may not be claimed as a carryback or carryforward and may not be refunded if the employer has no tax liability.

CHAPTER NO. 608

[HB 731]

AN ACT PROVIDING MANAGEMENT STANDARDS FOR THE CONDUCT OF FOREST PRACTICES IN STREAMSIDE MANAGEMENT ZONES; AUTHORIZING THE DEPARTMENT OF STATE LANDS TO ADOPT AND ENFORCE RULES IMPLEMENTING THE STREAMSIDE MANAGEMENT STANDARDS; ALLOWING ALTERNATIVE FOREST

PRACTICES IN CERTAIN CIRCUMSTANCES; AUTHORIZING THE DEPARTMENT OF STATE LANDS TO ISSUE ADMINISTRATIVE ORDERS FOR SITE REHABILITATION; PROVIDING PENALTIES FOR NONCOMPLIANCE WITH STREAMSIDE MANAGEMENT STANDARDS; AND ESTABLISHING A FOREST STEWARDSHIP SPECIAL REVENUE ACCOUNT.

STATEMENT OF INTENT

It is the intent of the legislature that the streamside management zone be an area of closely managed activity, but not a zone where timber harvest is excluded. Timber harvest activities must be managed within the zone to achieve objectives relating to water quality, beneficial water uses, management of wildlife habitat, and the long-term stability of the stream system, in addition to timber harvest objectives.

It is the intent of the legislature that the department of state lands adopt rules to implement the management standards provided for in [section 3] as enforceable standards for streamside management zones. These standards are to be coordinated with the objectives and guidelines contained in the existing system of voluntary best management practices, which will still guide forest practices outside of the streamside management zone. The department shall adopt rules governing the harvest of timber in streamside management zones to ensure the retention of merchantable and submerchantable timber necessary to maintain the integrity of the streamside management zone. The department shall also adopt rules under which owners and operators may receive approval for alternative practices for the standards provided in [section 3].

It is the intent of the legislature that the department develop voluntary, nonenforceable guidelines concerning the selection and retention of trees and vegetation, including snags, for wildlife habitat within the streamside management zone.

It is the intent of the legislature that the department establish an interdisciplinary technical committee to assist the department in adopting rules, developing voluntary guidelines for the management of wildlife habitat, and monitoring the implementation of this bill. The members of the committee should have technical knowledge or expertise in water quality, wildlife management, or forest management and include representatives from the U.S. forest service; U.S. bureau of land management; the Montana departments of health and environmental sciences and fish, wildlife, and parks; conservation districts; the Montana state university extension forestry program; the Montana forest and conservation experiment station; the forest products industry; and the conservation community.

To the extent practical, the department should conduct onsite consultations under [section 4] in conjunction with consultations or inspections conducted pursuant to Title 76, chapter 13, parts 1 and 4. It is also the intent of the legislature that whenever department personnel in the field notice a probable water quality or 310 permit violation that they notify the appropriate authority.

It is the intent of the legislature that the department, with the assistance of the technical committee, evaluate the implementation of this bill, develop recommendations to address problems, if any, that arise, and report its findings and recommendations to the environmental quality council.

Finally, the legislature recognizes that appropriate limitations on activities in streamside zones, which comprise only a very small percentage of Montana forests, can achieve substantial watershed and wildlife benefits.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Findings and purpose.** (1) The legislature finds that the streamside management zone:

(a) acts as an effective sediment filter to maintain water quality;

(b) provides shade to regulate stream temperature;

(c) supports diverse and productive aquatic and terrestrial riparian habitats;

(d) protects the stream channel and banks;

(e) provides large, woody debris that is eventually recruited into a stream to maintain riffles, pools, and other elements of channel structure; and

(f) promotes floodplain stability.

(2) The legislature further finds that maintaining the integrity of forest streams is crucial to the quality and quantity of water available to Montanans for domestic, agricultural, industrial, and recreational use.

(3) The legislature further finds that forest streams are highly susceptible to impacts from land development and that in many cases forest practices in streamside zones in Montana are causing excessive and unnecessary damage to the banks, beds, and protective vegetation of forest streams.

(4) The legislature further finds that, through careful management in the streamside zone, owners and operators can achieve timber harvest goals without sacrificing water quality or impairing the beneficial uses of the water.

(5) The purposes of [sections 1 through 7] are:

(a) to protect the legitimate public interest in the quality and quantity of forest waters;

(b) to provide for standards, oversight, rehabilitation, and penalties to ensure that forest practices are conducted in a manner that conserves the integrity of Montana's streamside zones;

(c) to provide guidelines for the management of wildlife habitat in streamside zones; and

(d) to allow operators necessary flexibility to use practices appropriate to site-specific conditions in the streamside management zone.

Section 2. **Definitions.** As used in [sections 1 through 7], the following definitions apply:

(1) "Alternative practices" means forest practices:

(a) conducted in the streamside management zone that are different from practices required by rules adopted under [sections 1 through 7];

(b) that are designed for site-specific conditions encountered during a timber sale; and

(c) that are subject to department approval under [section 3].

(2) "Department" means the department of state lands provided for in 2-15-3201.

(3) "Forest practices" means, within a timber sale, the harvesting of trees, road construction or reconstruction associated with harvesting and accessing trees, site preparation for regeneration of a timber stand, reforestation, and management of logging slash. The term does not include activities related to the operation of a Christmas tree farm or nursery that do not involve new road construction.

(4) "Operator" means a person responsible for conducting forest practices. An operator may be the owner or a person who, through contractual agreement with the owner, is obligated to or entitled to conduct forest practices or carry out a timber sale.

(5) "Owner" means an individual, firm, partnership, corporation, or association of any nature that holds an ownership interest in forest land or timber.

(6) "Person" means an individual, firm, partnership, company, commercial entity, corporation, or association.

(7) "Stream" means a natural watercourse of perceptible extent that has a generally sandy or rocky bottom or definite banks and that confines and conducts continuously or intermittently flowing water.

(8) "Streamside management zone" or "zone" means the stream, lake, or other body of water and an adjacent area of varying width where management practices that might affect wildlife habitat or water quality, fish, or other aquatic resources need to be modified. The streamside management zone encompasses a strip at least 50 feet wide on each side of a stream, lake, or other body of water, measured from the ordinary high-water mark, and extends beyond the high-water mark to include wetlands and areas that provide additional protection in zones with steep slopes or erosive soils.

(9) "Timber sale" means a series of forest practices designed to access, harvest, and regenerate trees on a defined land area for commercial purposes.

Section 3. **Standards for forest practices in streamside management zones.** (1) The following practices are prohibited in a streamside management zone:

(a) broadcast burning;

(b) the operation of wheeled or tracked vehicles except on established roads;

(c) the forest practice of clearcutting;

(d) the construction of roads except when necessary to cross a stream or wetland;

(e) the handling, storage, application, or disposal of hazardous or toxic materials in a manner that pollutes streams, lakes, or wetlands or that may cause damage or injury to humans, land, animals, or plants;

(f) the side-casting of road material into a stream, wetland, or watercourse; and

(g) the deposit of slash in streams or other water bodies.

(2) The department shall publish and distribute the rules implementing the streamside management standards.

Section 4. **Inspection — onsite consultation.** (1) The department may inspect forest practices on any federal, state, or private land in this state to assess compliance with the provisions of [sections 1 through 7] and rules adopted pursuant to [sections 1 through 7].

(2) The department may conduct an onsite consultation with an owner or operator to review harvest plans and watershed conditions. During the onsite consultation, the department may review and, if appropriate, approve the proposed use of alternative streamside management practices, as provided in [section 3].

Section 5. **Responsibility for compliance — penalties — administrative orders.** (1) (a) Except as provided in subsection (1)(b), it is the responsibility of the owner to ensure compliance with the provisions of [sections 1 through 7] and rules adopted pursuant to [sections 1 through 7].

(b) If a written contract between an owner and an operator specifies that the operator is responsible for compliance with laws relating to forest practices, the operator is considered the responsible party for all enforcement actions taken by the department under this section.

(2) A person who violates a provision of [sections 1 through 7], a rule adopted pursuant to [sections 1 through 7], or an order issued under this

section shall be subject to a civil penalty not to exceed $1,000. Each day of violation constitutes a separate violation.

(3) (a) When the department determines that an owner or operator has violated a provision of [sections 1 through 7] or a rule adopted pursuant to [sections 1 through 7] and has caused damage to watershed or wildlife resources, the department may serve an order requiring the person responsible for the conduct of forest practices to undertake necessary site rehabilitation within a reasonable period of time stated in the order. The order must specify the nature of the violation and the damage or unsatisfactory condition resulting from the violation.

(b) The order becomes final unless, within 30 days after the notice is served, the person named requests in writing a hearing before the department. On receipt of the request, the department shall schedule a hearing. Service by mail is complete on the date of mailing.

(c) If, after a hearing, the department finds that a violation has occurred and the watershed or wildlife habitat damage warrants site rehabilitation, it shall affirm or modify the order previously issued. If the department finds that a violation has not occurred or that site rehabilitation is not warranted, it shall rescind the order.

(d) The department may include in an order a provision that the owner or operator immediately cease causing further damage and take immediate action to alleviate the damage or to prevent future damage. The department may institute an action for injunctive relief under Title 27, chapter 19, if the recipient of the order does not comply with it.

(4) Subsection (3) does not prevent the department from seeking voluntary compliance and site rehabilitation through warning, conference, or any other appropriate means.

Section 6. **Forest stewardship special revenue account.** (1) There is a forest stewardship special revenue account.

(2) All fines and penalties levied under [section 5] must be deposited in the forest stewardship special revenue account.

(3) The department shall spend funds deposited in the account on activities and programs that promote the stewardship of forest resources.

Section 7. **Rulemaking.** The department shall adopt rules:

(1) implementing each of the management standards provided in [section 3];

(2) providing specific direction necessary for owners and operators to understand and comply with the management standards, including additional definition of the streamside management zone and the forest practices permissible within the zone;

(3) providing alternative practices for the standards provided for in [section 3]; and

(4) regulating the harvest of timber in streamside management zones.

Approved April 24, 1991.

CHAPTER NO. 609

[HB 778]

AN ACT REVISING THE LAWS RELATING TO USE OF STATE LANDS; PROVIDING THAT ALLOWABLE USE OF STATE LANDS INCLUDES GENERAL RECREATIONAL USE BY THE PUBLIC; REQUIRING THE BOARD OF LAND COMMISSIONERS TO ADOPT RULES TO AUTHORIZE AND GOVERN THE RECREATIONAL USE AND CLOSURE OF STATE LANDS; REQUIRING PURCHASE AND POSSESSION OF A RECREATIONAL USE LICENSE BY PERSONS 12 YEARS OF AGE OR OLDER FOR THE GENERAL RECREATIONAL USE OF STATE LANDS; PROVIDING FOR ENFORCEMENT OF THE LICENSE REQUIREMENT BY THE WARDENS OF THE DEPARTMENT OF FISH, WILDLIFE, AND PARKS; PROVIDING PENALTIES; PROVIDING FOR THE STATUTORY APPROPRIATION OF THE LICENSE FEES AND PENALTIES; PROVIDING COMPENSATION FOR DAMAGE TO A LESSEE'S IMPROVEMENTS, GROWING CROPS, AND LIVESTOCK; AMENDING SECTIONS 17-7-502, 19-8-504, 77-1-101, 77-1-202, 77-1-203, 77-1-204, 77-1-402, 87-1-102, 87-1-502, 87-1-504, AND 87-1-601, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 13] requires the board of land commissioners to adopt rules to implement the provisions for recreational use of state lands established by this bill. Consistent with the provisions of this bill, it is intended that public recreational use of state lands be accomplished to the fullest extent possible. It is acknowledged that certain state lands will merit closure from public recreational use due to certain considerations, including but not limited to the presence of growing crops and livestock and the proximity of dwellings and agricultural buildings. Nothing in this bill authorizes or purports to authorize trespass on private lands to reach state lands.

This bill requires the board to adopt rules governing the actions of the recreational user of state lands. These rules must address protection of the resource value, compensation for damage to improvements, criteria for closure, restrictions upon certain recreational activities, and, when state land is posted, provision for the recreational user to contact the lessee or his agent to provide prior notice of the type and extent of the recreational use contemplated.

[Section 18] authorizes the department to adopt rules for weed control activities. It is the intent of the legislature that the board establish a procedure whereby weed infestations on state lands that are attributable to recreational access are controlled or eradicated. Examples of procedures that fulfill this intent include:

(1) a departmental weed control program;

(2) payments for weed control activities; and

(3) payments to county weed boards.

It is the intent of the legislature that the board evaluate the implementation of this bill, develop recommendations to address problems, if any, that arise through the course of rulemaking and implementation, and report its findings and recommendations to the 53rd legislature.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 19-8-504, MCA, is amended to read:

"**19-8-504. State's contribution.** Each month the state treasurer shall pay to the account, out of the department of fish, wildlife, and parks moneys, a sum equal to 7.15% of the total of all members' salaries, and out of the moneys collected as fines and forfeited bonds under the provisions of 87-1-601*(1) through (5)* or moneys distributed under 3-10-601(4), all such collections are statutorily appropriated to the account until the unfunded liability in the account is solvent and a verification statement to that effect is given to the state treasurer by the board."

Section 2. Section 77-1-101, MCA, is amended to read:

"**77-1-101. Definitions.** Unless the context requires otherwise and except for the definition of state land in 77-1-701, in this title the following definitions apply:

(1) "Department" means the department of state lands provided for in Title 2, chapter 15, part 32.

(2) "Board" means the board of land commissioners provided for in Article X, section 4, of the constitution of this state.

(3) "Commissioner" means the commissioner of state lands provided for in 2-15-3202.

(4) "State land" or "lands" means lands granted to the state by the United States for any purpose, either directly or through exchange for other lands; lands deeded or devised to the state from any person; and lands that are the property of the state through the operation of law. The term does not include lands the state conveys through the issuance of patent; lands used for building sites, campus grounds, or experimental purposes by any state institution that are the property of that institution; or lands acquired through foreclosure of any investments purchased under the provisions of 17-6-211.

(5) "Commercial or concentrated recreational use" means any recreational use that is organized, developed, or coordinated, whether for profit or otherwise. Commercial or concentrated recreational use includes all outfitting activity and all activities not included within the definition of general recreational use.

(6) "General recreational use" includes noncommercial and nonconcentrated hunting, fishing, and other activities determined by the board to be compatible with the use of state lands. General recreational use does not include the use of streams and rivers by the public under the stream access laws provided in Title 23, chapter 2, part 3.

(7) "Legally accessible state lands" means state lands that can be accessed by dedicated public road, right-of-way, or easement; by public waters; by adjacent federal, state, county, or municipal land if the land is open to public use; or by adjacent contiguous private land if permission to cross the land has been secured from the landowner. The granting of permission by a private landowner to cross private property in a particular instance does not subject the state land that is accessed to general recreational use by members of the public other than those granted permission."

Section 3. Section 77-1-202, MCA, is amended to read:

"**77-1-202. Powers and duties of board.** (1) The board shall exercise general authority, direction, and control over the care, management, and disposition of state lands and, subject to the investment authority of the board of investments, the funds arising from the leasing, use, sale, and disposition of those lands or otherwise coming under its administration. In the exercise of these powers, the guiding rule and principle is that these lands and funds are held in trust for the support of education and for the attainment of other worthy objects helpful to the well-being of the people of this state. The board shall administer this trust to secure the largest measure of legitimate and reasonable advantage to the state.

(2) It is consistent with the powers and duties provided in subsection (1) that the people are entitled to general recreational use of state lands to the extent that the trusts are compensated for the value of the recreation.

~~(2)~~*(3)* When acquiring land for the state, the board shall determine the value thereof after an appraisal by a qualified land appraiser."

Section 4. Section 77-1-203, MCA, is amended to read:

"**77-1-203. Multiple-use management.** (1) The board shall manage state lands under the multiple-use management concept defined as the management of all the various resources of the state lands so that:

(a) they are utilized in that combination best meeting the needs of the people and the beneficiaries of the trust, making the most judicious use of the land for some or all of those resources or related services over areas large enough to provide sufficient latitude for periodic adjustments in use to conform to changing needs and conditions and realizing that some land may be used for less than all of the resources; and

(b) harmonious and coordinated management of the various resources, each with the other, will result without impairment of the productivity of the land, with consideration being given to the relative values of the various resources.

(2) If a parcel of state land in one class has other multiple uses or resource values which are of such significance that they do not warrant classification for the value, the land shall, nevertheless, be managed insofar as is possible to maintain or enhance these multiple-use values.

(3) State lands, including those lands that are leased primarily for other purposes, are open to general recreational use subject to legal access and to closures and restrictions pursuant to rules adopted under [section 13].

(4) The department shall include in all new or renewal leases and licenses a provision that leased lands may not be closed at any time to the public for general recreational purposes without the advanced written permission of the department."

Section 5. Section 77-1-204, MCA, is amended to read:

"**77-1-204. Power to sell, lease, or exchange certain state lands.** (1) The board is authorized to lease state lands for uses other than agriculture, grazing, timber harvest, or mineral production under such terms and conditions which best meet the duties of the board as specified in 77-1-202 and 77-1-203~~(1)~~. The lease period for such leases, except for power and school site leases, may not be for longer than 40 years.

(2) The board shall have full power and authority to sell, exchange or lease lands under its jurisdiction by virtue of 77-1-214 when, in its judgment, it is advantageous to the state to do so in the highest orderly development and management of state forests and state parks. Said sale, lease, or exchange shall not be contrary to the terms of any contract which it has entered into."

Section 6. Section 77-1-402, MCA, is amended to read:

"**77-1-402. Basis for classification or reclassification.** (1) The classification or reclassification shall be so made as to place state land in the class which best accomplishes the powers and duties of the board as specified in 77-1-202 and 77-1-203~~(1)~~. When state lands are classified or reclassified in accordance with these duties and responsibilities, special attention shall be paid to the capability of the land to support an actual or proposed land use authorized by each classification.

(2) It is the duty of the department to classify or reclassify state lands so that no state land will be sold, leased, or used under a different classification from that to which it actually belongs."

Section 7. Section 87-1-102, MCA, is amended to read:

"**87-1-102. Penalties.** (1) A person violating any provision of this title, any other state law pertaining to fish and game, or the orders or rules of the commission or department is, unless a different punishment is expressly provided by law for the violation, guilty of a misdemeanor and shall be fined not less than $50 or more than $500, imprisoned in the county jail for not more than 6 months, or both. That money shall be spent for those purposes by the department, subject to appropriation by the legislature.

(3) Any reference to the fish and game fund in this code means fish and game money in the state special revenue fund and the federal special revenue fund.

(4) ~~All~~ *Except as provided in subsection (6), all* money collected or received from fines and forfeited bonds, except money collected or received by a justice's court, relating to violations of state fish and game laws under Title 87 shall be deposited by the state treasurer and credited to the department ~~of fish, wildlife, and parks~~ in a state special revenue fund account for this purpose. Out of any fine imposed by a court for the violation of the fish and game laws, the costs of prosecution shall be paid to the county where the trial was held in any case where the fine is not imposed in addition to the costs of prosecution.

(5) Money received by the department from the sale of surplus real property; exploration or development of oil, gas, or mineral deposits from lands acquired by the department except royalties or other compensation based on production; and from leases of interests in department real property not contemplated at the time of acquisition shall be deposited in an account within the nonexpendable trust fund of the state treasury. The interest derived therefrom, but not the principal, may be used only for the purpose of operation, development, and maintenance of real property of the department, and only upon appropriation by the legislature. If the use of money as set forth herein would result in violation of applicable federal laws or state statutes specifically naming the department or money received by the department, then the use of this money must be limited in the manner, method, and amount to those uses that do not result in such violation.

(6) Money collected or received from fines or forfeited bonds for the violation of [section 11], [section 15], or rules adopted under [section 13] must be deposited as follows:

(a) 50% in an account for use by the department for the enforcement of [section 11], [section 15], and rules adopted under [section 13]; and

(b) 50% in the state lands recreational use account established by [section 16] for use by the department of state lands in the management of state lands."

Section 11. **Recreational use license required to use state lands for general recreational purposes — penalty.** (1) A person 12 years of age or older shall obtain an annual recreational use license pursuant to [section 12] to use state lands, as defined in 77-1-101, for general recreational purposes.

(2) A person shall, upon the request of a peace officer or fish and game warden, present for inspection his recreational use license.

(3) A violator of subsection (1) or (2) is guilty of a misdemeanor and shall be fined not less than $50 or more than $500, imprisoned in the county jail for not more than 6 months, or both.

Section 12. **Recreational use license — fee.** (1) The fee for a recreational use license is $5. The fee is based upon:

(a) a $3 charge as the value of 1 year of recreational use of state lands; and

(b) a $2 surcharge for the administrative costs of providing recreational access to state lands and the maintenance of a state lands recreational use account pursuant to [section 16].

(2) Money received by the department from the sale of recreational use licenses must be credited as follows:

(a) proceeds collected under subsection (1)(a) must be apportioned on a pro rata basis to the land trusts, in proportion to the respective trust's percentage contribution to the total acreage of all state land trusts; and

(b) proceeds collected under the surcharge of subsection (1)(b), less 50 cents for each license to be returned as a commission to license dealers, must be deposited in the state lands recreational use account established by [section 16] for use by the department in the management of state lands open to general recreational use.

(3) The department may contract with the department of fish, wildlife, and parks for the distribution and sale of recreational use licenses through the license agents appointed by and the administrative offices of the department of fish, wildlife, and parks and in accordance with the provisions of Title 87, chapter 2, part 9.

Section 13. **Rules for recreational use of state lands — penalty.** (1) The board shall adopt rules authorizing and governing the recreational use of state lands allowed under 77-1-203. The board shall use local offices of the department to administer this program whenever practical.

(2) Rules adopted under this section must address the circumstances under which the board may close legally accessible state lands to recreational use. Such action by the board may be taken upon its own initiative or upon petition by an individual, organization, corporation, or governmental agency. Closures may be of an emergency, seasonal, temporary, or permanent nature. State lands may be closed by the board only after public notice and opportunity for public hearing in the area of the proposed closure, except when the department is acting under rules adopted by the board for an emergency closure. Closed lands must be posted by the lessee at customary access points, with signs provided or authorized by the department.

(3) Closure rules adopted pursuant to subsection (2) may categorically close state lands whose use or status is incompatible with recreational use. Categorical or blanket closures may be imposed on state lands due to:

(a) cabinsite and homesite leases and licenses;

(b) the seasonal presence of growing crops; and

(c) active military, commercial, or mineral leases.

(4) The board shall adopt rules that provide an opportunity for any individual, organization, or governmental agency to petition the board for purposes of excluding a specified portion of state land from a categorical closure that has been imposed under subsection (3).

(5) Under rules adopted by the board, state lands may be closed on a case-by-case basis for certain reasons, including but not limited to:

(a) damage attributable to recreational use that diminishes the income-generating potential of the state lands;

(b) damage to surface improvements of the lessee;

(c) the presence of threatened, endangered, or sensitive species or plant communities;

(d) the presence of unique or special natural or cultural features;

(e) wildlife protection;

(f) noxious weed control; or

(g) the presence of buildings, structures, and facilities.

(6) Rules adopted under this section may impose restrictions upon general recreational activities, including the discharge of weapons, camping, open fires, vehicle use, and any use that will interfere with the presence of livestock. The board may also by rule restrict access on state lands in accordance with a block management program administered by the depart-

ment of fish, wildlife, and parks. Motorized vehicle use by recreationists on state lands is restricted to federal, state, and dedicated county roads and to those roads designated by the department to be open to motorized vehicle use.

(7) The board shall adopt rules providing for the issuance of a recreational special use license. Commercial or concentrated recreational use, as defined in 77-1-101, is prohibited on state lands unless it occurs under the provisions of a recreational special use license. The board may also adopt rules requiring a recreational special use license for recreational use that is not commercial, concentrated, or within the definition of general recreational use.

(8) For a violation of rules adopted by the board pursuant to this section, the department may assess a civil penalty of up to $1,000 for each day of violation. The board shall adopt rules providing for notice and opportunity for hearing in accordance with Title 2, chapter 4, part 6. Civil penalties collected under this subsection must be deposited as provided in 87-1-601(6).

Section 14. **Liability of state and lessee.** (1) The provisions of 70-16-302 that limit the liability of a landowner or his tenant for the recreational use of property apply to the state and any lessee of state lands used for general recreational purposes.

(2) The lessee is not responsible for the suppression of or for damages resulting from a fire on his leased land caused by a general recreational user, except that a lessee who observes a fire caused by a general recreational user shall make reasonable efforts to suppress the fire or report it to the proper firefighting authority.

Section 15. **Prior notification to lessee of recreational use — trespass — penalty.** (1) If a lessee of state lands under [sections 11 through 18] desires to be notified prior to anyone entering upon his leasehold, the lessee shall post, at customary access points, signs provided or authorized by the department. The signs must set forth the lessee's or his agent's name, address, telephone number, and method of notification. The lessee or his agent shall make himself available to receive notice from recreational users or provide an alternative means for notice as prescribed by rule. When state land is posted, recreational users shall contact and identify themselves to the lessee or his agent for the purposes of minimizing impact upon the leasehold interest and learning the specific boundaries of adjacent unfenced private property.

(2) Each recreational user of state lands shall obtain permission of the lessee or his agent before entering the adjacent private property owned by the lessee. Entry to private property from adjacent state lands without permission of the landowner or his agent is an absolute liability offense. A violator of this subsection is guilty of a misdemeanor and shall be fined not less than $50 or more than $500, imprisoned in the county jail for not more than 6 months, or both.

(3) A person may be found guilty of the offense described in subsection (2) regardless of the absence of fencing or failure to post a notice in accordance with 45-6-201.

Section 16. **State lands recreational use account.** (1) There is a state lands recreational use account in the state special revenue fund provided for in 17-2-102.

(2) There must be deposited in the account:

(a) all revenue received from the recreational use license established by [section 12];

(b) all revenue received from the imposition of fines under [sections 11 and 15] and from civil penalties imposed pursuant to [section 13]; and

(c) money received by the department in the form of legislative appropriations, reimbursements, gifts, federal funds, or appropriations from any source intended to be used for the purposes of this account.

(3) Money deposited in the state lands recreational use account is statutorily appropriated, as provided in 17-7-502, and must be used by the department for the following purposes:

(a) compensation pursuant to [section 17] for damage to the improvements of leases that has been proved to be caused by recreational users;

(b) assistance in weed control management necessary as a result of recreational use of state lands;

(c) protection of the resource value of the trust assets; and

(d) administration and management for the implementation of recreational use of state lands.

Section 17. **Compensation for damage to improvements, growing crops, or livestock.** A lessee may apply to the department for reimbursement of documented costs of repair to or replacement of improvements, growing crops, or livestock damaged by recreational users of state lands. The application must include an affidavit by the applicant setting forth the nature of the loss, allegations and reasonable proof supporting the involvement of recreational users, and documentation of repair or replacement costs. Upon review of the application and supporting proof and upon additional investigation as required, the department shall either grant, modify, or deny the claim. The department, by reason of payment to the lessee for damage to improvements, is entitled to be subrogated to the rights of the lessee to recover the amount paid from the party causing the damage. Payments under this section must be made from the state lands recreational use account established by [section 16], and the liability of the department for damage payments is limited to the existing balance of the account. Claim applications are to be considered in the order they are received.

Section 18. **Weed control management.** (1) The department shall establish a weed control management program for the control of noxious weeds reasonably proved to be caused by the recreational use of state lands. The department may by rule establish a noxious weed management program that may include direct compensation for noxious weed control activities or participation in district and county weed control projects or department-initiated weed control activities.

(2) Funding for this program must come from the state lands recreational use account pursuant to [section 16].

Section 19. Section 17-7-502, MCA, is amended to read:

"17-7-502. Statutory appropriations — definition — requisites for validity. (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

CHAPTER NO. 610

[HB 793]

AN ACT ALLOWING THE BOARD OF COUNTY COMMISSIONERS OF A COUNTY TO DIRECT THE COUNTY TREASURER TO REDISTRIBUTE COAL GROSS PROCEEDS TAXES OR LOCAL GOVERNMENT SEVERANCE TAX MONEY FROM ONE TAXING UNIT IN THE COUNTY TO ANOTHER TAXING UNIT OR UNITS IN THE COUNTY UNDER CERTAIN CONDITIONS; AMENDING SECTIONS 15-23-703 AND 15-36-112, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-23-703, MCA, is amended to read:

"**15-23-703. Taxation of gross proceeds — taxable value for bonding and guaranteed tax base aid to schools.** (1) The county assessor shall compute from the reported gross proceeds from coal a tax roll that he shall transmit to the county treasurer on or before September 15 each year. The county assessor may not levy or assess any mills against the reported gross proceeds of coal but shall levy a tax of 5% against the value of the reported gross proceeds as provided in 15-23-701(1)(d). The county treasurer shall proceed to give full notice to each coal producer of the taxes due and to collect the taxes as provided in 15-16-101.

(2) For bonding, county classification, and all nontax purposes, the taxable value of the gross proceeds of coal is 45% of the contract sales price as defined in 15-35-102(5).

(3) The taxable value of gross proceeds for the purpose of computing guaranteed tax base aid for schools is the amount of tax received by a district in the previous year divided by the number of mills levied by the district in the previous year, multiplied by 1,000. This amount must be added to the district, county, and statewide taxable value when computing guaranteed tax base aid under 20-9-368.

(4) ~~The~~ *Except as provided in subsection (5), the* county treasurer shall credit all taxes collected under this part:

(a) to the state and to the counties that levied mills *in fiscal year 1990* against *1988* production in the relative proportions required by the levies for state and county purposes in the same manner as property taxes were distributed in ~~the~~ *fiscal* year ~~1989~~ *1990* in the taxing jurisdiction; and

(b) to school districts in the county that either levied mills *in school fiscal year 1990* against *1988* production or used nontax revenue, such as Public Law 81-874 money, in lieu of levying mills against production, in the same manner that property taxes collected or property taxes that would have been collected would have been distributed in ~~1989~~ *school fiscal year 1990* in the school district.

(5) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds taxes that would have gone to a taxing unit, as provided in subsection (4)(a), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

(a) The county treasurer shall first allocate the coal gross proceeds taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in fiscal year 1990.

(b) If the allocation in subsection (5)(a) exceeds the total budget for a taxing unit, the commissioners may direct the county treasurer to allocate the excess to any taxing unit within the county.

(6) The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county treasurer under the following conditions:

(a) The district shall first allocate the coal gross proceeds taxes to the budgeted funds of the district in the same proportion that all other property tax proceeds were distributed in the district in fiscal year 1990.

(b) If the allocation under subsection (6)(a) exceeds the total budget for a fund, the trustees may allocate the excess to any budgeted fund of the school district."

Section 2. Section 15-36-112, MCA, is amended to read:

"**15-36-112. Disposition of oil and gas state and local government severance taxes — calculation of unit value for local government severance tax.** (1) Each year the department of revenue shall determine the amount of tax collected under this chapter from within each taxing unit.

(2) For purposes of the distribution of local government severance taxes collected under this chapter, the department shall determine the unit value of oil and gas for each taxing unit as follows:

(a) The unit value for petroleum and other mineral or crude oil for each taxing unit is the quotient obtained by dividing the net proceeds taxes calculated on petroleum or mineral or crude oil produced in that taxing unit in calendar year 1988 by the number of barrels of petroleum or other mineral or crude oil produced in that taxing unit during 1988, excluding new and interim production.

(b) The unit value for natural gas is the quotient obtained by dividing the net proceeds taxes calculated on natural gas produced in that taxing unit in calendar year 1988 by the number of cubic feet of natural gas produced in that taxing unit during 1988, excluding new and interim production.

(3) The state and local government severance taxes collected under this chapter are allocated as follows:

(a) The local government severance tax is statutorily appropriated, as provided in 17-7-502, for allocation to the county for distribution as provided in subsection (4);

(b) The state severance tax is allocated to the state general fund.

(4) (a) For the purpose of distribution of the local government severance tax, the department shall adjust the unit value determined under this section according to the ratio that the local government severance taxes collected during the quarters to be distributed plus accumulated interest earned by the state and penalties and interest on delinquent local government severance taxes bears to the total liability for local government severance taxes for the quarters to be distributed. The taxes must be calculated and distributed as follows:

(i) By November 30 of each year, the department shall calculate and distribute to each eligible county the amount of local government severance tax, determined by multiplying unit value as adjusted in this subsection (4)(a) times the units of production on which the local government severance tax was owed during the calendar quarters ending March 31 and June 30 of the preceding calendar year.

(ii) By May 31 of each year, the department shall calculate and distribute to each eligible county the amount of local government severance tax, determined by multiplying unit value as adjusted in this subsection (4)(a) times the units of production on which the local government severance tax was owed during the 2 calendar quarters immediately following those quarters referred to in subsection (4)(a)(i).

(b) Any amount by which the total tax liability exceeds or is less than the total distributions determined in subsections (4)(a)(i) and (4)(a)(ii) must be calculated and distributed in the following manner:

(i) The excess amount or shortage must be divided by the total distribution determined for that period to obtain an excess or shortage percentage.

(ii) The excess percentage must be multiplied by the distribution to each taxing unit, and this amount must be added to the distribution to each respective taxing unit.

(iii) The shortage percentage must be multiplied by the distribution to each taxing unit, and this amount must be subtracted from the distribution to each respective taxing unit.

(5) ~~The~~ *Except as provided in subsection (6), the* county treasurer shall distribute the money received under subsection (4) to the taxing units that levied mills in fiscal year 1990 against calendar year 1988 production in the same manner that all other property tax proceeds were distributed during fiscal year 1990 in the taxing unit, except that no distribution may be made to a municipal taxing unit.

(6) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of local government severance tax money that would have gone to a taxing unit, as provided in subsection (5), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

(a) The county treasurer shall first allocate the coal gross proceeds taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in fiscal year 1990.

(b) If the allocation in subsection (6)(a) exceeds the total budget for a taxing unit, the commissioners may direct the county treasurer to allocate the excess to any taxing unit within the county.

(7) The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county treasurer under the following conditions:

(a) The district shall first allocate the coal gross proceeds taxes to the budgeted funds of the district in the same proportion that all other property tax proceeds were distributed in the district in fiscal year 1990.

(b) If the allocation under subsection (7)(a) exceeds the total budget for a fund, the trustees may allocate the excess to any budgeted fund of the school district."

Section 3. **Effective date.** [This act] is effective July 1, 1991.

Approved April 24, 1991.

CHAPTER NO. 614

[HB 978]

AN ACT REQUIRING THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES TO SEEK A WAIVER FROM THE U.S. SECRETARY OF HEALTH AND HUMAN SERVICES TO ESTABLISH A PILOT PROGRAM TO TEST THE FEASIBILITY OF PROVIDING MEDICAID REIMBURSEMENT FOR SERVICES TO THE ELDERLY AND DISABLED IN PERSONAL-CARE FACILITIES; GRANTING THE DEPARTMENT AUTHORITY TO ADOPT RULES; APPROPRIATING FUNDS; AND PROVIDING EFFECTIVE DATES AND A TERMINATION DATE.

WHEREAS, studies indicate that facilities, such as personal-care facilities, may enable the elderly and disabled to delay placement in skilled and intermediate nursing care facilities; and

WHEREAS, personal-care facilities in Montana provide an important service for those elderly and disabled who are unable to live independently but who do not require the level of care provided in skilled and intermediate nursing care facilities; and

WHEREAS, it is prudent to study the cost-effectiveness of maintaining the elderly and disabled within personal-care facilities in accordance with licensure regulations; and

WHEREAS, reimbursements for Medicaid-eligible individuals in personal-care facilities may serve to delay admittance to skilled and intermediate nursing care facilities.

THEREFORE, the Legislature finds it appropriate to enact this bill.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 4] grants the department of social and rehabilitation services authority to adopt rules to implement [sections 1 through 3].

It is the intent of the legislature, in enacting this bill, to establish a pilot program to test the feasibility of providing medicaid reimbursement for services to the elderly and disabled in personal-care facilities. The pilot program is prudent because, beginning October 1, 1994, federal law will allow medicaid reimbursement for services provided to residents of a personal-care facility.

It is intended that, in adopting rules, the department should define:

(1) services to be provided under the pilot program;

(2) persons eligible to receive services under the program;

(3) procedures for screening eligible persons to ensure that personal-care facilities provide the degree of care required by each person and allowed within the facilities' licensure; and

(4) procedures to select personal-care facilities for participation in the program.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** The legislature declares that it is the purpose of [sections 1 through 4] to:

(1) minimize inappropriate medicaid admissions of the elderly and disabled to skilled and intermediate nursing care facilities;

(2) make it possible for the elderly and disabled who do not require the degree of care provided in a long-term care facility to receive necessary care in a personal-care facility; and

(3) provide the most efficient and effective use of public funds in the delivery of medicaid services to the elderly and disabled.

Section 2. **Definitions.** As used in [sections 1 through 4], unless the context requires otherwise, the following definitions apply:

(1) "Department" means the department of social and rehabilitation services provided for in 2-15-2201.

(2) "Disabled" means an individual who is disabled as defined in 42 U.S.C. 1382c.

(3) "Elderly" means a person who is 65 years of age or older.

(4) "Personal-care facility" means a facility licensed under 50-5-227 to operate as a personal-care facility.

Section 3. **Waiver of federal requirements.** (1) Prior to December 31, 1991, the department shall seek a waiver from the U.S. secretary of health and human services, in accordance with 42 U.S.C. 1396n, to establish a pilot program to test the feasibility of providing medicaid reimbursement for services to the elderly and disabled in personal-care facilities.

(2) Contingent upon approval of the waiver provided in subsection (1), the department shall establish procedures to:

(a) select personal-care facilities to participate in the pilot program, based on criteria contained in the request for proposal;

(b) limit the pilot program to a total of 100 beds in at least four personal-care facilities that represent at least three different bed-size classes;

(c) provide medicaid reimbursement for services to residents in each personal-care facility who meet the requirements for eligibility adopted under subsection (3); and

(d) record and evaluate:

(i) reimbursement levels for services in personal-care facilities;

(ii) the cost of providing personal-care facility services;

(iii) preadmission screening procedures;

(iv) medicaid service utilization;

(v) consumer satisfaction; and

(vi) the impact on the demand for services.

(3) The department shall develop eligibility criteria consistent with the requirements of Title XIX of the federal Social Security Act.

Section 4. **Rulemaking.** The department may adopt rules to implement [sections 1 through 4].

Section 5. **Appropriation.** The following money is appropriated to the department of social and rehabilitation services for the fiscal year ending June 30, 1993, for the purpose of carrying out the provisions of [this act]:

TOTAL:	$213,523

Section 6. **Codification instruction.** [Sections 1 through 4] are intended to be codified as an integral part of Title 53, chapter 6, and the provisions of Title 53, chapter 6, apply to [sections 1 through 4].

Section 7. **Effective dates.** (1) [Sections 1 through 4, 6, 8, and this section] are effective July 1, 1991.

(2) [Section 5] is effective July 1, 1992, contingent upon approval of the waiver provided in [section 3] by the U.S. secretary of health and human services.

Approved April 24, 1991.

FIED CIRCUMSTANCES; AUTHORIZING THE DEPARTMENT TO APPROVE THE LOANS IF THE LOANS ARE NECESSARY TO PROVIDE CASH FOR DISBURSEMENTS MADE PENDING RECEIPT OF REIMBURSEMENT FROM FEDERAL, PRIVATE, OR OTHER GOVERNMENTAL ENTITY SOURCES; AMENDING SECTION 17-2-107, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-2-107, MCA, is amended to read:

"**17-2-107. Accurate accounting records and interentity loans.** (1) The department of administration shall record receipts and disbursements for treasury funds and for accounting entities within treasury funds and shall maintain records in such a manner as to reflect the total cash and invested balance of each fund and each accounting entity. The department of administration shall adopt the necessary procedures to insure that interdepartmental or intradepartmental transfers of money or loans do not result in inflation of figures reflecting total governmental costs and revenues.

(2) (a) When the expenditure of an appropriation from a fund designated in 17-2-102(1)(a) through (1)(c) is necessary and the cash balance in the accounting entity from which the appropriation was made is insufficient, the department of administration may authorize a temporary loan, bearing no interest, of unrestricted money from other accounting entities if there is reasonable evidence that the income will be sufficient to repay the loan within 1 calendar year and if the loan is recorded in the state accounting records. An accounting entity receiving a loan or an accounting entity from which a loan is made may not be so impaired that all proper demands on the accounting entity cannot be met even if the loan is extended.

(b) (i) When an expenditure from a fund or subfund designated in 17-2-102(1)(d)(i)(A) through (1)(d)(vi) is necessary and the cash balance in the fund or subfund from which the expenditure is to be made is insufficient, the commissioner of higher education may authorize a temporary loan, bearing interest as provided in subsection (4), of money from the agency's other funds or subfunds if there is reasonable evidence that the income will be sufficient to repay the loan within 1 calendar year and if the loan is recorded in the state accounting records. A fund or subfund receiving a loan or from which a loan is made may not be so impaired that all proper demands on the fund or subfund cannot be met even if the loan is extended.

(ii) One accounting entity within each fund or subfund designated in 17-2-102(1)(d)(i)(A) through (1)(d)(vi) must be established for the sole purpose of recording loans between the funds or subfunds. This accounting entity is the only accounting entity within each fund or subfund that may receive a loan or from which a loan may be made.

(c) A loan made under subsection (2)(a) or (2)(b) must be repaid within 1 calendar year of the date the loan is approved unless it is extended under subsection (3) or by specific legislative authorization.

(3) Under unusual circumstances the director of the department of administration or the board of regents may grant one extension for up to 1 year for a loan made under subsection (2)(a) or (2)(b). The director or board shall prepare a written justification and proposed repayment plan for each loan extension authorized and shall furnish a copy of the written justification and proposed repayment plan to the house appropriations and senate finance and claims committees at the next legislative session.

(4) Any loan from the current unrestricted subfund to funds designated in 17-2-102(1)(d)(i)(D) and (1)(d)(ii) through (1)(d)(vi) must bear interest at a rate equivalent to the previous fiscal year's average rate of return on the board of investments' short-term investment pool. Except for investment earnings on restricted donations, all designated and restricted subfund investment earnings, other than investment earnings on student activity fees used to support student governments at units of the university system, are credited to the state general fund.

(5) If for two consecutive fiscal yearends a loan or an extension of a loan has been authorized to the same accounting entity as provided in subsection (2) or (3), the department of administration or the commissioner of higher education shall submit to the legislative finance committee by September 1 of the following fiscal year a written report containing an explanation as to why the second loan or extension was made, an analysis of the solvency of the accounting entity or accounting entities within the university fund or subfund, and a plan for repaying the loans.

(6) If for two consecutive fiscal yearends an accounting entity in a fund or subfund designated in 17-2-102(1)(d)(i) through (1)(d)(vi) has a negative cash balance, the commissioner of higher education shall submit to the legislative finance committee by September 1 of the following fiscal year a written report containing an explanation as to why the accounting entity has a negative cash balance, an analysis of the solvency of the accounting entity, and a plan to address any problems concerning the accounting entity's negative cash balance or solvency.

(7) (a) An accounting entity in a fund designated in 17-2-102(1)(a) through (1)(c) may not have a negative cash balance at fiscal yearend. The department of administration may, however, allow an accounting entity to carry a negative balance at any point during the fiscal year if the negative cash balance does not exist for more than 7 working days.

(b) (i) Except as provided in subsection (7)(b)(ii), a unit of the university system or vocational-technical center shall maintain a positive cash balance in the funds and subfunds designated in 17-2-102(1)(d)(i)(A) through (1)(d)(i)(D) and (1)(d)(ii) through (1)(d)(vi).

(ii) If a fund or subfund inadvertently has a negative cash balance, the department of administration may allow the fund or subfund to carry the negative cash balance for no more than 7 working days. If the negative cash balance exists for more than 7 working days, a transaction may not be processed through the statewide accounting system for that fund or subfund.

(8) Notwithstanding the provisions of subsections (2) through (4), the department of ~~social and rehabilitation services~~ *administration* may ~~maintain positive cash balances~~ *authorize loans to accounting entities* in the federal and state special revenue funds with long-term repayment whenever necessary due to the timing ~~for transmittal of obligated matching funds~~ *of the receipt of agreed upon reimbursements from federal, private, or other governmental entity sources for disbursements made. The department of administration may approve the loans* if ~~it~~ *the requesting agency* can ~~be demonstrated to the satisfaction of the department of administration~~ *demonstrate* that the total loan balance does not exceed total receivables from federal, *private,* ~~and county governments~~ *or other governmental entity sources* and receivables have been billed on a timely basis. The loan must be repaid under such terms and conditions as may be determined by the department of administration or by specific legislative authorization."

nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(3) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after January 1, 1991, to replace, at renewal as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

~~(i) the obligee or obligor demonstrates and the court finds that there is good cause not to require automatic income withholding; or~~

~~(ii) the obligee and obligor agree in writing to an alternative arrangement regarding the payment of child support that provides sufficient security to ensure compliance with their agreement. The security is in addition to the child support obligation.~~

~~(c) When a judgment, decree, or order for child support is entered or modified and automatic income withholding is ordered, an obligee who is not a recipient of public assistance shall apply for the support enforcement services of the department pursuant to Title IV-D of the Social Security Act for the collection of support through automatic income withholding under Title 40, chapter 5, part 4. The department shall accept the application. Pending an application, the department shall immediately implement automatic income withholding and hold any amounts collected in trust for the obligee until the obligee makes application.~~

~~(d) When automatic income withholding is ordered under subsection (5)(a), the clerk of court shall immediately forward a copy of the order to the department.~~

~~(e) If an obligor is not subject to income withholding or is exempted from income withholding, the district court judgment or order must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to include a warning statement in a judgment or order does not preclude the use of withholding procedures.~~

(5) (a) Unless the court makes a written exception under [section 16] or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation under 40-4-208 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the written exceptions provided in [section 16] or 40-5-411 or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) If an obligor is exempt from immediate income withholding, the district court judgment or order must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to include a warning statement in a judgment or order does not preclude the use of withholding procedures.

(6) For the purposes of income withholding under subsection (5), every district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the parent obligated to pay support to inform the court and, if the department of social and rehabilitation services is providing services under Title IV-D of the Social Security Act for the enforcement of the judgment, decree, or order, the department, of the following:

(a) the name and address of the parent's current employer;

(b) whether the parent has access to health insurance through an employer or other group; and

(c) if insurance coverage is available, the health insurance policy information.

~~(6)~~*(7)* If the department of social and rehabilitation services is providing or later provides support enforcement services under Title IV-D of the Social Security Act, each district court order or modification of an order must contain a statement providing that the noncustodial parent, without further order of the court, is required to obtain and maintain health insurance coverage as provided in 40-5-208. Failure to include a warning statement in the judgment or order does not preclude the imposition of sanctions under 40-5-208."

Section 2. Section 40-6-116, MCA, is amended to read:

"**40-6-116. Judgment or order.** (1) The judgment or order of the court determining the existence or nonexistence of the parent and child relationship is determinative for all purposes.

(2) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a substitute birth certificate be issued under 40-6-123.

(3) (a) The judgment or order may contain any other provision directed against the appropriate party to the proceeding concerning the custody and guardianship of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child.

(b) Except when the financial responsibility of a responsible parent is in the process of being determined pursuant to the administrative procedure provided in 40-5-225, the judgment or order must contain a provision concerning the duty of child support.

(c) The judgment or order may direct the father to pay the reasonable expenses of the mother's pregnancy and confinement.

(4) (a) Support judgments or orders ordinarily shall be for periodic payments which may vary in amount.

(b) In the best interest of the child, a lump-sum payment or the purchase of an annuity may be ordered in lieu of periodic payments of support.

(c) The court may limit the father's liability for past support of the child to the proportion of the expenses already incurred that the court deems just.

(5) In determining the amount to be paid by a parent for support of the child and the period during which the duty of support is owed, a court enforcing the obligation of support shall consider all relevant facts, including:

(a) the needs of the child, including his medical needs;

(b) the standard of living and circumstances of the parents;

(c) the relative financial means of the parents;

(d) the earning ability of the parents;

(e) the need and capacity of the child for education, including higher education;

(f) the age of the child;

(g) the financial resources and the earning ability of the child;

(h) the responsibility of the parents for the support of others;

(i) the value of services contributed by the custodial parent;

(j) the cost of day care for the child; and

(k) any custody arrangement that is ordered or decided upon.

(6) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209, unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.

(b) If the court does not apply these standards and guidelines to determine child support, it shall state its reasons for finding that the application of such standards and guidelines is unjust to the child or a party or is inappropriate in that particular case.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(7) The judgment or order concerning child support and each modification of a judgment or order for child support must include a provision addressing health insurance coverage in the following cases:

(a) If either party has available through an employer or other organization health insurance coverage for the child or children for which the premium is partially or entirely paid by the employer or organization, the judgment or order may contain a provision requiring that coverage for the child or children be continued or obtained.

(b) In the event that health insurance required in a child support judgment or order becomes unavailable to the party who is to provide it, through loss or change of employment or otherwise, that party shall, in the absence of an agreement to the contrary, obtain comparable insurance or request that the court modify the requirement.

(c) The parties may by written agreement provide for the health care coverage required by this section, subject to the approval of the court.

(d) Unless otherwise provided in the decree, the health care coverage required by this section is in addition to and not in substitution, in whole or in part, for the child support obligation.

~~(8) (a) Except as provided in subsection (8)(b), each district court judgment or order establishing a child support obligation under this part, whether temporary or final, and each modification of an existing child support order must:~~

~~(i) provide that the amount of child support must be withheld from the obligor's income and paid to the department pursuant to procedures established by the department under Title 40, chapter 5, part 4; and~~

~~(ii) include the obligor's social security number and the name and address of the obligor's employer and of any other payor of income to the obligor.~~

~~(b) Income is not subject to automatic withholding if:~~

~~(i) the obligee or obligor demonstrates and the court finds that there is good cause not to require automatic income withholding; or~~

~~(ii) the obligee and obligor agree in writing to an alternative arrangement regarding the payment of child support that provides sufficient security to ensure compliance with their agreement. The security is in addition to the child support obligation.~~

~~(c) When a judgment or order for child support is entered or modified and automatic income withholding is ordered, an obligee who is not a recipient of public assistance shall apply for the support enforcement services of the department pursuant to Title IV-D of the Social Security Act for the collection of support through automatic income withholding under Title 40, chapter 5, part 4. The department shall accept the application. Pending an application, the department shall immediately implement automatic income withholding and hold any amounts collected in trust for the obligee until the obligee makes application.~~

~~(d) When automatic income withholding is ordered under subsection (8)(a), the clerk of court shall immediately forward a copy of the order to the department.~~

(8) Unless an exception is found under [section 16] or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation made under 40-6-118 must be enforceable by immediate or delinquency withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the exception or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(9) For the purposes of income withholding as provided in subsection (8), whenever the district court establishes or modifies a child support obligation, the judgment, decree, or order must include a provision requiring the parent obligated to pay support to inform the court and, if the department of social and rehabilitation services is providing services under Title IV-D of the Social Security Act for the enforcement of the judgment, decree, or order, the department of:

(a) the name and address of the parent's current employer;

(b) whether the parent has access to health insurance through an employer or other group; and

(c) if insurance coverage is available, the health insurance policy information.

~~(9)~~*(10)* If the department of social and rehabilitation services is providing or later provides support enforcement services under Title IV-D of the Social Security Act, each district court order or modification of an order must contain a statement providing that the noncustodial parent, without further order of the court, is required to obtain and maintain health insurance coverage as provided in 40-5-208. Failure to include a warning statement in the judgment or order does not preclude the imposition of sanctions under 40-5-208."

Section 3. Section 40-5-226, MCA, is amended to read:

"**40-5-226. Administrative hearing — nature — place — time — determinations — failure to appear — entry of final decision and order.** (1) The administrative hearing is defined as a "contested case".

(2) At the discretion of the hearing officer, the administrative hearing may be held:

(a) in the county of residence or other county convenient to the obligor or obligee; or

(b) in the county in which the department or any of its offices are located.

(3) If a hearing is requested, it must be scheduled within 20 days.

(4) The hearing officer shall determine the liability and responsibility, if any, of the obligor under the notice and shall enter a final decision and order in accordance with such determination.

(5) If the obligor fails to appear at the hearing or fails to timely request a hearing, the hearing officer, upon a showing of valid service, shall enter a decision and order declaring the amount stated in the notice to be final.

(6) In a hearing to determine financial responsibility, the monthly support responsibility must be determined in accordance with the evidence presented and with reference to the scale of suggested minimum contributions under 40-5-214. The hearing officer is not limited to the amounts stated in the notice.

(7) Within 20 days of the hearing, the hearing officer shall enter a final ~~decison~~ *decision* and order. The determination of the hearing officer constitutes a final agency decision, subject to judicial review under 40-5-253 and the provisions of the Montana Administrative Procedure Act.

(8) If a support order is established under this part, any party may file a verified petition with the department alleging facts constituting a material change of circumstances. Upon the filing of such petition, the depart-

ment shall issue an order to the nonpetitioning party to appear and show cause why the decision previously entered should not be prospectively modified. The order to appear and show cause, together with a copy of the verified petition, must be served by the petitioner upon all other parties in the manner provided by this part. Upon receipt of proof of service, the department shall schedule a hearing not less than 15 or more than 30 days from the date of service, unless extended for good cause shown. Prospective modification may be ordered but only upon a showing of good cause and material change of circumstances.

(9) A support debt determined pursuant to this section is subject to collection action without further necessity of action by the hearing officer.

(10) A support debt or a support responsibility determined under this part by reason of the obligor's failure to request a hearing under this part or failure to appear at a scheduled hearing may be vacated, upon the motion of an obligor, by the hearing officer within the time provided and upon a showing of any of the grounds enumerated in the Montana Rules of Civil Procedure.

(11) Unless the hearing officer makes a written exception under [section 16] or 40-5-411 and the exception is included in the support order, every order establishing a child support obligation, whether temporary or final, and each modification of an existing child support order under this part is enforceable by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 4. A support order that omits that provision or that provides for a payment arrangement inconsistent with this section, is nevertheless subject to withholding for the payment of support without need for an amendment of the support order or for any further action by the hearing officer.

(12) For the purposes of income withholding provided for in subsection (11), whenever the department establishes or modifies a child support obligation, the department's order must include a provision requiring the obligor, for as long as the department is providing support enforcement services, to keep the department informed of the name and address of the obligor's current employer, whether the obligor has access to health insurance through an employer or other group, and, if so, the health insurance policy information."

Section 4. Section 40-5-304, MCA, is amended to read:

"40-5-304. **When child support payments considered delinquent.** (1) Nonpayment of child support required by any order of a district court or by a similar order of a court of another jurisdiction becomes delinquent under this part when the amount owed is equal to 3 months of child support payments.

(2) Child support payments may be considered delinquent under this part only in reference to a court order setting child support payments.

(3) In the case of support orders not subject to immediate income withholding under [section 16], including cases in which the court or ad-

ministrative authority has made a finding of good cause or alternative arrangement, the income of the obligor is subject to withholding under this part beginning on the date on which the obligor is found to be delinquent in the payment of support due under a support order in an amount equal to at least 3 months' support payments. Intervening agreements or orders establishing a schedule for payment of delinquent support do not prevent income withholding under this part. For the purposes of this section, "alternative arrangement" has the meaning provided in [section 16(3)(b)]."

Section 5. Section 40-5-402, MCA, is amended to read:

"**40-5-402. Purpose — *applicability*.** *(1)* The purpose of this part is to provide a more effective and efficient way to guarantee the support of dependent children by the person or persons primarily responsible for such support by ensuring that the support of children is the highest priority in the allocation of a responsible parent's income.

(2) This part applies to all support obligations being enforced or collected by the department of social and rehabilitation services pursuant to Title IV-D of the Social Security Act.

(3) When the requirements of this part are met, an employer or other payor of income to a person having a support obligation under a court or administrative order must be directed to withhold from the person's income in an amount sufficient to meet the support obligation and to defray any arrearages that are due or may become due.

(4) Unless an exception under 40-5-411(4) is contained in a support order, withholding of income is required under this part without need for any amendment to the support order involved or any action by the court or entity that issued the support order even though the support order did not address withholding or the support order provided for other payment arrangements.

(5) Withholding, once commenced, applies to all current and subsequent payors of income to a person obligated to pay support until the withholding is terminated as provided by this part.

(6) The provisions for income withholding under this part take precedence over any other law or court order."

Section 6. Section 40-5-403, MCA, is amended to read:

"**40-5-403. Definitions.** As used in this part, the following definitions apply:

(1) "Alternative arrangement" means a written agreement signed by the obligor and obligee, and signed by the department in the case of an assignment of rights under 53-2-613, that has been approved and entered in the record of the court or administrative authority issuing or modifying the support order.

~~(1)~~*(2)* "Department" means the department of social and rehabilitation services provided for in 2-15-2201.

~~(2)~~*(3)* "Income" means any form of periodic payment to a person, including earnings and wages. However, income does not include:

(a) any amount required by law to be withheld, other than creditor claims, including federal, state, and local taxes and social security; and

(b) any amounts exempted from judgment, execution, or attachment by federal or state law.

~~(3)~~*(4)* "Obligee" means either a person to whom a duty of support is owed or a public agency of this or another state to which a person has assigned the right to receive current and accrued support payments.

~~(4)~~*(5)* "Obligor" means a person who owes a duty to make payments under a support order.

~~(5)~~*(6)* "Payor" means any payor of income to an obligor on a periodic basis and includes any person, firm, corporation, association, employer, trustee, political subdivision, state agency, or any agent thereof, who is subject to the jurisdiction of the courts of this state under Rule 4B of the Montana Rules of Civil Procedure.

~~(6)~~*(7)* "Support order" means an order of the district court of the state of Montana, an order of a court of appropriate jurisdiction of another state, an administrative order established pursuant to proceedings under part 2 of this chapter, or an order established by administrative hearing process of an agency of another state with functions similar to those of the department set forth in part 2 of this chapter, that provides a set and determinable amount for temporary or final periodic payment of funds for the support of a child. Support order further includes the following:

(a) an order for reimbursement of public assistance money paid by a public agency for the benefit of a minor child;

(b) an order for maintenance to be paid to a former spouse when the former spouse is the custodial parent of a child for whom child support is awarded under the same order; and

(c) an order requiring payment of interest due on unpaid judgments for child support."

Section 7. Section 40-5-411, MCA, is amended to read:

"**40-5-411. ~~Income~~ *Immediate income* withholding.** ~~(1) If an obligation for support is being enforced by the department pursuant to Title IV-D of the Social Security Act and the obligation has been established as required by law or administrative process, income due or to become due within this state to the obligor is subject to withholding procedures under this part if:~~

~~(a) except as provided in 40-4-204 and 40-6-116, a support obligation is initially decreed and ordered or modified after January 1, 1990, by a district court or administrative process, regardless of whether child support payments are in arrears; or~~

~~(b) the obligor is found to owe a combination of unpaid child support under a support order in an amount equal to or in excess of 1 month's support payment.~~ *(1) Except as provided in subsection (4), in the case of a child support order, whether temporary or final, that is issued by a court or administrative authority of this state after January 1, 1990, the income of the obligor is subject to immediate withholding under this part regardless of whether support payments are in arrears.*

(2) ~~When the requirements of this part have been met, the department, without necessity for amendment of the support order or further order by a court or other entity, shall issue an order directing the obligor's employer or other payor to withhold and deliver to the department such amount of the obligor's income as will be sufficient to meet the support obligation imposed by the support order and to defray arrearages, if any, due when the withholding order takes place.~~ *After October 1, 1991, when a support order of another state is registered in Montana under the provisions of 40-5-137 or other applicable law, the support obligation is subject to immediate income withholding under this section.*

(3) ~~The provisions for income withholding under this part take precedence over any other law or court order.~~ *The department may direct the payor of income to the obligor to commence the withholding of the obligor's income on:*

(a) the effective date of the support order or the date of registration of the support order; or

(b) the date, if any, that the department becomes authorized by law to provide child support enforcement services.

(4) An obligor's income is not subject to immediate withholding if the court or administrative authority that issued or modified the support order finds:

(a) that there is good cause not to require immediate withholding; or

(b) that there is an alternative arrangement between the parties for the payment of support that provides sufficient security to ensure compliance with the arrangement.

(5) For the purposes of subsection (4), any finding of good cause not to require immediate income withholding must be based on at least:

(a) a written determination and explanation by the court or administrative authority as to why implementation of immediate income withholding would not be in the best interests of the child; and

(b) proof of timely payment of previously ordered support in cases involving the modification of support orders.

(6) Immediate withholding under this section terminates only:

(a) upon the conditions provided in 40-5-417; or

(b) at the request of the obligor if:

(i) withholding has not been previously terminated and subsequently initiated under 40-5-412 because of a delinquency; and

(ii) and the obligor meets one of the exemptions under subsection (4)."

Section 8. Section 40-5-412, MCA, is amended to read:

"**40-5-412. ~~Initiation of~~ *Delinquency* income withholding ~~procedures~~.** (1) ~~In a case concerning a support obligation referred to in 40-5-411, the department shall immediately issue an order under 40-5-415 for the payment of current support.~~ *In the case of support orders not subject to immediate income withholding under 40-5-411, including cases in which the court or administrative authority has made a finding of good cause or determines that an alternative arrangement exists, the income of the obligor is subject to withholding under this part beginning on the date on which the obligor is found to owe unpaid support under the support order in an amount equal to or in excess of 1 month's support payment. Intervening agreements or orders establishing a schedule for payment of delinquent support do not prevent income withholding under this part.*

(2) ~~In any other case, the department shall monitor and track all support payments required by the support order. If at any time these records indicate that the obligor owes a combination of unpaid support equal to or in excess of 1 month's support, the department shall commence proceedings to initiate withholding of the obligor's income as provided in this part.~~ *Notwithstanding the provisions of subsection (1), income withholding must be initiated, without regard to whether there is an arrearage, on the earliest of:*

(a) the date the obligor requests that withholding begin; or

(b) at the request of the obligee if the obligor is found, after an opportunity for hearing under 40-5-414, to be delinquent under the terms of an alternative arrangement for the payment of support.

(3) To accomplish the purpose of subsection ~~(2)~~ *(1)*, the department *shall monitor all support payments not otherwise subject to immediate withholding. To facilitate monitoring, the department* by written notice to the obligor may direct an obligor who does not owe unpaid child support equal to or in excess of 1 month's support payment to pay all support through the department, notwithstanding any court order directing payments to be made to the obligee or clerk of court.

(4) ~~Whenever an obligation for support is paid through the support enforcement and collections unit of the department, the department must forward payment to the obligee within 10 days of the department's receipt of payment from the obligor.~~ *The only basis for contesting withholding under this section is a mistake of fact, which includes a mistake:*

(a) concerning the obligor's identity;

(b) concerning the existence of the support obligation;

(c) concerning the amount of support to be paid;

(d) in the determination that the delinquent support amounts owed are equal to or greater than 1 month's support payment;

(e) in computation of delinquent support amounts owed; or

(f) in the allegation that the obligor is in default of an alternative agreement."

Section 9. Section 40-5-413, MCA, is amended to read:

"40-5-413. **Notice of intent to withhold income.** (1) Prior to service of an initial order or a modification of an existing order on the payor under 40-5-415, the department shall serve upon the obligor a notice of the intended action ~~if~~ *when*:

(a) ~~the department previously has not issued an order to withhold and it has determined the obligor owes a combination of unpaid support equal to or in excess of 1 month's support~~ *income withholding is initiated under 40-5-412 because of a delinquency;*

(b) additional arrearages have accrued subsequent to the issuance of an order to withhold *and the department proposes to add those arrears to the withholding order*; or

(c) immediate withholding has commenced for current support and there are arrearages due for a period prior to entry of the order to withhold *that the department proposes to add to the withholding order.*

(2) The notice must contain a statement:

(a) of the amount to be withheld, including a computation showing the period and total amount of the arrearages as of the date of the notice;

(b) that withholding applies to all current and subsequent payors;

(c) of the obligor's right to a hearing under 40-5-414 to contest the ~~implementation~~ *initiation* of income withholding or modification of an existing order on the ground that the intended action is not proper because of mistake of fact, *as provided in 40-5-412(4)*; ~~and~~

(d) of the period of time within which the obligor must request a hearing and that failure to request the hearing within the time limit will result in income withholding orders being served upon the payor for the amount stated in the notice*; and*

(e) in those cases in which withholding is being initiated at the request of an obligee without regard to whether there is an arrearage as provided in 40-5-412(2), a statement that the obligor can require the obligee to appear and show proof that the obligor is not meeting the terms of the alternative arrangement.

(3) The notice must be served upon the obligor personally or by certified mail."

Section 10. Section 40-5-414, MCA, is amended to read:

"**40-5-414. Hearing.** (1) ~~The~~ *To contest the withholding of income initiated under 40-5-412 because of a delinquency, an* obligor may within 10 days of being served with notice of ~~the intended action~~ *intent to withhold income* under 40-5-413 file with the department a written request for an administrative hearing to be held pursuant to the contested case provisions of Title 2, chapter 4, part 6.

~~(2) In a case initiated because an arrearage has accrued or because additional income is to be withheld to satisfy additional arrearages and in which the obligor requests a hearing within the time allowed, the intended action may not take effect until the conclusion of the hearing or the date of the hearing if the obligor fails to appear at a scheduled hearing.~~

~~(3)~~*(2)* Venue for the administrative hearing may be in the county where the obligor resides if the obligor resides in this state, the county in which the payor or the payor's agent is located, or the county in which the department or any of its regional offices is located.

~~(4)~~*(3)* The administrative hearing must be held by teleconferencing methods unless the obligor or the department expressly requests an in-person hearing before the hearing examiner.

(4) If the obligor requests a hearing within the 10-day period:

(a) the delinquency income withholding by the department must be stayed until conclusion of the hearing or the date of the hearing if the obligor fails to appear at the scheduled hearing. If the obligor is only contesting an arrearage amount and is not contesting withholding for current support, income withholding for current support is not stayed.

(b) the department shall, within 45 days of the service of the notice of intent to withhold income, inform the obligor of the hearing results concerning whether income withholding will take place.

(5) The department shall issue an order to withhold income in accordance with 40-5-415 if:

(a) the obligor fails to file a written request for hearing with the department within the specified 10-day period;

(b) the obligor fails to appear at a scheduled hearing;

(c) the hearing officer determines from the evidence that the obligor owes unpaid support equal to or in excess of 1 month's support obligation and the amount of arrearages owing is determined and adjudged to be a fixed and certain sum; or

(d) in cases in which income withholding is being initiated at the request of an obligee without regard to whether there is an arrearage, the hearing examiner determines from the evidence that the obligor did not meet the terms of the alternative arrangement.

~~(5)~~*(6)* For purposes of the hearing process, arrearages of support must be computed on the basis of the amount owed and unpaid on the date the obligor was served with the notice of intent to withhold income~~, and the fact that the obligor may have later paid the arrearage does not remove from the hearing examiner the authority to direct the department to order income withholding~~. *When the department is enforcing a current support obligation, payment of the arrearage after service of the notice is not a basis for not initiating income withholding.*

~~(6)~~*(7)* In a case initiated because an arrearage has accrued or because additional income is being withheld to satisfy additional arrearages, the obligor, within 45 days of service of the notice of intent to withhold income, must be informed of the hearing decision on whether income withholding will take place.

~~(7)~~*(8)* If the obligor fails to request a hearing within 10 days or fails to appear at a scheduled hearing or if the hearing examiner determines that the obligor owes a combination of unpaid support equal to or in excess of 1 month's support obligation, the department shall proceed with the intended action in accordance with 40-5-415."

Section 11. Section 40-5-415, MCA, is amended to read:

"**40-5-415. Order to withhold income.** (1) When the requirements of this part have been met, the department shall ~~immediately~~ serve an order or modification order to withhold and deliver income upon any payor or combination of payors. The order must:

(a) direct the payor and successor payors to withhold from the obligor's income each month the amount specified in the order if sufficient funds are available;

(b) direct the payor to deliver the amount withheld to the department in the same month in which the funds were withheld;

(c) state that the order is binding on the payor until further notice by the department; ~~and~~

(d) state the rights and duties of the payor under this part*; and*

(e) include a statement that the obligor is required under a support order to provide health insurance coverage for the obligor's child, if appropriate.

(2) An order or modification order to withhold and deliver the obligor's income made under this section is binding upon the payor immediately upon service of the order upon the payor. Service of the order or modification order to withhold may be made either personally or by certified mail.

(3) Whenever there is more than one payor, the department may, in its discretion, apportion the total amount to be withheld each month among payors."

Section 12. Section 40-5-416, MCA, is amended to read:

"**40-5-416. Determination of amount of income to be withheld.** (1) (a) Subject to the limitations provided in subsection (2), the amount of funds to be withheld each month from the obligor's income must be the amount of money necessary to pay current installments of support as they become due and payable.

(b) If income is being withheld to satisfy an arrearage, the amount of funds to be withheld must include the greater of:

(i) the amount of money that, when deducted in equal amounts each month, will pay all outstanding support arrearages and interest, if any, within 2 years; or

(ii) 25% of the obligor's income.

(c) If income is being withheld ~~to satisfy an arrearage~~ *under this part,* the department may allow a fee not to exceed $5 each month, which may be withheld by the payor as compensation for the administrative costs of each withholding.

(2) The maximum amounts withheld from the obligor's wages or salaries, *including fees,* may not exceed the maximum amount permitted under section 303(b) of the federal Consumer Credit Protection Act, 15 U.S.C. 1673(b), *as amended.*

(3) At any time, if the obligor can show that substantial hardship will result if the maximum permissible withholding is implemented or continued, the department for cause shown may in its discretion determine a lesser amount to be withheld each month in satisfaction of support arrearages."

Section 13. Section 40-5-417, MCA, is amended to read:

"**40-5-417. Modification or termination of withholding orders.** (1) The department may at any time modify the order to withhold income to:

(a) reflect payment in full of the arrearages by income withholding or otherwise;

(b) recognize an increase or decrease in the support order; or

(c) indicate any other reason the amount to be withheld is to be reduced or changed.

(2) If an arrearage occurs while the department is collecting an amount of money necessary to pay current installments of support as they become due and payable, the department may adjust the amount of income required to be withheld to also satisfy the arrearage, as provided in this part.

(3) An income withholding order terminates only when the department is no longer authorized under the law to collect support or, when appropriate, services rendered under 40-5-203 have come to an end or when the

obligation to pay support is terminated and all arrearages are paid in full, whichever occurs first.

(4) The payment in full of any arrearage amount may not be the sole basis for termination of withholding as long as there is a support obligation enforceable by the department."

Section 14. Section 40-5-421, MCA, is amended to read:

"**40-5-421. Duties of payor.** (1) A payor who has been served with an order to withhold and deliver income shall deduct the amount designated in the order beginning not later than the first pay period that occurs after 14 days from the service of the order. The payor shall, *within 10 working days of the date the obligor is paid,* promptly deliver the amount withheld to the department as directed by the order or in accordance with any subsequent modification of the order received from the department. *The payor shall include with the payment a statement indicating the date the amount was withheld from the obligor's income.*

~~(2) If the obligor's pay periods are at intervals of less than 1 month, the payor may withhold an equal amount at each pay period cumulatively sufficient to pay the monthly withholding as directed by the withholding order.~~

~~(3)~~*(2)* Whenever the payor is obligated to withhold income for more than one obligor, the payor may combine all amounts withheld into a single payment for that month with the portion thereof which is attributable to each obligor separately designated.

~~(4)~~*(3)* Whenever there is more than one order for withholding against a single obligor, the payor must comply with the orders in the sequence in which they were served upon the payor and must honor all withholding orders to the extent that the total amount withheld from the obligor's wages or salary does not exceed the limits set in 40-5-416.

~~(5)~~*(4)* The payor must promptly notify the department of the termination of the obligor's employment or other source of income and provide the obligor's last-known address and the name and address of the obligor's new employer or other source of income, if known to the payor."

Section 15. Section 40-5-433, MCA, is amended to read:

"**40-5-433. Additional duties of department in interstate income withholding.** ~~(1) Unless the public agency of the foreign jurisdiction makes application to the department for additional services, the department is not required to locate the obligor or to locate payors of income to the obligor. If the application for interstate service provided for in 40-5-431 and 40-5-432 fails to provide this information or the information is determined to be incorrect, the department may return the application without further proceeding under this part.~~

~~(2)~~*(1)* If the department determines that the obligor is no longer employed in this state or no longer derives income within this state, the department shall promptly notify the agency which requested income withholding of the changes and shall forward to that agency all information it has with respect to the obligor's new address and the name and address of the obligor's new employer or other source of income.

~~(3)~~*(2)* The department shall promptly transmit payments received on an income withholding order to the agency or person designated in the interstate application."

Section 16. **Immediate income deductions.** (1) Notwithstanding any provision in this part requiring a delinquency as a prerequisite to an order for income deductions, except as provided in subsection (2), the salaries and wages of a person obligated to pay child support by an order of a district court issued after October 1, 1991, are subject to an immediate deduction order under 40-5-308 on the effective date of the order, regardless of whether there is a delinquency.

(2) An obligor's salaries and wages are not subject to deduction under this section in any case in which the district court finds:

(a) that there is good cause not to require immediate deduction; or

(b) that there is an alternative arrangement between the parties for the payment of support that provides sufficient security to ensure compliance with the arrangement.

(3) (a) For the purposes of subsection (2), a finding of good cause not to require immediate deduction must, at a minimum, be based on:

(i) a written determination and explanation by the district court as to why implementation of immediate deductions is not in the best interests of the child; and

(ii) in cases involving the modification of support orders, proof of timely payment of previously ordered support.

(b) As used in subsection (2)(b), "alternative arrangement" means a written agreement that is signed by the obligor and obligee and, in cases in which there is an assignment of support rights under 53-2-613, signed by the department of social and rehabilitation services, and that has been approved and entered into the record by the district court that issued or modified the support order.

(4) The clerk of court shall administer immediate income deductions under this section. The clerk of court, at any time after docketing the support order or modification of a support order, at the request of the obligee, and without need for amendment to the support order or for any further action by the district court, shall issue the order for income deductions provided for by 40-5-308 for service upon the obligor's employer. The deduction order must direct the employer to promptly deliver the amount deducted to the clerk of court for distribution to the obligee.

(5) Wage deductions under this section may be terminated only when:

(a) the obligation to pay support has terminated and all arrearages are paid in full;

(b) the obligor requests termination and the obligee and obligor have entered into an alternative arrangement as set forth in subsection (2)(b); or

(c) the department has superseded the deduction order under authority of Title 40, chapter 5, part 4.

(6) If a delinquency occurs subsequent to issuance of an immediate deduction order or if arrearages occur prior to beginning the deductions, the arrearages may be added to the deduction order only after compliance with the notice of hearing requirements of 40-5-305.

(7) (a) After October 1, 1991, whenever a support order is registered as provided by 40-5-137 or other law, the support order is subject to immediate orders to deduct income under this section.

(b) Withholding income under this section must be imposed when an obligor has wages or salaries derived from within this state and the support order was issued in another state.

(8) This section applies only to support orders that are not being enforced by the department under Title IV-D of the Social Security Act. The withholding of income for support orders being enforced by the department is provided for in Title 40, chapter 5, part 4, and those procedures, if applicable, supersede the provisions of this section.

Section 17. Section 40-5-309, MCA, is amended to read:

"40-5-309. **Amount to be deducted from income.** (1) The amount of money to be deducted each pay period from the obligor's income shall be:

(a) (i) the amount of money necessary to pay current installments of child support as they become due and payable; plus

(ii) the amount of money which, when deducted in equal amounts each payday, will pay off all outstanding child support payments delinquent within 2 years; or

(b) not less than 25% of the obligor's disposable earnings ~~but may not be more than the maximum amount allowable by federal garnishment law if the sum provided in subsection (1)(a) exceeds that amount~~.

(2) The district court may allow a fee of not to exceed $5 per deduction, which the employer may deduct from the obligor's wages or salary for the expense of administering the deduction.

(3) The total amount to be deducted under subsections (1) and (2) may not exceed the maximum amount permitted under section 303(b) of the Consumer Credit Protection Act, 15 U.S.C. 1673(b), as amended.

~~(3)~~*(4)* ~~The~~ *Except as provided in [section 16], the* child support income deduction shall cease when there is no past-due child support owing unless the district court orders continued income deductions for payment of child support installments as they become due and payable."

Section 18. **Health insurance coverage — order of enrollment.** (1) Whenever the obligor is required by a court or administrative order or is required under 40-5-208(1)(b) to provide health insurance coverage for a child and the obligor fails to provide the coverage or lets it lapse, the department may enforce the obligation under this section if a payor of income to an obligor has a health insurance plan which can be extended to cover the obligor's child.

(2) (a) Prior to service of an initial order of enrollment on a payor, the department shall serve the obligor a notice of its intent to order an enrollment, by certified mail or by personal service.

(b) Within 20 days after service of the notice, the obligor may provide written proof to the department that health insurance coverage for the child has been obtained or applied for. If proof is received by the department within 20 days after service, further action may not be taken by the department except in the event of a lapse of coverage as provided in subsection (3). If proof of health insurance coverage is not timely received by the department, an order of enrollment may be issued in accordance with subsection (3).

(3) If the obligor fails to timely provide proof of coverage or if after timely proof of coverage the obligor lets the coverage lapse, the department may, without further notice to the obligor, serve an order of enrollment on the payor. The payor may be the same payor who is subject to an order to withhold under this part or any other payor or subsequent payor.

(4) (a) Upon receipt of an order of enrollment, the payor shall respond to the department within 20 days and confirm that the child:

(i) has been enrolled in the health insurance plan;

(ii) will be enrolled in the next enrollment period; or

(iii) cannot be covered because the child resides outside the plan's service area or the contracted terms of the plan do not permit an extension of coverage to the child.

(b) Upon enrollment of the child, the payor shall withhold from the obligor's income an amount equal to the required premium, if any, and apply the withheld amount to the premium as necessary.

(c) If more than one plan is offered by the payor and each plan may be extended to the child, the child must be enrolled in the same plan as the obligor. If the obligor's plan does not provide coverage that is accessible to the child, the child must be enrolled in the least expensive plan available to the obligor.

(d) Once an initial order of enrollment is authorized under this section, the authority to issue orders to subsequent payors and to bind payors to the orders terminates only when:

(i) the department is no longer providing enforcement services;

(ii) the obligation to provide health insurance coverage is terminated according to law; or

(iii) the department finds under subsection (5) that the premium charged to the obligor is not reasonable under the circumstances of the obligor's case.

(e) A payor served with an order of enrollment shall inform the department of the name of the health insurance coverage provider or insurer and the extent of the coverage. The payor shall make available to the department or obligee any necessary claim forms or enrollment membership cards. If coverage is terminated for any reason, the payor shall inform the department of the termination within 20 days of the termination date.

(5) (a) Whenever an obligor is being charged with a premium under subsection (3) and the obligor believes the amount of the premium to be unreasonable under the circumstances, the obligor may make a written request to the department for an administrative hearing to determine the reasonableness of the premium charge.

(b) The department shall schedule the hearing within 20 days after receipt of the obligor's request. The hearing must be conducted by telephone conferencing methods unless the hearing officer determines an in-person hearing is appropriate.

(c) If the hearing officer finds that the premium charged the obligor is causing an undue hardship on the obligor or the child, the department shall withdraw any order of enrollment served on a payor. A withdrawal is temporary and remains in effect only until a significant change in circumstances occurs, such as an improvement in the obligor's ability to pay the premium or an increase in the child's need for health insurance coverage. Upon a change of circumstances, the department may again serve the order of enrollment on the payor. After service of the order, the obligor may request an administrative hearing to determine the reasonableness of premiums considering the new circumstances.

(d) If the hearing officer finds that the premium is reasonable under the circumstances, the obligor may not request any further hearings under this subsection (5) unless there is a significant change in circumstances from that existing at the time the finding was made.

(6) A notice under this section may be combined with a notice of intent to withhold income under 40-5-413 or with any other notice served on an obligor under part 2 of this chapter.

(7) This section may not be construed to limit the right of an obligee or the department to bring any other action available under the law to enforce an obligation to provide health insurance coverage for a child.

(8) This section may not be construed to require a health maintenance organization, health care service provider, or insurer to extend coverage to

a child who resides outside its service area or to deviate from contractual provisions and restrictions.

(9) An obligor whose child is enrolled in a health insurance plan under this section shall cooperate with the insurer, health care service provider, department, and child's custodian to obtain and use the health insurance plan.

Section 19. **Liability of payor — penalties.** (1) A payor is liable for a fine of up to $1,000 for each instance in which the payor fails or refuses, within 20 days of receipt of an order of enrollment, to:

(a) enroll the obligor's child in the health insurance plan; or

(b) make a written response to the department, stating that the child:

(i) will be enrolled in the next available open enrollment period; or

(ii) cannot be covered and explaining the reasons why coverage cannot be provided.

(2) A payor who enrolls a child in a health insurance plan in compliance with an order of enrollment under [section 18] is exempt from any liability to the obligor that may result from the enrollment.

Section 20. **Health insurance coverage — notice of intent to purchase.** (1) The department may serve a notice of intent to purchase health insurance coverage on an obligor by certified mail or personal service, when:

(a) the obligor is ordered by a court or administrative order or is required under 40-5-208(1)(b) to provide health insurance coverage for a child;

(b) the obligor fails to provide such coverage or lets it lapse;

(c) there is no payor upon whom an order of enrollment under [section 18] is applicable; and

(d) the child is currently eligible for medical assistance benefits under Title 53.

(2) The notice must specify the type and cost of the proposed health insurance coverage. Within 20 days of the date of service of the notice, the obligor shall:

(a) provide written proof to the department that the obligor has either applied for or obtained coverage accessible to the child; or

(b) request an administrative hearing to show that the proposed purchase of coverage and the premium chargeable to the obligor will cause undue hardship.

(3) If a hearing is requested, the department shall schedule the hearing within 20 days of the receipt of the request. The hearing must be held by

telephone conferencing methods unless the hearing officer determines that an in-person hearing is appropriate.

(4) If the obligor fails to timely provide written proof of coverage or if the hearing officer finds that the proposed purchase of coverage will not cause an undue hardship on the obligor, the department shall purchase the health insurance coverage specified in the notice. The amount of the premium may be added to the obligor's child support debt and may be collected without further notice by income withholding under this part or by any other remedy available to the department.

(5) Health insurance coverage purchased under this section must be continued by the department until:

(a) the child is no longer eligible for medical assistance benefits;

(b) the obligor is no longer responsible under the law for providing coverage for the child;

(c) the obligor provides written proof to the department that other coverage accessible to the child has been obtained; or

(d) relief is granted under subsection (6).

(6) (a) If a change of circumstances occurs after health insurance coverage is purchased and the obligor believes the change makes the provision of health insurance coverage an undue hardship, the obligor may make a written request for an administrative hearing to reconsider the matter of continuing to purchase coverage.

(b) If a hearing is requested, the department shall schedule the hearing within 20 days of the receipt of the request. The hearing must be conducted by telephone conferencing methods unless the hearing officer determines that an in-person hearing is appropriate.

(c) If the hearing officer finds that the continued purchase of coverage will cause undue hardship on the obligor, the department shall terminate the coverage.

(d) If the hearing officer finds that the continued purchase of coverage will not cause undue hardship, the department shall continue to purchase the coverage, as appropriate, under the provisions of subsection (5).

(7) An obligor whose child is enrolled in a health insurance plan under this section shall cooperate with the insurer, health care provider, department, and child's custodian to obtain and use the health insurance plan.

Section 21. **Payors to provide information — exemption from liability.** (1) For the purposes of this part, upon written request by the department, a payor or former payor and any labor union of which the obligor is or may have been a member shall provide the department with the following information, if known, regarding the obligor:

(a) last-known residential address;

(b) social security number;

(c) dates of employment or union membership;

(d) amounts of wages, salaries, commissions, and other earnings paid to the obligor during any period when the department provided support enforcement services; and

(e) whether health insurance coverage is or was available to the obligor through the payor or union and, if so:

(i) the name of the insurer or health care provider;

(ii) the policy numbers or other identifiers; and

(iii) the persons covered.

(2) A payor who discloses information to the department in compliance with this section is exempt from any liability to the obligor that may result from such disclosure.

Section 22. **Repealer.** Section 40-5-425, MCA, is repealed.

Section 23. **Codification instruction.** (1) [Section 16] is intended to be codified as an integral part of Title 40, chapter 5, part 3, and the provisions of Title 40, chapter 5, part 3, apply to [section 16].

(2) [Sections 18 through 21] are intended to be codified as an integral part of Title 40, chapter 5, part 4, and the provisions of Title 40, chapter 5, part 4, apply to [sections 18 through 21].

If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 4. **Crisis intervention programs.** (1) The department shall, subject to available appropriations, establish crisis intervention programs. The programs must be designed to provide 24-hour emergency admission and care of seriously mentally ill persons in a temporary, safe environment in the community as an alternative to placement in jail.

(2) The department shall provide information and technical assistance regarding needed services and assist counties in developing county plans for crisis intervention services and for the provision of alternatives to jail placement.

CHAPTER NO. 637

[HB 448]

AN ACT AMENDING THE METAL MINE RECLAMATION LAWS; IMPLEMENTING THE RECOMMENDATIONS OF THE GOVERNOR'S MINE PERMITTING IMPROVEMENT ADVISORY COUNCIL; AMENDING SECTIONS 82-4-303, 82-4-305, 82-4-306, 82-4-335, 82-4-337, 82-4-338, 82-4-339, AND 82-4-355, MCA; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill to provide guidance to the department of state lands concerning the adoption of rules to define the types of department expenses that applicants for hard-rock mine operating permits will be required to pay through increased permit application fees.

Section 82-4-335(3) of the bill allows the department to increase the permit application review fee to fund expenses that are beyond the department's normal operating expenses and that are reasonably necessary in order for the department to provide a timely and adequate review, including any environmental review that is conducted pursuant to the requirements of the Montana Environmental Policy Act. The department's rules should authorize the use of the money collected from increased permit application fees for expenses, such as the hiring of temporary employees and contracted consultants and data collection and analysis when, due to workload considerations and statutory deadlines, the department cannot otherwise perform an adequate review.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-303, MCA, is amended to read:

"**82-4-303. Definitions.** As used in this part, unless the context indicates otherwise, the following definitions apply:

(1) "Abandonment of surface or underground mining" may be presumed when it is shown that continued operation will not resume.

(2) "Board" means the board of land commissioners or a state employee or state agency as may succeed to its powers and duties under this part.

(3) *"Commissioner" means the commissioner of state lands provided for in 2-15-3202.*

~~(6)~~*(7)* "Exploration" means all activities conducted on or beneath the surface of lands resulting in material disturbance of the surface for the purpose of determining the presence, location, extent, depth, grade, and economic viability of mineralization in those lands, if any, other than mining for production and economic exploitation, as well as all roads made for the purpose of facilitating exploration, except as noted in 82-4-310.

~~(7)~~*(8)* "Mineral" means any ore, rock, or substance, other than oil, gas, bentonite, clay, coal, sand, gravel, phosphate rock, or uranium, taken from below the surface or from the surface of the earth for the purpose of milling, concentration, refinement, smelting, manufacturing, or other subsequent use or processing or for stockpiling for future use, refinement, or smelting.

~~(8)~~*(9)* "Mining" commences when the operator first mines ores or minerals in commercial quantities for sale, beneficiation, refining, or other processing or disposition or first takes bulk samples for metallurgical testing in excess of aggregate of 10,000 short tons.

~~(9)~~*(10)* "Ore processing" means milling, heap leaching, flotation, vat leaching, or other standard hard-rock mineral concentration processes.

~~(10)~~*(11)* "Person" means any person, corporation, firm, association, partnership, or other legal entity engaged in exploration for or mining of minerals on or below the surface of the earth, reprocessing of tailings or waste materials, or operation of a hard-rock mill.

(a) a statement of the proposed subsequent use of the land after reclamation;

(b) plans for surface gradient restoration to a surface suitable for the proposed subsequent use of the land after reclamation is completed and the proposed method of accomplishment;

(c) the manner and type of revegetation or other surface treatment of disturbed areas;

(d) procedures proposed to avoid foreseeable situations of public nuisance, endangerment of public safety, damage to human life or property, or unnecessary damage to flora and fauna in or adjacent to the area;

(e) the method of disposal of mining debris;

(g) the method of reclamation of stream channels and stream banks to control erosion, siltation, and pollution;

(h) maps and other supporting documents as may be reasonably required by the department; and

(i) a time schedule for reclamation that meets the requirements of 82-4-336.

~~(14)~~*(15)* (a) "Small miner" means a person, firm, or corporation that engages in the business of mining or reprocessing of tailings or waste materials that does not remove from the earth during any calendar year material in excess of 36,500 tons in the aggregate, that does not hold an operating permit under 82-4-335 except for a permit issued under 82-4-335(2), and that conducts:

(i) an operation resulting in not more than 5 acres of the earth's surface being disturbed and unreclaimed; or

(ii) two operations which disturb and leave unreclaimed less than 5 acres per operation if the respective mining properties are:

(A) the only operations engaged in by the person, firm, or corporation;

(B) at least 1 mile apart at their closest point; and

(C) not operated simultaneously except during seasonal transitional periods not to exceed 30 days.

(b) For the purpose of this definition only, the department shall, in computing the area covered by the operation, exclude access or haulage roads that are required by a local, state, or federal agency having jurisdiction over that road to be constructed to certain specifications if that public agency notifies the department in writing that it desires to have the road remain in use and will maintain it after mining ceases.

~~(15)~~*(16)* "Surface mining" means all or any part of the process involved in mining of minerals by removing the overburden and mining directly from the mineral deposits exposed, including but not limited to open-pit mining of minerals naturally exposed at the surface of the earth, mining by the auger method, and all similar methods by which earth or minerals exposed at the surface are removed in the course of mining. Surface mining does not include the extraction of oil, gas, bentonite, clay, coal, sand, gravel, phosphate rock, or uranium or excavation or grading conducted for on-site farming, on-site road construction, or other on-site building construction.

Section 2. Section 82-4-305, MCA, is amended to read:

"**82-4-305. Exemption — small miners — written agreement.** (1) Except as provided in subsections (3) through ~~(7)~~*(9)*, the provisions of this part do not apply to any small miner if the small miner annually agrees in writing:

(a) that he will not pollute or contaminate any stream;

(b) that he will provide protection for human and animal life through the installation of bulkheads installed over safety collars and the installation of doors on tunnel portals;

(c) that he will provide a map locating his mining operations. The map must be of a size and scale determined by the department.

(d) if the small miner's operations are placer or dredge mining, that he shall reclaim all land disturbed by the operations to comparable utility and stability as that of adjacent areas.

(2) For small-miner exemptions obtained after September 30, 1985, a small miner may not obtain or continue an exemption under subsection (1) unless he annually certifies in writing:

(a) if the small miner is a natural person, that:

(i) no business association or partnership of which he is a member or partner has a small-miner exemption; and

(ii) no corporation of which he is an officer, director, or owner of record of 25% or more of any class of voting stock has a small-miner exemption; or

(b) if the small miner is a partnership or business association, that:

(i) none of the associates or partners holds a small-miner exemption; and

(ii) none of the associates or partners is an officer, director, or owner of 25% or more of any class of voting stock of a corporation that has a small-miner exemption; or

(c) if the small miner is a corporation, that no officer, director, or owner of record of 25% or more of any class of voting stock of the corporation:

(i) holds a small-miner exemption;

(ii) is a member or partner in a business association or partnership that holds a small-miner exemption;

(iii) is an officer, director, or owner of record of 25% or more of any class of voting stock of another corporation that holds a small-miner exemption.

(3) A small miner whose operations are placer or dredge mining shall post a performance bond equal to the state's actual cost of reclaiming the disturbed land, although the bond may not exceed $5,000 per operation. However, if the small miner has posted a bond for reclamation with another government agency, he is exempt from the requirement of this subsection.

(4) If a small miner who conducts a placer or dredge mining operation fails to reclaim the operation, he is liable to the department for all its reasonable costs of reclamation, including a reasonable charge for services performed by state personnel and state materials and equipment used. If the small miner posts a surety bond, the surety is liable to the state to the extent of the bond amount and the small miner is liable for the remainder of the reasonable costs to the state of reclaiming the operation.

(5) If a small miner who conducts a placer or dredge mining operation fails to commence reclamation of the operation within 6 months after cessation of mining or within an extended period allowed by the department for good cause shown or if the small miner fails to diligently complete reclamation, the department shall notify the small miner by certified mail that it intends to reclaim the operation unless the small miner commences reclamation within 30 days and diligently completes the reclamation. The notice must be mailed to the address stated on the small miner exclusion statement or, if the small miner has notified the department of a different address by letter or in the annual certification form, to the most recent address given to the department. If the small miner fails to commence reclamation within 30 days or to diligently complete reclamation, the department may revoke the small miner exclusion statement, forfeit any bond that has been posted with the department, and enter and reclaim the operation. If the small miner has not posted a bond with the department or if the reasonable costs of reclamation exceed the amount of the bond, the department may also collect additional reclamation costs, as set forth in subsection (6), before or after it incurs those costs.

(6) To collect additional reclamation costs, the department shall notify the small miner by certified mail, at the address determined under subsection (5), of the additional reasonable reclamation costs and request payment within 30 days. If the small miner does not pay the additional reclamation costs within 30 days, the department may bring an action in district court for payment of the estimated future costs and, if the department has performed any reclamation, of its reasonable actual costs. The court shall order payment of costs it determines to be reasonable and shall retain jurisdiction until reclamation of the operation is completed. Upon completion of reclamation, the court shall order payment of any additional costs it deems reasonable or the refund of any portion of any payment for estimated costs that exceeds the actual reasonable costs incurred by the department.

(7) A small miner who intends to use a cyanide ore-processing reagent shall obtain an operating permit for that part of his operation where the cyanide ore-processing reagent will be used or disposed of.

(8) The exemption provided in this section does not apply to a person whose failure to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in the forfeiture of a bond unless that person meets the conditions described under 82-4-360.

(9) The exemption provided in this section does not apply to an area under permit pursuant to 82-4-335 or to an area that has been permitted

pursuant to 82-4-335 and reclaimed by the permittee, the department, or any other state or federal agency."

Section 3. Section 82-4-306, MCA, is amended to read:

"**82-4-306. Confidentiality of application information.** *(1)* ~~Any and all~~ *Except as provided in subsections (2) and (3), any* information obtained by the board or by the director or his staff by virtue of applications for exploration licenses and all information obtained from small miners is confidential between the board and the applicant, except as to the name of the applicant and the county of proposed operation; provided that all activities conducted subsequent to exploration and other associated facilities shall be public information and conducted under an operating permit.

(2) ~~It is further provided that any~~ *Any* information ~~obtained by the board or by the director or his staff by virtue of such applications~~ *referenced in subsection (1)* is properly admissible in any hearing conducted by the director, the board, appeals board, or in any judicial proceeding to which the director and the applicant are parties and is not confidential when a violation of ~~the~~ *this* part or rules *adopted under this part* has been determined by the department or by judicial order.

(3) The department may disclose information obtained by the board, the commissioner, or department staff from exploration license applications and from small miners for exploration or mining on state and federal lands that identifies the location of exploration and mining activities and that describes the surface disturbance that is occurring or projected to occur. The department may not disclose a licensee's or small miner's proprietary geological information.

(4) Failure to comply with the secrecy provisions of this part ~~shall be~~ *is* punishable by a fine of up to $1,000."

Section 4. Section 82-4-335, MCA, is amended to read:

"**82-4-335. Operating permit — limitation —** ***fees.*** (1) A person may not engage in mining, ore processing, or reprocessing of tailings or waste material, construct or operate a hard-rock mill, use cyanide ore-processing reagents, or disturb land in anticipation of those activities in the state without first obtaining an operating permit from the board. A separate operating permit is required for each complex.

(2) A small miner who intends to use a cyanide ore-processing reagent shall obtain an operating permit for that part of his operation where the cyanide ore-processing reagent will be used or disposed of.

(3) Prior to receiving an operating permit from the board, a person shall pay the basic permit fee of $25. *The department may require a person who is applying for a permit pursuant to subsection (1) to pay an additional fee not to exceed the actual amount of contractor and employee expenses beyond the normal operating expenses of the department whenever those expenses are reasonably necessary to provide for timely and adequate review of the application, including any environmental review conducted under Title 75,*

chapter 1, parts 1 and 2. The department may further define these expenses by rule. Whenever the department determines that an additional fee is necessary and the additional fee will exceed $5,000, the department shall notify the applicant that a fee must be paid and submit to the applicant an itemized estimate of the proposed expenses. The department shall provide the applicant an opportunity to review the department's estimated expenses. The applicant may indicate which proposed expenses the applicant considers duplicative or excessive, if any.

(4) ~~and~~ *The person* shall submit an application on a form provided by the board, which must contain the following information and any other pertinent data required by rule:

(a) name and address of the operator and, if a corporation or other business entity, the name and address of its ~~principal~~ officers, *directors, owners of 10% or more of any class of voting stock,* partners, and the like and its resident agent for service of process, if required by law;

(b) minerals expected to be mined;

(c) a proposed reclamation plan;

(d) expected starting date of operations;

(e) a map showing the specific area to be mined and the boundaries of the land which will be disturbed, topographic detail, the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area, location of proposed access roads to be built, and the names and addresses of the surface and mineral owners of all lands within the mining area, to the extent known to the applicant;

(f) types of access roads to be built and manner of reclamation of road sites on abandonment;

(g) a plan which will provide, within limits of normal operating procedures of the industry, for completion of the operation;

(h) ground water and surface water hydrologic data gathered from a sufficient number of sources and length of time to characterize the hydrologic regime;

(i) a plan detailing the design, operation, and monitoring of impounding structures, including but not limited to tailings impoundments and water reservoirs, sufficient to ensure that the structures are safe and stable;

(j) a plan identifying methods to be used to monitor for the accidental discharge of objectionable materials and remedial action plans to be used to control and mitigate discharges to surface or ground water; and

(k) an evaluation of the expected life of any tailings impoundment or waste area and the potential for expansion of the tailings impoundment or waste site.

~~(4)~~*(5)* Except as provided in subsection ~~(6)~~*(7)*, the permit provided for in subsection (1) for a large-scale mineral development as defined in 90-6-302 must be conditioned to provide that activities under the permit may not commence until the impact plan is approved under 90-6-307 and until the permittee has provided a written guarantee to the department and to the hard-rock mining impact board of compliance within the time schedule with the commitment made in the approved impact plan, as provided in 90-6-307. If the permittee does not comply with that commitment within the time scheduled, the board, upon receipt of written notice from the hard-rock mining impact board, shall suspend the permit until it receives written notice from the hard-rock mining impact board that the permittee is in compliance.

~~(5)~~*(6)* When the department determines that a permittee has become or will become a large-scale mineral developer pursuant to 82-4-339 and 90-6-302(4) and provides notice as required under 82-4-339, within 6 months of receiving the notice, the permittee shall provide the board with proof that he has obtained a waiver of the impact plan requirement from the hard-rock mining impact board or that he has filed an impact plan with the hard-rock mining impact board and the appropriate county or counties. If the permittee does not file the required proof or if the hard-rock mining impact board certifies to the board that the permittee has failed to comply with the hard-rock mining impact review and implementation requirements in Title 90, chapter 6, parts 3 and 4, the board shall suspend the permit until the permittee files the required proof or until the hard-rock mining impact board certifies that the permittee has complied with the hard-rock mining impact review and implementation requirements.

~~(6)~~*(7)* Compliance with 90-6-307 is not required for exploration and bulk sampling for metallurgical testing when the aggregate samples are less than 10,000 tons.

~~(7)~~*(8)* A person may not be issued an operating permit if that person's failure to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in the forfeiture of a bond unless that person meets the conditions described in 82-4-360.

(9) A person may not be issued a permit under this part unless, at the time of submission of a bond, the person provides the current information required in subsection (4)(a) and:

(a) (i) certifies that the person is not currently in violation in this state of any law, rule, or regulation of this state or of the United States pertaining to air quality, water quality, or mined land reclamation; or

(ii) presents a certification by the administering agency that the violation is in the process of being corrected to the agency's satisfaction or is the subject of a bona fide administrative or judicial appeal; and

(b) if the person is a partnership, corporation, or other business association, provides the certification required by subsection (9)(a)(i) or (9)(a)(ii),

as applicable, for any partners, officers, directors, owners of 10% or more of any class of voting stock, and business association members."

Section 5. Section 82-4-337, MCA, is amended to read:

"**82-4-337. Inspection — issuance of operating permit — modification.** (1) (a) The board shall cause all applications for operating permits to be reviewed for completeness within 30 days of receipt. The board shall notify the applicant concerning completeness as soon as possible. An application is considered complete unless the applicant is notified of any deficiencies within 30 days of receipt.

(b) Unless the review period is extended as provided in this section, the board shall review the adequacy of the proposed reclamation plan and plan of operation within 30 days of the determination that the application is complete or within 60 days of receipt of the application if the board does not notify the applicant of any deficiencies in the application. If the applicant is not notified of deficiencies or inadequacies in the proposed reclamation plan and plan of operation within such time period, the operating permit shall be issued upon receipt of the bond as required in 82-4-338 *and pursuant to the requirements of subsection (1)(c).* The department shall promptly notify the applicant of the form and amount of bond which will be required.

(c) No permit may be issued until*:*

(i) sufficient bond has been submitted pursuant to 82-4-338*;*

(ii) the information and certification have been submitted pursuant to 82-4-335(9); and

(iii) the department has found that permit issuance is not prohibited by 82-4-335(8) or 82-4-341(6).

~~(c)~~*(d)* (i) Prior to issuance of a permit, the department shall inspect the site unless the department has failed to act on the application within the time prescribed in subsection (1)(b). If the site is not accessible due to extended adverse weather conditions, the department may extend the time period prescribed in subsection (1)(b) by not more than 180 days to allow inspection of the site and reasonable review. The department must serve written notice of extension upon the applicant in person or by certified mail, and any such extension is subject to appeal to the board in accordance with the Montana Administrative Procedure Act.

(ii) If the department determines that additional time is needed to review the application and reclamation plan for a major operation, the department and the applicant shall negotiate to extend the period prescribed in subsection (1)(b) by not more than 365 days in order to permit reasonable review.

(iii) Failure of the board to act upon a complete application within the extension period constitutes approval of the application, and the permit shall be issued promptly upon receipt of the bond as required in 82-4-338.

(2) The operating permit shall be granted for the period required to complete the operation and shall be valid until the operation authorized by the permit is completed or abandoned unless the permit is suspended or revoked by the board as provided in this part.

(3) The operating permit shall provide that the reclamation plan may be modified by the board, upon proper application of the permittee or department, after timely notice and opportunity for hearing, at any time during the term of the permit and for any of the following reasons:

(a) to modify the requirements so they will not conflict with existing laws;

(b) when the previously adopted reclamation plan is impossible or impracticable to implement and maintain;

(c) when significant environmental problem situations are revealed by field inspection."

Section 6. Section 82-4-338, MCA, is amended to read:

"**82-4-338. Performance bond.** (1) The applicant shall file with the department a bond payable to the state of Montana with surety satisfactory to the department in the ~~penal~~ sum to be determined by the department of not less than $200 or more than $2,500 for each acre or fraction thereof of the disturbed area, conditioned upon the faithful performance of the requirements of this part and the rules of the board. In lieu of such bond, the applicant may file with the board a cash deposit, an assignment of a certificate of deposit, or other surety acceptable to the board. Regardless of the above limits, the bond shall not be less than the estimated cost to the state to complete the reclamation of the disturbed land. A public or governmental agency shall not be required to post a bond under the provisions of this part. A blanket performance bond covering two or more operations may be accepted by the board. Such blanket bond shall adequately secure the estimated total number of acres of disturbed land.

(2) The department shall review the amount of each bond at least every 5 years and shall consult with the licensee or permittee if the review indicates that the bond level should be adjusted. When determined by the department that the set bonding level of a permit or license does not represent the present costs of reclamation, the department may modify the bonding requirements of that permit or license. *The department shall make written findings, give the licensee or permittee a copy of the findings, and, for operating permits, publish notice of the findings in a newspaper of general circulation in the county in which the operation is located. The permittee or any person with an interest that may be adversely affected may obtain a contested case hearing under the provisions of the Montana Administrative Procedure Act on the adjusted bond level by filing with the department within 30 days of the notice a written request for hearing.*

~~(2)~~*(3)* ~~No~~ *A* bond filed in accordance with the provisions of this part ~~shall~~ *may not* be released by the department until the provisions of this part, the rules adopted pursuant ~~thereto~~ *to this part*, and this reclamation plan have been fulfilled.

~~(3)~~*(4)* No bond filed for an operating permit obtained under 82-4-335 may be released until the public has been provided an opportunity for a hearing."

Section 7. Section 82-4-339, MCA, is amended to read:

"82-4-339. **Annual report of activities by permittee — fee — notice of large-scale mineral developer status.** (1) Within 30 days after completion or abandonment of operations on an area under permit or within 30 days after each anniversary date of the permit, whichever is earlier, or at such later date as may be provided by rules of the board and each year thereafter until reclamation is completed and approved, the permittee shall pay the annual fee of $25 and shall file a report of activities completed during the preceding year on a form prescribed by the board which report shall:

(a) identify the permittee and the permit number;

(b) locate the operation by subdivision, section, township, and range and with relation to the nearest town or other well-known geographic feature;

(c) estimate acreage to be newly disturbed by operation in the next 12-month period;

(d) include the number of persons on the payroll for the previous permit year and for the next permit year at intervals that the department considers sufficient to enable a determination of the permittee's status under 90-6-302(4); ~~and~~

(e) *update the information required in 82-4-335(4)(a); and*

(f) update any maps previously submitted or specifically requested by the board. Such maps shall show:

(i) the permit area;

(ii) the unit of disturbed land;

(iii) the area to be disturbed during the next 12-month period;

(iv) if completed, the date of completion of operations;

(v) if not completed, the additional area estimated to be further disturbed by the operation within the following permit year; and

(vi) the date of beginning, amount, and current status of reclamation performed during the previous 12 months.

(2) Whenever the department determines that the permittee has become or will, during the next permit year, become a large-scale mineral developer, it shall immediately serve written notice of that fact on the

permittee, the hard-rock mining impact board, and the county or counties in which the operation is located."

Section 8. Section 82-4-355, MCA, is amended to read:

"**82-4-355. Action for damages to water supply — replacement.** (1) An owner of an interest in real property who obtains all or part of his supply of water for beneficial uses, as defined in 85-2-102, from an underground source other than a subterranean stream having a permanent, distinct, and known channel may sue the operator engaged in ~~a mining or exploration~~ *an* operation *for which a license is required pursuant to 82-4-332 or for which a permit is required pursuant to 82-4-335* to recover damages for loss in quality or quantity of the water supply resulting from mining or exploration. The owner is required to exhaust the administrative remedy under subsection (2) prior to filing suit.

(2) (a) An owner described in subsection (1) may file a complaint with the department detailing the loss in quality or quantity of water. Upon receipt of a valid complaint, the department:

(i) shall investigate the statements and charges in the complaint, using all available information, including monitoring data gathered at the exploration or mine site;

(ii) may require the operator, if necessary, to install monitoring wells or other practices that may be needed to determine the cause of water loss, if there is a loss, in terms of quantity and quality;

(iii) shall issue a written finding specifying the cause of the water loss, if there is a loss, in terms of quantity and quality;

(iv) shall, if it determines that the preponderance of evidence indicates that the loss is caused by an exploration or mining operation, order the operator, in compliance with Title 85, chapter 2, to provide the needed water immediately on a temporary basis and within a reasonable time replace the water in like quality, quantity, and duration. If the water is not replaced, the department shall order the suspension of the operator's exploration or operating permit until such time as the operator provides substitute water, except that nothing in this section preempts Title 85, chapter 2. The operator may not be required to replace a junior right if the operator's withdrawal or dewatering is not in excess of his senior right.

CHAPTER NO. 641

[HB 868]

AN ACT TO GENERALLY REVISE THE DISTRIBUTION OF COAL GROSS PROCEEDS; REQUIRING THE DEPARTMENT OF REVENUE TO CALCULATE UNIT VALUES FOR COAL PRODUCTION BASED ON 1988 PRODUCTION; EXCLUDING COAL MINES THAT BEGAN

PRODUCTION AFTER DECEMBER 31, 1988, FROM THE UNIT VALUE CALCULATION; REQUIRING COUNTY TREASURERS TO DISTRIBUTE COAL GROSS PROCEEDS BASED ON UNIT VALUE; PROVIDING A SEPARATE DISTRIBUTION OF COAL GROSS PROCEEDS TAXES FOR COAL MINES THAT BEGAN PRODUCTION AFTER DECEMBER 31, 1988; REQUIRING COUNTY TREASURERS TO SEND EXCESS REVENUE TO THE DEPARTMENT OF REVENUE; REQUIRING THE DEPARTMENT OF REVENUE TO REDISTRIBUTE EXCESS REVENUE TO THE COUNTIES; PROVIDING A STATUTORY APPROPRIATION; AMENDING SECTIONS 15-23-703 AND 17-7-502; AND PROVIDING AN EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Department to calculate unit value.** (1) Except as provided in subsection (2), for the purposes of the distribution of coal gross proceeds taxes collected under this part, the department shall determine the unit value of coal for each mine in each taxing unit. The unit value for coal for each mine in each taxing unit is the quotient obtained by dividing the gross proceeds taxes calculated on coal produced in that taxing unit in calendar year 1988 by the number of tons of coal extracted, treated, and sold in that taxing unit during 1988.

(2) The unit value calculation does not apply to coal mines that began production after December 31, 1988.

Section 2. Section 15-23-703, MCA, is amended to read:

"**15-23-703. Taxation of gross proceeds — taxable value for bonding and guaranteed tax base aid to schools.** (1) The county assessor shall compute from the reported gross proceeds from coal a tax roll that he shall transmit to the county treasurer on or before September 15 each year. The county assessor may not levy or assess any mills against the reported gross proceeds of coal but shall levy a tax of 5% against the value of the reported gross proceeds as provided in 15-23-701(1)(d). The county treasurer shall proceed to give full notice to each coal producer of the taxes due and to collect the taxes as provided in 15-16-101.

(2) For bonding, county classification, and all nontax purposes, the taxable value of the gross proceeds of coal is 45% of the contract sales price as defined in 15-35-102(5).

(3) The taxable value of gross proceeds for the purpose of computing guaranteed tax base aid for schools is the amount of tax received by a district in the previous year divided by the number of mills levied by the district in the previous year, multiplied by 1,000. This amount must be added to the district, county, and statewide taxable value when computing guaranteed tax base aid under 20-9-368.

(4) Except as provided in subsection (7), the county treasurer shall calculate and distribute to the state, county, and eligible school districts in the county the amount of the coal gross proceeds tax, determined by multi-

plying the unit value calculated in [section 1] times the tons of coal extracted, treated, and sold on which the coal gross proceeds tax was owed during the preceding calendar year.

~~(4)~~*(5)* ~~The~~ *Except as provided in subsections (6) and (7), the* county treasurer shall credit ~~all taxes collected~~ *the amount determined* under ~~this part~~ *subsection (4) and the amounts received under [section 3]*:

(a) to the state and to the counties that levied mills against production in the relative proportions required by the levies for state and county purposes in the same manner as property taxes were distributed in ~~the year 1989~~ *fiscal year 1990* in the taxing jurisdiction; and

(b) to school districts in the county that either levied mills against production or used nontax revenue, such as Public Law 81-874 money, in lieu of levying mills against production, in the same manner that property taxes collected or property taxes that would have been collected would have been distributed in ~~1989~~ *the 1990 school fiscal year* in the school district.

(6) (a) If the total tax liability in a taxing jurisdiction exceeds the amount determined in subsection (4), the county treasurer shall, immediately following the distribution from taxes paid on May 31 of each year, send the excess revenue, excluding any protested coal gross proceeds tax revenues, to the department for redistribution as provided in [section 3].

(b) If the total tax liability in a taxing jurisdiction is less than the amount determined in subsection (4), the taxing jurisdiction is entitled to a redistribution as provided by [section 3].

(7) The county treasurer shall credit all taxes collected under this part from coal mines that began production after December 31, 1988, in the relative proportions required by the levies for state, county, and school district purposes in the same manner as property taxes were distributed in the previous fiscal year."

Section 3. **Department to determine redistribution of coal gross proceeds to taxing jurisdictions.** (1) The coal gross proceeds redistribution account established in [section 4] is statutorily appropriated, as provided in 17-7-502, for allocation to the county for redistribution as provided in subsections (2) and (3).

(2) Each year the department shall determine the amount of tax collected under this part from within each taxing unit in the county. If the amount collected by each county is less than the amount determined under 15-23-703(4) for that county, the department shall, on or before June 30 of each year, send the amount of the difference from the state special revenue account established in [section 4] to the county treasurer for redistribution as provided in 15-23-703(5).

(3) If the amount received by the department for redistribution is less than or more than the redistribution amount determined in subsection (2), the department shall calculate and redistribute the shortage or excess amount in the following manner:

(a) If a county does not receive the entire amount to which it is entitled under subsection (2), the shortage amounts of each taxing unit must be divided by the total shortage amounts of all taxing units determined under 15-23-703(4) to obtain a shortage percentage for each taxing unit. The shortage percentage for each taxing unit must be multiplied by the amount that is available for redistribution to each taxing unit, and this amount must be redistributed to each respective taxing unit.

(b) If there are excess amounts after the redistribution provided for in subsection (2), the excess amounts must be redistributed to the county of origin in proportion to the amount each taxing unit in the county contributed for redistribution.

(4) The county treasurer shall distribute the money received under subsection (3)(b) as provided in 15-23-703(5).

Section 4. **Coal gross proceeds redistribution account.** (1) There is within the state special revenue fund a coal gross proceeds redistribution account.

(2) All money received from county treasurers as provided in 15-23-703(6)(a) must be deposited by the department into the coal gross proceeds redistribution account for redistribution as provided in [section 3].

Section 5. Section 17-7-502, MCA, is amended to read:

"**17-7-502. Statutory appropriations — definition — requisites for validity.** (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(a) The law containing the statutory authority must be listed in subsection (3).

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

CHAPTER NO. 643

[SB 209]

AN ACT TO REQUIRE A SOLID WASTE MANAGEMENT SYSTEM TO BE LICENSED ANNUALLY BY THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES; TO REQUIRE AN APPLICANT FOR A LICENSE TO PAY AN APPLICATION FEE; TO AUTHORIZE THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO COLLECT FEES; AMENDING SECTIONS 7-13-231, 75-10-102, 75-10-104, 75-10-115, 75-10-204, AND 75-10-221, MCA; AND PROVIDING AN EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill to:

(1) provide the department of health and environmental sciences with guidelines for adopting rules to implement [sections 1 through 7];

(2) indicate the structure and amount of fees that are intended to be charged to license solid waste management systems; and

(3) indicate the method of collection.

A fee for review of a license application for a new solid waste management system or for substantial modifications to an existing system will be charged. The fees must be based on the capacity of the proposed system and reflect the relative cost of reviewing the proposal. The following fee structure is suggested:

(1) Megafacility. $15,000 for a facility with a planned capacity of more than 200,000 tons of solid waste per year.

(2) Major facility. $10,000 for a facility with a planned capacity of more than 25,000 tons of solid waste per year but not more than 200,000 tons per year.

(3) Intermediate facility. $7,500 for a facility with a planned capacity of more than 5,000 tons of solid waste per year but not more than 25,000 tons per year.

(4) Minor facility. $5,000 for a facility with a planned capacity of not more than 5,000 tons of solid waste per year.

A fee will be charged to issue a license for a solid waste management system, and an annual fee will be charged to renew a solid waste management system license. The fees are intended to reflect a minimal base fee related to the fixed costs of an annual inspection and license renewal and a volume fee related to the estimated amount of solid waste to be disposed of each year. All solid waste systems must pay these fees in order to receive a license under 75-10-221. The initial volume fee may not exceed 31 cents per ton.

For the purposes of estimating the volume for small solid waste management systems or for systems that choose not to weigh or measure the volume of waste managed, the following formulas are suggested:

Solid waste should be assumed to be generated at the following per capita rates:

Population	Tons Per Year
Greater than 5,000	1.04
1,000 - 5,000	0.59
Less than 1,000 and unincorporated areas	0.41

For the purpose of conversion between solid waste weight and volume, the following equivalents are suggested:

(1) One uncompacted cubic yard equals 300 pounds; and

(2) One compacted cubic yard equals 700 pounds.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-13-231, MCA, is amended to read:

"**7-13-231. Authorization for charges for services.** (1) To defray the cost of maintenance and operation of said refuse disposal district, the board shall establish a fee for service, with approval of the county commissioners, provided a public hearing has been held if written protest has been made as provided in 7-13-211. An increase in fees may not be approved and implemented unless notice of such increase is given as provided in 7-13-208(1) and (2) and opportunity for protest is allowed as provided in 7-13-209 and 7-13-211.

(2) This fee shall be assessed to all units in the district that are receiving a service, for the purpose of maintenance and operation of said district.

(3) An opportunity for protest or hearing is not required to increase fees for the purpose of paying fees imposed by the department of health and environmental sciences under 75-10-115. Notice must be provided to all units of the rate or portion of any rate that is directly attributable to the fee imposed."

Section 2. Section 75-10-102, MCA, is amended to read:

"**75-10-102. Public policies.** (1) To implement this part, the following are declared to be public policies of this state:

(a) Maximum recycling from solid waste is necessary to protect the public health, welfare, and quality of the natural environment.

(b) Solid waste management systems shall be developed, financed, planned, designed, constructed, and operated for the benefit of the people of this state.

(c) Private industry is to be utilized to the maximum extent possible in planning, designing, managing, constructing, operating, manufacturing, and marketing functions related to solid waste management systems.

(d) Local governments shall retain primary responsibility for adequate solid waste management with the state preserving those functions necessary to assure effective solid waste management systems throughout the state.

(e) Costs for the management and regulation of solid waste management systems should be charged to those persons generating solid waste in order to encourage the reduction of the solid waste stream.

~~(e)~~*(f)* Encouragement and support be given to individuals and municipalities to separate solid waste at its source in order to maximize the value of such wastes for reuse.

~~(f)~~*(g)* The state shall provide technical advisory assistance to local governments and other affected persons in the planning, developing, financing, and implementation of solid waste management systems.

~~(g)~~*(h)* Actions and activities performed or carried out by persons and their contractors in accordance with this part shall be in conformity with the state solid waste plan.

(2) This part is in addition and supplemental to any other law providing for the financing of a solid waste management system and does not amend or repeal any other law."

Section 3. Section 75-10-104, MCA, is amended to read:

"**75-10-104. Duties of department.** The department shall:

(1) prepare a state solid waste management and resource recovery plan for submission to the board;

(2) prepare rules necessary for the implementation of this part for submission to the board, including but not limited to rules:

(a) governing the submission of plans for a solid waste management system;

(b) governing procedures to be followed in applying for and making loans;

(c) governing agreements between a local government and the department for grants or loans under this part;

(d) establishing, for the purpose of determining the solid waste management fee to which a facility is subject under 75-10-115, methods for determining or estimating the amount of solid waste incinerated or disposed of at a facility; *and*

(e) providing procedures for the quarterly collection of the solid waste management fee provided for in 75-10-115; ~~and~~

~~(f) providing guidelines for a waiver of fees for certain incineration or disposal of solid waste, as provided for in 75-10-115(2);~~

(3) provide financial assistance to local governments for front-end planning activities for a proposed solid waste management system which is compatible with the state plan whenever financial assistance is available;

(4) provide technical assistance to persons within the state for planning, designing, constructing, financing, and operating a solid waste management system in order to insure that the system conforms to the state plan;

(5) provide front-end organizational loans for the implementation of an approved solid waste management system whenever funds for loans are available;

(6) enforce and administer the provisions of this part;

(7) administer loans made by the state under the provisions of this part; and

(8) approve plans for a proposed solid waste management system submitted by a local government."

Section 4. Section 75-10-115, MCA, is amended to read:

"**75-10-115. Solid waste management fee.** ~~(1) Except as provided in subsections (2) and (3), any person who owns an incinerator that burns more than 1,000 tons of solid waste a year or a solid waste disposal facility that is licensed pursuant to 75-10-221 and rules adopted under 75-10-221 and that disposes of more than 1,000 tons of solid waste a year shall pay to the department a quarterly fee of $1 for each ton of solid waste generated in a different region and incinerated or disposed of at the facility.~~

~~(2) The fee provided in subsection (1) must be waived if the department finds that the incineration or disposal is consistent with state solid waste management goals and results in equivalent or improved protection of Montana's public health, safety, welfare, and environment when compared to the alternative of intraregional incineration or disposal.~~

~~(3) The incineration or disposal of solid waste at a licensed facility in the manner and quantity incinerated or disposed of before May 22, 1989, is exempt from the solid waste management fee.~~ *(1) The department may establish and collect fees for the management and regulation of solid waste disposal. These fees may include:*

(a) a license application fee that reflects the cost of reviewing a new solid waste management system or a substantial change to an existing facility;

(b) an annual license renewal fee that reflects a minimal base fee related to the fixed costs of an annual inspection and license renewal and based upon the following formula:

(i) for a major facility with a planned capacity of more than 25,000 tons of solid waste a year, $3,500;

(ii) for an intermediate facility with a planned capacity of more than 5,000 tons a year but not more than 25,000 tons per year, $3,000;

(iii) for a minor facility with a planned capacity of not more than 5,000 tons a year, $2,500; and

(c) a volume-based fee on solid waste disposal.

~~(4)~~*(2)* All fees collected must be deposited in the solid waste management account provided for in 75-10-117."

Section 5. Section 75-10-204, MCA, is amended to read:

"75-10-204. **Powers and duties of department.** The department shall adopt rules governing solid waste management systems which shall include but are not limited to:

(1) requirements for the plan of operation and maintenance that must be submitted with an application under this part;

(2) the classification of disposal sites according to the physical capabilities of the site to contain the type of solid waste to be disposed of;

(3) the procedures to be followed in the disposal, treatment, or transport of solid wastes;

(4) the suitability of the site from a public health standpoint when hydrology, geology, and climatology are considered;

(5) requirements relating to ground water monitoring, including but not limited to:

(a) information that owners and operators of municipal solid waste landfills and other disposal sites specified in 75-10-207 must submit to the department to enable the department to prepare the priority compliance list authorized by 75-10-207(3);

(b) the content of plans for the design, construction, operation, and maintenance of monitoring wells and monitoring systems; and

(c) recordkeeping and reporting; ~~and~~

(6) fees related to the review of solid waste management system license applications;

(7) the renewal of solid waste management system licenses and related fees; and

~~(6)~~*(8)* any other factors relating to the sanitary disposal or management of solid wastes."

Section 6. Section 75-10-221, MCA, is amended to read:

"**75-10-221. License required — application.** (1) Except as provided in 75-10-214, no person may dispose of solid waste or operate a solid waste management system without a license from the department.

(2) The department shall provide application forms for a license as provided in this part.

(3) The application shall contain the name and business address of the applicant, the location of the proposed solid waste management system, a plan of operation and maintenance, and such other information as the department may by rule require.

(4) The license provided for in this section is for a period not to exceed 12 months unless renewed by the department. The department may provide exceptions to the 12-month requirement for a 2-year period following July 1, 1991.

(5) The department may require submission of a new application if the department determines that the plan of operation, the management of the solid waste system, or the geological or ground water conditions have changed since the license was initially approved.

(6) In establishing fees for licenses and the review of applications, the department shall consider the volume of waste to be managed and the size of the proposed solid waste management system. The fees must encourage reduction in the volume of waste to be managed and cover the costs to the department of initially reviewing and annually licensing the solid waste management system."

Section 7. **Filing fee for megafacility — use.** An applicant for a license under 75-10-221 to operate a megafacility shall pay to the department a filing fee as provided in this section based upon the department's estimated costs of processing the license application. The filing fee must be deposited in the solid waste management account, provided for in 75-10-117, for use by the department in licensing the facility. The initial filing fee may not exceed the following scale, based upon the megafacility's projected annual tonnage of waste:

(1) base fee of $40,000; plus

(2) 20 cents a ton for every ton of waste over 200,000 tons.

Section 8. **Codification instruction.** [Section 7] is intended to be codified as an integral part of Title 75, chapter 10, part 2, and the provisions of Title 75, chapter 10, part 2, apply to [section 7].

Section 9. **Coordination instruction.** If House Bill No. 377 is passed and approved and if it includes a section that provides a filing fee for a certificate of site acceptability for a megalandfill, then [section 7 of this act] is void.

Section 10. **Retroactive applicability.** [This act] applies retroactively, within the meaning of 1-2-109, to all applications provided for in 75-10-221 received after January 1, 1990.

Section 11. **Effective date.** [This act] is effective July 1, 1991.

Approved April 26, 1991.

CHAPTER NO. 644

[SB 211]

AN ACT INCREASING THE MAXIMUM PENALTIES THAT MAY BE ASSESSED FOR VIOLATIONS OF TITLE 75, CHAPTER 5, PART 6, MCA; ESTABLISHING FACTORS THAT THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES SHALL CONSIDER IN REACHING A SETTLEMENT; AND AMENDING SECTIONS 75-5-631 AND 75-5-633, MCA.

STATEMENT OF INTENT

It is the legislature's intent that the department of health and environmental sciences develop penalty guidelines to ensure that the civil penalty provided by 75-5-631 is fairly applied by the department in reaching settlement agreements with persons who have violated Title 75, chapter 5, part 6. The legislature recognizes that the department may, in its initial filings, seek the maximum penalty of $25,000 for each day of violation. However, it is the legislature's intent that the actual amount assessed in a settlement reflect the factors listed in 75-5-631(4) and that the department apply these factors uniformly to all violators.

This bill does not direct the department to adopt rules to ensure the uniform application of the factors listed in 75-5-631(4). The enforcement guidelines developed by the department should include a process for applying the factors to each violator, guidance for determining the amount to request in a civil complaint, and, most importantly, a format for determining an equitable settlement value. The format may include a clear and concise description of penalty settlement ranges by type of violation. The department should complete the guidelines by October 1, 1991.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-5-631, MCA, is amended to read:

"**75-5-631. Civil penalties — injunctions not barred.** (1) A person who violates this chapter or a rule, permit, effluent standard, or order issued under the provisions of this chapter shall be subject to a civil penalty not to exceed ~~$10,000~~ *$25,000.* Each day of violation constitutes a separate violation.

(2) Action under this section does not bar enforcement of this chapter or of rules or orders issued under it by injunction or other appropriate remedy.

(3) The department shall institute and maintain any enforcement proceedings in the name of the state.

(4) When seeking penalties under this section, the department shall take into account the following factors in determining an appropriate settlement, if any, subsequent to the filing of a complaint:

(a) the nature, circumstances, extent, and gravity of the violation; and

(b) with respect to the violator, his ability to pay, any prior history of such violations, the economic benefit or savings, if any, to the violator resulting from the violator's action, and any other matters as justice may require."

Section 2. Section 75-5-633, MCA, is amended to read:

"**75-5-633. Penalties for false statements and falsifying monitoring.** Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this chapter or who falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required to be maintained under this chapter shall upon conviction be punished by a fine of not more than ~~$10,000~~ *$25,000* or by imprisonment for not more than 6 months, or both."

Approved April 26, 1991.

CHAPTER NO. 645

[SB 407]

AN ACT CLARIFYING THE DEFINITION OF "PUBLIC WATER SUPPLY SYSTEM"; ENABLING THE BOARD OF HEALTH AND ENVIRONMENTAL SCIENCES TO REVIEW A PUBLIC WATER SUPPLY SYSTEM OR PUBLIC SEWAGE SYSTEM TO DETERMINE IF THAT SYSTEM HAS THE FINANCIAL CAPABILITY TO COMPLY WITH THE PUBLIC WATER SUPPLY LAWS; DESCRIBING A PROCESS TO BE USED BY THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO ADMINISTRATIVELY ENFORCE THE LAWS PROTECTING PUBLIC WATER SUPPLIES; PROVIDING AN ADMINISTRATIVE PENALTY AND CIVIL PENALTY FOR VIOLATION OF PUBLIC WATER SUPPLY LAWS OR OF A RULE, ORDER, OR CONDITION OF APPROVAL ISSUED UNDER THOSE LAWS; PRO-

VIDING FOR ASSESSMENT OF FEES ESTABLISHED THROUGH RULEMAKING TO RECOVER COSTS OF DEPARTMENT SERVICES UNDER THE LAWS RELATING TO PUBLIC WATER SUPPLIES AND TO SANITATION IN SUBDIVISIONS; PROVIDING FOR APPEAL OF THE FEE ASSESSMENT; ALLOWING A MUNICIPALITY TO RAISE WATER RATES TO COVER COSTS ASSOCIATED WITH FEES WITHOUT A PUBLIC HEARING; PROVIDING THAT LOCAL SEWER DISTRICTS MAY SELL SEWER SERVICE TO MUNICIPALITIES OR TOWNS OR CONSUMERS LOCATED WITHIN OR OUTSIDE THE DISTRICT; ESTABLISHING A PUBLIC DRINKING WATER SPECIAL REVENUE FUND TO RECEIVE REVENUES FROM FEES, ADMINISTRATIVE PENALTIES, AND CIVIL PENALTIES RECEIVED PURSUANT TO THIS ACT; ALLOCATING A PORTION OF THE REVENUES TO THE GROUND WATER ASSESSMENT ACCOUNT; AMENDING SECTIONS 7-13-2218, 69-7-111, 75-6-102, 75-6-103, 75-6-104, 75-6-111, AND 76-4-105, MCA; AND PROVIDING A TERMINATION DATE.

STATEMENT OF INTENT

A statement of intent is provided for this bill because rulemaking authority is delegated to the board of health and environmental sciences to prescribe procedures for administrative enforcement actions undertaken by the department of health and environmental sciences in administering the public water supply laws, as provided in Title 75, chapter 6, and to develop a fee schedule to enable the department to recover costs in administering these laws. Rulemaking authority is also delegated to the department to develop fees to pay for costs of reviewing plats and subdivisions under the laws related to sanitation in subdivisions, as provided in Title 76, chapter 4. It is the intent of the legislature that the rules establish a reasonable fee schedule that approximates the department's actual and necessary costs.

The legislature anticipates that the department will expand its enforcement activity in order to address ongoing and increasing health problems with public water supply systems and public sewage systems in Montana. In undertaking this effort, the legislature expects that the department will have the option to pursue administrative enforcement as a means of expediting and encouraging compliance with Title 75, chapter 6. Nonetheless, it is the department's duty to clearly inform each violator of:

(1) the nature of the action taken against it;

(2) what the department requires to resolve the matter; and

(3) what legal avenues are available to the violator if he desires to contest the matter.

The legislature recognizes that an economic hardship may be imposed on a public water supply system in order for that system to be brought into compliance with state and federal public water supply laws and that this hardship may be further increased by the levying of administrative and civil penalties for noncompliance. It is the intention of the legislature that the department adopt rules that establish a procedure for the progressive enforcement of this act in which the levying of administrative and civil penalties is a final action. The department may adopt rules that allow for the bypass of the enforcement procedures and the immediate assessment of penalties if specific circumstances warrant this action.

The rules also require the board of health and environmental sciences to develop fees for recovery of costs incurred by the department in delivering services to persons who own or operate or intend to own or operate a public water supply system or public sewage system. These costs include costs associated with review of engineering plans and specifications, inspections, and general assistance. To assist the board in developing these rules, the department shall prepare and submit to the board a detailed estimate of projected costs associated with these services for fiscal years 1992 and 1993. The board shall develop a fee schedule that will provide revenues that are commensurate with the projected costs. A similar approach should be used by the department in developing rules setting new fees for review of plats and subdivisions under 76-4-105.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-6-102, MCA, is amended to read:

"**75-6-102. Definitions.** As used in this part, unless the context clearly indicates otherwise, the following definitions apply:
